INDEPENDENT AUDITOR'S REPORT

October 17, 2022

To the Plan Administrator of the
Tax Deferred Annuity Plan of ADAPT Community Network:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Tax Deferred Annuity Plan of ADAPT Community Network (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits—modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits—modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Tax Deferred Annuity Plan of ADAPT Community Network financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Tax Deferred Annuity Plan of ADAPT Community Network and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as disclosed in Note 2; this includes determination that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tax Deferred Annuity Plan of ADAPT Community Network's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tax Deferred Annuity Plan of ADAPT Community Network's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with the modified cash basis of accounting. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Tax Deferred Annuity Plan of ADAPT Community Network. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TAX DEFERRED ANNUITY PLAN OF ADAPT COMMUNITY NETWORK

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN

The following brief description of Tax Deferred Annuity Plan of ADAPT Community Network (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is an employee salary reduction contribution plan covering all eligible employees of ADAPT Community Network (formerly United Cerebral Palsy of New York City, Inc.) and New York League for Early Learning, Inc. ("NYL", collectively the "Agency" and "Plan Administrator"). Employees may contribute to the Plan immediately following employment at the Agency. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Reliance Trust Company ("Reliance") and Mutual of America Life Insurance Company ("Mutual of America") were trustees of the Plan during both 2020 and 2021. Massachusetts Mutual Life Insurance Company (MassMutual) was the recordkeeper of the Plan during 2020. On December 31, 2020, Empower Retirement, LLC. ("Empower"), acquired the retirement business of MassMutual. Empower and Mutual of America are the recordkeepers of the Plan's assets during 2021. Empower was also an authorized agent of Reliance Trust Company (Reliance), a third-party administrator of the Plan

The Agency approved the termination of the Defined Benefit Pension Plan of Adapt Community Network, a related plan, effective April 18, 2021. It was determined that each participant actively employed by the Agency on the termination date became 100% vested in the participant's accrued benefit which could be taken as a lump sum or annuity payment. Many participants chose to roll their lump sum payments into the Tax Deferred Annuity Plan of ADAPT Community Network which resulted in approximately \$5,000,000 of rollovers into the Plan during 2021.

Employee Contributions

Each year, participants may contribute a portion of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code ("IRC"). (1) Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. (2) Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings (losses) thereon.

Participant Accounts

Each participant's account is credited with the participant's contributions and investment earnings (losses). Participants are charged with an allocation of administrative expenses that are paid by the Plan. The amount of income a participant's account earns is contingent upon the nature of the investments elected. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive benefit in the form of a single life annuity, a qualified joint and survivor annuity, or a minimum distribution option. At retirement, the total value of the individual account, including interest and earnings, will be available for pension benefits. Participants attaining the age of 59-1/2 may withdraw the total balance of their account.

Death Benefits

The Plan provides a death benefit prior to normal retirement equal to 100 percent of the participant's account, or annual installments over the life or over a period not greater than the life expectancy of the beneficiary.

Termination

Participants, who terminate employment with the Agency other than by reason of retirement, death, or disability are entitled to the vested balances of their accounts. Such amounts may be paid in a lump-sum or remain invested with the Plan.

Plan Loans

Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50 percent of their account balances. Each loan must be repaid within a period not to exceed five years, unless the loan is for the purchase of a principal residence, in which case, the loan period may not exceed ten years. The loans from Mutual of America are issued directly from funds owned by the Plan trustee and are collateralized by the balances in the participants' accounts. Such loans bear a fixed rate of interest determined at the time the loan is issued. Payments are made by the participants directly to Mutual of America. These loans bear interest ranging from 2.70 percent to 3.41 percent as of December 31, 2021. As of December 31, 2021 and 2020, approximately \$24,000 and \$30,000, respectively, of Plan loans were outstanding from Mutual of America and were excluded from these financial statements.

Notes Receivable from Participants

Plan participants may borrow from their fund accounts, a minimum loan amount of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balances. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 6.50 percent as of December 31, 2021. All loans must be repaid within five years (unless it is used to purchase their primary residence). Payments are made by the participants directly to Mass Mutual. Loans are subject to a set of rules established by law.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. As such, certain assets and the related additions to net assets available for benefits and certain liabilities and the related deductions from net assets available for benefits may not be recognized until cash is received or paid. The primary effects of the use of the modified cash basis of accounting on the accompanying financial statements are that deemed distributions are not recognized until cash is paid. Accordingly, the accompanying financial statements are not intended to be presented in accordance with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Fully Benefit Responsive Guaranteed Interest Accounts

Mutual of America General Account Fund

All amounts allocated to the Interest Accumulation Account become part of Mutual of America's general account. The amount in the Interest Accumulation Account at any time will be equal to the sum of all amounts that have been allocated to such account, including interest credited to the account, less the sum of all amounts that have been withdrawn from such account. Participants' principal and previously-credited interest are guaranteed. Mutual of America assumes the investment risk of the underlying investments of the Interest Accumulation Account. This guarantee is subject to Mutual of America's financial strength and claims-paying ability. Mutual of America's general account investment strategy is to maintain high-quality assets with excellent liquidity, strong capital adequacy, and a proper matching of assets and liabilities.

