Independent Auditor's Report

To the Participants and Plan Administrator of the
GBG 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of GBG 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Participants and Plan Administrator of the
GBG 401(k) Plan

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Information Required by ERISA

The supplemental information listed in the index as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Participants and Plan Administrator of the
GBG 401(k) Plan

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 24, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Plan Description

The following description of the GBG 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. Gene by Gene, Ltd. (the "Company" or "Employer") is the Plan Sponsor and a member of an affiliated service group, Genealogy by Genetics GP LLC.

General

The Plan, which commenced effective January 1, 2019, is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of the Company. The Plan was amended and restated on January 1, 2020 to comply with current law. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

Plan Custodian and Trustees

Voya Retirement Insurance and Annuity Company (the "Custodian," "Voya," or "VRIAC") is the Plan Custodian. The Custodian maintains custody of all investments held by the Plan, maintains the Plan's participant account balances, and provides recordkeeping services to the Plan. Among other duties, the Custodian receives contributions, holds and invests the fund assets in accordance with the directions of participants, and makes distributions as directed by the Company. Members of the Plan Administrative Committee serve as Trustees of the Plan.

Eligibility and Plan Entrance Date

Except those under collective bargaining agreements, non-resident aliens who receive no U.S. source income, and leased employees, all employees who have reached the age of 18 are eligible to participate in the Plan immediately upon hire.

Participant Contributions

All eligible participants may elect to contribute, on a pre-tax or Roth basis, up to the maximum amount allowed for deferral annually under the IRC, which is $19,500 for 2021. Participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions up to the maximum amount allowed annually under the IRC, which is $6,500 for 2021. The pre-tax amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan.

Employer Contributions

The Plan provides for discretionary matching contributions. For the Plan year ended December 31, 2021, the Company made discretionary matching contributions equal to 50% of each participant's contribution, not to exceed 6% of the participant's eligible compensation. The Company may also make discretionary profit-sharing contributions. No such profit-sharing contributions were made to the Plan in 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Plan Description (continued)

Participant-Directed Investments

All assets of the Plan are participant-directed investments. Participants have the option of directing their account balances to one or more investment options offered by the Plan. The Plan has selected various investment options, as more fully described in the Plan Document, to which participants may designate the allocation of their account balances. The options vary in types of investments, rates of return, and investment risk.

Vesting

Participants are immediately vested in their own contributions and earnings thereon. The Company's matching and profit-sharing contributions and related earnings are subject to a two-year cliff vesting schedule.

Payment of Benefits

Upon separation of service due to death, disability, normal retirement, or termination of employment, a participant may elect to receive a lump sum payment from the vested portion of their account balance. Distributions to a terminated employee with a vested account balance equal to or less than $5,000 are made as a lump sum distribution as soon as administratively possible following the participant's termination of employment. The participant may elect whether to receive the distribution directly or to rollover the distribution into another retirement plan. If the vested account balance is less than or equal to $1,000, the Plan permits involuntary lump sum cash distributions. If a terminated employee has an account balance exceeding $5,000, the participant may elect to take a distribution of less than the entire vested account balance.

A participant may withdraw all or a portion of their vested account balance in the event of a financial hardship, as defined by the Plan. In-service withdrawals are permitted upon attainment of age 59 ½. Additionally, in-service withdrawals are permitted from participant rollover contribution accounts at any time.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of Plan additions and deductions during the reporting period. Actual results could differ from those estimates.

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefit payments to participants are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRC are recorded as a liability with a corresponding reduction to contributions. The Plan distributed 2021 excess contributions to the applicable participants before March 15, 2022.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

- ***Level 1*** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- ***Level 2*** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- ***Level 3*** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

Note 3 – Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- ***Pooled Separate Accounts*** – Valued using the net asset value ("NAV") of units held by the Plan at year-end as provided by the Custodian. The NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee, and is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. If the Plan initiates a full redemption of the pooled separate account, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Participant transactions (purchases and sales) may occur daily, and there are no significant restrictions on participant redemptions or any unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments measured at NAV (a)	$ -	$ -	$ -	$ 2,681,595
Investments at fair value	$ -	$ -	$ -	$ 2,681,595

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments measured at NAV (a)	$ -	$ -	$ -	$ 1,508,240
Investments at fair value	$ -	$ -	$ -	$ 1,508,240

