Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the RBA 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the RBA 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the RBA 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the RBA 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the RBA 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the RBA 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Net Assets Held at Year End as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**RBA 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020**

1. Plan Description

The following description of the RBA 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan available to qualifying employees of the Roger Bacon Academy. The Chief Financial Officer of the Roger Bacon Academy is the Plan Administrator. The Roger Bacon Academy is the Plan Sponsor. All employees who are employed by the Sponsor and have reached the age of 18, except Substitute Teachers, are eligible to participate in the plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Board of Directors is responsible for oversight of the Plan. The Board determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Automatic Enrollment

Upon initially satisfying the service requirements described above, participants are automatically enrolled in the Plan with a pre-tax contribution rate of 6%. A written confirmation of direct enrollment will be mailed to the participant. If the participant wishes to contribute more or less than 6%, or does not wish to contribute at all, they must contact the benefits administrator by phone or access the benefit website no later than 30 days after their entry date.

Contributions

Each year, participants may voluntarily contribute up to \$19,500 of pretax annual compensation, as defined by the Plan and subject to Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. During the plan year ended December 31, 2021, the sponsor contributed 100% of the first 3% of base compensation that a participant contributed to the Plan. Additional amounts may be contributed at the option of the sponsor's Board of Directors. Participants may change their investment options daily. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions including any rollover amounts from qualified plans and allocations of (a) the sponsor's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Summary Plan Description. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employees are immediately vested in their voluntary contributions, including rollover contributions, and any income or loss thereon upon participation and are vested in the employer matching contributions and any earnings thereon according to the schedule below. Participants automatically become 100% vested in employer contributions upon reaching age 65, Plan termination, death, or disability.

Forfeitures

At December 31, 2021, forfeited non-vested accounts totaled \$0. These funds are held as unallocated Plan assets. These accounts are used to reduce Plan expenses. Remaining balances are then distributed among participant accounts at the end of the plan year.

Note Receivable - Participants

The Plan does not allow participants to borrow from their accounts.

Investment contracts

The Plan has not entered into any investment contracts.

Nonparticipant-directed investments

The Plan does not have nonparticipant-directed investments.

Payment of Benefits

Upon termination of service, due to death, disability, retirement or separation, a participant or beneficiary may normally receive the value of the participant's vested interest in his or her account immediately as a lump-sum or partial payment distribution upon the filing of a request for distribution. If, upon the occurrence of any of these events, the aggregate account balances do not exceed \$1,000 excluding rollover contributions, the participant or beneficiary will receive a lump sum payment unless the participant or spousal beneficiary requests otherwise.

A participant may request hardship withdrawals while still employed with the Employer. Only the employees' contributions are eligible for disbursement. The sponsor determines if the participant meets the specific guidelines for the distribution. The Plan also allows participants to make age 59 ½ withdrawals while still employed by the Employer. Participants may make one withdrawal per year from their after-tax balance, including non-elective employer contributions. The minimum amount of a hardship distribution, age 59 ½ withdrawal, or after

tax withdrawal is \$500, or, if less, the total amount available from specified portions of the participant's account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting. This basis of accounting conforms to accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as more fully discussed in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Money market funds are valued at amortized cost, which approximates a stable \$1.00 per share. Mutual funds are valued at the daily closing price as reported by the fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Earnings on investments are allocated on a pro rata basis to individual accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances.

Net change in Fair Value of Investments

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net change in the fair value of its investments, which consists of the realized gains or losses and the net unrealized increase (decrease) in those investments.

Payment of Benefits

The Plan records benefit payments to withdrawing participants when paid. Under the rules for the preparation of the Form 5500, the Plan's Form 5500 will reflect an accrual for the amount to be paid to participants who withdrew from the Plan prior to year-end, and who had requested a distribution which was approved but not yet paid at periods end, if any. There were no unpaid distributions at December 31, 2021 or 2020.

Administrative Expenses

The sponsor provides certain administrative and accounting services to the Plan at no cost. Most administrative expenses are paid directly by the sponsor and include legal and audit fees. Fees related to the distribution of participant account balances are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Tax Status

The Plan is intended to satisfy the tax qualification requirements under the applicable sections of the Internal Revenue Code. Therefore, the trust funds of the Plan are intended to be exempt from federal income taxes.

The Plan evaluates all significant tax positions as required by accounting principles generally accepted in the United States of America. The financial statement effect of a tax position is recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

The Plan has not received a determination letter; however, the Plan is designed in accordance with the applicable sections of the Internal Revenue Code and it is therefore exempt from Federal taxes. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the accompanying financial statements

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefit. The following discussion describes the valuation methodologies used for assets measured at fair value on a recurring basis. The techniques utilized in estimating the fair values of financial instruments are reliant on the assumptions used. Care should be exercised in deriving conclusions based on the fair value of financial instruments presented below.

