INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of

PRESCOTT COLLEGE 403(b) DEFINED CONTRIBUTION AND TAX DEFERRED ANNUITY PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of **Prescott College 403(b) Defined Contribution and Taxed Deferred Annuity Plan** ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated September 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DEFINED CONTRIBUTION AND TAX DEFERRED
ANNUITY PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(1) Description of the Plan

The following description of the Prescott College 403(b) Defined Contribution and Tax Deferred Annuity Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General – The Plan is comprised of a Defined Contribution (DC) account and a Tax Deferred Annuity (TDA) account. These financial statements represent the combined balances of both the DC and TDA accounts. The Plan is a defined contribution plan covering all eligible employees of Prescott College, Inc. (Employer and Sponsor). Eligible participants are allowed to make elective deferrals upon hire with no minimum age requirement. A participant is eligible for employer contributions after attaining age 18 and one month of service. Effective beginning January 1, 2020, the Plan has defined one month of service as at least 83.3 hours of service. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions – Participants may make elective deferrals to the Plan up to the annual deferral limit determined by the Internal Revenue Code (the Code). Participants who have attained age 50 before the end of the Plan year are eligible to make "catch-up" contributions. Participants are also allowed to make Special Code Section 403(b) catch-up contributions if they have 15 years of service with a qualified service organization.

Matching and employer discretionary contributions are allowed by the Plan. The Sponsor's Board of Trustees approved a quarterly discretionary employer contribution equal to 1% of eligible wages beginning January 1, 2017. Effective January 1, 2020, the Board of Trustees approved a quarterly discretionary employer contribution equal to 2% of eligible wages. The Plan Sponsor temporarily suspended the discretionary employer contribution for the last two quarters of the year ended December 31, 2020. These contributions were retroactively reinstated and funded in July 2021. The amount is included as employer contributions receivable on the statement of net assets available for benefits as of December 31, 2020. The discretionary employer contribution for the last quarter of 2021 was funded in January 2022 and the amount is shown as employer contributions receivable in the accompanying statement of net assets available for benefits as of December 31, 2021. Total employer discretionary contributions were \$151,617 for the year ended December 31, 2021.

C. Participant accounts – Each participant's account is credited with their elective deferral, the employer contribution, if any, and allocation of Plan earnings and expenses. Allocations of Plan earnings are determined by the percentage that a participant's account balance bears to the total of all participant account balances in such investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Investments – Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers investment funds and a guaranteed insurance contract as investment options. Sponsor contributions are invested based upon the participant's chosen investment allocations.

E. Vesting – Participants are immediately vested in their 403(b) deferrals. Participants become 100% vested in employer matching and discretionary contributions after three years of service.

F. Benefit payments – On termination of service due to death, disability, retirement, or hardship, or after reaching age 59 1/2, a participant may elect to receive a lump sum payment or an annuity contract.

ANNUITY PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

(1) Description of the Plan (continued)

- G. Participant notes receivable** – The Plan allows for participant notes receivable. Participant notes receivable are issued directly from the participant's account up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Interest rates are fixed at the time of issuance and determined by the terms of the Plan document. The repayments for participant notes receivable are reinvested based on the participant's investment elections at the time of repayment. Notes receivable from participants totaled \$15,945 as of December 31, 2021. There were no outstanding participant notes receivable as of December 31, 2020.
- H. Plan loans** – Plan loans are issued as separate contracts by TIAA-CREF as contemplated under Code section 72 (p)(5) and do not represent Plan assets. Loans are collateralized using a participant's TIAA Traditional account balance in an amount equal to 110% of the outstanding loan balance. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 45% of his or her TIAA Traditional account balance subject to annuity contract and Plan provisions. Loan terms generally range from one to five years in one-year increments (up to 10 years for the purchase of the participant's primary residence). Principal and interest is paid ratably by the participant to TIAA and each payment will reduce amounts collateralized by the borrowing participant's TIAA Traditional account balance. Plan loan balances outstanding from participants to TIAA were \$68,140 and \$94,961 as of December 31, 2021 and 2020, respectively.
- I. Plan termination** – Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become fully vested in employer matching and any discretionary or non-discretionary contributions made by the Sponsor.
- J. Forfeitures** – There were no forfeited non-vested accounts at December 31, 2021 and 2020. Forfeitures may be used to pay Plan expenses or reduce employer discretionary and matching contributions. During the year ended December 31, 2021, \$15,613 of forfeited non-vested accounts were used to reduce employer discretionary matching contributions.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting – The accompanying financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Management's use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of net assets and the reported amounts of additions to and deductions from net assets. Actual results may differ from those estimates.

