All other schedules are omitted as they are not applicable or are not required based on the disclosure requirements of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and applicable regulations issued by the Department of Labor.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of Grace Church School as Sponsor of the
Grace Church School Retirement and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed the audit of the financial statements of the Grace Church School Retirement and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section for the 2021 Financial Statements* of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA, the Plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by the qualified institution. Their report dated October 1, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA.

**GRACE CHURCH SCHOOL
RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 1 — DESCRIPTION OF PLAN

The following brief description of the Grace Church School Retirement and Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan commenced July 1, 1970 and has since been restated and amended as of January 1, 2010. The Plan was further restated, effective January 1, 2020. The Grace Church School Tax Deferred Annuity Retirement Plan was merged into this surviving plan as of January 1, 2009.

- A. **General** – The Plan is a defined contribution 403(b) retirement plan established under the Teachers Insurance and Annuity Association of America ("TIAA") 403(b) Volume Submitter Plan. The Plan is available to all eligible employees of Grace Church School (the "School" or the "Sponsor") on a voluntary basis. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.
- B. **Contributions** – Each year, participants may contribute up to 100 percent of pre-tax annual compensation, as defined in the Plan, limited to the amount allowed under Internal Revenue Service ("IRS") rules. Participants can contribute up to a maximum of \$19,500 for the years ended December 31, 2021 and 2020. Participants who have attained age 50 before the end of the Plan year are eligible to make an additional \$6,500 catch-up contribution to the Plan.

Rollover Contributions

An eligible employee may transfer to the Plan contributions and such other amounts from an eligible rollover plan that meets the requirements of the Internal Revenue Code ("IRC") and the Plan at the time of the transfer.

Employer Contributions

An employee must contribute at least three percent of base compensation and have been employed at the Sponsor or other qualified educational institution for one year to be eligible for the Sponsor's matching contribution. The Sponsor will match employee contributions of up to 250 percent based on the participant's years of service using the following formula:

<u>Years of Service</u>	<u>Employer Match</u>
Less than 5 years	1:1
5 to 10 years	2:1
More than 10 years	2.5:1

Participants direct the investment of their contributions and the Sponsor's matching contributions into various investment options offered by the Plan. Participants are 100 percent vested in their employer matching contributions.

- C. **Eligibility** – There is no age requirement for entrance to the Plan. There is also no minimum years of service requirement to enter or make employee contributions. Employees may enter the Plan for purposes of making elective deferrals as soon as administratively feasible. An employee is eligible for employer contributions after completing one year of eligible service and may be enrolled on the first payroll period upon meeting eligibility requirements.
- D. **Participant Accounts** – Each participant's account is credited with the allocations of (a) the employee's contribution, (b) the Sponsor's contribution and (c) Plan earnings charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**GRACE CHURCH SCHOOL
RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 1 — DESCRIPTION OF PLAN (Continued)

E. Loans to Participants –

Inside the Plan Loans

During the year ended December 31, 2021, the Plan began allowing participants to borrow from their fund accounts a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates, as defined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions. A loan that is considered in default is reported as a deemed distribution, which is a taxable event for the participant. There were \$20,392 of loans inside the Plan that were outstanding as of December 31, 2021.

Outside the Plan Loans

TIAA allows participants to take loans from outside the Plan. Loan agreements are made separately with TIAA and participant accounts are held as collateral for such loans. As of December 31, 2021 and 2020, such collateral amounted to \$5,604 and \$10,359, respectively. Principal and interest is repaid ratably through payroll deductions. Interest rates range from 4% to 4.35%.

In response to the COVID-19 pandemic ("COVID-19"), on March 27, 2020, the U.S. Federal Government enacted the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). The Plan adopted certain provisions of the CARES Act which increased the maximum amount of plan loans to \$100,000 or 100% of the participant's account balance, and allowed loan repayments to be suspended for up to one year without causing the loan to become delinquent and go into default.

- F. **Vesting** – Participants are 100 percent vested in all their accounts. As a result, there are no forfeitures in the Plan.
- G. **Distributions** – In order for a participant to be eligible for a distribution while employed, they must suffer a financial hardship, incur a disability or reach the age of 59 ½ years old. Employees can take withdrawals from the Plan post-termination, subject to the contractual restrictions of the Plan. Effective July 1, 2019, the Plan will make a mandatory distribution following severance from employment when a participant's balance does not exceed \$5,000.

