INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Plan Participants of the
Valley Power Systems, Inc. Profit Sharing & Pre-Tax Savings Plan

Opinion on the 2021 Financial Statements

We have audited the financial statements of Valley Power Systems, Inc. Profit Sharing & Pre-Tax Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Valley Power Systems, Inc. Profit Sharing & Pre-Tax Savings Plan as of December 31, 2021, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Valley Power Systems, Inc. Profit Sharing & Pre-Tax Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2021 financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Power Systems, Inc. Profit Sharing & Pre-Tax Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Valley Power Systems, Inc. Profit Sharing & Pre-Tax Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Power Systems, Inc. Profit Sharing & Pre-Tax Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter

Auditors' Report on the 2020 Financial Statements

The 2020 financial statements of Valley Power Systems, Inc. Profit Sharing & Pre-Tax Savings Plan were audited by LTSP, Inc., whose practice was combined with Marcum LLP as of June 1, 2022, and whose report dated October 15, 2021, expressed an unmodified opinion on those financial statements and included an other-matter paragraph that provided an opinion that the information in the 2020 supplemental schedules were fairly stated in all material respects in relation to the financial statements as a whole.

VALLEY POWER SYSTEMS, INC.
PROFIT SHARING & PRE-TAX SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Valley Power Systems, Inc. Profit Sharing & Pre-Tax Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan was adopted in 1968 to provide eligible employees a share of the profits of the plan sponsor, Valley Power Systems, Inc. (the "Company") and to encourage long-term employment of such employees. The Plan has a salary deferred arrangement provision as defined under Section 401 of the Internal Revenue Code (the "IRC"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan covers the domestic employees of Valley Power Systems, Inc., and its' subsidiaries. Collectively, all of the participating employers will be known as the "Companies" or "Employer" throughout the notes to the financial statements.

The Plan's Administrative Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Sponsor's Board of Directors.

PARTICIPANT ELIGIBILITY

With the exception of nonresident aliens, all employees are eligible to participate in the Plan after they are 21 years of age and have completed six months of service. In August 2020, the Plan was amended with an effective date of October 1, 2020 to decrease the required months of service from six months to one month of service. Eligible employees may enter the Plan on the first day of each quarter.

The Company has established an automatic enrollment feature of employees once they reach initial eligibility. Participants are automatically enrolled in the Plan with a minimum 3% deferral rate. The deferral rate increases 1% each year until the participant's rate reaches 6%. A participant may elect a higher or lower rate or can opt out upon request. Effective August 16, 2021, the automatic enrollment feature was amended so that participants are automatically enrolled in the Plan with a minimum 5% deferral rate and the rate increases 1% each year until the participant's rate reaches 10%.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

CONTRIBUTIONS

The Companies' eligible employees may contribute 1% to 60% of their compensation, subject to the limitations as defined by the IRC, each year on a pre-tax basis by salary reduction or on a post-tax, Roth 401(k) basis.

Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Companies may make a discretionary matching contribution or a discretionary nonelective contribution without regard to the Companies' current or accumulated profits as determined each year by resolution of the Companies' board of directors. The Employer shall determine the contribution period for the calculation of any discretionary matching contribution and participants must be employed on the last day of the elected contribution period to be eligible for the Employer discretionary matching contribution. The contribution period for the calculation of any discretionary nonelective contribution is the plan year and participants must be employed on the last day of the plan year to be eligible for the Employer discretionary nonelective contribution. For the years ended December 31, 2021 and 2020, no discretionary matching or nonelective contributions were made.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's allocation of (a) the Companies' contributions, (b) the participant's contribution, and (c) Plan earnings (losses). Allocations of the Companies' nonelective contributions are based on the participant's compensation. Allocations of the Companies' matching contribution are allocated as a percentage of the participant contribution. Allocations of fund earnings are based upon the ratio that each participant's fund balance bears to the total investment fund balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

VESTING

Participants are 100% vested in their own contributions and earnings on their contributions. Participants are vested in their Companies' contributions and earnings as follows:

Years of Service	Vested Percentage
Less than two years	0%
Two or more years	100%

In addition, a participant will become 100% vested upon attaining the age of 62, death or disability.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts up to a maximum of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest are paid ratably through payroll deductions.

