INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Amports 401(k) Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Amports 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Amports 401(k) Plan

Notes to Financial Statements

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Amports 401(k) Plan

Notes to Financial Statements

1. Description of Plan:

The following description of the Amports 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Amports, Inc., and those certain subsidiaries, APS West Coast, Inc., APS East Coast, Inc., and APS North Terminal, Inc. (APS North Terminal), (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan management approved an amendment to the Plan effective as of January 1, 2020 that allowed partial repayment of Plan loans and made other changes to comply with the Bipartisan Budget Act of 2018, which included allowing participants to take a hardship withdrawal (i) from earnings on safe harbor contributions and corrective contributions, (ii) without first taking a plan loan, and (iii) for expenses or losses incurred on account of a FEMA-declared disaster.

Eligibility

All employees, other than APS North Terminal Union employees, are immediately eligible to participate in the plan. APS North Terminal Union employees are able to enter the plan on the first pay period that begins on or after January 1 or July 1, following the date the employee is credited with one year of service. The Plan excludes leased employees or employees covered by a collective bargaining agreement if that bargaining agreement does not provide for participation in the Plan.

All employees, other than APS North Terminal Union employees, must complete one year of service before being eligible to receive Company matching contributions. APS North Terminal Union employees are eligible to receive Company contributions on the first pay period that begins on or after January 1 or July 1, following the date the employee is credited with one year of service.

Contributions

Participants may make contributions to the Plan ranging from 1% to 100% of their compensation on a before tax basis subject to the limits established by the Internal Revenue Service (IRS). In addition, employees who have attained the age 50 by the end of the Plan year may make catch-up contributions up to the limits defined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Amports 401(k) Plan

Notes to Financial Statements

1. Description of Plan (Continued):

Matching contributions are made by the Company to each participant's account based on the following criteria:

Non-Bargaining Employees

For employees of the Company that are not governed by a collective bargaining agreement, the Company makes safe harbor contributions equal to 100% of the first 3% of deferred salary plus 50% of deferrals over 3%. The Company contribution has a maximum of 4% of eligible compensation.

Bargaining Employee

For employees governed by collective bargaining agreements that provide for participation in the Plan, the Company matches 50% of employee contributions up to a maximum contribution of 2.5% of their eligible compensation. In accordance with collective bargaining agreements, certain bargaining employees receive an additional Company contribution based on the actual number of hours the employee works during the year, up to a maximum of 2,080 hours, at rates ranging from \$0.40 per hour worked to \$1.00 per hour worked.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, and allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. Any related administrative expenses based on participant earnings or account balances are deducted from the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a money market and mutual funds as investment options for participants.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Non-Bargaining employees are immediately vested 100% in their safe harbor matching employer contribution. Employer contributions for employees subject to collective bargaining agreements are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

1. Description of Plan (Continued):

Forfeited Accounts

Forfeited nonvested accounts may be used to pay Plan expenses or reduce employer contributions. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$49 and \$1,012, respectively. The Plan used forfeited nonvested accounts totaling \$41,881 to reduce employer contributions during the 2021 Plan year.

Participant Loans Receivable

Participants are permitted to borrow from the Plan using their vested account balance as security for the loan. The minimum loan permitted under the terms of the Plan is \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are required to be repaid within five years, or up to ten years when used to purchase a primary residence, in equal payments made at least quarterly. Loan repayments will be deducted from the participant's payroll over the term of the loan. Loans bear interest at prime plus one percent.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum distribution or annual installments equal to the value of the participant's vested interest in his or her account, in accordance with Plan provisions. Participants may make withdrawals from their accounts by reason of financial hardship under guidelines set forth in the Plan

2. Summary of Accounting Policies:

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value which represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date as described in Note 3.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Realized gains and losses on the sales of securities are reported on the average cost method.

2. Summary of Accounting Policies (Continued):

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Participant Loans Receivable

Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as a distribution to the participant based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan expenses, except for recordkeeping and other administrative services expenses, are paid by the Company. Recordkeeping and other administrative services expenses paid by the Plan are allocated to participant accounts. Plan expenses charged for transactions that are participant specific are deducted from the respective participant account. Participant forfeitures may be used to pay administrative expenses or reduce employer contributions.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Fair Value Measurements:

The Financial Accounting Standards Board, Accounting Standards Codification Topic 820 (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Amports 401(k) Plan

Notes to Financial Statements

3. Fair Value Measurements (Continued):

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Money market: The money market fund invests in a variety of money market instruments with short term liquidity. The composition of securities is structured to maintain a value of \$1 per share and are classified as Level 1 since it is in active markets.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The following table sets forth, by level within the fair value hierarchy, the Plan investment assets at fair value as of December 31, 2021 and 2020:

<i>December 31,</i>	Level	2021	2020
Money market	1	\$ 1,333,705	\$ 1,349,998
Mutual funds	1	20,969,703	19,958,410
		<u>\$ 22,303,408</u>	<u>\$ 21,308,408</u>

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Information Certified by the Plan's Trustee:

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following investments included in the statement of changes in net assets available for benefits at December 31, 2021 and 2020 and the interest and dividends and net appreciation in fair value of investments included in the statement of changes in net assets available for benefits for the year ended December 31, 2021, are complete and accurate.

<i>December 31,</i>	2021	2020
Money market	\$ 1,333,705	\$ 1,349,998
Mutual funds	20,969,703	19,958,410
<i>Year ended December 31,</i>	2021	
Interest and dividend income	\$ 1,123,691	
Net appreciation in fair value of investments	1,484,677	

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

5. **Tax Status:**

The Internal Revenue Service has determined and informed the Company by a letter dated April 9, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management evaluated the Plan's tax positions and concluded that as of December 31, 2021 and 2020, the Plan had taken no uncertain tax positions that require recognition of a liability (or asset) in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2018.

6. **Party-In-Interest Transactions:**

Gallagher Benefit Services, Inc. (Gallagher) and Kestra Investment Services, LLC (Kestra) provide consulting and investment advisory services to the Plan and are considered to be parties-in-interest to the Plan. The Plan paid \$29,570 to Kestra during the 2021 Plan year for advisory services which is included in administrative expenses.

ADP, LLC (ADP) provides recordkeeping services to the Plan and is considered a party in-interest to the Plan. The Plan paid \$29,315 to ADP during the 2021 Plan year which is included in administrative expenses.

Reliance Trust Company (Reliance) is the trustee and custodian of the Plan, therefore, transactions involving managed investments qualify as party-in-interest transactions. All Plan assets were transferred from Matrix to Reliance during November 2020. Reliance and Matrix are considered parties in-interest to the Plan.

7. **Plan Termination:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100 percent vested in their accounts.

8. **Financial Instruments:**

Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investments in a money market and mutual funds. The Plan limits its credit risk by maintaining its accounts with what it believes to be high-quality financial institutions.
