INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the Production Resource Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Production Resource Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC provide professional services. EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of the year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PRODUCTION RESOURCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Production Resource Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan was adopted on July 1, 1995 and is a defined contribution plan covering all eligible employees in the United States of Production Resource Group, LLC (the "Company" or "Employer"), as defined. The Plan has since been amended to reflect certain provisions, laws, rules and regulations applicable to tax-qualified retirement plans. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan is Fidelity Management Trust Company ("Fidelity").

During 2020, the Plan was amended to allow:

- Effective March 1, 2020, all employees with 90 days of service from date of hire are eligible to begin contributing to the Plan and entry date is the 1st of the month following 90 days.
- No age requirement. The Plan allowed for automatic enrollment of pre-tax deferral contribution of 4% for newly eligible employees. Effective May 1, 2018, the Plan implemented the Annual Increase Program. This program allows for an increase in deferrals by 1% deferral rate each year and not to exceed 8% of deferral contribution rate. Employees having a re-employment are eligible to begin participating in the Plan after having completed one hour of service and are automatically enrolled at a 4% deferral contribution rate and entry is the 1st of month following re-hire date.

[2] Eligibility:

All employees who meet the conditions specified below shall be eligible to participate.

- No age requirement.
- Effective March 1, 2020, all employees with 90 days of service are eligible to contribute to the Plan. The entry day shall be the first of the month following 90 days of service.

[3] Contributions:

Participants in the Plan may make elective contributions of 1% to 60% of their pre-tax eligible compensation subject to limitations of the Internal Revenue Code ("IRC"), which is \$19,500 for 2021. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$6,500 for 2021. Participants may also roll over amounts representing distributions from other qualified benefit plans. The Company may make discretionary matching contributions which will be computed by the Company based on the participant's eligible compensation and deferral contribution to the Plan each Plan year. As of February 1, 2019, the Company began making a non-discretionary employer match of 50% of the participant contributions, up to 4% of the participant's eligible compensation and the non-discretionary match will occur after completion of 12 months of service. The Company did not make any employer discretionary match for the years ended December 31, 2021 and 2020. The Plan continues to allow a discretionary match for future Plan years.

The Plan includes an auto-enrollment provisions whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation. The Plan also has an escalation feature whereby the deferral rate will increase each year by 1% up to a maximum of 8% with certain parameters as defined by the Plan.

PRODUCTION RESOURCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[4] Participant accounts:

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions, (b) Plan earnings (losses), and may be charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[5] Vesting:

Participants are immediately vested in their contributions and any earnings or losses thereon. Vesting in the Company's non-discretionary match and discretionary contribution portion of their accounts plus actual earnings or losses thereon, is as follows:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

[6] Forfeitures:

Upon termination of a participant's employment for any reason other than retirement, death or disability, any unvested portion of the Company contribution account will be forfeited and may be used by the Company to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions under the Plan. During the year ended December 31, 2021, activity in the forfeiture account consisted of forfeiture credits of \$38,541, reduction of the employer match of \$51,858, earnings of \$27 and other reductions/transfers of \$296. At December 31, 2021 and 2020, \$48,279 and \$61,273 are in the forfeiture account, respectively.

[7] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow up to the lesser of 50% of their vested account balance or \$50,000, but not less than \$1,000. Notes receivable to participants are payable within five years unless the participant is using the proceeds to purchase a principal residence, in which case the repayment period may not extend beyond ten years. The loans are secured by the balance in the participant's account and bear interest at prime plus 2% (since July 1, 2012). At December 31, 2021, interest rates on the loans ranged from 4.25% to 7.5%. Interest is charged directly to the participant's account. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

[8] Payment of benefits:

On termination of service, death, disability, or retirement, a participant or beneficiary may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Upon termination, if the vested portion of a participant's account exceeds \$1,000, it may remain in the Plan and continue to participate in the Plan investments and provide benefits upon retirement or death or may be paid out in a lump sum. If a participant's vested account balance is less than \$1,000, it will be paid out in a single lump sum.