In response to the COVID-19 pandemic, The Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law by President Trump on March 27, 2020. Section 2202 of the CARES Act provisions impact the Plan, participants, and the Plan Sponsor. The Companies adopted the CARES Act provision that allowed qualified participants with an outstanding loan (meaning a loan taken before the CARES Act was enacted) that had a repayment due between March 27, 2020, and December 31, 2020, to delay their loan repayments up to one year. Interest continued to accrue on these delayed payments. The term of the loan was extended by the length of the deferment period.

DISTRIBUTIONS

Upon termination of employment, retirement, death or disability, the participant may receive a distribution equal to the value of the participant's vested interest in their account by a single lump-sum distribution or a series of periodic payments. A participant's total vested benefit of less than $1,000 is subject to an involuntary cash-out distribution even if the participant does not consent to a distribution. Any distribution greater than $1,000 but less than $5,000 that is made without the participant's consent will be rolled over to an individual retirement plan designated by the plan administrator.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

DISTRIBUTIONS (CONTINUED)

Subject to certain restrictions, in-service withdrawals from a participant's account may be permitted to participants who are over the age of 59½ or if the participant qualifies for a financial hardship, as described in the Plan document, for which funds are not reasonably available from other resources of the participant.

Distributions to Plan participants turning 70½ are required in accordance with the IRC and the Plan document.

The CARES Act waived minimum required distributions for 2020.

INVESTMENT OPTIONS

Participants may choose among various investment options upon enrollment, into the Plan in which his or her respective contributions may be invested subject to the limitations described in the Plan. Additionally, participants may elect to change their investment options and transfer their account balances among the different investment funds offered by the Plan.

FORFEITURES

Amounts forfeited from terminating participant's non-vested portion of their Companies' contribution and earnings on the Companies' contributions are used to pay Plan expenses or to offset future employer contributions. During the years ended December 31, 2021 and 2020, approximately $30 and $60, respectively, of forfeitures were used to pay Plan expenses. As of December 31, 2021 and 2020, there were approximately $9,700 and $6,100, respectively, of forfeiture balances available to reduce future Companies' contributions or to pay Plan expenses.

PLAN FEES AND COMMISSIONS

The Companies provide or pay for certain accounting, legal and management services without charge to the Plan. Fees related to the administration of notes receivable from participants and certain fees related to distributions and investment transactions are charged directly to participant's accounts are included in administrative expenses. Additionally, Plan recordkeeping fees may be paid by forfeitures when forfeitures are available. When forfeitures are not available, the fees are allocated to the accounts of participants or the Companies pay the recordkeeping fees. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements for the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Except for unutilized forfeitures (Note 1), the Plan's assets are allocated entirely to individual participants' accounts.

NOTES RECEIVABLE FROM PARTICIPANTS

Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PAYMENT OF BENEFITS

Benefit claims are recorded as deductions from net assets available when paid by the Plan.

ACCOUNTING ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 - TAX STATUS OF THE PLAN

The Plan adopted a pre-approved defined contribution plan that obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the pre-approved defined contribution plan, as designed, was in compliance with the applicable requirements of the IRC.

The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the individual securities are traded.

Participant directed brokerage accounts: These investments represent amounts invested in cash and common stocks valued at the closing quoted market price reported on the active market in which the individual securities are traded.

Common/collective trust fund*:* The investment is valued at Net Asset Value ("NAV") as a practical expedient based on contract value, which represents invested principal plus accrued interest, less expenses thereon. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contacts and investments held by the fund, the ability of the parties to the contracts and investments to perform in accordance with the terms of the fund and the likelihood of default by the issuer of an investment security. While the fair value of the common/collective trust fund is determined by the investee's trustee based on the fair value of the underlying securities within the investment at the fund level, the fair value of the investment as reported by the investment custodian at the Plan level is based on NAV as the practical expedient which is contract value. Contract value is the relevant fair value for such an investment as that is the value that participant's transactions are reported.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level within the fair value hierarchy the investments held by the Plan as of December 31, 2021 and 2020:

	Fair Value Measurements Using Input Type			
December 31, 2021	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$21,996,802	$ ---	$ ---	$21,996,802
Participant directed brokerage accounts	1,938	---	---	1,938
Total investments categorized in the fair value hierarchy	$21,998,740	$ ---	$ ---	21,998,740
Common/collective trust fund valued at NAV as a practical expedient*				2,028,774
Total investments, at fair value				$24,027,514