(a) In accordance with ASC 820-10, certain investments (pooled separate accounts) that were measured at NAV per share (or its equivalents) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 – Information Certified by the Plan's Custodian

As permitted by the rules and regulations of the Department of Labor ("DOL") with respect to reporting and disclosure under ERISA, the Plan's Custodian has certified to the Plan's Administrator that the following data included in the accompanying financial statements and supplemental schedules as of December 31, 2021 and 2020 and for the year ended December 31, 2021 are complete and accurate:

December 31,	**2021**	**2020**
Investments at fair value	$ 2,681,595	$ 1,508,240
Investments at contract value	115,808	91,429

Note 4 – Information Certified by the Plan's Custodian (continued)

Year Ended December 31,	2021
Net appreciation in fair value of investments	$ 310,482
Interest	1,032

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

Note 5 – Guaranteed Investment Contract with Insurance Company

The Plan maintains investment options related to a guaranteed investment contract issued by VRIAC (the "Fixed Account"). The contract underlying these investment options is a traditional investment contract that meets the fully benefit-responsive investment contract criteria; thus, these investment contracts are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified minimum interest rate of 1.0%, which is guaranteed for the lifetime of the contract. The contracts cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

- The Company provides effective communication to the Custodian that the agreement will be fully or partially terminated as of a date selected by the Company, which will be no earlier than thirty days after the Company provides effective communication to the Custodian;
- The IRS determines that the Plan no longer meets the requirements of Code section 401(a), 403(a), 414(d), 414(e), or any other applicable Code provision;
- There is a termination or partial termination of the Plan;
- The Company breaches a provision of the agreement;
- The Custodian provides effective communication to the Company that the agreement will be terminated as of a date at least ninety days after the Custodian provides effective communication to the Company.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer that also would limit the Plan's ability to transact at contract value with the participants.

Note 6 – Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of a pooled separate accounts and a guaranteed investment contract managed by the Custodian; as such, these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. Except as disclosed in Note 10, there have been no known prohibited transactions with parties-in-interest. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to service providers.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 – Tax Status

The Plan operates under an adoption agreement in connection with a standardized volume submitter profit sharing plan and custodial document sponsored by Alliance Benefit Group (the "Sponsor"). This volume submitter profit sharing plan document was filed with the appropriate agency, and the Sponsor has obtained a determination letter from the IRS, dated September 30, 2014, stating that the volume submitter profit sharing plan constitutes a qualified plan under Section 401 of the IRC, and that the related trust was a tax exempt as of the financial statement date. The Plan has not filed individually with the IRS for a letter regarding the Plan's qualified tax status; however, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. As such, there has been no provision for income taxes made in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Prohibited Transactions

In 2019, the Company failed to remit to the Plan's Custodian certain participant contributions totaling $1,148 within the period prescribed by the DOL's Rules and Regulations. Delays in remitting contributions to the Custodian were due to unintentional administrative errors. As of December 31, 2021, the Company has corrected these contributions by remitting potential lost earnings resulting from the delays.

Note 11 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Form 5500:

	2021	2020
Net assets available for benefits per financial statements	$ 2,788,529	$ 1,599,931
Excess contributions payable	8,874	-
Net assets available for benefits per Form 5500	$ 2,797,403	$ 1,599,931

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2021:

Net increase per the financial statements	$ 1,188,598
Plus: excess contributions payable	8,874
Net income per Form 5500	$ 1,197,472

Note 12 – Subsequent Events

The Plan has evaluated all events and transactions that occurred through September 13, 2022, the date these financial statements were available to be issued.

The Plan was amended and restated effective January 1, 2022 to become a Safe Harbor Plan. With this amendment, the Employer made Safe Harbor matching contributions to the Plan on behalf of participants in an amount equal to 100% of participants' elective contributions up to a maximum of 6% of eligible compensation. Such Safe Harbor contributions vest immediately. In addition, bonuses are excluded from eligible compensation for the purposes of calculating participant and employer matching contributions.

Effective July 15, 2022, the Plan adopted an amended and restated pre-approved defined contribution profit-sharing plan within IRC Section 401(k), which received a favorable opinion letter from the IRS dated June 30, 2020. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan was amended and restated effective August 10, 2022 to suspend Safe Harbor matching contributions.

