Independent Auditor's Report

To the Plan Administrator
Genpak 401(k) Plan
Charlotte, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Genpak 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a) (3) (C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a) (3) (C) audit") . As permitted by ERISA Section 103(a) (3) (C) , our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution") , provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule H, line 4a-Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the

audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Genpak 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Genpak 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Genpak LLC (the "Company" or "Employer"), except those employees who are covered by collective bargaining agreements. Employees are eligible to participate in the Plan after performing 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Trustee and Administration of the Plan

The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Company's Retirement Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective September 7, 2021, the Plan changed its recordkeeper from Massachusetts Mutual Life Insurance Company ("MassMutual") to Fidelity Management Trust Company ("Fidelity"). Concurrently, the Plan adopted a Fidelity pre-approved plan document and changed its trustee from MassMutual and Reliance Trust Company ("Reliance") to Fidelity.

On December 31, 2020, Empower Retirement ("Empower") (which refers to the products and services offered by Great-West Life & Annuity Insurance Company and its subsidiaries, including Empower Retirement, LLC) acquired the retirement business of MassMutual. Following an initial transition period, Empower became the sole administrator of MassMutual's business in 2021. Use of MassMutual herein is intended to also refer to Empower.

Contributions

Each participant may contribute an amount between 1% and 75% of their annual basic compensation as pre-tax or Roth contributions. Participants are automatically enrolled for pre-tax deferrals of 6% of eligible compensation with an automatic annual increase of 1% (not to exceed 10%) unless designated otherwise by the participant.

The Employer contributes a Safe Harbor matching contribution equal to 100% of the amount contributed by a participant up to the first 4% of eligible compensation, plus 50% on the next 2% of eligible compensation. In addition, the Employer may make additional discretionary contributions out of its net profits. No discretionary contributions were made during 2021.

Participants may also contribute amounts representing distributions from other qualified plans ("rollover contributions").

Contributions are subject to certain limitations.

Genpak 401(k) Plan

Notes to Financial Statements

Benefit Payments

A participant's account is distributed to him/her based on his/her election under the Plan document upon normal retirement (age 65), early retirement (age 55), death, disability, or termination of employment. The Plan allows for hardship distributions and in-service withdrawals upon attainment of age 59 ½ from all vested account balances. Distributions may be paid to qualified participants in a lump sum or installment payments in the form of cash or a rollover to a qualified Plan. Vested account balances below \$1,000 may be automatically paid to participants, and balances between \$1,000 and \$5,000 may be rolled into an individual retirement account at the discretion of the Employer.

Vesting

Participants have a 100% vested and nonforfeitable interest in the portion of their accounts attributable to their own contributions, and accumulated earnings and losses thereon.

Safe Harbor matching contributions and earnings thereon are subject to a 2 year cliff vesting schedule. Employer discretionary contributions and earnings thereon are vested according to the following schedule.

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participants become 100% vested upon death, disability, retirement, and early retirement.

Forfeitures

At December 31, 2021 and 2020, forfeited nonvested accounts totaled approximately \$550,000 and \$249,000, respectively. Forfeitures may be used to reduce future Employer contributions and to pay Plan expenses. In 2021, no forfeitures were used.

Notes Receivable from Participants

The Plan allows participants to borrow up to 50% of their vested account balances. The minimum loan is \$1,000 and the maximum loan is \$50,000. The loans are secured by the balance in the participant's vested account and bear a reasonable interest rate based on prevailing interest rates. Loan terms may not exceed 5 years, except on the purchase of a primary residence. Participants may only have one loan outstanding at a time. Principal and interest are paid ratably through payroll deductions.

Genpak 401(k) Plan

Notes to Financial Statements

Participants' Accounts

Each participant's account is credited with the participant's contributions, the Employer contributions, and an allocation of net plan earnings or losses, thereon. Participant accounts are charged with an allocation of administrative expenses that were paid by the Plan. Allocations are based upon participant earnings, account balances, or participant requested services, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant and Employer contributions may be invested in various investment options, as directed by the Participant.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments and Investment Income

The investments of the Plan, with the exception of the fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

The Plan's fully benefit-responsive investment contract with MassMutual is valued at contract value. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. See Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. Interest income is recorded on the accrual basis. A participant's loan shall be considered in default if any scheduled repayment remains unpaid 90 days following the end of the month in which the loan payment is missed (end of "cure period"). Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. No allowance for credit losses has been recorded at December 31, 2021 and 2020. During 2021, approximately \$15,000 was recorded as deemed distributions.