PRODUCTION RESOURCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[9] Hardship withdrawals:

In cases of serious financial hardship, as defined, the Plan allows a participant to make hardship withdrawals prior to reaching age 59½, subject to a \$500 minimum, in an amount not to exceed their contributions (not earnings thereon) and vested Company contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual basis of accounting.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation/depreciation in the value of investments includes the Plan's gains or losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Unless paid by the Company, all reasonable costs and expenses incurred by the Plan in administering the Plan may be paid from forfeitures. All such costs and expenses, mainly fees related to recordkeeping, are charged against the Plan.

[6] Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

PRODUCTION RESOURCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE C - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds - Common trust funds are comprised of shares or units in commingled funds that are not publicly traded, which are valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner. There were no unfunded commitments at December 31, 2021 and 2020. The common collective trust fund invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

PRODUCTION RESOURCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2021 and 2020:

Investment Assets at Fair Value as of December 31, 2021

	<u>Total</u>	<u>In Active Markets For Identical Assets (Level 1)</u>
Common/collective trust funds*	\$ 2,269,091	\$ -
Money market funds	2,815,352	2,815,352
Mutual funds	<u>149,684,666</u>	<u>149,684,666</u>
Total investments	<u><u>\$ 154,769,109</u></u>	<u><u>\$ 152,500,018</u></u>

Investment Assets at Fair Value as of December 31, 2020

	<u>Total</u>	<u>In Active Markets For Identical Assets (Level 1)</u>
Common/collective trust funds*	\$ 2,457,478	\$ -
Money market funds	4,028,546	4,028,546
Mutual funds	<u>133,445,326</u>	<u>133,445,326</u>
Total investments	<u><u>\$ 139,931,350</u></u>	<u><u>\$ 137,473,872</u></u>

- Measured at fair value using the NAV per share (or its equivalent) practical expedient which has not been classified in the fair value hierarchy and is presented to permit reconciliation to the statement of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Withdrawals from the common/collective trust initiated by the Plan Sponsor will normally be provided at contract value as soon as practical, within 12 months following written notice by the trustee. The redemption frequency is daily.

PRODUCTION RESOURCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE D - INVESTMENT CERTIFICATION AND INVESTMENTS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520-103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the statement of changes in net assets available for benefits for the year ended December 31, 2021 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2021.

NOTE E - TAX STATUS

The Plan has adopted a non-standardized defined contribution pre-approved plan sponsored by the Fidelity Management and Research Company. On June 30, 2020, the Internal Revenue Service stated in an opinion letter that the non-standardized pre-approved plan adopted by the Plan, was in compliance with applicable requirements of the IRC and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any periods in progress.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2021 may not necessarily be indicative of amounts that could be realized in a current market exchange.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected.

COVID-19 poses risks to the Company as well, given that such public health epidemics, if sustained, could impact Company employees, customers, and supply chain in affected regions. Additionally, a prolonged widespread epidemic could adversely impact global economies and financial markets resulting in an economic downturn that may impact demand for the Company's products. Such impacts could adversely affect Company profitability, cash flows, financial results, and the ability to make required Company Plan contributions. At this point, the extent to which COVID-19 may impact the Company's financial results is uncertain.

PRODUCTION RESOURCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE G - EXCESS CONTRIBUTIONS PAYABLE

In 2020, the Plan had excess contributions of \$42,258 that were recorded in the statement of net assets available as of December 31, 2020, and returned to the participants in 2021.

NOTE H - DEEMED DISTRIBUTIONS

As of December 31, 2021, certain Plan participants defaulted on their loan repayments. This was recorded as deemed distributions of participant loans in the amount of \$58,209 and is included in benefits paid to participants in the statement of changes in net assets available for benefits.

NOTE I - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are shares of mutual funds and a common collective trust fund managed by Fidelity. Fidelity is the trustee; therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for the year ended December 31, 2021 were \$101,047, which consist of \$24,072 of investment advisory fees and \$76,975 of recordkeeper fees.

NOTE J - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE K - PARTIAL PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

During the Plan year ended December 31, 2020, the Company experienced a partial Plan termination due to the impact of the COVID-19 pandemic which, was entirely due to a significant reduction in staff. All terminated participants who were unvested at their termination date became fully vested in the Plan.

