INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Habitat for Humanity of Greater Los Angeles
401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Habitat for Humanity of Greater Los Angeles 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Habitat for Humanity of Greater Los Angeles 401(k) Profit Sharing Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HABITAT FOR HUMANITY OF GREATER LOS ANGELES

401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

1. Description of Plan

The following description of the Habitat for Humanity of Greater Los Angeles 401(k) Profit Sharing Plan (the “Plan”) provides a summary of general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

Habitat for Humanity of Greater Los Angeles (the “Organization” or the “Employer”) established the Plan to provide employees with a systematic means of savings and investing for the future. The Plan is a type of qualified retirement plan commonly referred to as a 401(k) Plan covering all eligible employees of the Organization. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was adopted on January 1, 2000, and is a qualified automatic contribution agreement (“QACA”) and considered a safe harbor Plan.

Coronavirus Aid, Relief, and Economic Security Act

The Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), enacted by congress on March 27, 2020 in response to the COVID-19 pandemic, allowed for certain relief provisions for participant loans and distributions. The provisions included a temporary increase in the maximum loan amount to the lesser of \$100,000 or 100% of a participant’s vested account balance. This provision was offered for a 180-day period, beginning upon enactment of the CARES Act and ended in September 2020. In addition, the CARES Act provisions granted temporary payment deferrals on outstanding participant loans during the period from enactment through December 31, 2020, with repayments beginning on January 1, 2021. The CARES Act also allowed for distributions, upon participants meeting certain requirements, of up to the lesser of \$100,000 or the vested account balance. Additionally, early distribution penalties for distributions made to participants younger than 59½ years old were waived. The participant was not required to repay the distribution, but was permitted to do so long as repayment occurred within three years. The distribution was taxable and included in the participant’s income over a ratable three-year period beginning in the year of distribution. Amounts repaid within three years are not subject to income tax. Additionally, required minimum distributions were temporarily waived for 2020. The plan administrator complied with these provisions, offering relief options to eligible participants, on an as needed basis.

Eligibility

Employees of the Organization are eligible to participate in the Plan, once they have three months of service and are the age of twenty-one or older.

Participant Contributions

A participant’s total contribution for any one calendar year is limited to the maximum annual contribution allowable pursuant to the requirements of section 401(k) of the Internal Revenue Code. The maximum annual contribution limit was \$19,500 for 2021.

Catch-up Contributions

All employees who are eligible to make elective deferrals under this Plan and who have attained age 50 before the close of a Plan Year shall be eligible to make catch-up contributions of up to an additional \$6,500 from that period forward in 2021. Catch-up contributions can occur under three different circumstances as described in the Plan agreement.

1. Description of Plan, continued

Participant Accounts

A participant's account is credited with the participant's contribution, and allocations of the Employer contributions and administrative expenses. In addition, each participant's account is valued as of each daily valuation date with earnings and losses allocated on the basis of the ratio that a participant's account balance as of the prior valuation date bears to the total account balances of all participants in the same investment, plus any adjustments for transactions since the last valuation date. Each participant is then credited with that percentage of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. If a participant receives a distribution from the Plan as of any date other than a valuation date, the value of the participant's account will be the value as of the prior valuation date.

Organization Contributions

The Organization's matching contribution may be a discretionary percentage allocated in proportion to participant salary deferrals, a flat dollar amount, or a tiered formula amount, pursuant to the Organization's election each year. The Organization matches participants' salary deferrals that do not exceed 6% of compensation, per plan year. Matching contributions are made for all employees who are active participants at any time during a payroll period.

The safe harbor contribution is a match of 100% of salary deferrals on the first 1% of compensation, plus 50% of salary deferrals over 1% of compensation with a maximum contribution of 6% of compensation. The Employer has elected to provide a contribution to each participant who has made a deferral election.

In addition, the Organization may make a discretionary profit-sharing contribution each plan year. The contribution is allocated among eligible participants on December 31st, with eligibility based on a participant being an active participant by having 500 or more hours of service in the Plan year.

Vesting

Participant contributions, rollovers, and net earnings on these contributions, are fully vested when made or earned. Participants become vested in the Employer's profit sharing and matching contributions commencing on the participant's date of hire according to the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2	0%
2 but less than 3	25%
3 but less than 4	50%
4 but less than 5	75%
5 or more	100%

For safe harbor contributions, participants are 100% vested upon completing two years of service.