	Fair Value Measurements Using Input Type			
December 31, 2020	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$20,290,531	$ ---	$ ---	$20,290,531
Participant directed brokerage accounts	2,809	---	---	2,809
Total investments categorized in the fair value hierarchy	$20,293,340	$ ---	$ ---	20,293,340
Common/collective trust fund valued at NAV as a practical expedient*				2,444,814
Total investments, at fair value				$22,738,154

**Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following presents additional information relative to Plan investments reported on net asset value at December 31, 2021 and 2020:

The common/collective trust investment fund is subject to a daily redemption frequency and another redemption restriction of direct exchange from this fund to a "competing" fund (e.g., money market funds, short term bond funds, certain asset allocation/lifecycle funds and brokerage window) is prohibited. Instead, the participant must first exchange to a non-competing fund for 90 days. There are no redemption notice requirements, or unfunded commitments related to the common/collective trust fund as of December 31, 2021 and 2020.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

NOTE 6 - PLAN TERMINATION

The Companies have the right to discontinue contributions to the Plan or to terminate the Plan at any time. Upon termination of the Plan, the rights of each participant are nonforfeitable with respect to Plan benefits accrued to the date of such termination, subject to any curtailment and reduction necessary for qualification under any tax law or necessary for this Plan to meet the requirements of the Employee Retirement Income Security Act of 1974 or any other applicable laws.

NOTE 7 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain Plan investments are interest bearing cash, mutual funds and a common/collective trust fund managed by Fidelity Investments. Fidelity Investments is affiliated with Fidelity Management Trust Company, the trustee of the Plan. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Fidelity Management Trust Company, its affiliates, other investment custodians and investment advisors.

NOTE 7 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS (CONTINUED)

As noted in Note 1, certain administrative expenses related to participant related activities are paid directly to an affiliate of Fidelity Management Trust Company. In addition, certain Plan recordkeeping fees may be paid by the Plan. All fees paid directly by the Plan to Fidelity Management Trust Company are included in administrative expenses.

Additionally, fees may be paid to certain service providers that are considered parties-in-interest under ERISA and these fees are included in administrative expenses.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

NOTE 8 - RECONCILIATION OF THE FINANCIAL STATEMENTS TO THE FORM 5500

Due to timing differences, the financial statements for the years ended December 31, 2021 and 2020 reflect a difference in net assets available for benefits and in changes in net assets available for benefits compared to the Form 5500.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31,	
	2021	2020
Net assets available for benefits per the financial statements	$ 24,353,350	$ 23,154,849
Adjustment for common/collective trust reported at market value on Form 5500 instead of fair value	18,055	85,628
Participant contributions receivable	--	(352)
Net assets available for benefits per the Form 5500	$ 24,371,405	$ 23,240,125

NOTE 8 - RECONCILIATION OF THE FINANCIAL STATEMENTS TO THE FORM 5500 (CONTINUED)

The following is a reconciliation of the net increase (decrease) in net assets available for benefits per the financial statements to the Form 5500:

	Years Ended December 31,	
	2021	**2020**
Net increase (decrease) in net assets available for benefits per the financial statements	$ 1,198,501	$ (575,642)
Net change in participant contributions receivable	352	(352)
Net market value adjustment	(67,573)	54,613
Net increase (decrease) in the net assets available for benefits per the Form 5500	$ 1,131,280	$ (521,381)

NOTE 9 - PROHIBITED TRANSACTIONS

During the Plan years ended December 31, 2021 and 2020, the plan sponsor inadvertently failed to deposit $149 and $352, respectively, of participant deferrals within the required timeframe as stated by ERISA. The deferrals were deposited beyond the earliest expected date on which assets could be segregated from the employer's assets. The U.S. Department of Labor considers late deposits to be prohibited transactions. The plan sponsor calculated lost earnings on the 2020 deferrals and deposited the lost earnings during 2021. The plan sponsor is in the processing of calculating lost earnings and self-correcting the 2021 deferrals.

The Plan Sponsor does not believe these prohibited transactions will impact the Plan's tax status.

NOTE 10 – SUBSEQUENT EVENTS

The Plan's management has evaluated all events subsequent to December 31, 2021 through October 17, 2022, the date these accompanying financial statements were available to be issued, and has determined there are no events identified requiring recognition or disclosure in the financial statements.
