Scope and Nature of the ERISA Section 103(a)(3)(c) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Stauffer Manufacturing Company 401(k) Profit-Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Plan Trustee
Stauffer Manufacturing Company 401(k) Profit-Sharing Plan
Red Hill, Pennsylvania

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Stauffer Manufacturing Company 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stauffer Manufacturing Company 401(k) Profit-Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

To the Plan Trustee
Stauffer Manufacturing Company 401(k) Profit-Sharing Plan
Red Hill, Pennsylvania

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stauffer Manufacturing Company 401(k) Profit-Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stauffer Manufacturing Company 401(k) Profit-Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Plan Trustee
Stauffer Manufacturing Company 401(k) Profit-Sharing Plan
Red Hill, Pennsylvania

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Stauffer Manufacturing Company 401(k) Profit-Sharing Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

STAUFFER MANUFACTURING COMPANY
401(k) PROFIT-SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Stauffer Manufacturing Company (the "Company") 401(k) Profit-Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for all eligible employees of the Company. Employees who have 60 days of service are eligible to participate. Employees are able to enter the Plan the first day of the calendar month coinciding with or next following the date the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants can elect to defer a percentage of their compensation, as defined in the Plan, up to a maximum contribution of \$19,500 in 2021. Participants who are age 50 and older and contribute the maximum permitted under the Plan may make an additional pre-tax contribution (a "catch-up contribution") of up to \$6,500 in 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants may designate a percentage of after-tax compensation as Roth contributions. The Plan provides company matching contributions to 100% of the first 3% of eligible compensation, plus 50% of the next 2% of eligible compensation in accordance with safe harbor provisions of the Plan.

Additional profit-sharing amounts may be contributed at the discretion of the Company. There were no discretionary contributions for 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. The investment of each participant's account is directed by the individual participant.

Vesting

Participants are immediately 100% vested in their own contributions plus actual earnings thereon. Participants are immediately 100% vested in the company safe harbor matching contributions. Vesting in the Company's profit-sharing and employer match contribution of their accounts is based on a rate of 20% per year for each year of service after two years. A participant is 100% vested after six years of credited service.

Regardless of the vesting schedule, a participant will become fully vested upon death, disability, and at normal retirement age.

STAUFFER MANUFACTURING COMPANY
401(k) PROFIT-SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

On termination due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period of not more than the participant's assumed life expectancy. However, if the participant's vested benefit does not exceed \$5,000, it will be distributed as a lump sum as soon as practicable.

Forfeited Accounts

The nonvested portion of a terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures may be used by the Plan for several purposes. Forfeitures will be allocated in the same proportion that a participant's compensation bears to the total compensation of all participants. There was no balance in the non-vested account at December 31, 2021 and 2020. Forfeited amount of \$2,228 for 2021 was used to reduce employer match contributions.

Administrative Costs

Most of the administrative expenses of the Plan are paid by the Company.

Plan Amendments

Effective September 1, 2020, the Plan was amended to exclude part-time/temporary/seasonal employees whose regularly scheduled service is less than 20 hours and interns and per diem employees from participation in the plan for purposes of all contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

STAUFFER MANUFACTURING COMPANY
401(k) PROFIT-SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The VOYA Fixed Account is fully benefit-responsive and is reported at contract value. Contract value represents the value of the fund as of the last business day in the Plan year plus any accrued interest through the last day of the Plan year. The principal due under the contract and termination value is based upon the terms and conditions of the Plan's policy. The Plan's investments in pooled separate accounts (registered investment companies) are stated at net asset value as a practical expedient. Net appreciation or depreciation of investments is reported on the statement of changes in net assets available for benefits and consists of realized gains and losses and the unrealized appreciation or depreciation of these investments. All underlying investment options are valued daily. This daily price is considered the selling price for transfers and withdrawals and is calculated each day the principal market is open and available to any participant in the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Reclassifications

Certain amounts represented in the prior year have been reclassified in order to be consistent with the current year's presentation.

Date of Management's Review

Management has evaluated subsequent events through October 14, 2022, the date which the financial statements were available to be issued.

NOTE C - RELIANCE ON TRUSTEE REPORT

The administrator of the Plan has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Under that section, no auditing procedures are required to be performed with respect to the investment information certified by VOYA Retirement Insurance and Annuity Company, the custodian of the Plan during 2021 and 2020, other than comparing such information to that contained in the financial statements and supplemental schedule.

	<u>2021</u>	<u>2020</u>
Pooled separate accounts	\$ 27,383,691	\$ 24,165,270
General account	4,615,309	4,346,472
Investment income		
Net appreciation in fair value of		
Pooled separate accounts	4,594,574	*
Interest from general account	115,260	*

*2020 investment income was not presented in the financial statements.

NOTE D - FAIR VALUE MEASUREMENTS

Professional accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels.

Level 1 inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. *Level 2* inputs are other than quoted prices that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument. *Level 3* inputs are unobservable inputs based on the Plan's assumptions used to measure assets and liabilities at fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Assets of the Plan for which fair values are determined on a recurring basis are as follows:

	<u>Net Asset Value (a)</u>	
	<u>2021</u>	<u>2020</u>
Pooled separate accounts	\$ <u>27,383,691</u>	\$ <u>24,165,270</u>

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

STAUFFER MANUFACTURING COMPANY
401(k) PROFIT-SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Pooled separate accounts are managed by a registered investment company and are priced daily. These are valued at the net asset value based on the value of the underlying assets. The net asset value is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

Fully benefit-responsive investment contracts consist of the following as of December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Voya Fixed Account	\$ 3,542,962	\$ 3,581,344
Voya Fixed Account A	<u>1,072,347</u>	<u>765,128</u>
 TOTAL FULLY-BENEFIT RESPONSIVE INVESTMENT CONTRACTS	 <u>\$ 4,615,309</u>	 <u>\$ 4,346,472</u>

Fully benefit-responsive contracts require participant-initiated transactions to occur at contract value with no conditions, limitations, or restrictions. The value shown above reflects the approximate amount that would have been paid if the contract had been terminated as of the last day of the reporting period and potential surrender charges and market value adjustments were applied as of such date. The Voya Fixed Accounts guarantee minimum rates of interest and may credit interest that exceeds the guaranteed minimum rates. Daily credited interest becomes part of principal and the investment increases through compound interest. The Voya Fixed Accounts are intended to be a long-term investment for participants seeking stability of principal, therefore Voya Retirement Insurance and Annuity Company ("VRIAC") may impose restrictions on the ability to move funds into or out of this investment option or among investment options in general. These restrictions help VRIAC to provide stable credited interest rates which historically have not varied significantly from month to month despite the general market's volatility in new money interest rates. The Voya Fixed Account guarantees principal and guaranteed minimum interest rate for the life of the contract, as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period - currently one calendar year.

STAUFFER MANUFACTURING COMPANY
401(k) PROFIT-SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participant accounts will become 100% vested.

NOTE G - TAX STATUS

The Plan is a prototype non-standardized profit-sharing plan with CODA sponsored by CCH Incorporated. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, indicating that the Plan is a qualified plan under Section 401(k) of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust is tax-exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are managed by the custodian, and, therefore, all transactions involving these investments qualify as party-in-interest transactions. These transactions are allowable transactions.

NOTE I - RISKS AND UNCERTAINTIES

Investments of the Plan are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect investment assets reported in participant account balances and in the statements of net assets available for benefits.