NOTE L - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of changes in net assets available for benefits for the year ended December 31, 2021:

Net increase in assets available for benefits per the financial statements	\$ 14,181,215
Less: excess contributions payable as of December 31, 2020	<u>(42,258)</u>
Net increase in assets available for benefits per Form 5500	<u>\$ 14,138,957</u>

NOTE M - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of the Production Resource Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Production Resource Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC provide professional services. EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of the year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PRODUCTION RESOURCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Production Resource Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan was adopted on July 1, 1995 and is a defined contribution plan covering all eligible employees in the United States of Production Resource Group, LLC (the "Company" or "Employer"), as defined. The Plan has since been amended to reflect certain provisions, laws, rules and regulations applicable to tax-qualified retirement plans. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan is Fidelity Management Trust Company ("Fidelity").

During 2020, the Plan was amended to allow:

- Effective March 1, 2020, all employees with 90 days of service from date of hire are eligible to begin contributing to the Plan and entry date is the 1st of the month following 90 days.
- No age requirement. The Plan allowed for automatic enrollment of pre-tax deferral contribution of 4% for newly eligible employees. Effective May 1, 2018, the Plan implemented the Annual Increase Program. This program allows for an increase in deferrals by 1% deferral rate each year and not to exceed 8% of deferral contribution rate. Employees having a re-employment are eligible to begin participating in the Plan after having completed one hour of service and are automatically enrolled at a 4% deferral contribution rate and entry is the 1st of month following re-hire date.

[2] Eligibility:

All employees who meet the conditions specified below shall be eligible to participate.

- No age requirement.
- Effective March 1, 2020, all employees with 90 days of service are eligible to contribute to the Plan. The entry day shall be the first of the month following 90 days of service.

[3] Contributions:

Participants in the Plan may make elective contributions of 1% to 60% of their pre-tax eligible compensation subject to limitations of the Internal Revenue Code ("IRC"), which is \$19,500 for 2021. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$6,500 for 2021. Participants may also roll over amounts representing distributions from other qualified benefit plans. The Company may make discretionary matching contributions which will be computed by the Company based on the participant's eligible compensation and deferral contribution to the Plan each Plan year. As of February 1, 2019, the Company began making a non-discretionary employer match of 50% of the participant contributions, up to 4% of the participant's eligible compensation and the non-discretionary match will occur after completion of 12 months of service. The Company did not make any employer discretionary match for the years ended December 31, 2021 and 2020. The Plan continues to allow a discretionary match for future Plan years.

The Plan includes an auto-enrollment provisions whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation. The Plan also has an escalation feature whereby the deferral rate will increase each year by 1% up to a maximum of 8% with certain parameters as defined by the Plan.

PRODUCTION RESOURCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[4] Participant accounts:

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions, (b) Plan earnings (losses), and may be charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[5] Vesting:

Participants are immediately vested in their contributions and any earnings or losses thereon. Vesting in the Company's non-discretionary match and discretionary contribution portion of their accounts plus actual earnings or losses thereon, is as follows:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

[6] Forfeitures:

Upon termination of a participant's employment for any reason other than retirement, death or disability, any unvested portion of the Company contribution account will be forfeited and may be used by the Company to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions under the Plan. During the year ended December 31, 2021, activity in the forfeiture account consisted of forfeiture credits of \$38,541, reduction of the employer match of \$51,858, earnings of \$27 and other reductions/transfers of \$296. At December 31, 2021 and 2020, \$48,279 and \$61,273 are in the forfeiture account, respectively.

[7] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow up to the lesser of 50% of their vested account balance or \$50,000, but not less than \$1,000. Notes receivable to participants are payable within five years unless the participant is using the proceeds to purchase a principal residence, in which case the repayment period may not extend beyond ten years. The loans are secured by the balance in the participant's account and bear interest at prime plus 2% (since July 1, 2012). At December 31, 2021, interest rates on the loans ranged from 4.25% to 7.5%. Interest is charged directly to the participant's account. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

[8] Payment of benefits:

On termination of service, death, disability, or retirement, a participant or beneficiary may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Upon termination, if the vested portion of a participant's account exceeds \$1,000, it may remain in the Plan and continue to participate in the Plan investments and provide benefits upon retirement or death or may be paid out in a lump sum. If a participant's vested account balance is less than \$1,000, it will be paid out in a single lump sum.