1. Description of Plan, continued

Notes Receivable from Participants

Actively employed participants may borrow from the Plan a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. The \$50,000 maximum amount is reduced by the participant's highest outstanding Plan loan balance in the prior twelve months, even if the loan has been repaid. A participant may have no more than one loan outstanding at any one time. Loans are for a period not exceeding five years, except for loans used to acquire a principal residence of a participant. In such cases, the plan administrator may permit a longer repayment term. All loans are secured by no less than 50% of the present value of a participant's vested interest in the Plan. Loan interest rates are based on the prime rate of interest published by the Wall Street Journal as of the date of the loan, plus 2 percent. At December 31, 2021, interest rates on participant loans ranged from 5.25% to 7.50%. The current value of participant loans was \$17,622 and \$41,443 as of December 31, 2021 and 2020.

Benefit Payments

Vested benefits are payable to participants upon death, disability, severance from employment or reasons of proven financial hardship as defined in the Plan agreement. Benefits are recorded when paid. Benefit payments are made either (a) in the form of a lump-sum distribution or (b) an installment distribution. For terminated participants whose account is less than \$1,000, the entire balance may be distributed in the form of a lump sum payment at the election of the Custodian. Distributions are paid as soon as administratively practicable after the participant terminates. The Plan allows for in-service distributions.

Forfeitures

If a participant terminates service with the Employer, and the participant receives a distribution of the entire vested portion of his/her account balance, the non-vested portion, if any, is forfeited. Non-vested account balances are recognized as forfeitures as of the last day of the Plan Year in which the participant's entire vested interest was distributed. Forfeitures attributable to Employer contributions are first used to pay any Plan administrative expenses and any remaining forfeitures are used to reduce future Employer Plan contributions. At December 31, 2021 and 2020, the Plan had \$78,686 and \$61,056, respectively, of forfeited funds. During the year ended December 31, 2021, forfeited funds in the amount of \$157 were used to reduce administrative fees of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan follows the provisions of the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 960, *Plan Accounting – Define Benefit Pension Plans*, Topic 962 – *Plan Accounting – Defined Contribution Pension Plans* and Topic 965 – *Plan Accounting – Health and Welfare Benefit Plans*, including any updates thereof.

The Plan prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

In preparing these financial statements, we evaluated the period from January 1, 2021 through October 14, 2022, the date the financial statements were available to be issued, for material subsequent events requiring recognition or disclosure in the accompanying financial statements.

Use of Estimates

The preparation of the Plan’s financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the related amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates and assumptions, and such differences may be material to the financial statements.

Notes Receivable from Participants

The Plan reports loans to participants in accordance with the FASB ASC 962, *Plan Accounting – Defined Contribution Pension Plans*, which requires that participant loans be reported at their unpaid principal balance plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses, which are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Fully Benefit-Responsive Investment Contracts

As described by the FASB’s guidance on fair value measurements, investment contracts held by a defined-contribution plan are reported at fair value, excluding fully benefit-responsive investment contracts which are measured at contract value. Contract value is the relevant measurement for the portion of the assets available for benefits for a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based upon quoted market prices. Pooled separate accounts offered are proprietary to Transamerica and many invest exclusively in one underlying mutual fund traded on an established market. Pooled separate accounts begin with a price determined by Transamerica, and the number of units issued are calculated to match the current fair market value of the underlying mutual fund holdings. Shares of pooled separate accounts are valued daily using publicly available quoted market prices. Any net appreciation or depreciation for the year is reflected in the statements of changes in net assets available for benefits. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Costs and Expenses

Costs and expenses of the Plan that are paid directly by the Plan are included in the statement of changes in net assets available for benefits. Expenses incurred maintaining the Plan that are paid directly by the Employer are excluded from these financial statements. Investment-related expenses are included in the net change in the fair value of investments.

Information Certified by the Custodian

Transamerica Retirement Solutions, LLC has prepared and certified as complete and accurate the Plan's schedule of investment assets, notes receivable from participants, transactions, net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedules.

3. Tax Status

The Plan has adopted the QBI LLC Profit Sharing/401(k) Non-Standardized Prototype Plan, third-party administrator of the Plan, document which received tax exempt status from the Internal Revenue Service. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the FASB. Plan management believes that the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance.

4. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

4. Risks and Uncertainties, continued

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has resulted in financial markets volatility and has affected, and may continue to affect, the market price of the Plan's assets. While the potential economic impact caused by, and the duration of, COVID-19 is difficult to assess or predict, this widespread pandemic could continue to result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted. Plan Management will continue to monitor the impact of COVID-19 on the Plan's financial assets.

5. Certified Information

The following information included in the accompanying financial statements and supplemental schedule was obtained from the data that has been prepared and certified as complete and accurate by Transamerica Retirement Solutions, LLC:

	2021	2020
Pooled separate accounts, at fair value	\$ 5,050,197	\$ 3,789,953
Stable Value Option account, at contract value	\$ 307,239	\$ 449,693
Notes receivable from participants	\$ 17,622	\$ 41,443
Net appreciation in fair value of investments	\$ 599,889	N/A
Interest on participant note receivable	\$ 1,628	N/A

6. Fair Value Measurements

Valuation of Investments

FASB ASC 820 established a framework for determining fair value, which is a market-based measurement for financial reporting. For some assets and liabilities there are observable market transactions and for others observable market transactions and information might not be available. However, the objective of a fair value measurement is to estimate the price at which an orderly transaction to sell the asset or to transfer a liability would take place between market participants at the measurement date under current market conditions. ASC 820 also prioritizes, within the measurement of fair value, the use of market-based information over entity-specific information and establishes a three-level hierarchy for fair value measurements based on the transparency of information used in the valuation of an asset or liability as of the measurement date.

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 – Quoted prices are available in active markets for identical investments as of the reporting date.

Level 2 – Pricing inputs, including broker quotes, are generally those other than exchange quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.

6. Fair Value Measurements, continued

Valuation of Investments, continued

Level 3 – Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Investments that are included in this category generally include privately held investments and partnership interests.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2021, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Pooled Separate Accounts

Investments in pooled separate accounts are reported at fair value, which is determined daily based on publicly available quoted market prices. Pooled separate accounts investing in mutual funds or domestic equity securities are valued using quoted prices in active markets for identical assets. Pooled separate accounts directly investing in fixed maturity securities are valued based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities. There are no unfunded commitments, the redemption frequency is daily, and the redemption notice period is daily. Investment funds may be subject to certain trading securities, and trading securities apply to transfers into an investment fund. Transfers out of a pooled separate account are allowed at any time. Interest and dividends are recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis.

Net appreciation includes the Plan's gains and losses on investments sold, as well as the unrealized gains and losses of investments held at yearend.

The following tables summarize the valuation of the Plan's investments at fair value hierarchy levels as of December 31, 2021 and 2020:

December 31, 2021				
	Level 1	Level 2	Level 3	Total

6. Fair Value Measurements, continued

Investments Measured at Net Asset Value

ASC 820 allows net asset value (“NAV”) to be used as a practical expedient to estimate the fair value of investments. Investments using the NAV per share practical expedient as fair value are no longer categorized in the fair value hierarchy but presented separately. There were no investments valued at NAV at December 31, 2021 and 2020.

7. Investment Contract with Transamerica Retirement Solutions, LLC

The Plan has a benefit-responsive investment contract with Transamerica Retirement Solutions, LLC, the custodian of the Stable Value Option Investment, which is reported as a stable value option account in the statement of net assets available for benefits. Stable value is an investment that seeks to preserve principal and provides consistent returns and liquidity. Stable value investment choices may be comprised of or may invest in annuity or investment contracts issued by life insurance companies, banks, and other financial institutions. Stable value investment choices are subject to the risk that the insurance Organization or other financial institution will fail to meet its commitments, and are also subject to general bond market risks, including interest rate risk and credit risk. The contract value of the stable value option account at December 31, 2021 and 2020 was \$307,239 and \$449,693, respectively.

The Transamerica stable value investment choices are backed by the general account of Transamerica Life Insurance Organization (“TLIC”) or Transamerica Financial Life Insurance Organization (“TFLIC”). While TLIC or TFLIC declare rates and back the principal and interest of these investment choices, any guarantees are subject to the claims paying ability of the insurance Organization. The investment choice is not guaranteed by the FDIC or any other government agency. Although plan participants generally may withdraw assets from the stable value investment choice without restrictions, TLIC/TFLIC may impose a hold period at the contract level in the event of a full contract discontinuance, partial contract discontinuance, or certain transfers. The occurrence of such events is not considered to be probable.

The stable value option investment choice is a non-tradable obligation of Transamerica. The investment’s contract or proceeds cannot nor will not be assigned or sold to another party without the consent of Transamerica. The repayment of principal and interest credited to participants holding the investment is a financial obligation of Transamerica. The terms of Transamerica group annuity contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans or transfers to other investment choices within the Plan. The occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not probable.

8. Related Party Transactions

Certain investments held by the Plan are issued and managed by Transamerica Retirement Solutions, LLC. Transamerica Retirement Solutions, LLC is the custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid directly by the Plan for the investment management services was \$7,200 for the year ended December 31, 2021.
