Independent Auditor's Report

To the Trustees and Plan Administrator of
Shift4 Payments, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Shift4 Payments, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Trustees and Plan Administrator of
Shift4 Payments, LLC 401(k) Plan

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Shift4 Payments, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Shift4 Payments, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Trustees and Plan Administrator of
Shift4 Payments, LLC 401(k) Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Shift4 Payments, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Shift4 Payments, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at Year End) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Trustees and Plan Administrator of
Shift4 Payments, LLC 401(k) Plan

- the information in the supplemental schedule relates to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Shift4 Payments, LLC 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to the Financial Statements**

1. DESCRIPTION OF PLAN

The following brief description of Shift4 Payments LLC ("the Company") 401(k) Plan ("the Plan"), formerly Lighthouse Network, LLC 401(k) Plan, provides only general information. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering all employees of the Company. Employees are eligible to participate upon attainment of age 21 and completion of one year and 1,000 hours of service to receive employer match contributions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Coronavirus Aid, Relief, and Economic Security ("CARES Act")

On March 27, 2020, the CARES Act was signed into law and, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000 beginning on or after January 1, 2020 and before December 31, 2020.

This provision expired effective December 31, 2020.

Contributions

Each year, participants may contribute up to a dollar amount set by law of pre-tax annual compensation, as defined in the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to elect to make "catch-up" contributions set by law. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make a discretionary matching contribution and/or a non-elective contribution to those employed on the last day of the plan year that have worked at least 1,000 hours during the plan year. The Company did not make a discretionary match during 2021 and 2020.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary matching and/or non-elective contributions, if any, and (b) Plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are determined and calculated by the Company each year and allocated among all the eligible participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and rollover contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary contributions portion of their accounts is based on the vesting schedule as defined in the Plan. A participant must work at least 1,000 hours during a plan year to be credited with vesting service and is 100% vested after five years of credited service.

Shift4 Payments, LLC 401(k) Plan
Notes to the Financial Statements

1. DESCRIPTION OF PLAN (continued)

Vesting (continued)

A participant becomes vested as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than one year	0 %
One year	20 %
Two years	40 %
Three years	60 %
Four years	80 %
Five years	100 %

Investment options

The Plan offers participants investment options of varying risk. Participants may change investment options at their discretion. The investment options are mostly mutual funds managed under a group trust. Options are provided and managed by Capital Bank and Trust Company.

Notes Receivable from Participants

Notes Receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits

The Plan provides for distributions as soon as practicable following termination of employment and automatic cash out and rollover of small balances. Terminated participants may elect to rollover their distributions.

Plan expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Forfeitures

The non-vested Company discretionary matching contribution of a participant's account is forfeited upon termination of employment. Forfeitures are first used to pay any administrative expenses and then used to reduce employer matching contributions. Forfeited nonvested accounts totaled \$0 for 2021 and \$13,294 for 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

**Shift4 Payments, LLC 401(k) Plan
Notes to the Financial Statements**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines valuation policies utilizing information provided by the investment advisors, custodians, and other professionals.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. See Note 4 for discussion of fair value measurements.

Contributions Receivable

Participant and employer matching contributions are accrued for based on contribution revenue earned, but not collected by year-end.

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events Evaluation Date

In accordance with FASB ASC 855-10-50, "Subsequent Events", the Plan has evaluated subsequent events and transactions through October 17, 2022, the date the financial statements were available to be issued. Refer to Footnote 12 for Subsequent Events Disclosure.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

The December 31, 2021 and 2020 statements of net assets available for benefits, the investment activities included on the statements of changes in net assets available for plan benefits for the years ended December 31, 2021 and 2020, the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2021, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodians in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$25,828,854 and \$10,876,692 at December 31, 2021 and 2020, respectively, and related investment income of \$2,377,099 and \$1,635,336 (net of investment expenses of \$43,350 and \$27,866) for the years ended December 31, 2021 and 2020, respectively.

Notes to the Financial Statements**

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 (ASC 820), "Fair Value Measurements and Disclosures," establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis at December 31, 2021 and 2020:

Interest-bearing cash: Valued at the daily closing price as reported by the fund.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at net asset value ("NAV") as determined by the asset custodian based on the value of the underlying investments.

Stable value fund: The fund is composed of a fully-benefit-responsive investment contract and is valued at the contract value as determined by the asset custodian based on the value of the underlying investments.

The NAV is used as a practical expedient to estimate fair value for the above investments. This practical expedient would not be used if it is determined to be probable that the fund will sell the investments for an amount different from the reported net asset value.

Shift4 Payments, LLC 401(k) Plan
Notes to the Financial Statements

4. FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 25,758,670	\$ 25,758,670	\$ -	\$ -
Total assets in the fair value hierarchy	25,758,670	25,758,670	-	-
Investments measured at NAV ⁽¹⁾	70,184			
Investments at fair value	<u>\$ 25,828,854</u>			

Assets at Fair Value of as of December 31, 2020				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 10,868,019	\$ 10,868,019	\$ -	\$ -
Total assets in the fair value hierarchy	10,868,019	10,868,019	-	-
Investments measured at NAV ⁽¹⁾	8,673			
Investments at fair value	<u>\$ 10,876,692</u>			

⁽¹⁾ In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth additional disclosures of Plan's investments whose fair value is estimated using contract value or whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2021 and 2020:

December 31, 2021				
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common Collective Trust: Reliance Metlife GAC Series	<u>70,184</u>	None	Daily	30 Days

Total	<u>\$ 8,673</u>			

**Shift4 Payments, LLC 401(k) Plan
Notes to the Financial Statements**

4. FAIR VALUE MEASUREMENTS (continued)

Transfers Between Levels - The availability of observable market data is monitored to access the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no transfers in or out of levels 1, 2, or 3.

5. TAX STATUS

The Plan has adopted a volume submitter plan, most recently restated as of July 1, 2014, updated January 12, 2018. The sponsor of the volume submitter plan received an opinion letter dated March 31, 2014 from the Internal Revenue Service stating that the plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Accordingly, no provision for federal income taxes has been made in the accompanying financial statements. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. The Plan administrator believes the Plan is no longer subject to income tax examinations by the major tax authorities for years prior to 2018.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are offered and managed under a Group Trust by Capital Bank and Trust Company. As of January 31, 2020, John Hancock was replaced by Capital Bank and Trust Company as the custodian and recordkeeper. Capital Bank and Trust Company is the custodian and recordkeeper of the Plan assets as defined by the Plan and therefore qualify as a party-in-interest and the investment transactions are exempt party-in-interest transactions. Prime Pension, Inc., also party-in-interest, provides third-party administrative services. The Plan also has a financial broker, also a party-in-interest, that provides financial services.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

**Shift4 Payments, LLC 401(k) Plan
Notes to the Financial Statements**

9. VOLUNTARY CORRECTION PROGRAMS

Plan officials faced with prohibited transactions (including late remittance of employee deferrals) ordinarily should consult with legal counsel to determine if the plan sponsor should apply to the DOL's Voluntary Fiduciary Correction Program (VFCP) with respect to a prohibited transaction. Full compliance with the VFCP will result in the DOL's issuance of a "no action letter" and no imposition of penalties. Therefore, in addition to considering disclosures relating to the prohibited transactions, the plan should consider disclosures relating to the application and status of the VFCP.

10. NON-DISCRIMINATION TESTING

The Plan failed the discrimination test for the year ended December 31, 2021.

Plan management made the determination to correct the 2021 failure by funding contributions using the QNEC option. The total contributions amounted to \$9,519 for the year ended December 31, 2021 and have been included in the receivable in the accompanying statements of net assets available for benefits as of December 31, 2021. The plan sponsor funded these contributions to its participants in May 2022.

Plan management identified certain errors in the computations related to the QNEC, and the Plan is in the process of determining the correction needed, if any.

11. PLAN MERGERS

Effective April 6, 2021, the employees of Micros Retail Systems, Inc. and Infomart 2000 Corporation shall be eligible to participate in the Plan, if they have met the eligibility requirements. The assets of the Micros Retail Systems and Infomart 2000, totaling \$11,322,564 and \$325,610, respectively, were transferred to the Shift 4 Payments LLC 401(k) Plan in April 2021.

12. SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued, and there were no subsequent events, other than disclosed below, requiring adjustments to the financial statements or disclosures.

Plan Mergers

The Company had merged with three companies in 2022 and haven't merged the plans as of report release date. The acquisition closing date for Pinnacle was July 20, 2022, Retail Control Systems was August 10, 2022 and CRS Solutions was August 23, 2022.