(2) Significant accounting policies (continued)

Investment valuation and income recognition – The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Net appreciation (depreciation) in the fair value of the Plan's investment consist of realized gains (losses) and the unrealized appreciation (depreciation) on those investments. Dividend income is recognized on the ex-dividend date and interest income is recognized as earned.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Expenses relating to the administration of the Plan are paid by the Plan, unless assumed by the Plan Sponsor. The Plan Sponsor paid all administrative expenses for the Plan year ended December 31, 2021.

Subsequent events – The Plan's management has evaluated subsequent events through October 17, 2022 which is the date the financial statements of the Plan were available to be issued.

(3) Fair value measurements

FASB ASC 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

(3) Fair value measurements (continued)

Investments in registered investment companies: TIAA Access variable annuity contract subaccount unit values are calculated daily and the underlying investments are generally valued using market quotations obtained from independent pricing services. CREF variable annuity contracts are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments, including matrix pricing. CREF Money Market Account holdings are generally valued at amortized cost. Each account determined its unit value daily. These accounts are required to publish their daily net asset value and to transact at that price. The investments in registered investment companies held by the Plan are deemed to be actively traded.

Pooled separate account: The TIAA Real Estate Account's (REA) value is principally derived from the market value of underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA may also hold securities, which are generally priced using values obtained from independent pricing sources. Unit values are calculated daily and are valued at the net asset value (NAV) of units as determined by TIAA-CREF. NAV is a readily determinable fair value and is the basis for current transactions.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the valuation of the Plan's investments by the above categories as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

(3) Fair value measurement (continued)

The following table summarizes the valuation of the Plan's investments by the above categories as of December 31, 2020:

(a) In accordance with Subtopic 810-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2021:

(4) Guaranteed insurance contract

The Plan invests in a fully benefit-responsive insurance contract with TIAA-CREF (the TIAA Traditional Annuity). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by TIAA-CREF. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. TIAA-CREF is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the guaranteed insurance contract is fully benefit-responsive, contract value is the relevant measure attribute for that portion of the net assets available for benefits attributable to the guaranteed insurance contract.

(4) Guaranteed insurance contract (continued)

The TIAA Traditional Annuity is not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investment instruments are not observable. While transactions involving the purchase or sale of individual TIAA Traditional contracts are not observable in a public marketplace, contract value provides an approximation of fair value as investment purchases are made at fair value between willing buyers and sellers in open market conditions, and the crediting rate is supported by the investment performance of a large, diversified portfolio with a rate of return that is representative of risk-adjusted market rates.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

- (a) Amendments to the Plan document (including complete or partial Plan termination or merger with another plan),
- (b) Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions,
- (c) Bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or
- (d) The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed insurance contract does not permit TIAA-CREF to terminate the agreement prior to the scheduled maturity date.

(5) Information certified by trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments in registered investment companies, at fair value
- Pooled separate account, at fair value
- Guaranteed insurance contract, at contract value
- Net appreciation in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(6) Plan tax status

The Plan has been designed to qualify under Section 403(b) of the Code. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Code.

(7) Risks and uncertainties

Financial instruments which potentially subject the Plan to credit risk are the investments. The investments have various investment strategies to limit the exposure of loss in any particular fund. Exposure to loss in any specific investment is directly related to the investment chosen by the participant and any losses are allocated to the specific participant.

(8) Party-in-interest transactions

Certain Plan Investments are shares of funds managed by TIAA-CREF, the trustee. These transactions qualify as party-in-interest transactions.

(9) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021:

Net assets available for benefits per the financial statements	\$ 14,601,002
Employer contributions receivable	<u>(34,392)</u>
Net assets available for benefits per Form 5500	<u>\$ 14,566,610</u>

The following is a reconciliation of the net change in assets available for benefits per the financial statements for the year ended December 31, 2021 to the Form 5500:
