Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of LOWE ENGINEERS LLC 401(k) PROFIT SHARING PLAN, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of LOWE ENGINEERS LLC 401(k) PROFIT SHARING PLAN and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about of LOWE ENGINEERS LLC 401(k) PROFIT SHARING PLAN's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of LOWE ENGINEERS LLC 401(k) PROFIT SHARING PLAN's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about LOWE ENGINEERS LLC 401(k) PROFIT SHARING PLAN's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i Schedule of Assets (Held At End of Year), and the Schedule H, line 4a Schedule of Delinquent Contributions as of December 31, 2021 and are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of LOWE ENGINEERS LLC 401(k) PROFIT SHARING PLAN. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform auditing procedures with respect to the information certified by a qualified institution. In our report dated August 18, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

LOWE ENGINEERS LLC 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 DESCRIPTION OF PLAN

The following description of the LOWE ENGINEERS LLC 401(k) PROFIT SHARING PLAN (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan, formed on January 1, 2008, is a defined contribution plan covering all eligible employees of Lowe Engineers LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA") as amended. On April 19, 2021, the Plan Sponsor transitioned custodians and record keepers, and the Plan's assets were transferred from One America to Voya Retirement Insurance and Annuity Company ("Voya Retirement") as custodian and from One America to Voya Retirement as record keeper.

Contributions – Each year, participants may contribute a portion of their pretax compensation as defined in the Plan. The Plan also allows participants to designate a portion or all of their deferral contribution at the time the deferral election is made as a Roth deferral contribution. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an automatic enrollment provision whereby participants are enrolled in the Plan at 1% once the eligibility requirements are met. The Plan's match was 50% of Participant contributions up to 6% for the years ended December 31, 2021 and 2020. The Plan may make discretionary matching profit sharing contributions. No such discretionary matching contributions were made in 2021.

Eligibility – Eligible employees are able to make salary deferrals into the Plan. In order to be eligible to receive matching employer contributions, a participant must satisfy certain age and service requirements. These requirements include that the employee is at least 21 years old and has completed one month of service.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided in the Plan agreement from the participant's vested account.

Notes Receivable from Participants – Participants may borrow from their fund up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance and may not have a term that exceeds five years unless the loan is for their principal residence. These notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest, at a reasonable rate per year, is paid ratably through payroll deductions.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Participants are 100% vested in the Company's discretionary matching contributions after five years of credited service.

Investment Options – Upon enrollment in the Plan, a participant may direct employee contributions in various Voya Retirement investment options. Participants may change their investment options as they deem necessary.

LOWE ENGINEERS LLC 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

Risks and Uncertainties – The Plan's invested assets ultimately consist of investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to impact business operations. The overall impact of this outbreak cannot be determined at this time.

Forfeitures – Forfeitures are created when participants terminate employment before becoming fully vested. For the years ending December 31, 2021 and 2020, \$51,554 and \$29,380 of forfeitures were available to fund employer contributions and plan expenses. During the year ending December 31, 2020, \$15,127 of forfeitures were used to fund qualified non-elective contributions.

CARES Act – The Plan has adopted the provisions of the CARES Act as signed into law on March 27, 2020. The Plan document will be formally amended to include the legislative changes as of December 31, 2022.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Plan Fees – The Company paid substantially all of the Plan fees in the current year. These expenses are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits – Benefits are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid monthly principal balance. Interest income is recorded monthly. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

NOTE 3 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements and the net assets available for benefits per the Form 5500 at December 31, 2021 and 2020.

	<u>2021</u>	<u>2020</u>
Net Assets available for Benefits per the Form 5500	\$ 6,294,399	\$ 5,117,844
Benefits Payable	<u>(-)</u>	<u>(25,000)</u>
Net Assets available for Benefits per the Financial Statements	<u>\$ 6,294,399</u>	<u>\$ 5,092,844</u>

There are no reconciling differences between benefits paid to participants between the financial statements and the Form 5500. Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date. No approved benefit claims existed at December 31, 2021, which were not paid.