Fair value estimates are made at a specific point in time, based on available market information and judgments about the financial instrument. Such estimates do not consider the tax impact of the realization of unrealized gains or losses. In addition, the disclosed fair value may not be realized in the immediate settlement of the financial instrument.

FASB ASC 820-10, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**RBA 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020**

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

- Money Market Funds - Level 1:
Valued at amortized cost, which approximates a stable \$1.00 per share.
- Mutual Funds – Level 1:
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The table below segregates all financial assets and liabilities as of December 31, 2021 and 2020 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date.

Assets at Fair Value as of December 31, 2021			
	Total	Level 1	Level 2
Mutual Funds	\$7,789,806	\$7,789,806	\$ -

Notes to the Financial Statements
December 31, 2021 and 2020

Gains and losses (realized and unrealized) included in changes in net assets available for benefit for the year ended December 31, 2021 are reported net of appreciation in fair value of investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments measured at fair value based on NAV per share of December 31, 2021 and 2020, respectively.

Fair value of investments in entities that use NAV

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Mutual Funds	\$7,789,886	n/a	Daily	30 Days
Money Market	37,515	n/a	Daily	30 Days
December 31, 2020				
Mutual Funds	\$6,571,144	n/a	Daily	30 Days
Money Market	53,252	n/a	Daily	30 Days

The methods described above may produce a fair value calculation that may be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Investments

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,040,084 during 2021 and by \$985,935 during 2020.

6. Information Certified by the Plan's Trustee (unaudited)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Charles Schwab and Branch Banking and Trust as of December 31, 2021 and 2020, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedule:

<i>December 31,</i>	2021	2020
Investments at fair value		
Mutual funds	\$ 7,789,886	\$ 6,571,144
Money market accounts	37,515	53,252
Investment income:

Net appreciation (depreciation) in fair value- mutual funds	1,040,084	687,373
Capital gains	-	204,373
Net realized gain	-	94,189
	<u>\$ 1,151,838</u>	<u>\$ 1,042,326</u>

7. Related Party Transactions

Operating Expenses

The Plan sponsor provides certain administrative and accounting services to the Plan at no cost. Administrative expenses are paid directly by the Plan sponsor and include legal fees and audit fees. Administrative expenses incurred by the Plan include distribution fees charged directly to participant accounts. In 2020, participants incurred \$3,710 of such fees. These fees paid qualify as exempt party-in-interest transactions.

Investment advisers are reimbursed for costs incurred or receive a management fee for providing investment advisory services. Investment advisory fees and costs are deducted and reflected in the net appreciation (depreciation) in the fair value of investments on the Statement of Changes in Net Assets Available for Benefits. In 2021, participants incurred \$270 of such fees. These fees paid qualify as exempt party-in-interest transactions.

The Plan Administrator participates in the Plan. All members of the Plan Board of Directors also participate in the Plan.

8. Risks and Uncertainties

The Plan provides for various underlying investment options in stocks, bonds and fixed income securities. Investments are exposed to various risks such as interest rates, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants, account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

9. Rollover Contributions

During 2020, there were \$0 in rollover contributions made to the plan.

10. Contribution Receivable

\$7,032 was included in the Plan's contribution receivable fund as of December 31, 2020. This amount was made up of \$4,520 in participant contributions and \$2,512 in employer contributions.

11. Plan Termination and Amendments

The Employer has the right, under the Plan agreement, to amend any and all provisions of the Plan, as well as discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and the net assets of the Plan must be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

12. Reconciliation of Financial Statements to Schedule H of Form 5500

Net assets available for benefits per the financial statements agree to net assets available for benefits per the Form 5500. Therefore, a reconciliation between the financial statements and Form 5500 is not considered necessary.

13. Subsequent Events – Date of Management's Review

The Plan has evaluated subsequent events from the date of the Statements of Net Assets Available for Benefits through the date the report is available to be issued, which is the date of the independent auditor's report. The Plan has not evaluated subsequent events after that date. There were no subsequent events during this period that require disclosure.

14. COVID-19 Contingency

During the year ended December 31, 2020, the COVID-19 outbreak in the United States caused business disruption through mandated and voluntary closings. The extent of the impact of COVID-19 on operational and financial performance will depend on certain developments and cannot be reasonably predicted and estimated at this time. The COVID-19 outbreak is ongoing as of December 31, 2021, and additional impact on operation and financial performance may occur.
