Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
JAE Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of JAE Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of JAE Savings and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of JAE Savings and Retirement Plan's and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about JAE Savings and Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the about JAE Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about JAE Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statements of JAE Savings and Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

JAE Savings and Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 1. Description of the Plan

The following description of the JAE Savings and Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was adopted on April 1, 1991, and amended on October 29, 2019, to qualify as a defined contribution retirement plan for eligible employees of JAE Electronics, Inc., JAE Oregon, Inc., and JAE Houston, LLC. (Collectively the “Company” or “Employer”). The Plan was established for the purpose of providing retirement benefits to eligible employees of the Company. Ascensus, Inc. is the third-party administrator of the Plan, and Ascensus Trust Company, LLC is the trustee of the Plan. The Plan has a pre-tax salary reduction provision as defined under Section 401(k) and a Company matching contribution under 401(m) of the Internal Revenue Code (the “IRC”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

All employees are eligible to participate in the Plan except for employees covered by a collective bargaining agreement, nonresident aliens, leased employees and Japanese nationals transferred to the Company. Each of the Company’s eligible employees are eligible to participate in the Plan upon attaining the age of 18 and after completing six consecutive months of eligibility service. Entry dates are the first day of the Plan year and the first day of the fourth, seventh, and tenth months of the Plan year after the employee meets the eligibility requirements.

Contributions

The Company’s eligible employees may contribute between 1% and 100% of their compensation, as defined by the Plan, subject to the limitations as defined by the IRC, each year on a pre-tax basis by salary reduction. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified retirement or profit sharing plans.

Each year the Company may make matching contributions equal to a discretionary percentage of the participants’ salary reductions. The Company made matching contributions equal to 50% of the participants’ deferral, up to 4% of the employee’s compensation for the Plan year ended December 31, 2021.

Participants direct the investment of all contributions to their account into various investment options offered by the Plan. Each participant’s account is credited with the participant’s contributions and allocations of the Company’s matching contributions and Plan earnings less an allocation of investment and operating expenses charged to the Plan.

Note 1. Description of the Plan (continued)

Contributions (continued)

Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan provides for rollover contributions which represent distributions from other tax-qualified retirement plans. The maximum amount of a participant's rollover contributions is not affected by the limits otherwise applicable to participant contributions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or a non-recurring partial payment from the vested portion of their account. Active participants may withdraw any part of their vested account in a single sum in the event of undue financial hardship or attainment of age 59 ½.

Upon financial hardship, a participant may receive all or a portion of the vested interest in their account, subject to certain restrictions.

If a participant's vested account balance is \$1,000 or less, they will receive distribution in a single lump-sum payment regardless of whether the participant consents to the distribution or not. Amounts in the participant's rollover account will be considered as part of the \$1,000 threshold used to determine whether they must consent to a distribution.

Vesting

Participants are 100% vested in their contributions and earnings on their contributions. Participants shall become vested in their Company matching contributions and earnings on Company matching contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than one year	0%
One but less than two	20%
Two but less than three	40%
Three but less than four	60%
Four but less than five	80%
Five and over	100%

Participant Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company matching contributions and earnings on those contributions may be used to pay Plan level administrative expenses or to reduce Company contributions. At December 31, 2021 and 2020, forfeited non-vested accounts totaled approximately \$6100 and \$1,000, respectively. For the year ended December 31, 2021, approximately \$9,000 of forfeitures were used to reduce the Plan's administrative fees.

Note 1. Description of the Plan (continued)

Contribution Funding

The Company funds its participant contributions and Company matching contributions on a biweekly basis, concurrent with each pay period.

Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to the administration of notes receivable from participants and certain fees related to distributions are charged directly to participant's accounts and are included in administrative expenses. Additionally, plan recordkeeping fees and investment consulting fees that are not paid by forfeitures or paid by revenue sharing fees are charged directly to participant accounts and are included in administrative expenses.

Investment management related expenses are included in net appreciation (depreciation) in fair value of investments. A portion of the investment management related expenses represent revenue sharing expenses earned by Ascensus Trust Company, LLC (the investment trustee). These revenue sharing fees are paid by certain investment funds held by the Plan. These fees are credited back to the Plan and have been included as a reduction to administrative expenses and as other income. These credited fees may be used to reduce Plan expenses or allocated to participants. Total revenue sharing fees were approximately \$41,000 of which were utilized to pay administrative expenses for the year ended December 31, 2021 and are included with administrative expenses. As of December 31, 2021 and 2020 there were approximately \$3,200 and \$3,900 respectively, of unutilized credits available.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's vested account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest is paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. The net assets of the Plan are allocated entirely to individual participants' accounts, except for the unallocated forfeitures discussed in Note 1.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Valuation of Investments

All investments are carried at fair value or an approximation of fair. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is accrued as earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Subsequent Events

The Company has evaluated all events subsequent to the balance sheet date of December 31, 2021, through the date of the Independent Auditor's Report, the date which the financial statements were available for issuance and has determined there are no subsequent events that require disclosure.

