Ambulatory Medical Care, Inc. Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Ambulatory Medical Care, Inc. Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 11 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Ambulatory Medical Care, Inc. Savings and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ambulatory Medical Care, Inc. Savings and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ambulatory Medical Care, Inc. Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ambulatory Medical Care, Inc. Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Ambulatory Medical Care, Inc. Savings and Retirement Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated July 20, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Ambulatory Medical Care, Inc. (company) Savings and Retirement Plan (plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General

The Plan was established January 1, 1992 and was restated November 1, 2021. The Plan is a defined contribution plan covering substantially all employees of Ambulatory Medical Care, Inc. and Doctors Urgent Care Offices Medical Group, Inc. (together, the "Company") who have one year of service and meet other eligibility requirements as defined by the Plan. Company officers control and manage the operation and administration of the Plan. Charles Schwab Trust Bank ("Trustee") serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the plan, determines the appropriateness of the plan's investment offerings and monitors investment performance.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Plan management has until the last day of the plan year in 2022 to amend the plan for these changes.

Contributions

Each year, participants may contribute up to the maximum percentage allowable not to exceed the limits of Code Sections 401(k) and 415 of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts represented by voluntary rollovers from qualified plan accounts. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds as investment options for participants. The Company provides a matching contribution of 50% of the first 4% of the participant's eligible gross compensation. The Plan also has a discretionary Company profit sharing contribution. There was no profit-sharing contribution amount made to the Plan for the year ended December 31, 2021.

NOTE 1 – DESCRIPTION OF THE PLAN (CONT'D)

Participant Accounts

Individual accounts are maintained for each plan participant to reflect the participant's voluntary contributions and the company's contribution (including any forfeitures which are treated as employer contributions) and an allocation of plan earnings. Employees self-direct investment selections from a number of available mutual funds. Allocation of plan earnings is based on participant account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Participants vest in the employer contributions at 20% upon completion of two years of credited service (defined as having worked at least 1,000 hours per year) and at 20% per year of credited service thereafter. A participant is 100% vested after six years of credited service for the Company's matching and profit sharing contributions, plus actual net earnings thereon.

Notes Receivable from Participants

The Plan does not permit participant loans.

Payment of Benefits

On termination of service, a participant may generally elect to receive a lump sum amount equal to the value of the participant's vested interest in their account, rollover their account balance to another retirement account or plan, or leave the balance in the Plan if the balance is greater than \$5,000.

The CARES Act allowed for "CARES" Act distributions up to \$100,000 for distributions made from January 1, 2020 to December 30, 2020. The distributions are made from vested account balances and made on a pro-rata basis from all contribution sources.

NOTE 1 – DESCRIPTION OF THE PLAN (CONT'D)

Excess Contributions

At December 31, 2021 and 2020, amounts payable to participants totaling \$0 and \$2,232, respectively, for contributions in excess of amounts allowed by the IRS are recorded as a liability and are reported as corrective distributions.

Forfeited Accounts

The Plan include provisions to allow the forfeited balances to offset plan administrative expenses and reduce employer contributions. Forfeitures of from participants' accounts are allocated as follows:

1. Restoration of participant's forfeitures
2. Reduce employer contributions (or reallocate as employer contributions)
3. Used to pay reasonable plan expenses

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$1,438 and \$1,464, respectively. In 2021, \$1,396 in employer contributions were paid from the forfeited non-vested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

New Accounting Pronouncements

While FASB regularly issues new Accounting Standards Updates (ASUs), the Plan did not apply any new ASUs in 2021.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Common collective trusts are valued at the net asset value of the shares held by the Plan at year-end as a practical expedient, which is based on the fair value of the underlying assets. The Board of Directors determines the Plan's valuation policies, utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and certain operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and certain operating expenses are reflected as a reduction of investment return for such investments.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with the corresponding amount as a corrective distribution. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

Administrative expenses of the Plan are paid by the Plan participants or Plan sponsor as provided in the Plan document.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Date of Management Review

Subsequent events were evaluated through October 17, 2022, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used at December 31, 2021 and 2020.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONT'D)

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued by each fund manager based on the fair value of the underlying securities within the trust, which represent the net asset value of shares held by the plan at year end. The investment in the trust is carried at fair value based on the closing price of the National Association of Securities Dealers Automated Quotations (NASDAQ) Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

The Plan's policy is to recognize transfers between levels as of the end of the reporting period. There were no significant transfers between levels during 2021 and 2020.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

		Fair Value Measurements at the End of the Reporting Period Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)

NOTE 4 – COMMON COLLECTIVE TRUST

In 2019, the Plan entered into a contract with BNYM Mellon Stable Value Fund of the Bank of New York Mellon. The Common Collective Trust (“CCT”) invests in synthetic guaranteed investment contracts and insurance company separate accounts that are held in a trust owned by The Bank of New York Mellon. The CCT, through its investment in the Contracts, simulates the performance of a guaranteed investment contract through an issuer’s guarantee of a specific interest rate and portfolio of financial instruments that are owned by the issuer, The Bank of New York Mellon.

Participant will receive the principal and accrued earning credited to their accounts upon withdrawal for allowed events. These events included transfer to other Plan investment options, payments because of retirement, termination or employment, disability, death, and in-service withdrawals as permitted by the Plan. Certain events, such as Plan termination or a Plan merger initiated by the Plan sponsor, may limit the ability of the Plan to transact at contract value. The plan sponsor does not believe any events that may be limited to the ability of the Plan to transact at contract value are probable.

The following table presents the Plan’s investments with a reported net asset value at December 31, 2021 and December 31, 2020:

	<u>2021</u>	<u>2020</u>
Common Collective Trust		
Fair Value	\$ 913,556	\$ 1,069,495
Unfunded commitment	\$ -	\$ -
Redemption frequency (if currently eligible)	Daily	Daily
Redemption notice period	90 days	90 days

The plan administrator does not believe that any events which would limit the plan’s ability to transact at contract value with participants are probable of occurring.

Average yields:	<u>2021</u>	<u>2020</u>

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan's investments are held by Charles Schwab Trust Bank. Charles Schwab Trust Bank is the trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Charles Schwab Trust Bank for administration and custodial services were \$4,139 for the year ended December 31, 2021. Munninghoff, Lange & Co. is the independent auditor for the Plan. All these transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6 – PLAN TERMINATION

On December 6, 2021, the Board of Directors signed a resolution stating the Plan will be terminated as of that date pursuant to the purchase agreement of the Company. As of the termination date, the account balances of all participants in the Plan became one hundred percent (100%) vested, regardless of years of service.

NOTE 7 – PLAN AMENDMENTS

The amendments made in the year ended December 31, 2021 related to the termination of Plan.

NOTE 8 – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not will be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISK AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There are no reconciliation items between the financial statements and the 5500.

NOTE 11 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE
