INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of Soil Nail Holdings 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Soil Nail Holdings 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2021, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of the Soil Nail Holdings 401(k) Plan, formerly named the GeoStabilization International 401(K) Plan, were audited by Plante & Moran, PLLC. Plante & Moran, PLLC issued a disclaimer of opinion on those financial statements dated November 23, 2021. The opinion was disclaimed in accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan Administrator instructed Plante & Moran, PLLC not to perform, and they did not perform, any auditing procedures with respect to the information certified by qualified institutions. The report included an "Other Matter" paragraph regarding the 2020 supplemental schedule required by ERISA.

Notes to the Financial Statements

December 31, 2021 and 2020

(1) Description of the Plan

The following description of the Soil Nail Holdings 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all employees age 18 years or older who have completed 30 days of service, excluding union employees covered by a collective bargaining agreement, certain nonresident aliens with no U.S. income, reclassified employees, and part-time and seasonal employees whose regularly scheduled hours are less than 1,000 hours. Employees can enter the Plan on the first day coinciding with or next following the date requirements being met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Investment Committee of GeoStabilization International, LLC (the "Company") is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan was amended and restated effective January 1, 2021. The restatement included an amendment to change the name of the Plan from GeoStabilization International 401(k) Plan to Soil Nail Holdings 401(k) Plan. Additionally, the restatement included adding GeoBuild, LLC ("GeoBuild") as a participating employer. Effective January 1, 2021, GeoBuild terminated the GeoBuild 401(k) Plan ("GeoBuild Plan"). Upon termination of the GeoBuild Plan, all of its participants were immediately fully vested in the benefits provided pursuant to the GeoBuild Plan. Pursuant to the terms of the Plan, as amended, participants in the GeoBuild Plan who continued employment following the merger were provided the opportunity to transfer assets (including loans) from the GeoBuild Plan to the Plan. Assets transferred of \$239,077, consisting of \$222,316 in cash and \$16,761 in notes receivable from participants, were transferred from the GeoBuild Plan to the Plan on March 30, 2021. In addition, the Plan was amended to provide all transferred employees who entered the Plan with the same vesting percentage they had prior to the direct transfer and assignment.

Effective October 1, 2021, the Plan was amended to add Dyer Corp as a participating employer to the Plan. Dyer Corp did not have a qualified plan with assets to be transferred into the Plan.

(b) Participant Contributions

Each year, participants may contribute on a pretax and after-tax basis up to 100 percent of their compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans (rollovers). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions are invested in the designated target date fund until changed by the participant. Automatically enrolled participants with deferral rates less than 6 percent will have their deferral rate automatically increased by 1 percent at the beginning of each plan year up to 6 percent of compensation. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a fully benefit-responsive investment contract. Contributions are subject to certain IRS limitations.

SOIL NAIL HOLDINGS
401(k) PLAN

Notes to the Financial Statements

December 31, 2021 and 2020

(c) Employer Contributions

The Company contributes Qualified Automatic Contribution Arrangement (“QACA”) safe harbor matching contributions equal to 100 percent of the participant’s elective deferral contribution up to 4 percent of the participant’s compensation. The Company may also choose to make discretionary non-elective contributions or additional discretionary matching contributions to the Plan equal to an amount determined by the Company. The Company made discretionary non-elective contributions totaling \$54,640 to the Plan during 2021. The contributions are recorded as other employer contributions receivable on the accompanying statement of net assets available for benefits. Participants direct the Company contributions into various investment options offered by the Plan.

(d) Participant Accounts

Each participant’s account is credited with the participant’s contributions, Company matching contributions and allocations of (a) the Company’s discretionary non-elective contributions and (b) Plan earnings or (losses), and charged with an allocation of investment and administrative expenses. Allocations are based on participant earnings or (losses), account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

(e) Vesting

Participants are immediately vested in their contributions plus actual earnings or (losses) thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after two years of service.

(f) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account or a direct rollover to another qualified retirement plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or a direct rollover. In-service withdrawals are permitted upon the attainment of age 59 ½. The Plan allows for terminated participant vested account balances of less than \$1,000 to be automatically distributed and balances of \$1,000 to \$5,000 to be automatically rolled out of the Plan. In addition, hardship distributions are permitted if certain criteria are met.

(g) Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled 123,434 and \$7,866, respectively. These accounts will be used to reduce future employer contributions, make additional discretionary non-elective contributions, allocated as additional discretionary matching contributions, or to pay administrative expenses of the Plan. Also, in 2021, forfeitures of \$10,610 and \$38,338 were used to reduce employer contributions and to pay administrative expenses, respectively.

(h) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The maximum loan term is five years, except for a loan for the purchase of a primary residence which may be paid over a 15 year period. Participants may have up to two loans outstanding at any time. The loans are secured by the vested

balance in the participant's account. Loans bear interest rates commensurate with prevailing rates at the time of loan origination, determined monthly at the start of each month by the plan administrator as the prime rate plus 1 percent. Interest rates ranged from 3.25% to 7.50% at December 31, 2021 and 2020. Principal and interest are paid ratably through weekly payroll deductions.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in transaction fees. Investment related expenses are included in net appreciation of fair value of investments.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as transaction fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Subsequent Events

The Plan has evaluated subsequent events from the statement of net assets available for benefits date through October 17, 2022, the date the financial statements were available to be issued, and has determined that there are no events noted in the subsequent period, other than noted below, that would have impacted results reported herein or that should be disclosed.

The Plan was amended and restated effective January 1, 2022 to incorporate required law changes to comply with the requirements of the 2017 Cumulative List (Notice 2017-37), which the Plan is subject to as a prototype Plan of Great-West Trust Company, LLC (GWT). Changes include updates to the hardship distribution rules, including expansion of sources available for hardship distribution and the modification of the hardship necessity provisions, removing additional discretionary matching contributions, as well as inclusion of coverage transition employees in the list of eligible participants.

(3) Summary of Information Certified by the Trustee

The following information, which is included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year), has been certified as complete and accurate by GWT and Great-West Life & Annuity Insurance Company (GWL) (the trustee of the Plan and issuer of the Plan's investment contract, respectively) as of December 31, 2021 and 2020, and for the year ended December 31, 2021, and has not been audited:

Statements of Net Assets Available for Benefits

- All information except contributions receivable

Statement of Changes in Net Assets Available for Benefits

- Dividends
- Interest
- Net appreciation in fair value of investments
- Interest income on notes receivable from participants

ERISA-required Supplemental Schedule

- Schedule of Assets (Held at End of Year)

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

SOIL NAIL HOLDINGS
401(k) PLAN

Notes to the Financial Statements

December 31, 2021 and 2020

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Investment Assets at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 22,603,199	-	-	\$ 22,603,199
Investments at fair value	\$ 22,603,199	-	-	\$ 22,603,199

Notes to the Financial Statements

December 31, 2021 and 2020

(5) Group Fixed Deferred Annuity Contract With GWL

The Plan has entered into a traditional fully benefit-responsive guaranteed investment contract with GWL, referred to as the Key Guaranteed Portfolio Fund. Assets totaling \$343,195 as of December 31, 2021, and \$296,065 as of December 31, 2020, were invested under the contract. GWL maintains the contributions in a general account. The account is credited with earnings or (losses) on the underlying investments and charged for participant withdrawals and administrative expenses. The Key Guaranteed Portfolio Fund issuer is contractually obligated to repay the principle and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting.

Because the Key Guaranteed Portfolio Fund meets the fully benefit-responsive investment contract criteria, the Key Guaranteed Portfolio Fund is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by GWL, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk on the contract issuer or otherwise.

There are no events that might limit the ability of the Plan to transact at contract value with the issuer. Certain events allow the issuer to terminate the contract with the Plan. Such events include (1) the Plan not being qualified, (2) the Plan has been improperly terminated, (3) all Plan asset balance have been distributed, (4) a material amendment to the agreement without the consent of the issuer. Additionally, either party to the contract may, upon sixty days advance written notice to the other party, declare a contract termination date.

The average yield earned by the Plan for the Great-West Select Guaranteed Fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The actual average yields earned by the Plan were as follows:

Average yields:	2021	2020
Based on actual earnings	0.90%	1.04%
Based on interest rate credited to participants	0.90%	1.04%

(6) Tax Status

The IRS has informed the Plan sponsor by an opinion letter dated March 31, 2014, that the volume submitter Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the volume submitter Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the volume submitter Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently not audits for any tax periods in progress.

SOIL NAIL HOLDINGS
401(k) PLAN

Notes to the Financial Statements

December 31, 2021 and 2020

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

(8) Party-in-Interest Transactions

Certain Plan investments are managed by Great-West Funds Investments (GWF). GWT is the trustee of the Plan and GWL is the recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments.

GWL provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the employer and GWL. GWL receives revenue from mutual fund service providers. This revenue is used to offset certain amounts owed to GWL for its administrative services to the Plan. The Plan made indirect payments to GWL for recordkeeping services totaling \$22,420 for the year ended December 31, 2021, of which is included in net appreciation in fair value of investments.

If the revenue received from GWL from such mutual fund service providers exceeds amount owed under the MSA, GWL remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2021 there was no excess amounts remitted to the Plan. The Plan or Plan Sponsor may make a payment to GWL for administrative services not covered by revenue sharing.

The Plan uses the investment advisory and management services of LPL Financial and Prime Capital Investment Advisors LLC. As service providers to the Plan, fees paid for investment advisory and management services from Plan assets qualify as party-in-interest transactions. The Plan made direct payments to LPL Financial and Prime Capital Investment Advisors LLC totaling \$10,500 and \$13,968 respectively, for the year ended December 31, 2021.

Certain plan administrative duties are performed by The Retirement Advantage, Inc. (TRA). The Plan compensates TRA for services performed. Fees paid by the Plan for administrative services amounted to \$11,025 for the year ended December 31, 2021.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
