INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Bayer Corporation Savings and Retirement Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Bayer Corporation Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the accompanying 2021 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BAYER CORPORATION SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN

The following brief description of the Bayer Corporation Savings and Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document or the summary plan description for more complete information.

General

The Plan is a defined contribution savings plan available to certain union and non-union employees of Bayer Corporation (the “Company”) and its affiliates that have adopted the Plan. The Company is the designated Plan sponsor and is also responsible for the administration of the Plan. Fidelity Management Trust Company (“Fidelity”) is the trustee and record-keeper of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions

The Company matches a percentage of employee contributions as defined by the Plan. The Company contributes 100 percent of the first 3 percent and 50 percent of the next 4 percent of eligible compensation that a participant contributes to the Plan. The Company has Collective Bargaining Agreements (“CBA”) with various unions. Each CBA determines the Company’s matching contribution rate for eligible employees covered by the applicable CBA.

The Company contributes a retirement portion of an additional 5 percent of eligible compensation, as defined by the Plan, for employees not covered by a CBA. Employees may qualify for an additional contribution beyond the 5 percent based upon their age and years of benefit service under predecessor defined benefit pension plans. These contributions (collectively referred to as “retirement contributions”) are in addition to the funding provisions of the Plan as described in the preceding paragraph. Individual CBA’s determine the participation date and the Company contribution rate for eligible employees covered by the applicable CBA.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 5% of eligible compensation. Under the auto-enrollment provision the deferral rate will automatically increase one percentage point each April until the deferral rate reaches 7%, unless they affirmatively decline this option.

Employees may elect to contribute up to 50 percent of their compensation in the form of pre-tax contributions, Roth 401(k) contributions and traditional after-tax contributions. Employees who attain age 50 by December 31 and who meet other eligibility criteria are able to make additional “catch-up” contributions to the Plan. The maximum catch-up contribution amounts of the years ended December 31, 2021 and 2020 were \$6,500 each year. Employee contributions are in addition to the rollover amounts from other qualified retirement plans.

1. DESCRIPTION OF PLAN (Continued)

Each participant can elect to have their employee contributions, the matching employer contributions and retirement contributions invested in any of the available investment options in whole-numbered increments of one percent. This election may be changed daily with proper notification. If employees do not make an investment election prior to receiving contributions under the Plan, their contributions will be automatically invested in the Target Retirement Fund closest to their 65th birthday.

Participants may elect to enroll in a fee-based investment advisory program offered by an affiliate of the trustee. Fees are based on a percentage of assets of the participants' account. (See Note 6)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings less administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Company matching contributions plus actual earnings thereon.

Vesting in the Company's retirement contribution portion of participant accounts is based upon years of vesting service. Vesting service is used to determine if a participant is entitled to receive any benefits from the plan when you leave the company. Employees will be vested in the Company retirement contributions upon the completion of three years of vesting service. Note, years of service recognized for vesting includes years of vesting service prior to 2006 as determined by participation in predecessor defined benefit pension plans sponsored by the Company.

Benefit Payments and Forfeitures

During 2020, under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), all required minimum distributions (RMDs) were waived for calendar year 2020, including participants who turned 70 ½ during 2019 and did not take their distribution prior to January 1, 2020.

The Plan provides for withdrawals of after-tax savings contributions during a participant's employment. A participant may withdraw in cash all, or fifty percent of, the value and earnings thereon. After-tax savings contributions that have not been "matched" by Company contributions may be withdrawn not more than once in any Plan year.

During 2020, the Plan elected to adopt the hardship provisions associated with the CARES Act. Under this provision, the additional 10% tax for early withdrawals is waived for hardship distributions related to participants diagnosed with COVID-19, participants with a spouse or dependent diagnosed with COVID-19, and participants who have experienced adverse financial consequences as a result of COVID-19. Participants who meet one of these requirements may withdrawal up to \$100,000, may spread the tax on the income due to the distribution over three years, and may repay the amount to the Plan over the next three years.

The full value of a participant's account is payable at retirement and at termination due to disability or death. Upon termination of employment, participants with balances equal to or less than \$1,000 will receive a lump-sum payment as soon as administratively feasible. There are also Plan provisions for withdrawals caused by a break in service by reason other than retirement, permanent shutdown, total and permanent disability or death.

