INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
COMPA Industries, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of COMPA Industries, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, or subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material

respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of COMPA Industries, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's selection of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about COMPA Industries, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user

based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of COMPA Industries, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about COMPA Industries, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2021, and assets (held at end of year) and assets (acquired and disposed of within year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and

Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of COMPA Industries, Inc. 401(k) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated August 27, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

COMPA Industries, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the COMPA Industries, Inc. (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have one month of service and are age 21 or older, except that, generally, employees covered by a collective bargaining agreement, leased employees, and non-resident aliens are not eligible. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan. However, combined annual contributions to this plan and any other retirement plan are limited by the Internal Revenue Code (IRC) to \$19,500 in 2021 and 2020. Participants who have attained age 50 before the end of the plan year are eligible to make annual catch-up contributions up to \$6,500 in 2021 and 2020. Two types of salary deferrals are allowed: pre-tax and after-tax (Roth contributions). Participants may make after-tax voluntary contributions and may contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

Participants direct the investment of their accounts into various options offered by the Plan. The Plan currently offers certain pooled separate accounts and mutual funds and a fixed income guaranteed option.

The Company may make a matching contribution. Participants must be employed on the last day of the plan year and have completed 1,000 hours of service during the plan year to be eligible to receive the matching contribution for that year. The Company matched 50% of each participant's contributions, including after-tax voluntary contributions, up to 5% of compensation for 2021 and 2020.

The Company may make a nonelective contribution to the Plan. Participants must be employed on the last day of the plan year and have completed 1,000 hours of service during the plan year to be eligible to receive the nonelective contribution for that year. The contribution is allocated to participants based on their compensation. No nonelective contributions were made for 2021 or 2020.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a)

the Company's contributions and (b) earnings (losses) on the participant's investments, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, the Company's contributions, and any rollover contributions, plus actual earnings thereon.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 reduced by the highest balance of loans during the one-year period before the new loan, or (b) 50% of their account balance. A participant may have only one loan outstanding at any time. Loans must be repaid within five years; a longer term is available when the loan is used to acquire a dwelling. Loans are secured by the balance in the participant's account and bear interest at fixed rates ranging from 5.25% to 7.5%, which are comparable to interest rates charged by financial institution for similar loans as determined by the Plan Administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

The Company elected special provisions allowed under the Coronavirus, Aid, Relief and Economic Security (CARES) Act for Coronavirus-related loans. Provisions include an increased limit of 100% of the account balance up to \$100,000 and loan payments due between March 27 and December 31 of 2020 may be delayed for up to one year without violating the 5-year maximum loan term.

Payment of benefits

On termination of employment a participant may elect to receive the value of their account in either a lump-sum payment or installments over a period not to exceed the joint life expectancy of the participant and their beneficiary. In the case of death, the beneficiary makes the election. Account balances not exceeding \$5,000 after termination are distributed in cash or a rollover to another qualified plan. Hardship withdrawals from other than Roth contributions are allowed under certain circumstances. In-service withdrawals are allowed on attainment of age 59 ½. After-tax voluntary contributions and rollovers may be withdrawn at any time.

The Company elected special provisions allowed under the CARES Act for Coronavirus-related distributions from March 27 to December 31 of 2020. Provisions include reduced federal tax withholding, no premature distribution penalties, and a maximum withdrawal of \$100,000.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Principal Trust Company (Principal Trust), the Plan's custodian, certifies the fair value of investments. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's accounts and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Excess contributions payable

Amounts payable to participants totaling \$23,330 for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) and earnings thereon are recorded as accounts payable with corresponding reductions of \$21,172 of 2021 contributions and \$2,158 of 2021 net appreciation in fair value of investments. There were no excess contributions for 2020.

Benefit payments

Benefits are recorded when paid.

Expenses

Certain administrative duties are performed by Company personnel and certain expenses of maintaining the plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Date of management's review of subsequent events

Subsequent events were evaluated through October 17, 2022, which is the date the financial statements were issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented. The input level of pooled separate accounts changed from net asset value (NAV) as a practical expedient at December 31, 2020, to Level 1 at December 31, 2021.