Independent Auditor's Report

To the Participants and Plan Administrator of the
GBG 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of GBG 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Participants and Plan Administrator of the
GBG 401(k) Plan

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Management's Responsibilities for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Information Required by ERISA

The supplemental information listed in the index as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Participants and Plan Administrator of the
GBG 401(k) Plan

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 24, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Plan Description

The following description of the GBG 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. Gene by Gene, Ltd. (the "Company" or "Employer") is the Plan Sponsor and a member of an affiliated service group, Genealogy by Genetics GP LLC.

General

The Plan, which commenced effective January 1, 2019, is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of the Company. The Plan was amended and restated on January 1, 2020 to comply with current law. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

Plan Custodian and Trustees

Voya Retirement Insurance and Annuity Company (the "Custodian," "Voya," or "VRIAC") is the Plan Custodian. The Custodian maintains custody of all investments held by the Plan, maintains the Plan's participant account balances, and provides recordkeeping services to the Plan. Among other duties, the Custodian receives contributions, holds and invests the fund assets in accordance with the directions of participants, and makes distributions as directed by the Company. Members of the Plan Administrative Committee serve as Trustees of the Plan.

Eligibility and Plan Entrance Date

Except those under collective bargaining agreements, non-resident aliens who receive no U.S. source income, and leased employees, all employees who have reached the age of 18 are eligible to participate in the Plan immediately upon hire.

Participant Contributions

All eligible participants may elect to contribute, on a pre-tax or Roth basis, up to the maximum amount allowed for deferral annually under the IRC, which is $19,500 for 2021. Participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions up to the maximum amount allowed annually under the IRC, which is $6,500 for 2021. The pre-tax amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan.

Employer Contributions

The Plan provides for discretionary matching contributions. For the Plan year ended December 31, 2021, the Company made discretionary matching contributions equal to 50% of each participant's contribution, not to exceed 6% of the participant's eligible compensation. The Company may also make discretionary profit-sharing contributions. No such profit-sharing contributions were made to the Plan in 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Plan Description (continued)

Participant-Directed Investments

All assets of the Plan are participant-directed investments. Participants have the option of directing their account balances to one or more investment options offered by the Plan. The Plan has selected various investment options, as more fully described in the Plan Document, to which participants may designate the allocation of their account balances. The options vary in types of investments, rates of return, and investment risk.

Vesting

Participants are immediately vested in their own contributions and earnings thereon. The Company's matching and profit-sharing contributions and related earnings are subject to a two-year cliff vesting schedule.

Payment of Benefits

Upon separation of service due to death, disability, normal retirement, or termination of employment, a participant may elect to receive a lump sum payment from the vested portion of their account balance. Distributions to a terminated employee with a vested account balance equal to or less than $5,000 are made as a lump sum distribution as soon as administratively possible following the participant's termination of employment. The participant may elect whether to receive the distribution directly or to rollover the distribution into another retirement plan. If the vested account balance is less than or equal to $1,000, the Plan permits involuntary lump sum cash distributions. If a terminated employee has an account balance exceeding $5,000, the participant may elect to take a distribution of less than the entire vested account balance.

A participant may withdraw all or a portion of their vested account balance in the event of a financial hardship, as defined by the Plan. In-service withdrawals are permitted upon attainment of age 59 ½. Additionally, in-service withdrawals are permitted from participant rollover contribution accounts at any time.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of Plan additions and deductions during the reporting period. Actual results could differ from those estimates.

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefit payments to participants are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRC are recorded as a liability with a corresponding reduction to contributions. The Plan distributed 2021 excess contributions to the applicable participants before March 15, 2022.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

- ***Level 1*** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- ***Level 2*** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- ***Level 3*** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

Note 3 – Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- ***Pooled Separate Accounts*** – Valued using the net asset value ("NAV") of units held by the Plan at year-end as provided by the Custodian. The NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee, and is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. If the Plan initiates a full redemption of the pooled separate account, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Participant transactions (purchases and sales) may occur daily, and there are no significant restrictions on participant redemptions or any unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments measured at NAV (a)	$ -	$ -	$ -	$ 2,681,595
Investments at fair value	$ -	$ -	$ -	$ 2,681,595

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments measured at NAV (a)	$ -	$ -	$ -	$ 1,508,240
Investments at fair value	$ -	$ -	$ -	$ 1,508,240