The general account is credited with interest at a rate determined by Mutual of America from time to time, and Mutual of America reserves the right to change the interest rates applicable to amounts held in this account at their discretion, but not below the minimum guaranteed interest rate. The crediting rate determined by Mutual of America was 1.00% and 1.50% as of December 31, 2021 and 2020, respectively.

Requests for withdrawal (subject to Plan provisions) can be made at any time and are processed on the day that they are received; they are not dependent on Mutual of America having to liquidate securities in order to generate a payment. The contract value is the redeemable value of the fund; there are no deferred sales charges, load assessments, interest rate adjustments, or surrender charges that would affect the value as a result of a withdrawal request. The amounts held in the general account are considered fully benefit responsive.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fully Benefit Responsive Guaranteed Interest Accounts (Continued)

Massachusetts Mutual Life Insurance Company General Investment Account (GIA)

Massachusetts Mutual Life Insurance Company general investment account investment option for defined contribution plans is a Guaranteed Interest Account provided through a group annuity contract. Under the terms of the Contract, a crediting rate is established for amounts invested in the GIA and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. Contract value is also often referred to as "Book Value." MassMutual considers this investment option to be fully benefit responsive notwithstanding the Contract provisions that limit the ability of the plan to transact at contract value when a market value event occurs. See Note 6 for further discussion of contract provisions.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits – Modified Cash Basis.

Notes Receivable from Participants

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when received. Related fees are recorded as administrative expenses and are expensed when they are paid. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Agency. Expenses that are paid by the Agency are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of the years ended December 31, 2021 and 2020.

	<u>2021</u>	<u>2020</u>

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020:

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (Continued)

Investments Measured using the Net Asset Value per Share Practical Expedient

The Plan has financial instruments which are recorded at fair value in the accompanying statements of net assets available for benefits.

Pooled separate accounts: Valued using net asset value ("NAV") as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets held through sub-accounts of a separate account of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. There are currently no redemption restrictions or unfunded commitments on these investments. The pooled separate accounts are privately managed through investment companies and are not publicly quoted. Pooled separate accounts are comprised primarily of shares of registered investment companies.

The following tables set forth by the input level, within the fair value hierarchy, the Plan's assets at fair value as of:

	<u>December 31, 2021</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 27,372,747</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 27,372,747</u>
Investments measured at net asset value as a practical expedient				<u>4,030,986</u>
Investments, at fair value				<u>\$ 31,403,733</u>

	<u>December 31, 2020</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 22,477,392</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 22,477,392
Investments measured at net asset value as a practical expedient				<u>4,061,105</u>
Investments, at fair value				\$ 26,538,497

In accordance with ASC 820, pooled separate accounts that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of assets available for benefits.

5. PARTY IN INTEREST TRANSACTIONS

Transactions between Mutual of America, Reliance, and Empower and the Plan qualify as party-in-interest transactions since those organizations also provide custodial and recordkeeping services to the Plan.

In addition, the plan allows participants to receive loans under specific circumstances. As such, transactions between the participants that have loans and the Plan qualify as party-in-interest transactions.

6. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts disclosed in Note 2 is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code ("IRC") or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract.

Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

There are no reserves against contract values for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a contractually guaranteed interest rate that may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Generally, there are no events that could limit the ability of the Plan to transact at contract value. The contracts do not permit the insurance companies to terminate the agreements prior to the scheduled maturity dates. At December 31, 2021 and 2020, there are no unfunded commitments and investments are redeemed on a daily basis.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Agency has the right to terminate the Plan, in whole or in part, at any time subject to the provisions set forth by ERISA. In the event of plan termination, participants remain 100% vested in their balances and all plan assets must be distributed to participants and beneficiaries as soon as administratively practicable after termination of the Plan.

8. TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC. The plan administrator believes the Plan is operating in accordance with the applicable requirements of Section 403(b) of the IRC and therefore believes the Plan is qualified and the related custodial accounts are tax-exempt.

9. PLAN TRANSFER

Effective April 1, 2019, all employees of NYL became employees of the Agency and all contributions into the Plan ceased. During 2020, participant balances in NYL 403(b) Plan held with MassMutual were transferred out of NYL and into the Plan. Total assets transferred into the Plan during 2020 totaled \$9,044,863. Residual transfers from this transaction were completed in 2021 and amounted to \$2,239. All participant elections effective immediately prior to the transfer under NYL 403(b) Plan continued to apply in the Plan until changed by the participant. Also, as a transfer, all accounts under the NYL 403(b) Plan carried over to the Plan retained their same character and treatment.

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 17, 2022, which is the date the financial statements were available to be issued.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
