INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Mayne Pharma, Inc. 401(k) Plan
Greenville, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed audits of the financial statements of Mayne Pharma, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statements of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2021, and the related notes to the financial statements.

Management having determined it is permissible in the circumstances, has elected to have the audit of Mayne Pharma, Inc. 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Fidelity Management Trust Company, a qualified institution, as of December 31, 2021, and for the year ended December 31, 2021, stating that the certified investment information, as described in note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying financial statements related to assets held by and certified by Fidelity Management Trust Company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mayne Pharma, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mayne Pharma, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures, responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mayne Pharma, Inc. 401(k) Plan internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mayne Pharma, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and of reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary

information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion, on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Mayne Pharma, Inc. 401(k) Plan. as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by Fidelity Management Trust Company. In our report dated July 21, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Mayne Pharma Inc. ("Company") 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of the Company. Prior to April 10, 2016, the Plan had a six month service requirement for eligibility in the Plan. Effective April 10, 2016, the Plan eliminated the six month service requirement. Employees of the Company are now considered eligible to participate in the Plan the first day of the month after employment. The elimination of the six month service requirement was applied retroactively. Employees must also be eighteen years of age or older in order to be eligible. Prior to May 11, 2018, employees needed to be twenty-one years of age to be eligible. The Plan is subject to the provisions of ERISA. The Plan's Administrative Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors. The Company is a wholly owned subsidiary of Mayne Pharma Inc. Group Limited. Effective September 1, 2015, the Plan added Libertas Pharma, Inc. as a related employer. Effective July 28, 2016, the Plan added Mayne Pharma LLC as a related employer. Effective January 11, 2021, the Plan added Adelaide Apothecary, LLC as a related employer.

Contributions:

Each year, participants may contribute up to the maximum annual pretax contribution or an after-tax 401(k) Roth contribution, as defined in the Plan and imposed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers various mutual funds and common collective trust funds as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate (pre-tax) set at 4 percent of eligible compensation. The Company contributes a discretionary matching contribution. The Company contributes 50 percent of the first 10 percent of compensation that a participant contributes to the Plan. Participants also direct their matching contribution into the various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

See Independent Auditors' Report.

MAYNE PHARMA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Participant Accounts:

Each participant's account is credited with the participant's contribution and the Company matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after three years of credited service. Prior to April 10, 2016, the Plan used a six year graduated schedule for vesting.

Notes Receivable from Participants:

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's vested account. The loan interest rate, determined quarterly, is set at the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payments of Benefits:

On termination of service due to death, disability, retirement or other termination reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or periodic payments over a defined period of time if the participant's vested interest exceeds \$5,000. Any distribution greater than \$1,000 (but less than \$5,000) that is made to a participant without the participant's consent before the participant's normal retirement age (or age 62, if later) will be rolled over to an individual retirement plan designated by the Plan Administrator.

Forfeited Accounts:

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$32,040 and \$149,855, respectively. These accounts will be used by the Plan to pay or reduce future employer matching contributions. During 2021, Plan expenses of the employer in the amount of \$22,629 and were paid and \$355,020 of employer contributions were paid from the forfeited non-vested accounts.

See Independent Auditors' Report.

MAYNE PHARMA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:

The accompanying financial statements are prepared on the modified cash basis of accounting with revenue recognized when received and expenses as paid. However, investments are reported at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the plan in accordance with accounting principles generally accepted in the United States.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee of the Plan. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains or losses on investments bought or sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits:

Benefits are recorded when paid.

See Independent Auditors' Report.

MAYNE PHARMA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are charged directly to the Plan.

Note 3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

See Independent Auditors' Report.

MAYNE PHARMA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements (Continued)

Following Is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts and Pooled Separate Accounts: Valued at the net asset value of units of the collective trusts. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. There are no redemption restrictions associated with the common collective trust or pooled separate account.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

<i>Assets at Fair Value as of December 31, 2021</i>

NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements (Continued)

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net asset available for benefits.

For the years ended December 31, 2021 and 2020, there were no transfers between levels.

Investments Measured Using the Net Asset Value per Share Practical Expedient.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Common/collective trusts	\$10,226,102	N/A	Daily	12 months

Common/collective trusts	\$7,677,648	N/A	Daily	12 months

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 5. Tax Status

Effective June 10, 2015, the Plan was restated to adopt Fidelity's Volume Submitter Defined Contribution Plan (basic plan document #17). The Volume Submitter Plan was restated for the Pension Protection Act of 2006 and other legislative and regulatory changes. The Fidelity plan has received an opinion letter dated June 30, 2020. The volume submitter plan has been amended since receiving its favorable opinion to comply with ERISA regulations. However, the

MAYNE PHARMA, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5. Tax Status (Continued)

