Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of O'Meara Ford Thrift and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

O'Meara Ford Thrift and Profit Sharing Plan

Notes to Financial Statements

1. Description Of Plan

The following brief description of the O'Meara Ford Thrift and Profit Sharing Plan (the "Plan") provides only general information. Reference to the Plan document should be made for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established April 1, 1992, to provide retirement benefits to the employees of O'Meara Ford Center, Inc. and O'Meara Imports, LLC dba O'Meara Volkswagen of Thornton ("Volkswagen"), (collectively referred to as the "Employer", the "Company" or "Plan Sponsor") and their beneficiaries. The Plan is administered by the Company and the Plan assets are held by the Standard Insurance Company ("Standard"), the custodian and investment manager. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended. The Plan's restated effective date is March 1, 2015.

Employees may elect to participate in the Plan, subject to certain eligibility requirements. Each employee who has attained age 21 is eligible to participate after three months of service except union employees whose employment is governed by a collective bargaining agreement, nonresident aliens who have no earned income from sources within the United States and residents of Puerto Rico.

Contributions

Participants may elect to contribute to the Plan a portion of their eligible compensation, as defined by the Plan, on a pre-tax basis, subject to Internal Revenue Service ("IRS") limitations. Additionally, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contribution). Catch-up contributions are permitted for participants who are 50 or older during the Plan year. The Plan has an automatic enrollment feature whereby newly eligible employees that do not affirmatively elect to contribute or not to contribute to the Plan will be automatically enrolled in the Plan at a deferral rate of 3%.

The Company may elect to make a discretionary contribution, which is determined annually, to participants who contributed to the Plan and are employed on the last day of the Plan year. The discretionary contribution is allocated based on each eligible participant's percentage of total eligible participant deferrals made during the year.

In addition, the Company may elect to make profit sharing contributions in accordance with the plan provision. The Company may elect to make such profit sharing contributions to the Plan for all participants who are employed on the last day of the Plan year. For the year ended December 31, 2021, the Company did not make any profit sharing contributions into the Plan.

Payments of Benefits

Distributions of benefits from the Plan may commence upon the participant's death, total and permanent disability, normal retirement, or termination of employment, but in no event later than the year in which the participant attains age 70-1/2. Earlier distributions may be made upon the occurrence of certain events specified in the Plan's provisions. Distributions are paid in a lump sum payment or installment payments, depending on the election of the participant. Payments of

O'Meara Ford Thrift and Profit Sharing Plan

Notes to Financial Statements

benefits will be made in a single lump sum cash payment if the total vested value is less than \$5,000. In-service withdrawals upon age 59-1/2 are permitted from pre-tax contributions account balances or upon demonstration of financial hardship. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA.

Forfeited Accounts

Forfeitures of terminated participants' nonvested accounts can be used to cover administrative expenses of the Plan and then to reduce Company contributions. Forfeitures are created when participants terminate employment before becoming entitled to their full benefit under the vesting provisions of the Plan. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$575 and \$1,030, respectively. During the year ended December 31, 2020, \$3,925 of forfeitures were used to pay administrative expenses.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, if applicable, and Plan earnings thereon, and charged with benefit payments and allocation of the Plan's losses and administrative expenses. Plan earnings and losses are allocated based on account balances while contributions are credited based upon elective deferrals and compensation, as defined. Administrative expenses for participant requested transactions are charged directly to the accounts of the participants who incur those fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants have a fully vested interest in their elective contributions to the Plan. Vesting in Company contributions, plus actual earnings thereon, is based upon years of service in accordance with the following:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

A participant automatically becomes 100% vested upon reaching normal retirement age, in the event of death, total and permanent disability, and partial or full termination of the Plan.

Notes Receivable from Participants

A participant may borrow from the Plan an aggregate amount not to exceed the lesser of: (a) \$50,000 or (b) 50% of the participant's vested account balance. Interest on participant loans is based on comparable market rates. Participants may only have two outstanding loans at any given time. Loan terms range from one to five years or fifteen years for loans used for the purchase of a primary residence. The notes are secured by the vested balance in the participant's account and principal and interest are paid according to the note agreements through payroll deductions. Interest rates range from 3.25% to 5.50% as of December 31, 2021 and 2020.

O'Meara Ford Thrift and Profit Sharing Plan

Notes to Financial Statements

Investment Options

A participant may direct their contributions into any of several investment options including pooled separate accounts and a guaranteed investment contract. Participants may change their investment options at their discretion.

