Independent Auditor's Report

To the Plan Administrator
National Democratic Institute for International Affairs
403(b) Defined Contribution Plan
Washington, D.C.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of **National Democratic Institute for International Affairs 403(b) Defined Contribution Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note 2, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin ("FAB") No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America (GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter –Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021) are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

403(b) Defined Contribution Plan
Notes to the Financial Statements

1. Plan Description

The following description of the NDI 403(b) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of National Democratic Institute for International Affairs (“NDI”). The Plan was established in 1984 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). NDI’s management is responsible for oversight of the Plan. NDI’s management determines the appropriateness of the Plan’s investment offering, monitors investment performance and reports to the Plan’s Board of Directors.

Plan administrator

NDI is the Plan’s named fiduciary and administrator. NDI’s management is responsible for oversight of the Plan. NDI’s management determines the appropriateness of the Plan’s investment offering, monitors investment performance and reports to the Board of Directors.

Contributions

Employees of NDI are eligible to participate in the Plan upon hire. Participants may contribute up to the maximum amount of their pre-tax annual compensation allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan allows additional catch-up contributions for participants who have attained age 50 or older at the end of the Plan year.

Participant accounts

Each participant’s account is credited with the employee’s contributions, as well as an allocation of the Plan’s earnings or losses and charged with administrative expenses. Allocations are based on investment earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account, as defined by the Plan.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. A participant is allowed no more than two loans outstanding at a time. The loans are secured by the balance in the participant’s account and bear interest at a rate of prime plus 1%.

Principal and interest are paid ratably by participants directly to Fidelity Management Trust Company (“Fidelity”). Loans are for a period not to exceed five years; however, if the amount

National Democratic Institute for International Affairs
403(b) Defined Contribution Plan
Notes to the Financial Statements

borrowed is to be used in conjunction with the purchase of a principal residence of the participant, the loan period is not to exceed 15 years. Loans are granted on a nondiscriminatory basis and comply with other requirements of the Internal Revenue Code ("IRC"). Outstanding notes receivable at December 31, 2021 are payable through May 2031 at interest rates ranging between 4.25 and 9.00%.

Payment of benefits

In the case of normal retirement, retirement because of permanent disability, or termination of employment, participants may elect to receive the value of their account balances, in accordance with the provisions of the Plan, in a lump-sum distribution, a purchase of an annuity, or in equal installments over a period specified by the participant. In the event that a participant dies before retirement, the beneficiary will receive the value of the participant's account balance in a lump-sum distribution. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from active accounts in the Plan subject to provisions of the Plan document and certain laws.

2. Summary of the Plan's Accounting Policies

Basis of accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determined the Plan's valuation policies, utilizing information provided by the investment custodian and investment advisors. See Note 5 for additional information related to fair value measurements.

In December 2000, NDI transferred the Plan's assets from Empower Retirement, a subsidiary of Great-West Life & Annuity Company ("Great-West") to Fidelity. Participants may make no new contributions to accounts held at Great-West, and participants may not borrow or receive hardship withdrawals or pre-retirement withdrawals from these accounts. Plan management has elected to exclude from Plan assets certain annuity and custodial accounts held by Great-West as permitted by the Department of Labor's ("DOL") Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. These accounts were issued to current and former employees prior to January 1, 2009. The Plan contract arrangement with NDI terminated upon transfer of the majority of the Plan assets to Fidelity. The Plan no longer has access to information on accounts of participants that remained at Empower Retirement. As such, the total amount of the contracts excluded from the financial statements is not determinable.

National Democratic Institute for International Affairs
403(b) Defined Contribution Plan
Notes to the Financial Statements

Income is recognized using a daily valuation method based on the daily changes in the market value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. Participant contributions are recognized on the pay date to which they relate.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, a benefit payment is recorded as a deemed distribution. During 2021 and 2020, deemed loan distributions are \$0 and \$1,170, respectively.

Administrative expenses

Fees paid by the Plan for investment management and fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation in fair value of investments. All other administrative expenses are paid by NDI.

Payment of benefits

Benefits are recorded when paid.

3. Concentration of Significant Investments

The following presents investments that represent a significant portion of the Plan's total investments:

<i>December 31,</i>	2021	2020
Mutual Funds:		
T. Rowe Price Retirement 2040 Fund	12%	12%

4. Information Certified by the Plan's Trustee and Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.

National Democratic Institute for International Affairs
403(b) Defined Contribution Plan
Notes to the Financial Statements

- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule of assets (held at end of year).

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year).

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

Mutual funds - Valued at the daily closing price as reported by the mutual fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation

Notes to the Financial Statements

method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021

Changes in fair value levels - To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data are monitored. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. As of December 31, 2021 for the years ended December 31, 2021 and 2020, there were no transfers into or out of Level 1.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Plan Termination

Although it has not expressed any intent to do so, NDI has the right under the Plan to discontinue the Plan subject to the provisions of ERISA. As participants are immediately and fully vested in all amounts (including earnings attributable to contributions, rollover contributions, qualified non-elective contributions), a Plan termination would not result in any loss of non-vested benefits.

8. Related Party and Party-In-Interest Transactions

NDI is the administrator of the Plan, and as such, executes the normal duties associated therewith. Costs incurred for audit, legal, investment advisory fees, and other administrative functions are paid by NDI on behalf of the Plan. There were no financial transactions recorded between NDI and the Plan other than contributions made. The Plan invests in shares of funds managed by Fidelity. Fidelity acts as the recordkeeper and custodians for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Notes receivable from participants are also exempt party-in-interest transactions.

9. Income Tax Status

Effective January 1, 2009, the Plan adopted a prototype tax deferred annuity retirement plan document sponsored by Fidelity Investments. The prototype plan is intended to be a plan described in the IRC §403(b). The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan has been designed to qualify under the IRC §403(b). The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under §403(b).

U.S. GAAP requires the Plan Administrator to evaluate the Plan's tax positions. Plan management has concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Prohibited Transaction

During the year ended December 31, 2021, the Organization failed to segregate and remit in a timely manner certain participant contributions (salary reduction amounts) from its assets within the required time period as specified by the DOL Regulation 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. The Organization plans to remit the contributions and lost earnings related to the 2021 late remittances in 2022.

11. Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:
