Independent Auditor's Report

To the Plan Administrator
UVA Physicians Group Retirement Plan
Charlottesville, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of UVA Physicians Group Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UVA Physicians Group Retirement Plan

Notes to Financial Statements

1. Plan Description

The following description of the UVA Physicians Group Retirement Plan (the Plan) provides general information about the Plan's provisions. UVA Physicians Group (UPG) is the plan sponsor. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2017, with net assets from the terminated University of Virginia Physicians Group Administrative Staff Retirement Plan, a defined contribution 401(k) plan, that merged into the Plan on January 5, 2017. All participants of the merged plan remain participants of the Plan, and there were no changes or interruptions to participant or employer contributions. Employees classified as clinicians hired after January 1, 2017, or rehired after December 15, 2017, and not otherwise included as participants in the University of Virginia Physicians Group Clinicians Supplemental Retirement Plan, which was closed to new and rehired clinicians as of January 1, 2017, are also eligible to participate in the Plan.

The Plan is a defined contribution 401(k) plan covering substantially all employees of UPG. Employees not eligible for the Plan include certain clinicians or employees whose employment is governed by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. UPG, as plan sponsor, has appointed certain employees of UPG as Plan Administrator. UPG's executive committee serves as the overseer of the Plan Administrator and makes all Plan decisions. TIAA and CREF Trust Company, FSB is the trustee of the Plan.

Plan Restatement

The Plan was amended and restated effective January 1, 2021 and added additional provisions to the Plan document impacting plan year 2021 and beyond, including:

- Allowing for qualified birth or adoption distribution of up to \$5,000. The Plan also will accept a Participant's repayment, in one or more contributions in an aggregate amount not to exceed the amount of such withdrawal.
- Allowing for hardship distributions related to: expenses and losses (including loss of income) incurred as a result of a disaster declared by the Federal Emergency Management Agency (FEMA); provided that, the Participant's principal residence or principal place of employment is located in the designated disaster area.
- Specifying that Participants whose employment terminated as a result of the "Support Services Agreement" between Novant Health UVA Health System and UPG were 100% vested as of August 31, 2017.
- Loan repayments that were due from March 27, 2020 through December 31, 2020 were delayed. All loans for which repayment was delayed will be re-amortized, and repayment on those re-amortized loans will begin, as of January 1, 2021.

Eligibility

An eligible employee becomes a participant in the Plan immediately on an employee's date of hire. Participants are automatically enrolled into the Plan once eligible, deemed to have elected to make contributions of 6% of compensation until such time the Participant revokes or changes the election.

UVA Physicians Group Retirement Plan

Notes to Financial Statements

Contributions

Participants may contribute up to 60%, but not less than 1% of their annual compensation on a pretax basis, up to the maximum allowable under the Internal Revenue Code (IRC) each year. UPG contributes on behalf of each participant an amount equal to 50% of the participant's pretax contribution, not to exceed 6% of the participant's annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows for rollover contributions which are contributions to the Plan on account of an "eligible rollover distribution" from another tax-qualified retirement plan. All taxes on the pretax contributions and Plan earnings are deferred until the participant withdraws them from the Plan.

UPG may, in its discretion, make an employer discretionary contribution for each participant who is eligible each year. The discretionary contribution shall be determined as follows:

Years of Service	Contribution Percentage of Compensation - Staff	Contribution Percentage of Compensation - Clinicians
Less than 5	4%	1%
5 - 9 years	6%	2%
10 - 14 years	8%	3%
15 or more	10%	4%

There were no discretionary contributions made during the year ended December 31, 2021.

During 2021, UPG matched 50% of participant (excluding Clinician) contributions up to 6% of eligible compensation.

Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and UPG's contributions and an allocation of Plan earnings or losses thereon. Plan contributions are participant-directed and are invested in one or more funding vehicles available to participants under this Plan. Earnings and losses are determined by individual funding vehicle performance. Allocations of administrative expenses are based on participant's earnings, account balances, or specific transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions, catch-up contributions, and rollover contributions and actual earnings or losses thereon. They become fully vested in UPG's matching and discretionary contributions to their accounts ratably over five years of credited service or upon death, disability, or retirement, as defined in the Plan.

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Forfeitures

Forfeited amounts are first made available to reinstate previously forfeited account balances, if any, of former participants if they are rehired before considered to have a break in service, and then to reduce future employer contributions. As of December 31, 2021, and 2020, the balance in the Plan's forfeiture account was \$0 and \$247,738, respectively. UPG used forfeitures of \$366,487 to reduce its contributions during the Plan year ended December 31, 2021.

Notes Receivable from Participants

Subject to the Plan Administrator's consent, participants may borrow from their accounts up to the lesser of \$50,000 or 50% of their vested account balances except for amounts borrowed under the CARES Act. Loan terms range from 1-5 years. Longer loan terms can be approved by the Plan Administrator for the purchase of a primary residence. The loans are secured by the vested balance remaining in the participant's account and bear an interest rate at prime rate plus 1% or at local prevailing rates as determined by the Plan Administrator, which would be made under similar circumstances and is fixed for the term of the loan. Loans are repaid through payroll deductions. Also, each participant may not have more than one loan outstanding at any time.

Payments of Benefits

Upon attainment of age 55, participants are entitled to withdraw all or a portion of the vested portion of their accounts. Participants who discontinue service with UPG before age 55 other than by reason of death or disability shall be entitled to receive a lump-sum benefit payment equal to the vested portion of their accounts.

The Plan also permits withdrawals in the event of financial hardship, subject to approval by the Plan Administrator. Upon receiving a hardship distribution, the participant may not make contributions for the calendar year that immediately follows the year of the withdrawal in excess of the IRC limit for the year, minus the amount of the participant's contributions for the year in which the withdrawal is made.

If the sum of a terminated participant's vested account balance does not currently exceed \$1,000, then payment of the participant's vested account will be made to the participant in a single lump sum as soon as practicable.

Notes to Financial Statements

Plan Termination

Although it has not expressed any intent to do so, UPG has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make certain estimates and assumptions that affect reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded. As of December 31, 2021, there were \$21,633 of deemed distributions. As of December 31, 2021, notes receivable from two participants make up 13% of the total notes receivable from participants balance.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Other income includes net amounts realized on interfund transfers and are treated as dividends.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Participant's accounts may be charged for part or all of the reasonable expenses of administration of the Plan including operating the trust. Plan loan expenses are paid by the respective participants. Administrative expenses are expensed as incurred. Any legal and accounting fees are paid by the Plan Sponsor.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net investment income, and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 202, as shown in the ERISA-Required Supplemental Schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

The fair value hierarchy provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from or corroborated by observable market data

UVA Physicians Group Retirement Plan

Notes to Financial Statements

by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2021, and 2020.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

One of the Plan's investment options includes a self-directed brokerage account, which allows participants to establish a brokerage account and select various investments consisting of mutual funds and Exchange Traded Funds (ETF). ETF are valued at quoted market prices.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 114,013,349	\$ -	\$ -	\$ 114,013,349
Self-directed brokerage account	91,758	-	-	91,758
Total Investments, at fair value	\$ 114,105,107	\$ -	\$ -	\$ 114,105,107

Notes to Financial Statements

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. Related Party Transactions and Party-in-Interest Transactions

Certain of the Plan's assets are invested in funds managed by the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Notes receivable from participants are also exempt party-in-interest transactions. The Plan paid administrative fees of \$139,915 to TIAA and CREF for administration, trustee services and recordkeeping during the year ended December 31, 2021.

7. Income Tax Status

The Plan received a favorable determination letter from the Internal Revenue Service (IRS) dated July 3, 2018 stating that the form of the Plan is qualified under Section 401 of the IRC and therefore, the related trust is tax-exempt. While no determination letter was obtained for the Plan restatement effective January 1, 2021, the Plan Administrator believes the Plan is currently being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken, which would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

Management evaluated subsequent events for the Plan through October 17, 2022 the date the financial statements were available to be issued. The Plan Administrator is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.
