INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants,
Abington Health 403(b) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Abington Health 403(b) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the 2021 financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplementary Schedules Required by ERISA

The supplementary schedules, schedule H, part IV, line 4(a) – schedule of delinquent participant contributions for the year ended December 31, 2021 and schedule H, part IV, line 4i – schedule of assets (held at end of year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated February 14, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Abington Health 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the Abington Health 403(b) Retirement Savings Plan (the "Plan"), formerly known as Abington Memorial Hospital 403(b) Retirement Plan, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, adopted January 1, 2011, covering all employees of Abington Memorial Hospital (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Investment Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

The Plan was amended and restated effective January 1, 2021. The amendment resulted in the Employer freezing matching contributions for the 2021 Plan year.

Administration of the Plan

TIAA and CREF, as insurance carriers and additionally by TIAA as agent for TIAA, FSB (the "Custodians"), hold the Plan's investments and execute investment transactions.

Contributions

Each year, participants may contribute a portion of their eligible compensation, as defined in the Plan, up to limits described in the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation with an annual escalation of 1% (up to a maximum of 6%), and their contributions invested in one of the target date funds, depending on the participants' anticipated retirement dates, until changed by the participants. The Plan does not provide for employer contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings (losses) and charged with participant withdrawals, if any, and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are vested immediately in their account balances.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the excess, if any, of the highest outstanding loan balance during the year preceding the issuance of the loan or 50% of their account balance. Loan terms range from one to five years (up to ten years for the purchase of the participant's primary residence). The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which is commensurate with local prevailing rates determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Abington Health 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

Payment of Benefits

While employed, a participant may be entitled to withdraw up to 100% of his or her account balance upon attaining age 59½. Hardship withdrawals are also permitted.

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments. If the value of a participant's vested benefit is \$5,000 or less, the balance may be distributed automatically to the participant without participant consent.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year. There were no significant amounts of investment income due from the Plan at either December 31, 2021 or 2020.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income from notes receivable is recorded when earned. No allowance for losses is deemed necessary by Plan management, as principal and interest are repaid through payroll deductions. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a distribution is recorded.

Payment of Benefits

Benefits are recorded when paid.

Revenue credit account

Expenses of the Plan, to the extent that the Sponsor does not pay such expenses, may be paid out of the assets of the Plan provided that such payment is consistent with ERISA. Administrative expenses of the Plan, such as accounting and legal fees, are paid by the Sponsor. Investment fees are included in net appreciation in the fair value of investments and are not readily determinable. The Plan has a revenue credit account with the Trustee which is funded through a revenue sharing agreement. For the year ended December 31, 2021, revenue credits exceeded administrative expenses by \$79,593 from the revenue credit account.

Abington Health 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

Subsequent Events

The Plan's management has evaluated subsequent events through October 17, 2022, the date on which these financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred which require adjustment to the financial statements.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2021 and 2020.

Registered Investment Companies: Registered investment companies are mutual fund investments registered with the Securities and Exchange Commission and are valued at net asset value ("NAV") as reported by the fund. The registered investment company investments held by the Plan are deemed to be actively traded.

Insurance Company General Contract: The non-benefit-responsive insurance contract is valued at fair value, which approximates contract value, using an income approach, which equals the accumulated cash contributions and interest credited to the Plan's contracts and transfers, if any, less any withdrawals and transfers, if any. This investment is considered Level 3, as it is not available for sale or transfer on any securities exchange and, accordingly, transactions in similar investment instruments are not observable (see Note 5) - Investment Contracts.