The Plan adopted certain provisions of the CARES Act that provided temporary relief for eligible Plan participants, such as, penalty-free distributions of up to \$100,000 on or before December 31, 2020 for qualifying COVID-19 related reasons.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. **Basis of Accounting** – The Plan prepares its financial statements using the accrual basis of accounting. The Plan adheres to accounting principles generally accepted in the United States of America ("U.S. GAAP").
- B. **Use of Estimates** – The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.
- C. **Payment of Benefits** – Benefits are recorded when paid.
- D. **Expenses** – The Sponsor pays certain expenses related to the Plan. The administrative expenses incurred by the funds are paid out of investor assets and are therefore netted into realized and unrealized appreciation in the fair value of investments in the statements of changes in net assets available for benefits. For the years ended December 31, 2021 and 2020, such expenses amounted to approximately \$219,000 and \$229,000, respectively.

**GRACE CHURCH SCHOOL
RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Plan received a plan servicing credit from TIAA for expenses previously incurred of \$31,266 and \$29,264 for the years ended December 31, 2021 and 2020, respectively. This amount is classified in investment income on the statements of changes in net assets available for benefits. For the years ended December 31, 2021 and 2020, the Plan paid out \$41,024 and \$24,790, respectively, of expenses which were mostly related to a revenue sharing agreement with TIAA.

- E. Investment Valuation and Income Recognition** – Investments, except for fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines valuation policies utilizing information provided by the investment advisors, directed trustee, custodian and insurance carrier. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gain and losses on investments bought and sold, as well as held, during the year.

Fully benefit-responsive investment contracts held by a defined contribution plan are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

TIAA's Traditional Guaranteed Annuity account is a guaranteed insurance contract and has non-benefit-responsive holdings reported at fair value.

- F. Recent Accounting Pronouncements** – Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement – this ASU (for nonpublic plans) eliminated and modified certain disclosure requirements for fair value as part of its disclosure framework project. This standard was effective for annual periods beginning after December 15, 2019, and was adopted as of January 1, 2020, and did not have a material impact on the Plan's financial statements.

NOTE 3 — INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY TIAA AND CREF AS COMPLETE AND ACCURATE

As noted in the independent auditors' report, the Plan administrator has elected the method of compliance in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the *Rules and Regulations for Reporting and Disclosure* under ERISA. Accordingly, as permitted under such election, the following information, and the information contained in the supplemental schedule, was certified as complete and accurate by TIAA and CREF and was not subjected to any auditing procedures performed by the independent auditors except for comparing such information to information included in the Plan's financial statements.

NOTE 3 — INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY TIAA AND CREF AS COMPLETE AND ACCURATE (Continued)

Investment activity consisted of the following for the years ended December 31:

	<u>2021</u>	<u>2020</u>
Net appreciation in fair value of investments	\$ 6,629,053	\$ 6,477,774
Interest and dividends	<u>1,107,231</u>	<u>576,852</u>
	<u>\$ 7,736,284</u>	<u>\$ 7,054,626</u>

Notes receivable from participants of \$20,392 as of December 31, 2021, and interest income on notes receivable from participants of \$494 for the year then ended, have also been certified by TIAA.

NOTE 4 — FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, "Fair Value Measurement," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liabilities; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)

College Retirement Equities Fund:

College Retirement Equities Fund (CREF) is registered under the Investment Company Act of 1940 as an open-end management investment company and is a variable annuity. Each fund (account) of CREF is a separate portfolio with its own investment objective and strategies. Daily unit values for the CREF funds are available at TIAA.org. The value of a unit holder's investment is based upon the returns of the underlying assets. To reduce market timing and excessive trading, shareholders will be locked out of a fund for 90 days if a sale/exchange, repurchase and resale/exchange within that fund is made within a 60-day period other than for TIAA-CREF Money Market Fund. Account investments are primarily valued using market quotations or prices from independent pricing sources.