PRODUCTION RESOURCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[9] Hardship withdrawals:

In cases of serious financial hardship, as defined, the Plan allows a participant to make hardship withdrawals prior to reaching age 59½, subject to a \$500 minimum, in an amount not to exceed their contributions (not earnings thereon) and vested Company contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual basis of accounting.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation/depreciation in the value of investments includes the Plan's gains or losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Unless paid by the Company, all reasonable costs and expenses incurred by the Plan in administering the Plan may be paid from forfeitures. All such costs and expenses, mainly fees related to recordkeeping, are charged against the Plan.

[6] Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

PRODUCTION RESOURCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE C - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds - Common trust funds are comprised of shares or units in commingled funds that are not publicly traded, which are valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly manner. There were no unfunded commitments at December 31, 2021 and 2020. The common collective trust fund invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- Measured at fair value using the NAV per share (or its equivalent) practical expedient which has not been classified in the fair value hierarchy and is presented to permit reconciliation to the statement of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Withdrawals from the common/collective trust initiated by the Plan Sponsor will normally be provided at contract value as soon as practical, within 12 months following written notice by the trustee. The redemption frequency is daily.

Notes to Financial Statements December 31, 2021 and 2020

NOTE D - INVESTMENT CERTIFICATION AND INVESTMENTS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520-103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the statement of changes in net assets available for benefits for the year ended December 31, 2021 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2021.

NOTE E - TAX STATUS

The Plan has adopted a non-standardized defined contribution pre-approved plan sponsored by the Fidelity Management and Research Company. On June 30, 2020, the Internal Revenue Service stated in an opinion letter that the non-standardized pre-approved plan adopted by the Plan, was in compliance with applicable requirements of the IRC and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any periods in progress.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2021 may not necessarily be indicative of amounts that could be realized in a current market exchange.

The extent of the impact of the coronavirus ("COVID-19") outbreak on the financial performance of the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions and the impact of COVID-19 on the financial markets and the overall economy, all of which are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially adversely affected.

COVID-19 poses risks to the Company as well, given that such public health epidemics, if sustained, could impact Company employees, customers, and supply chain in affected regions. Additionally, a prolonged widespread epidemic could adversely impact global economies and financial markets resulting in an economic downturn that may impact demand for the Company's products. Such impacts could adversely affect Company profitability, cash flows, financial results, and the ability to make required Company Plan contributions. At this point, the extent to which COVID-19 may impact the Company's financial results is uncertain.

PRODUCTION RESOURCE GROUP 401(k) PLAN

Notes to Financial Statements December 31, 2021 and 2020

NOTE G - EXCESS CONTRIBUTIONS PAYABLE

In 2020, the Plan had excess contributions of \$42,258 that were recorded in the statement of net assets available as of December 31, 2020, and returned to the participants in 2021.

NOTE H - DEEMED DISTRIBUTIONS

As of December 31, 2021, certain Plan participants defaulted on their loan repayments. This was recorded as deemed distributions of participant loans in the amount of \$58,209 and is included in benefits paid to participants in the statement of changes in net assets available for benefits.

NOTE I - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are shares of mutual funds and a common collective trust fund managed by Fidelity. Fidelity is the trustee; therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for the year ended December 31, 2021 were \$101,047, which consist of \$24,072 of investment advisory fees and \$76,975 of recordkeeper fees.

NOTE J - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE K - PARTIAL PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

During the Plan year ended December 31, 2020, the Company experienced a partial Plan termination due to the impact of the COVID-19 pandemic which, was entirely due to a significant reduction in staff. All terminated participants who were unvested at their termination date became fully vested in the Plan.

NOTE L - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of changes in net assets available for benefits for the year ended December 31, 2021:

Net increase in assets available for benefits per the financial statements	\$ 14,181,215
Less: excess contributions payable as of December 31, 2020	<u>(42,258)</u>
Net increase in assets available for benefits per Form 5500	<u>\$ 14,138,957</u>

NOTE M - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued.
