Independent Auditor's Report

To the Plan Administrator and Trustees of the Aras Corporation 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Aras Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year after the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2021 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's

Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Aras Corporation 401(k) Plan

Notes to Financial Statements

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

1. DESCRIPTION OF THE PLAN

The following description of the Aras Corporation 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description and Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Aras Corporation (the “Company”) for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan’s investment assets are currently invested in various pooled separate accounts and fixed accounts offered by the Voya Retirement Insurance and Annuity Company, the Custodian of the Plan (“Voya” or the “Custodian”).

Eligibility

To become eligible for participation, an employee must be at least age 21 and must have completed one month of service. The employee will become a participant in the Plan on the first day of the calendar month following the date in which they become eligible.

Participant Contributions

Participants may elect to, but shall not be required to, contribute to the Plan. They may contribute up to the maximum percentage allowable, not to exceed the limits of the Internal Revenue Code (“IRC”). Participants may change their elective deferral amounts throughout the year. Participants may also change their investment options throughout the year.

An active participant may, at the discretion of the Plan Administrator, contribute to the Plan distributions from other qualified plans or individual retirement accounts, if the contributions satisfy the tax law requirements for a qualified rollover.

Employer Contributions

The Company may make a discretionary matching contribution to the Plan.

The Company may also make a discretionary profit sharing contribution to the Plan for any eligible employee that is employed on the last day of the Plan year and has completed 500 hours of service within the Plan year.

No employer contributions were made to the Plan for 2021.

See independent auditor’s report.

Aras Corporation 401(k) Plan

Notes to Financial Statements (Continued)

DESCRIPTION OF THE PLAN (continued)

Vesting

A participant will have a fully vested interest in that portion of their account attributable to salary deferral contributions, rollover contributions and related investment earnings. Participants vest in the employer discretionary matching contributions and profit sharing contributions as follows:

<u>Completed Years of Credited Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year	25%
2 years	50%
3 years	75%
4 years or more	100%

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested. Forfeitures are used to pay any administrative expenses and to reduce the Company's matching contributions. As of December 31, 2021, there was no balance of forfeitures available to pay plan expenses or offset employer contributions to the Plan.

Investment Options

Participants may direct the investment of their deferrals, and any employer matching and profit sharing contributions, to any investment funds offered by the Plan. Earnings in these funds and/or market gains or losses are reflected in their changing unit values or returns.

Notes Receivable from Participants

Loans may not be in an amount less than \$1,000 or greater than \$50,000 reduced by the participant's highest outstanding loan balance in the prior twelve month period and limited to 50% of a participant's vested interest in the Plan. Loans are secured by up to 50% of the participant's vested interest in the Plan. Each loan carries a fixed interest rate as determined by the Plan Administrator. Loans are generally required to be repaid not less than quarterly within five years of the date the loan is made, unless such loan is to acquire a principal residence in which case the term may be extended. A participant is not allowed to have more than one loan outstanding at any time.

See independent auditor's report.

Aras Corporation 401(k) Plan

Notes to Financial Statements (Continued)

DESCRIPTION OF THE PLAN (concluded)

Distributions

On termination of service due to death, disability, dismissal, voluntary termination, or retirement, a participant may elect to receive an amount equal to the current value of the participant's vested interest in their account. Distributions under the Plan shall be paid as lump sum payments.

A participant who has reached age 59½ will be entitled to withdraw 100% of their vested account balance. Distributions can also be made as in-service hardship withdrawals, as defined.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and are in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments in pooled separate accounts are reported at fair value. The Company determines the Plan's valuation policies utilizing information provided by investment advisors and Voya. See Note 4 for further discussion of investment valuation.

The Plan's investment in the guaranteed interest account, which is a fully benefit-responsive investment contract, is reported at contract value based on information reported by Voya. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

See independent auditor's report.