Level 1 Fair value measurements

The fair value of pooled separate accounts is based on publicly quoted pricing inputs used in determining the NAV's of the accounts, which are not publicly quoted but are available to participants. Each pooled separate account invests in a single Principal Funds, Inc. mutual fund.

NOTE 3 – FAIR VALUE MEASUREMENTS - Continued

At December 31, 2020, the fair value of pooled separate accounts was measured based on the NAV of the underlying assets, using the practical expedient. At December 31, 2021, the input level changed to Level 1 because the plan concluded that the accounts do have a readily determinable value based on the availability of NAV to participants.

The fair value of mutual funds is based on quoted market prices available on active markets. The mutual funds held by the Plan are open-ended funds registered with the U.S. Securities and Exchange Commission.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	<u>Total</u>	<u>Fair Value Measurements Using Level 1</u>

**NOTE 4 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE
COMPANY**

In 2015, the Plan acquired an interest in a fully benefit-responsive group annuity contract that Delaware Charter Guarantee & Trust Company d/b/a Principal Trust has with Principal Life Insurance Company (Principal Life). Principal Life maintains the contributions in a general account. This custodial guaranteed interest contract is credited with deposits and interest at applicable crediting rates, and charged for participant withdrawals, transfers, fees, and payments. Principal Life is contractually obligated to repay the principal and interest that was guaranteed to the Plan. Principal Life may not terminate the contract.

Because the guaranteed interest contract meets the criteria to be considered fully benefit-responsive, contract value is its relevant measurement attribute. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal Trust, represents deposits plus interest

NOTE 4 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY - Continued

at applicable crediting rates, less participant withdrawals, transfers, fees, and payments. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021 and 2020, was \$122,307 and \$246,533, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but not less than the guaranteed minimum rate determined by a calculation that involves certain U.S. Treasury rates, and not less than 1% or more than 3%. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events limit the plan's ability to transact at contract value with Principal. Under certain circumstances a surrender charge may apply if the Company chooses to terminate the contract. A surrender charge of 5% may apply to certain transfers made by the Company with less than 12 months notice. Company transfers to competing investment options will be subject to an equity wash. The Company decided in September 2021 to transfer the contract balances to new investment options to be held by a new custodian. The Company paid the surrender charge when the transfer took place in early 2022 so there would be no impact on participant accounts. Therefore there were no events that limited the plan's ability to transact at contract value with Plan participants.

NOTE 5 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules of assets (held at end of year) and assets (acquired and disposed of within year), including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest, and dividends for 2021 and 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust, the Plan's custodian.

NOTE 6 - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are shares of pooled separate accounts managed by Principal Life and a guaranteed investment contract with Principal Trust. Principal Trust is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid

by the Plan for administrative services to Principal Life were \$6,412 in 2021 and \$4,880 in 2020.

NOTE 7 – PROHIBITED TRANSACTIONS

As shown on Schedule 1, the Company made one late remittance of participant contributions and loan payments in 2021. The Company will correct and report this amount by filing Internal Revenue Service Form 5330 and depositing lost earnings in the Plan.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the rights to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participant accounts shall be distributed.

NOTE 9 – TAX STATUS

Until September 1, 2021, the plan document was a volume submitter plan and trust. The IRS determined and informed the volume submitter practitioner by a letter dated March 31, 2014, that the plan was designed in accordance with applicable sections of the IRC. Although the plan was amended since receiving the determination letter, the Plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan was qualified and the related trust was tax exempt.

Beginning on September 1, 2021, the plan document is a nonstandardized preapproved profit sharing plan. The IRS has determined and informed the preapproved plan provider by a letter dated June 30, 2020, that the preapproved plan is designed in accordance with applicable sections of the applicable sections of the IRC. The Plan administrator believes that the Plan is being currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