(a) In accordance with ASC 820-10, certain investments (pooled separate accounts) that were measured at NAV per share (or its equivalents) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 – Information Certified by the Plan's Custodian

As permitted by the rules and regulations of the Department of Labor ("DOL") with respect to reporting and disclosure under ERISA, the Plan's Custodian has certified to the Plan's Administrator that the following data included in the accompanying financial statements and supplemental schedules as of December 31, 2021 and 2020 and for the year ended December 31, 2021 are complete and accurate:

December 31,	**2021**	**2020**
Investments at fair value	$ 2,681,595	$ 1,508,240
Investments at contract value	115,808	91,429

Note 4 – Information Certified by the Plan's Custodian (continued)

Year Ended December 31,	2021
Net appreciation in fair value of investments	$ 310,482
Interest	1,032

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

Note 5 – Guaranteed Investment Contract with Insurance Company

The Plan maintains investment options related to a guaranteed investment contract issued by VRIAC (the "Fixed Account"). The contract underlying these investment options is a traditional investment contract that meets the fully benefit-responsive investment contract criteria; thus, these investment contracts are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified minimum interest rate of 1.0%, which is guaranteed for the lifetime of the contract. The contracts cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

- The Company provides effective communication to the Custodian that the agreement will be fully or partially terminated as of a date selected by the Company, which will be no earlier than thirty days after the Company provides effective communication to the Custodian;
- The IRS determines that the Plan no longer meets the requirements of Code section 401(a), 403(a), 414(d), 414(e), or any other applicable Code provision;
- There is a termination or partial termination of the Plan;
- The Company breaches a provision of the agreement;
- The Custodian provides effective communication to the Company that the agreement will be terminated as of a date at least ninety days after the Custodian provides effective communication to the Company.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer that also would limit the Plan's ability to transact at contract value with the participants.

Note 6 – Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of a pooled separate accounts and a guaranteed investment contract managed by the Custodian; as such, these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. Except as disclosed in Note 10, there have been no known prohibited transactions with parties-in-interest. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to service providers.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 – Tax Status

The Plan operates under an adoption agreement in connection with a standardized volume submitter profit sharing plan and custodial document sponsored by Alliance Benefit Group (the "Sponsor"). This volume submitter profit sharing plan document was filed with the appropriate agency, and the Sponsor has obtained a determination letter from the IRS, dated September 30, 2014, stating that the volume submitter profit sharing plan constitutes a qualified plan under Section 401 of the IRC, and that the related trust was a tax exempt as of the financial statement date. The Plan has not filed individually with the IRS for a letter regarding the Plan's qualified tax status; however, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. As such, there has been no provision for income taxes made in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Prohibited Transactions

In 2019, the Company failed to remit to the Plan's Custodian certain participant contributions totaling $1,148 within the period prescribed by the DOL's Rules and Regulations. Delays in remitting contributions to the Custodian were due to unintentional administrative errors. As of December 31, 2021, the Company has corrected these contributions by remitting potential lost earnings resulting from the delays.

Note 11 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Form 5500:

	2021	2020
Net assets available for benefits per financial statements	$ 2,788,529	$ 1,599,931
Excess contributions payable	8,874	-
Net assets available for benefits per Form 5500	$ 2,797,403	$ 1,599,931

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2021:

Net increase per the financial statements	$ 1,188,598
Plus: excess contributions payable	8,874
Net income per Form 5500	$ 1,197,472

Note 12 – Subsequent Events

The Plan has evaluated all events and transactions that occurred through September 13, 2022, the date these financial statements were available to be issued.

The Plan was amended and restated effective January 1, 2022 to become a Safe Harbor Plan. With this amendment, the Employer made Safe Harbor matching contributions to the Plan on behalf of participants in an amount equal to 100% of participants' elective contributions up to a maximum of 6% of eligible compensation. Such Safe Harbor contributions vest immediately. In addition, bonuses are excluded from eligible compensation for the purposes of calculating participant and employer matching contributions.

Effective July 15, 2022, the Plan adopted an amended and restated pre-approved defined contribution profit-sharing plan within IRC Section 401(k), which received a favorable opinion letter from the IRS dated June 30, 2020. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan was amended and restated effective August 10, 2022 to suspend Safe Harbor matching contributions.
