INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Four Seasons Heating and Air Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Four Seasons Heating and Air Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated December 21, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

FOUR SEASONS HEATING AND AIR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1 - Description Of Plan

The following description of the Four Seasons Heating and Air Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The company covered by the Plan is Four Seasons Heating and Air Conditioning, Inc., referred to herein as employer.

General

The Plan is a defined contribution plan covering substantially all employees of Four Seasons Heating and Air Conditioning, Inc. who meet certain age and service requirements. Excluded employees include union employees who are governed by a collective bargaining agreement, leased employees, nonresident aliens, and residents of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Pension Protection Act of 2006.

Contributions

Each year, participants may contribute a portion of their annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan allows for discretionary employer matching and profit sharing for all Plan participants. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with participant contributions, employer matching contributions, employer profit sharing contributions and plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in employer contributions, plus earnings thereon, is based on years of credited service. A participant is 100% vested after six years of credited service.

Payment of Benefits

Upon termination of employment or attainment of age 59 1/2, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. Benefits are payable either in a lump sum, partial withdrawals or in installment payments, as described by the Plan.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts may be used to reduce employer contributions as directed by the plan sponsor. Forfeited nonvested accounts totaled \$18,710 and \$18,723 at December 31, 2021 and 2020, respectively.

Notes Receivable From Participants

Participants may borrow a minimum of \$1,000 and up to a maximum of the lesser of one-half of their vested account balance or \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve-month period. The loans are secured by the balance in the participant's account. Loans must be repaid within five years unless the loan is taken for the purchase of a primary residence. Loan repayments must be made each pay period on an after-tax basis in level payments of principal and interest. Loans bear interest at a reasonable rate of interest. Interest rates ranged from 3.25% to 6.50% at December 31, 2021 and 2020.

FOUR SEASONS HEATING AND AIR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Administrative Expenses

The Plan permits the payment of the Plan expenses to be made from the Plan's assets, unless the employer chooses to pay such expenses. Expenses paid using Plan assets will generally be allocated among the accounts of all participants in the Plan. In addition, expenses attributable to individual participants may be paid directly from the individual accounts.

Plan Amendments

In response to the COVID-19 pandemic, the U.S Federal government issued the Coronavirus Aid Relief, and Economics Securities (CARES) Act. Under section 2202 of the CARES Act, qualified individuals may receive a favorable tax treatment with respect to coronavirus-related distributions from eligible retirement plans. In addition, the CARES Act increases the allowable plan loan amount and permits a suspension of certain loan payments for qualified individuals. Employers are permitted to choose whether, and to what extent, to treat distributions under its Plan as coronavirus-related distributions and to apply coronavirus-related plan loan rules. The Plan implemented the distribution provisions in 2020 and will retroactively amend the Plan by December 31, 2022. These provisions allowed for expanded distribution options, favorable tax treatment, and special rollover rules for coronavirus-related distributions up to \$100,000 made between January 1, 2020 and December 30, 2020. These distributions may be included in income ratably over a three-year period or in the year of the distribution. Alternatively, these distributions may be repaid within three years and would not be subject to federal income tax.

On January 1, 2022, the Plan was amended retroactively to implement the hardship distribution provisions of the Bipartisan Budget Act of 2018 (BBA). BBA reduces restrictions and administrative requirements of hardship withdrawals.

2 - Summary Of Significant Accounting Policies

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive group annuity contracts which are reported at contract value, see Note 7 for discussion of fair value measurements). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances. Interest income is recorded when received. Delinquent participant notes receivable are reported as taxable income to the participant upon default. The taxable amount is equal to the outstanding loan balance plus accrued interest through the date of default. Defaulted loans are included in notes receivable from participants at the unpaid principal balance until the participant has a distributable event and the loan balance is offset against other benefits.

Payment of Benefits

Benefits are recorded upon payment.

FOUR SEASONS HEATING AND AIR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Subsequent Events Review

The plan administrator has evaluated subsequent events through October 17, 2022, the date when the financial statements were available to be issued.

