Plan Administrator
ATS Systems 401(k) Retirement Plan
Lewis Center, Ohio

We have audited the financial statements of ATS Systems 401(k) Retirement Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2021 and we will issue our report thereon dated October 12, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Reliance Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 11, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management’s knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor’s report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan’s financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No such misstatements were noted during the course of the audit.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

During our participant data testing, it was noted that two of the fifteen actively participating employees selected for testing did not receive the proper employer match due to eligible compensation being excluded from the employer match calculation. We noted that for both of these instances the match was incorrectly calculated only when an off-cycle payroll was run.

We noted one of the fifteen actively participating employees selected for our participant data testing who had an employer contribution incorrectly removed from their account. There was a corrective pay check that was run for the employee on December 31, 2021 in which all deductions and memo amounts relating to the participant's 401(k) account should have been a net zero. We noted that the employer match memo had a negative entry in the payroll system without a corresponding positive entry, which resulted in the employer match amount being removed from their account.

It was noted during our benefit payment testing that for all five of the hardship distributions selected for testing no distribution request forms were available for our review. The Plan Sponsor relies on the recordkeeper, ADP Retirement Services (ADP RS), to retain this documentation. We requested this documentation from ADP RS and noted that the only documentation provided to us was the participant's summary of their distribution. The Plan Sponsor is the one responsible to provide this documentation if requested by an authoritative body, such as the Internal Revenue Service or the Department of Labor.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 12, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Coronavirus Aid, Relief, and Economic Security Act

Effective March 27, 2020, the Plan adopted the applicable provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which was signed into law on March 27, 2020. The CARES Act distribution provision allowed the Plan's participants to take a distribution up to \$100,000 or 100% of their vested balance, whichever is less, from the Plan beginning on or after January 1, 2020 and before December 31, 2020. Eligible participants who received a distribution under the CARES Act were not subject to the standard early withdrawal penalty that generally applies to participants under the age of 59 ½. The CARES Act loan provision allowed the Plan's participants to take a loan up to \$100,000 or 100% of the participants vested balance, whichever is less, through September 22, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allowed qualified Plan participants who had Plan loan repayments to suspend such repayments through December 31, 2020 and then reamortize the loan over the remaining period of the loan plus up to an additional 12 months. Pursuant to their CARES Act, the Plan also suspended all minimum required distributions for 2020 and allowed participants who had already taken their minimum required distribution to roll them back into the Plan. The Plan must be formally amended to reflect the distribution and loan provisions before the deadline of December 31, 2022 and the suspension of 2020 required minimum distributions before the deadline of December 31, 2025.

Setting Every Community Up for Retirement Enhancement Act

Effective for plan years beginning after December 31, 2020, under Section 112 of the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), except in the case of collectively bargained plans, long-term part-time employees must be eligible to participate in the Plan once they have worked at least 500 hours in three consecutive 12-month periods. Under this requirement, plan sponsors are required to administer special eligibility and vesting for part-time employees. For plan years beginning after December 31, 2020, plan sponsors should begin tracking hours worked for part-time employees to aid in determining when part-time employees become eligible to participate in the Plan under this new rule. There is nondiscrimination and top-heavy plan relief, and no requirement to provide any match or profit sharing contributions to these employees. The Plan must be formally amended to reflect these provisions before the deadline of December 31, 2025.

This information is intended solely for the use of the Plan Administrator and the Investment Committee of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,