Administrative Expenses

The Company absorbs a significant part of the administrative costs for the Plan, including professional fees for accounting, auditing and Plan administration, contract charges and servicing fees. Administrative fees paid by the Company are excluded from these financial statements. Participant requested transaction fees such as loan origination and distribution fees and plan advisory fees are paid by the participants of the Plan. Investment management fees charged to the Plan are deducted from income earned and are reflected as a component of net appreciation (depreciation) of investments on the Statement of Changes in Net Assets Available for Benefits.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Valuation of Investments and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation/depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

O'Meara Ford Thrift and Profit Sharing Plan

Notes to Financial Statements

Fully Benefit-Responsive Investment Contract

The Plan entered into a fully benefit-responsive investment contract with Standard. Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

O'Meara Ford Thrift and Profit Sharing Plan

Notes to Financial Statements

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest income, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by The Standard, a qualified institution. At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Pooled separate accounts: Units held in the pooled separate accounts ("PSAs") are valued at the net asset value ("NAV") based on the fair market value of the underlying investments of the account less its liabilities. The NAV, as provided by Standard, is used as practical expedient to estimate fair value. The funds are direct filing entities.

O'Meara Ford Thrift and Profit Sharing Plan

Notes to Financial Statements

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize investments for which fair value is measured using the net assets value per share practical expedient as of December 31, 2021 and 2020, respectively.

12/31/2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 10,821,621	N/A	None	N/A
12/31/2020	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 10,036,644	N/A	None	N/A

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contributions.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements and participant account balances.

7. Related Party and Party-In-Interest Transactions

Standard Insurance Company serves as the trustee of the Plan, and therefore, fees and expenses paid to the trustee qualify as party-in-interest transactions. Standard Insurance Company also serves as the record-keeper of the Plan and as such, fees paid for loan origination and distribution services qualify as party-in-interest transactions. Certain Plan investments are shares of the guaranteed interest fund and pooled separate accounts sponsored by Standard, the custodian of the Plan. Therefore, the related transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. See Note 10 for a discussion on nonexempt party-in-interest transactions.

O'Meara Ford Thrift and Profit Sharing Plan

Notes to Financial Statements

8. Tax Status

The Plan adopted its latest Volume Submitter 401(k) Profit Sharing Plan with a cash or deferral arrangement developed by Standard Retirement Services, Inc., which obtained a favorable IRS opinion letter on March 31, 2014, in which the IRS stated that the form of the Plan was acceptable under Section 401 of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

<i>For the year ended December 31,</i>	2021	2020
Net assets available for benefits per the financial statements	\$ 12,552,242	\$ 11,885,196
Employer contributions receivable	(35,000)	(35,000)
Participant contributions receivable	(33,018)	-
Net assets available for benefits per Form 5500	\$ 12,484,224	\$ 11,850,196

The following is a reconciliation of contributions per the financial statements to Form 5500 for the year ended December 31:

<i>For the year ended December 31, 2021</i>	
Contributions per the financial statements	\$ 599,652
Accrual of participant contributions	(33,018)
Contributions per Form 5500	\$ 566,634

10. Late Remittances

The DOL requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Company's general assets. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction which must be separately reported to the DOL and may result in penalties to the Company. The accompanying supplemental Schedule of Delinquent Participant Contributions presents the prohibited transactions of the Plan.

During the years ended December 31, 2021, 2020 and 2018, participant contributions totaling \$47,209, \$17,103 and \$10,025, respectively, were not remitted timely to the Plan. The 2021, 2020 and 2018 untimely participant contributions are pending to be corrected as of the date of these financial statements.

O’Meara Ford Thrift and Profit Sharing Plan

Notes to Financial Statements

Plan management intends to apply to the DOL Voluntary Fiduciary Correction Program (the “VFCP”) to correct the 2021, 2020 and 2018 delinquent contributions. Under this program, the Company has the ability to correct these transactions voluntarily by restoring the affected participants to the condition they would have been in had the untimely remittances not occurred. The Company believes the amount to be calculated for the lost participant earnings related to the delinquent contributions is not expected to be material to the financial statements.

11. Subsequent Events

The Plan has evaluated subsequent events through October 17, 2022, which is the date the financial statements were available to be issued.

Effective January 1, 2022, the Plan was restated for regulatory compliance purposes and adopted the Non- Standardized Pre-Approved Profit Sharing Plan of Standard Retirement Services, Inc., which received an opinion letter from the IRS dated June 30, 2020 stating that the restated pre-approved plan document was in compliance with applicable requirements of the IRC.