NOTE 5 TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE 5 TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Voya Retirement and One America, the trustees of the Plan, as complete and accurate, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedules. We have been informed by the Plan administrator that Voya Retirement held the Plan's investment assets and executed transactions from April 19, 2021, to December 31, 2021, and that One America held the Plan's investment assets and executed transactions for the period January 1, 2021, to April 18, 2021.

NOTE 7 RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Voya Retirement provides certain administrative services to the Plan pursuant to a Master Plan Service Agreement ("MSA") between the Company and Voya Retirement. Voya Retirement receives revenue from mutual fund service providers for services Voya Retirement provides to the funds. This revenue is used to offset certain amounts owed to Voya Retirement for its administrative services to the Plan.

If the revenue received by Voya Retirement from such mutual fund service providers exceeds the amount owed under the MSA, Voya Retirement remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2021 there were no excess amounts. The Plan or Plan Sponsor may make a payment to Voya Retirement for administrative expenses not covered by revenue sharing.

**NOTE 7 RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS
(CONTINUED)**

Certain Plan investments are shares of mutual funds managed by Voya Retirement. Voya Retirement is also the investment trustee, as defined by the Plan, and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for the administrative services amounted to \$21,757 for the year ended December 31, 2021.

NOTE 8 FAIR VALUE MEASUREMENTS

The Plan establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Basis of Fair Value Measurement

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the assets or liabilities;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 8 FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: The fair value of the stable value fund is not valued based on publicly quoted pricing inputs. The fair value as based on the investment contract is available to current investors in the fund via the employer website or when plan participants access their account values.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2021 and 2020. As required, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

NOTE 9 DELINQUENT EMPLOYEE DEFERRALS AND LOAN REPAYMENTS TRANSMITTALS

During 2021 the Company erroneously failed to timely remit certain employee deferrals and loan repayments to the plan aggregating \$404,103. The Company intends to compute the lost earnings on these 2021 deferrals and loan repayments and make a contribution for lost earnings to the plan during the plan year ended December 31, 2022.

During the year ending December 31, 2020, the Company corrected \$380,931 of delinquent participant contributions as reported at Schedule H, line 4a relating to the prior year ending December 31, 2020.

To the Trustees of
LOWE ENGINEERS LLC 401(K) PROFIT SHARING PLAN
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of LOWE ENGINEERS LLC 401(k) PROFIT SHARING PLAN, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of LOWE ENGINEERS LLC 401(k) PROFIT SHARING PLAN and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about of LOWE ENGINEERS LLC 401(k) PROFIT SHARING PLAN's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of LOWE ENGINEERS LLC 401(k) PROFIT SHARING PLAN's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about LOWE ENGINEERS LLC 401(k) PROFIT SHARING PLAN's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i Schedule of Assets (Held At End of Year), and the Schedule H, line 4a Schedule of Delinquent Contributions as of December 31, 2021 and are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of LOWE ENGINEERS LLC 401(k) PROFIT SHARING PLAN. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform auditing procedures with respect to the information certified by a qualified institution. In our report dated August 18, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 DESCRIPTION OF PLAN

The following description of the LOWE ENGINEERS LLC 401(k) PROFIT SHARING PLAN (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan, formed on January 1, 2008, is a defined contribution plan covering all eligible employees of Lowe Engineers LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA") as amended. On April 19, 2021, the Plan Sponsor transitioned custodians and record keepers, and the Plan's assets were transferred from One America to Voya Retirement Insurance and Annuity Company ("Voya Retirement") as custodian and from One America to Voya Retirement as record keeper.

Contributions – Each year, participants may contribute a portion of their pretax compensation as defined in the Plan. The Plan also allows participants to designate a portion or all of their deferral contribution at the time the deferral election is made as a Roth deferral contribution. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an automatic enrollment provision whereby participants are enrolled in the Plan at 1% once the eligibility requirements are met. The Plan's match was 50% of Participant contributions up to 6% for the years ended December 31, 2021 and 2020. The Plan may make discretionary matching profit sharing contributions. No such discretionary matching contributions were made in 2021.

Eligibility – Eligible employees are able to make salary deferrals into the Plan. In order to be eligible to receive matching employer contributions, a participant must satisfy certain age and service requirements. These requirements include that the employee is at least 21 years old and has completed one month of service.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided in the Plan agreement from the participant's vested account.