1. DESCRIPTION OF PLAN (Continued)

Forfeitures by non-vested participants are used to reduce employer contributions. The forfeited balances at December 31, 2021 and 2020 were \$1,014,396 and \$1,396,512, respectively. Forfeitures used to reduce employer contributions for years ended December 31, 2021 and 2020 were \$5,301,934 and \$4,536,456, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 2 percent above the prime rate, as defined. However, the rate is fixed at the inception of the loan for the life of the loan. Principal and interest is paid ratably through monthly payroll deductions. During 2020, under the CARES Act, the Plan elected to increase the maximum loan amount to the lesser of \$100,000 or 100% of the vested account balance, for loans taken between April 23, 2020 and September 22, 2020. In addition, participants who had loans due from April 23, 2020 through December 31, 2020 may delay their repayments and extend the term for up to one year.

Notes receivable from participants are valued at the unpaid principal balance plus unpaid accrued interest, which approximates fair value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying statements of net assets available for benefits and related statements of changes in net assets available for benefits and the related notes the financial statements (financial statements) follows.

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis and in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

The investments of the Plan are reported at fair value, with the exception of the Stable Value Fund investment contract that is reported at contract value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investment transactions are recorded on the trade date basis. Net appreciation in the fair value of investments is comprised of the unrealized depreciation and appreciation on investments held during the year and the realized gain on investments sold during the year (which is computed using the average cost method based on the beginning market value). Dividend income is recorded on the ex-dividend date and interest is accrued when earned.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Significant estimates of the Plan include the valuation of investments. Actual results could materially differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements while other fees related to the administration of the Plan are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value in investments. (See Note 6).

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan in certain circumstances to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, all account balances are fully vested, nonforfeitable and would be distributed to participants, as defined by the Plan, within a reasonable time following termination.

3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and investment income and interest income – notes receivable from participants for the years ended December 31, 2021 and 2020 was obtained.

4. STABLE VALUE FUND INVESTMENT CONTRACTS (UNAUDITED)

Wrapper Contracts

The Bayer Corporation Stable Value Fund holds wrapper contracts in order to manage market risks and to alter the return characteristics of underlying securities to match certain fixed income fund objectives. Wrapper contracts generally change the investment characteristics of underlying securities to those of guaranteed investment contracts. The wrapper contracts provide that benefit-responsive distributions for specific underlying securities may be withdrawn at contract or face value. Benefit responsive distributions generally are defined as a withdrawal on account of a participant's retirement, disability, or death or participant directed transfer in accordance with the terms of the plan.

The Stable Value Fund investments primarily consist of traditional (such as investment contracts issued by life insurance companies, banks, U.S. Government securities, mutual funds – including Fidelity and Vanguard investments, and collective investment trusts) and synthetic investment contracts.

4. **STABLE VALUE FUND INVESTMENT CONTRACTS UNAUDITED (Continued)**

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

For synthetic investment contracts, the Plan holds underlying investments which are "wrapped" by a contract issued by a third party. The wrap contracts are designed to smooth out the impact of normal market fluctuations of the underlying investments. The difference between the market value of the underlying investments and the reported value of the synthetic investment contract is generally the implicit value of the wrap contract. All investments and the wrap contract are benefit responsive. Units held in the Stable Value Fund are valued at contract value as reported by the investment trustee as of December 31, 2021 and 2020.

The Stable Value Fund is subject to Investment Management Agreements (the Agreements) between the Company and investment managers which, among other things, subjects the investment managers to investment guidelines such as minimum average credit ratings and a short to intermediate average duration of the underlying investments.

The Stable Value Fund seeks to achieve its objective by diversifying among high-credit-quality investments and investment contracts that are structured to smooth market gains and losses over time. The Stable Value Fund is managed to maintain a \$1 unit price; however, there is no guarantee that the fund will maintain this value.

The Stable Value Fund may not be able to maintain a stable net asset value if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets. This could result from the Stable Value Fund's inability to promptly find a replacement wrap contract following termination of a wrap contract.