Note 3. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Ascensus Trust Company, the trustee, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) *

**Notes receivable from participants are participant loans allowed under the related regulations. The participant loans are certified by the trustee, and are included as investments on the supplemental schedule, Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*

Note 4. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Note 4. Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020:

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Common/collective trust funds: With the exception of the Morley Stable Value fund, the funds are valued using NAV as a practical expedient provided by the investment custodian. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments held by each fund. A majority of the investments held by each fund are traded on an active market.

The Morley Stable Value Fund (common/collective trust fund) is valued at NAV as a practical expedient based on contract value, which represents invested principal plus accrued interest, less expenses thereon. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contacts and investments held by the fund, the ability of the parties to the contracts and investments to perform in accordance with the terms of the fund and the likelihood of default by the issuer of an investment security.

While the fair value of the investments in the Morley Stable Value fund (common/collective trust fund) are determined by the investee's trustee based on the fair value of the underlying securities within the investment at the fund level, the fair value of the investment as reported by the investment custodian at the Plan level is based on NAV as the practical expedient which is contract value. Contract value is the relevant fair value for such an investment as that is the value of that participant's transactions are reported.

Note 4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the investments held by the Plan as of December 31, 2021 and 2020:

	Fair Value Measurements Using Input Type			
<u>December 31, 2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 16,431,569</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 16,431,569</u>

Total investments at fair value				<u>\$ 20,356,896</u>

<u>December 31, 2020</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 13,461,435</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 13,461,435</u>

Common/collective trust fund measured at NAV*				<u>4,052,136</u>
Total investments at fair value				<u>\$ 17,513,571</u>

**Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

The following presents additional information relative to Plan investments reported on net asset value as a practical expedient at December 31, 2021 and 2020:

Morley Stable Value Fund (a common/collective trust fund): Seeks to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments.

Note 4. Fair Value Measurements (continued)

The Fund invests primarily in a variety of high-quality stable value investment contracts (the performance of which may be predicated on underlying fixed income securities), as well as cash and cash equivalents. As of December 31, 2021 and 2020, amounts invested in this investment fund were \$2,666,089 and \$2,878,332, respectively.

The common/collective trust funds offered in the Plan are subject to a daily redemption frequency and a redemption restriction of direct exchange from this fund to a “competing” fund (e.g., stable value funds, money market funds, other fixed-income investment options, balanced funds, target risk funds, or other investment option of which the majority of assets are invested in competing investment options) is prohibited. Instead, the participant must first exchange to a non-competing fund for 90 days. Another redemption restriction is the investment is subject to a twelve-month advance written notice for any plan sponsor directed withdrawal (full or partial) of assets invested in the fund and the investment is subject to deferral of redemption requests of 30 days at the participant level at the discretion of the trustee. There are no other redemption restrictions, redemption notice requirements, or unfunded commitments as of December 31, 2021 and 2020.

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market Risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 6. Tax Status

The Plan obtained its latest opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the opinion letter, however, the Company and the plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan and continues to be tax-exempt.

Note 6. Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Party-In-Interest Transactions

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to the trustee, other investment custodians and investment advisors.

Additionally, as noted in Note 1, certain administrative expenses related to participant related activity and certain plan level expenses including recordkeeping fees and investment consulting fees are paid directly to the trustee, third party administrator, and investment advisor. Additionally, fees may be paid to certain service providers that are considered parties-in-interest under ERISA, and these fees are included in administrative expenses.

The Plan allows for issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

Note 9. Excess Contributions

Contributions received from participants for the plan years ended December 31, 2021 and 2020, include \$552 and \$12,636, respectively, of excess contributions (net of corresponding gains and losses) that were distributed in February 2022, and throughout 2021, respectively, to active participants. The excess deferral contributions, originally contributed in the years ended December 31, 2021 and 2020, were returned to comply with the participants' applicable maximum annual contributions permitted under the IRC. The amounts are included in the Plan's statements of net assets available for benefits as excess deferred contributions payable at December 31, 2021 and 2020.

Note 10. Reconciliation of Financial Statements to the Form 5500

The differences between the Form 5500 and the financial statement reporting is primarily due to the Form 5500 being prepared on a modified cash basis of accounting while the financial statements are prepared on the accrual basis accounting.

The following is a reconciliation of net assets available for benefit per the financial statements to the Form 5500:

	December 31,	
	2021	2020
Net assets available for benefits per the financial statements	\$ 20,645,169	\$ 17,830,368
Add: Excess deferred contributions payable	<u>552</u>	<u>12,636</u>
Net assets available for benefits per the Form 5500	<u>\$ 20,645,721</u>	<u>\$ 17,843,004</u>

The following is a reconciliation of the net increase in net assets available per the financial statements to the Form 5500:

	Year Ended December 31, 2021
Net increase in net assets available for benefits per the financial statements	\$ 2,814,801
Less: Change in excess deferred contributions payable	<u>(12,084)</u>
Net increase in net assets available for benefits per the Form 5500	<u>\$ 2,802,717</u>