Plan sponsor believes that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt. See Note 10 for additional information on changes to the Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 6. Information Prepared and Certified by Trustee (Unaudited)

The information related to investments disclosed in the accompanying financial statements and supplemental schedule including all investments held at December 31, 2021 and 2020 and net appreciation in value of investments and interest for the year ended December 31, 2021 was obtained or derived from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities of the Plan are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS

Note 8. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

Note 9. Related Party Transactions and Party In Interest

Certain Plan investments in the amount of \$13,723,731 and \$11,662,056 at December 31, 2021 and 2020, respectively are shares of mutual funds managed by Fidelity Management Trust Company (FMTC). FMTC is the Trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

The Plan has entered into an agreement with Fidelity Investments Retirement Plan Service Agreement whereby recordkeeping and administrative services will be based on fixed basis point pricing. FMTC receives revenue from mutual fund service providers for services FMTC provides to these funds. This revenue is used to offset certain amounts owed to FMTC for its administrative services to the Plan. If the administrative fees exceed the revenue sharing amount, the remaining balance will be charged to the participants' accounts. To the extent that the revenue sharing amounts exceed the administrative expenses, such amounts will not be applied to any future administrative costs, but may generate a Fidelity service credit that may be used to purchase additional Fidelity Services as agreed upon by the parties. The Plan made a direct payment to Fidelity for recordkeeping and trustee fees in the amount of \$67,277 which was not covered by revenue sharing for the year ended December 31, 2021. The Plan Sponsor pays directly any other fees related to the Plan's operation.

Note 10. Plan Changes

Effective June 1, 2020, provisions were added to the Plan that either supplement or supersede previous provisions of the Plan's Adoption Agreement and the Basic Plan Document. Costs incurred by the administrator and the trustee in administering the Plan and Trust may be paid from the suspense account in addition to the forfeiture account and the remaining Trust fund. Amounts the service provider agrees to credit to the plan in recognition of the service provider's compensation for Plan services will be allocated to a suspense account from which the Administrator may pay Plan expenses and/or allocate amounts to the accounts of participants and beneficiaries pro rata based on their account balances in the Trust excluding amount invested in a loan.

Effective March 1, 2022, Plan changed the contribution period for the purpose of calculating the matching employer contributions from each payroll to each Plan year.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS

Note 10. Plan Changes (Continued)

Effective April 28, 2022, Plan officials approved an amendment and restatement of the Basic Plan Document. With this change, the Trust Agreement, which had previously been contained within the Basic Plan Document, has been removed to become a separate independent Trust Agreement without altering the substance thereof.

Note 11. Operational Failures

During a payroll system conversion in 2021, the Plan Sponsor identified that the automatic 1% increase was not applied to some of the participants. The Plan Sponsor made the correction with a qualified non-elective contribution including lost earnings in December 2021.

Note 12. Coronavirus Impact

In March 2020, the World Health Organization made the assessment that the outbreak of the coronavirus could be characterized as a pandemic. The coronavirus crisis had a major impact on the United States economy and financial markets. Overall, the financial markets were more volatile than usual. Values declined significantly during the second quarter and then began to recover. Some states mandated temporary work stoppages in order to try to contain the outbreak. In August 2020, the S&P 500 Index reached a new high signaling a full stock market recovery. Certain market sectors, like petroleum, travel and food services, were impacted more than others and may take longer to recover. Since the coronavirus outbreak is an ongoing problem, investments may be more volatile than usual and there may be less work available due to regional outbreaks which could cause lower than expected contributions.

The federal government passed legislation that allowed benefit plans to make changes to allow participants to access to their retirement savings more easily. The Plan has allowed some of these provisions, like allowing the maximum loan amount of up to \$100,000, to be effectively adopted. The Plan has until December 31, 2022 to retroactively adopt the provisions through a Plan amendment.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS

Note 13. Revenue Recognition

Revenue is recognized when control of the promised services is transferred to the customer in an amount that reflects the consideration expected in exchange for those services. The Financial Reporting Executive Committee ("FinREC") issued pending content guidance for employee benefit plans. Per the FinREC guidance, the cash inflows generated by the Plan would not be considered revenue from customers due to the unique relationships created through an employee benefit plan. Therefore, the cash inflows do not meet the requirement to be reported as revenue under ASC 606. No changes in the reporting of revenue are necessary for the Plan.

In order to meet the requirements of GAAP, the Plan adopted ASC 606 using the modified retrospective method. The reported results for the fiscal year ended December 31, 2021 reflect the application of the guidance of ASC 606 while the reported results for the fiscal year ended December 31, 2020 were prepared under the guidance of ASC 605.

There was no material impact to any of the line items within the Plan's Statement of Changes in Net Assets Available for Benefits or Statements of Net Assets Available for Benefits as a result of applying ASC 606 for the fiscal year ended December 31, 2021.