TIAA-CREF Funds:

The TIAA-CREF Funds are part of a Delaware statutory trust registered with the SEC under the Investment Company Act of 1940 as an open-end management investment company. Each fund is a separate portfolio with its own investment objective and strategies. Investments in a fund enable a shareholder to acquire shares whose NAV is calculated each business day. The value of a shareholder's investment is based upon the returns on the underlying assets in the Fund's portfolio. Daily unit values are listed on NASDAQ. To reduce market timing and excessive trading, shareholders will be locked out of a fund for 90 days if a sale/exchange, repurchase and resale/exchange within that fund is made within a 60-day period other than for TIAA-CREF Money Market Fund or TIAA-CREF Short-Term Bond Fund.

TIAA Real Estate Account:

TIAA Real Estate Account (REA) is a separate account of TIAA and is registered with the SEC under the Securities Act of 1933 and the Securities Exchange Act of 1934. It is a variable annuity. Daily units for the TIAA Real Estate account are posted at TIAA.org. The REA generally invests in real estate properties and real estate related investments. The REA's value is principally derived from the market value of the underlying real estate holdings or other real estate related investments. The value of a participants' account is based upon the return on the underlying assets in the account, along with the income generated by those assets. They are a pooled separate account and a direct filing entity.

TIAA Access Annuity:

TIAA Access Annuity is a separate account of TIAA. It is a variable annuity and is registered with the SEC as an investment company under the Investment Company Act of 1940. Unit values are updated nightly and available at TIAA.org. The underlying investments are generally valued using market quotations obtained from independent pricing services.

Insurance Company General Contract:

The TIAA Traditional Guaranteed Annuity is an unallocated fixed-rate guaranteed annuity contract offered by TIAA, an insurance company. Contributors to the TIAA Traditional Guaranteed Annuity purchase a contractual or guaranteed amount of future benefits for the participant.

The guarantees and returns of the TIAA Traditional Annuity are backed by TIAA's claims-paying ability. TIAA Traditional Guaranteed Annuity is still a single funding vehicle, but the reporting had been modified in 2010 by TIAA to include the reporting of the amount of benefit-responsive and non-benefit-responsive holdings of the contract separately. As of December 31, 2021 and 2020, the non-benefit-responsive amounted to \$8,380,476 and \$8,111,564, respectively, and is reported at fair value by TIAA.

RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)

The liquidity restrictions of the illiquid contracts (non-benefit-responsive) vary by type of annuity contracts held by the Plan, but generally consist of restrictions as to when lump sum payments are permitted. There are also restrictions on participant-initiated transfers and withdrawals to be paid out in ten annual installments over a nine-year period. The restrictions on the redemption of TIAA Traditional Annuity accumulations could impact the value realized upon exiting the contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial assets carried at fair value at December 31, 2021, are classified in the table as follows:

	<u>Level 1</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 10,318,076	\$ -	\$ 10,318,076
TIAA-CREF Funds	20,472,319	-	20,472,319

NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)

Objectives for investments measured using the NAV per share practical expedient are as follows:

TIAA Lifecycle Funds (1) – The Lifecycle Funds are designed for investors who have a specific target retirement year in mind. The Lifecycle Funds invest in underlying funds according to an asset allocation strategy designed for investors planning to retire in or within a few years of the year included in the name of the Lifecycle Fund. The Lifecycle Funds' investments are adjusted from more aggressive to more conservative over time as a target retirement year approaches and for approximately seven to ten years afterwards and seek to achieve their final target allocation seven to ten years following the target date.

TIAA Access Bond (2) – The Fund seeks a favorable long-term total return, primarily through high current income.

TIAA Access Bond Plus (3) – The Fund seeks a favorable long-term total return, primarily through high current income.

TIAA Access International Equity (4) – The Fund seeks a favorable long-term total return, mainly through capital appreciation, primarily from equity securities of foreign issuers.

TIAA Access Large Cap Growth (5) – The Fund seeks a favorable long-term return, mainly through capital appreciation, primarily from equity securities.

TIAA Access Large Cap Value (6) – The Fund seeks a favorable long-term return, mainly through capital appreciation, primarily from equity securities of large domestic companies.

TIAA Access Mid Cap Growth (7) – The Fund seeks a favorable long-term return, mainly through capital appreciation, primarily from equity securities of medium-sized domestic companies.

TIAA Access Mid Cap Value (8) – The Fund seeks a favorable long-term return, mainly through capital appreciation, primarily from equity securities of medium-sized domestic companies.

TIAA Access Real Estate Securities (9) – The Fund seeks to obtain a favorable long-term total return through both capital appreciation and current income, by investing primarily in equity securities of companies principally engaged in or related to the real estate industry.