Notes Receivable from Participants – Participants may borrow from their fund up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance and may not have a term that exceeds five years unless the loan is for their principal residence. These notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest, at a reasonable rate per year, is paid ratably through payroll deductions.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Participants are 100% vested in the Company's discretionary matching contributions after five years of credited service.

Investment Options – Upon enrollment in the Plan, a participant may direct employee contributions in various Voya Retirement investment options. Participants may change their investment options as they deem necessary.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account.

Risks and Uncertainties – The Plan's invested assets ultimately consist of investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to impact business operations. The overall impact of this outbreak cannot be determined at this time.

Forfeitures – Forfeitures are created when participants terminate employment before becoming fully vested. For the years ending December 31, 2021 and 2020, \$51,554 and \$29,380 of forfeitures were available to fund employer contributions and plan expenses. During the year ending December 31, 2020, \$15,127 of forfeitures were used to fund qualified non-elective contributions.

CARES Act – The Plan has adopted the provisions of the CARES Act as signed into law on March 27, 2020. The Plan document will be formally amended to include the legislative changes as of December 31, 2022.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Plan Fees – The Company paid substantially all of the Plan fees in the current year. These expenses are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits – Benefits are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid monthly principal balance. Interest income is recorded monthly. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

NOTE 3 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements and the net assets available for benefits per the Form 5500 at December 31, 2021 and 2020.

	<u>2021</u>	<u>2020</u>
Net Assets available for Benefits per the Form 5500	\$ 6,294,399	\$ 5,117,844
Benefits Payable	<u>(-)</u>	<u>(25,000)</u>
Net Assets available for Benefits per the Financial Statements	<u>\$ 6,294,399</u>	<u>\$ 5,092,844</u>

There are no reconciling differences between benefits paid to participants between the financial statements and the Form 5500. Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, but not yet paid as of that date. No approved benefit claims existed at December 31, 2021, which were not paid.

NOTE 5 TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE 5 TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Voya Retirement and One America, the trustees of the Plan, as complete and accurate, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedules. We have been informed by the Plan administrator that Voya Retirement held the Plan's investment assets and executed transactions from April 19, 2021, to December 31, 2021, and that One America held the Plan's investment assets and executed transactions for the period January 1, 2021, to April 18, 2021.

NOTE 7 RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Voya Retirement provides certain administrative services to the Plan pursuant to a Master Plan Service Agreement ("MSA") between the Company and Voya Retirement. Voya Retirement receives revenue from mutual fund service providers for services Voya Retirement provides to the funds. This revenue is used to offset certain amounts owed to Voya Retirement for its administrative services to the Plan.

If the revenue received by Voya Retirement from such mutual fund service providers exceeds the amount owed under the MSA, Voya Retirement remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2021 there were no excess amounts. The Plan or Plan Sponsor may make a payment to Voya Retirement for administrative expenses not covered by revenue sharing.

**NOTE 7 RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS
(CONTINUED)**

Certain Plan investments are shares of mutual funds managed by Voya Retirement. Voya Retirement is also the investment trustee, as defined by the Plan, and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for the administrative services amounted to \$21,757 for the year ended December 31, 2021.

NOTE 8 FAIR VALUE MEASUREMENTS

The Plan establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Basis of Fair Value Measurement

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the assets or liabilities;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

NOTE 8 FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: The fair value of the stable value fund is not valued based on publicly quoted pricing inputs. The fair value as based on the investment contract is available to current investors in the fund via the employer website or when plan participants access their account values.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2021 and 2020. As required, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

NOTE 9 DELINQUENT EMPLOYEE DEFERRALS AND LOAN REPAYMENTS TRANSMITTALS

During 2021 the Company erroneously failed to timely remit certain employee deferrals and loan repayments to the plan aggregating \$404,103. The Company intends to compute the lost earnings on these 2021 deferrals and loan repayments and make a contribution for lost earnings to the plan during the plan year ended December 31, 2022.

During the year ending December 31, 2020, the Company corrected \$380,931 of delinquent participant contributions as reported at Schedule H, line 4a relating to the prior year ending December 31, 2020.

NOTE 10 SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events through October 17, 2022, the date the financial statements were issued.
