REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Administrative Committee
Michels Corporation 401(k) Savings Plan

Opinion

We have audited the financial statements of Michels Corporation 401(k) Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Michels Corporation 401(k) Savings Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedules required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of delinquent participant contributions for the year ended December 31, 2021 and assets (held at end of year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Michels Corporation 401(k) Savings Plan

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE A - DESCRIPTION OF PLAN

The following description of the Michels Corporation 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible nonunion employees of Michels Corporation and Subsidiaries (the Employer or Michels), as amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

Occasionally, the Plan will have transfers to and from a plan administered by an affiliate of Michels. For the years ended December 31, 2021 and 2020, the transfer of assets to the affiliated plan amounted to \$0 and \$77,522, respectively.

The Plan was amended on January 4, 2021 to include employees from Michels Energy Group, Inc., a subsidiary of Michels Corporation, and its subsidiaries, Michels Utility Services, Inc. and Michels Power, Inc. Effective June 28, 2021, the Plan was amended to include employees of Michels Pipeline, Inc., another subsidiary of Michels Energy Holdings, Inc. Effective November 1, 2021, the Plan was amended to include employees of MICON Group, Inc., a subsidiary of Michels Corporation, and its subsidiaries, Michels Construction, Inc. and Michels Road & Stone, Inc. Employees are credited with years of service while employed by any one of the Michels family of companies.

Contributions

Participants may elect to make pre-tax and/or Roth contributions as a percentage of their annual compensation, not to exceed the limits of the Internal Revenue Code (IRC) as defined in the Plan document. These deferrals are specifically allocated to the account of the individual participant.

Participants are automatically enrolled in the Plan at an employee deferral contribution rate of 3% of eligible compensation. Prior to May 1, 2020, all employees with more than 90 days of service who were not covered by a collective bargaining agreement (CBA) were eligible to participate in the Plan. Effective May 1, 2020, the Plan was amended such that all employees with more than 30 days of service who are not covered by a CBA are eligible to participate in the Plan.

Matching contributions may be made by the Employer at an amount equal to a discretionary percentage of the amount of participant's pre-tax contributions, as determined by the Employer. The Employer matched 40% of the first 5% of employee deferrals for the 2021 and 2020 Plan years. In addition to the matching contributions, the Employer makes a fixed contribution of \$1.00 for each hour of service worked by the participant during the Plan year. Employees must complete one year of service to be eligible for the fixed contribution. The Employer made both discretionary matching contributions and fixed contributions to all eligible participants for the years ended December 31, 2021 and 2020.

Also, the Employer may make a profit sharing contribution to the Plan at the discretion of the board of directors. No such contribution was made for the years ended December 31, 2021 and 2020.

Participant Accounts

Each participant's account is credited or charged with the participant's contribution and an allocation of: (a) the Employer's discretionary matching contribution; (b) the Employer's fixed contribution; (c) the Employer's discretionary profit sharing contribution; (d) Plan investment income (loss); and (e) Plan administrative expenses. Allocations are based on participant compensation or account balances, as defined in the Plan document. The Plan allows participants to invest their account balances between or among separate investment funds established by the trustee within the trust.

The Plan does not allow loans to be taken out by Plan participants.

Vesting

Participants are immediately vested in their voluntary contributions, including rollover amounts, plus actual earnings thereon. Vesting in the Employer contributions portion of their account plus earnings thereon is based on years of continuous service. A participant is vested in employer contributions at 20% per year starting in year two and is 100% vested after six years of credited service.

Payment of Benefits

Upon termination of service due to termination of employment, death, disability, or retirement, a participant may elect to receive the value of the vested portion in his or her account in the form of a lump-sum distribution or installments. Any benefits provided by the Plan are paid from the net assets available for benefits. The benefit to which a plan participant is entitled is the benefit that can be provided by the contributions and income thereon (including net realized and unrealized investment gains and losses) allocated to such participant's account. The method of distribution will be determined by an election made by the Plan participant. The participant can elect a lump-sum distribution, partial distribution or installment payments for a specified term as defined in the Plan document. The source of distribution will be determined by an election made by the Plan participant for in-service, post-severance and lifetime required minimum distributions. Participants experiencing financial hardship may withdraw a portion of this account balance as defined by the Plan document.

Forfeited Accounts

Forfeited non-vested accounts from Employer matching and fixed contributions reduce non-elective contributions to the Plan. Forfeitures of terminated participants' non-vested account balances used to reduce Employer contributions amounted to \$589,799 and \$331,698 for the years ended December 31, 2021 and 2020, respectively. At December 31, 2021 and 2020, the outstanding balance of forfeited non-vested accounts totaled \$381,781 and \$321,210, respectively.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

The significant accounting policies which have been consistently applied in the preparation of the accompanying financial statements follow:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

In preparing financial statements in conformity with U.S. GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain Plan administrative expenses are paid by the Plan and expensed when incurred. All other administrative expenses are paid by the Employer.

NOTE C - TAX STATUS

The Internal Revenue Service (IRS) issued its latest opinion letter for the trustee's prototype plan on March 31, 2014, which stated that the Plan and its underlying trust qualify under the applicable provisions of the IRC and, therefore, are exempt from federal income taxes. The Plan has been amended since receiving the opinion letter. However, in the opinion of the Plan administrator, the Plan and its underlying trust have operated within the terms of the Plan in all material respects and remain qualified under the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants shall become 100% vested in their accounts.

NOTE E - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board provides a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds - Valued at the net asset value (NAV) of shares held by the Plan at year end, which is obtained from an active market.

Collective trust funds - Valued at NAV of units of a bank collective trust. The NAV, as provided by trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 203,998,668</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 203,998,668

Collective trust funds ^(a)				9,848,084
Investments, at fair value				\$ 183,964,930

^(a) Redemption of the collective trust funds are generally permitted daily and there are no unfunded commitments.

NOTE F - RISKS AND UNCERTAINTIES

Investments

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements of the Plan.

NOTE G - RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by Principal Trust Company (Principal). In May 2021, the Plan's trustee changed from Wells Fargo Bank N.A. (Wells Fargo) to Principal as part of the sale of the Institutional Retirement & Trust Business. Principal and Wells Fargo are the trustees as defined by the Plan and, therefore, any transactions with Principal or Wells Fargo qualify as party-in-interest transactions. However, they are exempt from the prohibited transactions rules under ERISA.

A portion of the costs of administering the Plan are paid by the Employer and are exempt from the prohibited transactions rules under ERISA. These costs include audit fees, investment advisory fees and custodial fees.

NOTE H - NONEXEMPT TRANSACTION

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate participant contributions from its general assets as soon as practicable. During 2021, the Company failed to timely remit to the Plan's trustees certain participant contributions totaling \$46,882 within the period prescribed by DOL regulations. The delayed contributions are considered prohibited, or nonexempt, transactions. The Plan Sponsor has corrected these prohibited transactions during 2021 and the associated lost earnings in 2022, in accordance with applicable DOL guidelines.

NOTE I - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2021, financial statements for subsequent events through October 17, 2022, the date the financial statements were available to be issued.

Effective August 29, 2022, the Plan was amended to include employees of Michels Trenchless, Inc. and MICON Group, Inc. Effective October 14, 2022, the Plan was amended to include employees of Aqueos Marine, Inc. Employees will be credited with years of service while employed by any one of the Michels family of companies.

The Plan is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.