TIAA Access Small Cap Blend Index (10) – The Fund seeks a favorable long-term total return, mainly through capital appreciation, by investing primarily in a portfolio of equity securities in smaller domestic companies based on a market index. The Fund primarily invests in securities that comprise its benchmark index, the Russell 2000 Index.

TIAA Access Small Cap Equity (11) – The Fund seeks a favorable long-term return, mainly through capital appreciation, primarily from equity securities of smaller domestic companies.

TIAA Access Social Choice Equity (12) – The Fund seeks a favorable long-term return that reflects the investment performance of the overall U.S. stock market while giving special consideration to certain environmental, social, and governance criteria.

CREF Stock (13) – This fund is an actively-managed variable annuity that seeks favorable long-term returns through capital appreciation and investment income.

CREF Money Market (14) – This fund is a variable annuity that seeks high current income consistent with maintaining liquidity and preserving capital.

CREF Social Choice (15) – This fund is a variable annuity that seeks a favorable long-term rate of return that reflects the investment performance of the financial markets while giving special consideration to social criteria.

NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)

CREF Bond Market (16) – This fund is a core fixed-income variable annuity that seeks a favorable long-term rate of return, primarily through high current income consistent with preserving capital.

CREF Global Equities (17) – This fund is a globally diversified variable annuity account that seeks a favorable long-term rate of return through capital appreciation and income.

CREF Growth (18) – This fund is an actively-managed variable annuity that seeks a favorable long-term rate of return, mainly through capital appreciation.

CREF Equity Index (19) – This fund is a passively-managed variable annuity that seeks a favorable long-term rate of return from a diversified portfolio designed to track the U.S. stock market as a whole through investments in stocks included in the Russell 3000 Index, which is its benchmark index.

CREF Inflation-Linked Bond (20) – This fund is a variable annuity that seeks a long-term rate of return that outpaces inflation, primarily through investment in inflation-indexed bonds.

TIAA Real Estate (21) – This fund seeks to generate favorable total returns primarily through the rental income and appreciation of a diversified portfolio of directly held, private real estate investments and real estate-related investments, while offering investors guaranteed daily liquidity.

NOTE 5 — FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan has entered into a guaranteed investment contract with TIAA, which consists of liquid contracts (SRA, GSRA and RCP) which are benefit-responsive and illiquid. The Plan has also entered into guaranteed investment contracts with TIAA which are illiquid contracts (RA, GRA and RC) and which are non-benefit-responsive (see Note 4).

TIAA Traditional Guaranteed Annuity is a single funding vehicle, but the reporting of the TIAA Traditional Guaranteed Annuity has been modified in 2010 by TIAA to include the reporting of the amount of benefit-responsive and non-benefit-responsive holdings of the contract separately (see Note 4).

The Plan's fully benefit-responsive investment contract is with TIAA, an insurance carrier. TIAA maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The investment contract is included in the financial statements at contract value. Contract value represents contributions made under the contract, plus transfers to the fund and credited interest, less participant withdrawals, transfers out of the fund and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The investment contract does not have any restrictions that impact the ability of the Plan to collect full contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. TIAA may not terminate the contract at any amount less than the contract value.

TIAA is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with TIAA, but may not be less than 3.00%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula.

DECEMBER 31, 2021 AND 2020**

NOTE 5 — FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan's documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary that cause a significant withdrawal of the Plan), or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at the contract value with participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 — TAX STATUS

The IRS has determined and informed the Plan by a letter dated August 8, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator (and the Plan's tax counsel) believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements.

NOTE 7 — RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments as of December 31, 2021 and 2020 are held and managed by TIAA. TIAA is the insurance carrier for some of the Plan's investments and is the directed trustee or custodian for the other investments and, therefore, these transactions qualify as party-in-interest transactions. Fees are indirect in nature and are paid by Plan participants, net of investment income. Fees paid by the Plan to TIAA amounted to \$218,654 and \$229,218, respectively, for the years ended December 31, 2021 and 2020.

NOTE 8 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Sponsor may determine.

NOTE 9 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

There has been significant volatility in the market in 2022 which has negatively impacted fair values. Management is unable to determine the impact on the Plan as of the date of this report.