In the event that wrap contracts fail to perform as intended, the Stable Value Fund's net asset value may decline if the market value of its assets decline. The Stable Value Fund's ability to receive amounts due pursuant to these wrap contracts is dependent on the third-party issuer's ability to meet their financial obligations. The wrap issuer's ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments.

Fidelity has implemented an equity wash provision. This provision limits participants from exchanging their shares at fully-accumulated value for shares of noncompeting funds. Assets exchanged from the Bayer Stable Value Fund must remain in the noncompeting fund for a minimum of 90 days. Management believes that the occurrence of this event is not probable.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Basis of Fair Value Measurement

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Target Date Trust Funds

The Target Date Trust Funds invest in Vanguard mutual funds using an asset allocation strategy designed for investors planning to retire and leave the workforce in or within a few years of the target year. The Trust Funds consist of various retirement target date funds that seek to provide capital appreciation and current income consistent with current asset allocations. The Trust Funds' asset allocations will become more conservative over time. The Trust Funds' indirect bond holdings are a diversified mix of short-, intermediate-, and long-term U.S. government, U.S. agency, and investment-grade U.S. corporate bonds; inflation-protected public obligations issued by the U.S. Treasury; mortgage-backed and asset-backed securities; and government, agency, corporate, and securitized investment-grade foreign bonds issued in currencies other than the U.S. dollar (but hedged by Vanguard to minimize currency exposures). The Trust Funds' indirect stock holdings are a diversified mix of U.S. and foreign large-, mid-, and small-capitalization stocks. The target retirement trust funds held by the Plan are considered passive investments.

Vanguard has implemented a trading policy on certain Target Retirement Trust Funds in an effort to discourage short-term trading. The funds included in the trading policy restriction prohibit a participant from selling the fund and repurchasing the same fund within sixty days.

5. FAIR VALUE MEASUREMENTS (Continued)

Common/Collective Trust Funds

The common/collective trust funds consist of the following.

Loomis Sayles Core Plus Trust: The Loomis Sayles Fund seeks to outperform the Bloomberg Barclays Capital US Aggregate Bond Index while maintaining a benchmark-aware risk return objective. Additionally, the fund seeks portfolios to be diversified by sector, industry and issuer. The fund managers work to identify attractively priced securities with projected stable or improving credit profiles and favorable risk/return characteristics. Valued using the Net Asset Value (NAV) provided by the administrator of the fund on each valuation date. The NAV is used as a practical expedient to estimate fair value. The per unit net asset value of the fund is determined each business day.

There are no unfunded commitments, redemption restrictions, or limitations on the frequency of redemption of these funds that utilize net asset value as a practical expedient.

The methods described above may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, it is possible that different fair value measurements may arise due to the use of different methodologies or assumptions in determining the fair value measurement at the reporting date.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value as of December 31, 2021 and 2020. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan had no material financial liabilities as of December 31, 2021 and 2020.

Investment Assets at Fair Value as of December 31, 2021

5. FAIR VALUE MEASUREMENTS (Continued)

	Investment Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$5,006,071,277	\$ -	\$ -	5,006,071,277

Investments measured at net asset value (a)				
Common/Collective Trusts fund				210,656,266
				<u>\$ 9,006,390,832</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. There are no unfunded commitments, the redemption frequency is daily, and there is no redemption notice period.

6. RELATED PARTY TRANSACTIONS

Certain Plan assets invested in funds managed by Fidelity, who is the record-keeper and trustee of the Plan. Therefore, these transactions qualify as exempt party-in interest transactions. Fees paid to Fidelity consist of loan fees and investment management fees, and are not material to the Plan.

Loan, redemption and reissued check fees are specifically charged to the participant's account. If a participant elects to enroll in the fee-based advisory program, fees are based on the enrolled participant's account balance and directly charged to their account (See Note 1).

7. TAX STATUS

The Plan was amended and restated effective January 1, 2020 and the Internal Revenue Service has determined and informed the Company by letter dated August 19, 2021 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the relevant taxing authority.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2018.

8. RISKS AND UNCERTAINTIES

The Plan invests in securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in value will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. SUBSEQUENT EVENTS

The plan has evaluated subsequent events through September 29, 2022, the date the financial statements were available to be issued.