Genpak 401(k) Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Employer and are excluded from these financial statements. The Plan pays administrative expenses including investment advisory fees and record-keeping fees specific to participant requested services. Investment management fees are included in net investment income on the statement of changes in net assets available for benefits.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, MassMutual and Reliance, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020;
- Investment income, net and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021; and
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Investment Contract with Insurance Company

The Plan has entered into a fully benefit-responsive investment contracts with Mass Mutual referred to as the Fixed Interest Fund. The Employer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for benefits paid to participants and administrative expenses. The guaranteed investment contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Genpak 401(k) Plan

Notes to Financial Statements

As the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the investment contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with MassMutual. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Employer or other Employer events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The investment contract does not permit MassMutual to terminate the agreement prior to the scheduled maturity date. This investment was sold upon change in recordkeeper to Fidelity as described in Note 1.

The average yield earned by the Plan during 2021 was 3.62%. This investment was sold upon change in recordkeeper to Fidelity as described in Note 1.

5. Fair Value Measurements

Accounting Standards Codification ("ASC") 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Genpak 401(k) Plan

Notes to Financial Statements

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Mutual funds are registered investments with various investment managers. The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equities and fixed income securities. Mutual funds are valued at the daily closing price as reported by the fund. The Plan holds shares in mutual funds traded on national securities exchanges. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: The pooled separate accounts ("PSA's") held at December 31, 2020 invest directly in mutual funds and other registered investments. These PSA's are valued daily at their NAV. The NAV, as provided by MassMutual is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. If this practical expedient is not used it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. These investments are not direct filings entities. There are no unfunded commitments or liquidity restrictions related to the PSA's, and the redemption frequency is daily. The funds in this category seek long-term capital growth, primarily through investment in US equity securities. The PSA's were sold upon change in recordkeeper to Fidelity as described in Note 1.

Common Collective Trust: The common collective trust (CCT) held at December 31, 2021 represents investments with various investment managers. Units held in the CCT are valued at the NAV. The NAV, as provided by Fidelity, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There are no unfunded commitments or liquidity restrictions related to the CCT. The CCT is a direct filing entity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize, by level within the fair value hierarchy, the Plan's investments stated at fair value at December 31, 2021 and 2020:

Assets at Fair Value at December 31, 2021					
	Measured at Net Asset Value	Level 1	Level 2	Level 3	Total

6. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity and MassMutual. Administrative fees are paid by the Plan to Fidelity and MassMutual. Fees paid by the Plan for investment management are included in net investment income on the statement of changes in net assets available for benefits. These transactions qualify as exempt party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions.

During 2020 and prior years, Plan management identified instances of untimely remittances of participant contributions totaling and approximately \$8,075,000. These untimely remittances qualify as non-exempt party-in-interest transactions.

7. Risks and Uncertainties

The Plan may invest in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could be material to the financial statements.

8. Tax Status

The Plan has adopted a volume submitter plan of MassMutual. The Internal Revenue Service ("IRS") informed MassMutual in an opinion letter dated March 31, 2014, that the form of the plan is acceptable under the requirements of the Internal Revenue Code ("IRC"). Effective September 7, 2021, the Plan adopted FMR, LLC (Fidelity) Non-Standardized Pre-Approved Profit Sharing Plan With CODA ("Pre-Approved Plan"). This adoption was concurrent with the change in recordkeeper and trustee, as described in Note 1. The IRS ruled on June 30, 2020 that the Pre-Approved Plan, including related amendments, as designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRS and accordingly was tax exempt as of the financial statement date.

In accordance with ASC 740, *Income Taxes*, GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Genpak 401(k) Plan

Notes to Financial Statements

9. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

10. Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through October 17, 2022, the date the financial statements were available to be issued. During this period, no material subsequent events were identified.