Aras Corporation 401(k) Plan

Notes to Financial Statements (Continued)

SIGNIFICANT ACCOUNTING POLICIES (concluded)

Valuation of Investments and Income Recognition (concluded)

Investment security transactions (purchases and sales) are recognized on the trade date (the date the order to buy or sell is executed). Interest income is recorded on the accrual basis. Net appreciation in the fair value of investments includes both realized and unrealized gains and losses. Gains and losses on the sale of investments are calculated using the average cost method.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participation loans are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain costs of the Plan were paid by the Company for the year ended December 31, 2021.

Administrative fees charged to the Plan as shown on the statement of changes in net assets available for benefits relate to fees charged to the participants for recordkeeping and information management or participant loan processing that are deducted from their asset balances. Investment related expenses are presented net of investment income in the statements of changes in net assets available for benefits.

See independent auditor's report.

3. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Voya, except for comparing such information certified by Voya to information included in the Plan's financial statements and supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year). The Plan Administrator has obtained a certification from the Custodian for 2021 and 2020 that such information is complete and accurate.

Information certified as of December 31, 2021 and 2020 is as follows:

	2021	2020
Investments at fair value:		
Pooled separate accounts	\$ 12,803,516	\$ 9,728,453
Investments at contract value:		
Guaranteed interest account	302,858	145,412

Information certified for the year ended December 31, 2021 is as follows:

Investment income:	
Total investment income	\$ 1,548,989

The Custodian also certified the information included in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) in these financial statements.

4. INVESTMENT VALUATION

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued at the accumulation unit value which is determined by the Custodian from the net asset values ("NAV") of the underlying investments. The NAV equivalent is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the funds will sell the underlying investments for an amount different from the reported NAV equivalent.

In accordance with Subtopic 820-10, investments measured at net asset value per share are not classified within the fair value hierarchy.

See independent auditor's report.

Aras Corporation 401(k) Plan

Notes to Financial Statements (Continued)

INVESTMENT VALUATION (continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 12,803,516	n/a	Daily	up to 30 days
<u>December 31, 2020</u>				
Pooled separate accounts	\$ 9,728,453	n/a	Daily	up to 30 days

Guaranteed Interest Account

The Plan has entered into a fully benefit-responsive investment contract with Voya which maintains the contributions in a separate account. The traditional investment contract is reflected in the financial statements at contract value as reported to the Plan by Voya.

Since the guaranteed investment contract meets the fully benefit-responsive investment contract criteria, contract value is the relevant measure. This is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus credited interest, less participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a methodology agreed upon with the issuer, but it may not be less than one percent. Such interest rates are reviewed on a monthly basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the contract issuer. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

See independent auditor's report.

Aras Corporation 401(k) Plan

Notes to Financial Statements (Continued)

INVESTMENT VALUATION (concluded)

Guaranteed Interest Account (concluded)

The guaranteed investment contract does not permit the insurance company to terminate the agreement except under certain circumstances outlined in the contract.

5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include pooled separate accounts and fixed accounts managed by the Custodian. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Custodian amounted to \$400 for the year ended December 31, 2021. Fees paid for investment management services are included as a reduction of the return earned on these investments.

6. TAX STATUS

The Plan adopted a volume submitter 401(k)/profit sharing plan which the Internal Revenue Service (“IRS”) determined, as stated in a letter dated March 31, 2014, was acceptable under the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan qualifies as a tax-exempt plan. Accordingly, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor (“DOL”). The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan Administrator believes the Plan is no longer subject to examinations for years prior to December 31, 2018.

Aras Corporation 401(k) Plan

Notes to Financial Statements (Concluded)

7. RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts which shall not thereafter be subject to forfeiture.

9. PROHIBITED TRANSACTIONS

The Company was delinquent in remitting certain participant deferrals to the Plan totaling \$4,000 for 2021. These delinquent participant deferrals were remitted to the Plan in July 2022 and are included in participant contributions receivable at December 31, 2021. The DOL considers late deposits to be prohibited transactions. The Company is required to file Form 5330 with the IRS and pay the required excise tax. Further, the Company is also required to credit participant accounts with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 17, 2022, which is the date the financial statements were available to be issued. There were no subsequent events that require adjustment to or disclosure in the financial statements.

See independent auditor's report.