Abington Health 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

Pooled Separate Account: Valued at the published price, which represents the market value of the underlying investments held in the fund and is the basis for current transactions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize the Plan's investments measured at fair value on a recurring basis, categorized by U.S. GAAP's valuation hierarchy, as of December 31:

2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 285,417,442	\$ -	\$ -	\$ 285,417,442
Insurance company general contract	-	-	4,552,308	4,552,308
Pooled separate account	2,251,050	-	-	2,251,050
Total investments, at fair value	<u>\$ 287,668,492</u>	<u>\$ -</u>	<u>\$ 4,552,308</u>	<u>\$ 292,220,800</u>

2020				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 234,039,794	\$ -	\$ -	\$ 234,039,794
Insurance company general contract	-	-	3,451,716	3,451,716
Pooled separate account	1,454,454	-	-	1,454,454
Total investments at fair value	<u>\$ 235,494,248</u>	<u>\$ -</u>	<u>\$ 3,451,716</u>	<u>\$ 238,945,964</u>

The table below includes a roll forward for investments (including the change in fair value) classified by the Plan within Level 3 of the fair value hierarchy for the year ended December 31, 2021:

Balance, beginning of year	\$ 3,451,716
Purchases	356,999
Distributions	(134,228)
Net transfers	877,821
Balance, end of year	<u>\$ 4,552,308</u>

Abington Health 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

The following tables present information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the FASB ASC 820 fair value hierarchy at December 31, 2021 and 2020:

December 31, 2021				
Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Annuity Contract	<u>\$ 4,552,308</u>	Discounted Cash Flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	2.75% - 3.90%
December 31, 2020				
Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Annuity Contract	<u>\$ 3,451,716</u>	Discounted Cash Flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	2.50% - 4.40%

In estimating the fair value of the investments in Level 3, management may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, management evaluates a variety of factors, including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

4. FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Custodians of the Plan have certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants and the related interest income in the accompanying statements of net assets available for benefits as of December 31, 2021 and **2020**, the statement of changes in net assets available for benefits for the year ended December 31, 2021, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2021. No auditing procedures were performed by the independent public accounts as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Custodians, except for comparing such information with information reported in the financial statements.

Abington Health 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

5. INVESTMENT CONTRACTS WITH TIAA

The insurance company general contract, TIAA Traditional Annuity, is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is offered through a variety of contract types, including Retirement Choice ("RC"). The RC contract is not fully benefit responsive; this contract is reported on the statements of net assets available for benefits at fair value, which also approximates its contract value.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. Participants' principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

The RC contract does not allow lump-sum cash withdrawals, and transfers must be spread over annual installments as defined in the contract. In addition, all other withdrawals and transfers from RC contracts must be spread over annual installments. The RC balance at fair value was \$4,552,308 and \$3,451,716 at December 31, 2021 and 2020, respectively. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies, an insurance company general contract, and a pooled separate account managed by the Custodians or affiliates thereof; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments and are not readily determinable. Participant notes receivable qualify as party-in-interest transactions. Such party-in-interest transactions are exempt from the prohibited transaction rules.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

8. TAX STATUS

The Plan adopted a volume submitter plan document that received an opinion letter from the Internal Revenue Service ("IRS"), dated August 7, 2017, stating that the Plan as then designed is currently being operated in compliance with the applicable requirements of the IRC. Although the Plan has been amended and restated since receiving the opinion letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the IRC, and therefore, the Plan is exempt from federal income taxes. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Abington Health 403(b) Retirement Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan is subject to routine audits by taxing jurisdictions and is currently undergoing a routine audit of the Plan year ended December 31, 2018. There are currently no audits for tax periods in progress.

9. DELINQUENT PARTICIPANT CONTRIBUTIONS

U.S. Department of Labor regulations require that salary deferrals to a 403(b) plan that are withheld from employees' paychecks must be deposited into the Plan as soon as they can be reasonably segregated from the employer's general assets, but in no event later than the fifteenth business day of the month following the month in which the participant contributions are withheld. The Plan inadvertently delayed making certain deposits for employee withholdings as soon as they could be reasonably segregated. For the years ended December 31, 2020, 2019 and 2018, such delayed deposits totaled approximately \$3,843,000, \$2,910,000, and \$1,924,000, respectively. Management calculated the related lost earnings to be approximately \$1,600 in total for the years ended December 31, 2020, 2019, and 2018. Plan management has taken corrective actions for the years then ended by funding lost earnings during 2021.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2021 statement of net assets available for benefits.