3 - Market Risk

The Plan invests in a variety of investments. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

4 - Information Certified By The Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2021 and 2020, and for the year ended December 31, 2021. Accordingly, the Plan's custodian, Standard Insurance Company (The Standard), has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- a. Investments and notes receivable from participants, as shown in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020.
- b. Investment income and interest income on notes receivable from participants, as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
- c. Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information provided by the custodian to the related information included in the financial statements and supplemental schedule.

5 - Tax Status

The employer has adopted a non-standardized plan pre-approved by the Internal Revenue Service (IRS). The IRS issued an opinion letter dated June 30, 2020, indicating that the form of the Plan is acceptable for use by employers for the benefit of their employees under Internal Revenue Code Section 401.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to December 31, 2018.

FOUR SEASONS HEATING AND AIR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

6 - Fully Benefit-Responsive Investment Contracts

In 2020, the Plan entered into a fully benefit-responsive group annuity contract with The Standard that invests contributions in the Standard Stable Asset D Fund. The Standard Stable Asset D Fund is a general product that seeks to provide liquidity and safety of principal, along with a competitive, guaranteed rate of return.

The crediting interest rate considers yield forecasts and other measures as determined by The Standard. The crediting rate is declared in advance and is reset quarterly. The fund's declared crediting rate will never be below 1% annually.

Certain events limit the Plan's ability to transact at contract value with The Standard. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply.

The Standard may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, plan disqualification, and failure to adopt the plan in a reasonable period of time. Upon termination by The Standard, a market value adjustment or other withdrawal restrictions may apply. The plan sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected.

The balance in the Stable Asset D Fund totaled \$578,722 and \$419,158 at December 31, 2021 and 2020, respectively.

Because the group annuity contract as described above meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the issuers represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

7 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

FOUR SEASONS HEATING AND AIR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Level 1

Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets.
- b. Quoted prices for identical or similar assets or liabilities in inactive markets.
- c. Inputs other than quoted prices that are observable for the asset or liability.
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Valued at the daily closing price as reported by the fund. The pooled separate accounts consist of mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds are deemed to be actively traded, but include adjustments for certain risks that may not be observable, such as credit and liquidity risks.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021, and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments at fair value as of December 31, 2021	<u>Fair Value</u>	<u>Level 2</u>
Pooled separate accounts	<u>\$ 5,631,302</u>	<u>\$ 5,631,302</u>
Investments at fair value as of December 31, 2020		
Pooled separate accounts	<u>\$ 4,005,907</u>	<u>\$ 4,005,907</u>

For the years ended December 31, 2021 and 2020, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

FOUR SEASONS HEATING AND AIR RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

8 - Parties-In-Interest

The Standard, the main subsidiary of StanCorp Financial Group, acts as the custodian of Plan. The Plan invests in a stable value option and pooled separate accounts managed by The Standard; therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2021, fees paid by the Plan to StanCorp Financial Group for services provided by The Standard totaled \$44,689.

Commissions and fees paid directly to The Standard totaled \$21,402. Additional investment expenses may be paid to The Standard and netted against investment income.

9 - Employer Match Contributions Receivable

The employer contributions receivable of \$18,971 and \$18,571 at December 31, 2021 and 2020, respectfully, represents a provision for underfunded match contributions due from the employer that were discovered during year-end compliance testing.

10 - Excess Contributions Payable

At December 31, 2021 and 2020, amounts payable to participants totaling \$43,590 and \$6,878, respectfully, for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions and related income. The Plan distributed the 2021 excess contributions to the applicable participants in 2022 within the filing requirements. The Plan distributed the 2020 excess contributions to the applicable participants in 2021 and the employer paid a 10% penalty for late remittance.

11 - Due To Employer

A contribution totaling \$24,010 was transferred into the Plan in error in 2020. The transfer was used to fund contributions in the 2021 plan year.

12 - Plan Termination

Although it has not expressed any intent to do so, the employer has a right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

13 - Correction Of Operational Failures

The employer is in the process of correcting certain operational failures of the plan. The operational failures include bonus compensation and other irregular pay being excluded from deferrals without an election made. New controls are being put into place to prevent and detect operational failures. The employer will consult tax counsel and use the IRS's Employee Plans Compliance Resolution System when appropriate to correct operational failures.
