INDEPENDENT AUDITORS' REPORT

The Retirement Plan Committee
Applied Composites Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Applied Composites Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Applied Composites Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Applied Composites Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ABC Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

The Retirement Plan Committee
Applied Composites Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying statement of net assets available for benefits the Applied Composites Retirement Plan, as of December 31, 2020, and the related notes to this financial statement.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the December 31, 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by Section 29 CFR 2520.13-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the December 31, 2020 information summarized in Note 3, which was certified by Lincoln Financial Group, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020 that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the December 31, 2020 financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the December 31, 2020 financial statement, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Applied Composites Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Plan and was originally established on January 1, 2016 upon adoption of the *Ohio National Life Insurance Company Defined Contribution Volume Submitter Plan* for the benefit of the eligible employees of AC & A, LLC. The Plan subsequently allowed the employees from three additional companies (Applied Composites Engineering, Inc., Encore Composite Structures, Inc. and San Diego Composites, Inc.) to participate in the plan. During 2019, Applied Composites Holdings, LLC (formerly "AC & A, LLC") engaged a new asset custodian, Lincoln Financial Group Trust Company, Inc. ("Lincoln") and adopted Lincoln's *Defined Contribution Volume Submitter Plan and Trust* ("Plan Agreement"). During 2020, the Plan was amended to allow eligible employees of a fifth company, Alliance Spacesystems, LLC to participate in the plan. All five companies are members of a controlled group and are referred to collectively herein as the "Employer". The Plan's asset custodian, Lincoln Financial Group, is referred to herein as the "Custodian".

Employees of the Employer may participate in the Plan upon meeting eligibility requirements, as described below. The Employer is responsible for the overall administration and operation of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is designed to qualify under Section 401(k) of the Internal Revenue Code (the "IRC").

The Employer has established a Retirement Plan Committee which is responsible for the oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Custodian holds and distributes the funds of the Plan in accordance with the Plan's provisions and the instructions of the Employer.

Eligibility

All employees who are a minimum of 21 years of age and have completed 30 days of eligible service are eligible to participate in the Plan. Following satisfaction of the eligibility requirements, employees can enroll on the first day of the calendar month following the date they reach eligibility.

Participant Contributions

Tax-Deferred Contributions
A participant in the Plan may elect to have voluntary tax-deferred contributions deducted from their pay, for each pay period, up to the annual maximum allowed under the IRC, which was $19,500 for the year ended December 31, 2021 for participants under age 50, and a total of $26,000 for participants over age 50 ($19,500 in normal deferrals, plus an extra $6,500 in catch-up deferrals).

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Contributions (continued)

After-Tax Roth Contributions
A Plan participant may designate part or all of their Plan contributions as either tax-deferred contributions or as after-tax Roth contributions, provided that their aggregate combined tax-deferred contributions and after-tax Roth contributions for the calendar year do not exceed to the annual maximum allowed under the IRC. A participant may change or suspend their after-tax Roth Contribution election.

Rollover Contributions
An employee who receives a qualifying rollover distribution from an eligible retirement Plan may make a rollover contribution into the Plan, even though the employee has not otherwise become eligible to participate in the Plan.

Catch-Up Contributions
In addition to the tax-deferred contributions and/or after-tax Roth contributions described above, Plan participants who will be at least 50 years old by the end of the calendar year and who have contributed the maximum amount of tax-deferred contributions and/or after-tax Roth contributions for the year may make additional catch-up contributions to the Plan in accordance with, and subject to, the limitations of the IRC. The catch-up contribution limit was $6,500 for the year ended December 31, 2020.

Employer Contributions

In accordance with the Plan Agreement, the Employer makes safe harbor matching contributions in an amount equal to 100% of a participant's contributions that do not exceed 3% of a participant's compensation, plus 50% of the participant's elective deferrals that exceed 3% but do not exceed 5% of a participant's compensation. The Employer's annual safe harbor contribution was $1,397,037 for the year ended December 31, 2021.

The Employer may also make discretionary matching contributions equal to a discretionary percentage, as determined by the Employer, of the participants' elective deferrals. There were no discretionary matching contributions declared or paid during the year ended December 31, 2021.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with (a) the participant's contributions, (b) Employer safe harbor matching and discretionary matching contributions (when applicable) made to the Plan; and (c) investment earnings. Each participant's account is charged with participant specific fees, such as withdrawal fees, and allocations of investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Investment Options

The Plan offers various investment options which are managed by outside investment managers. Upon enrollment in the Plan, the participants may direct their contributions in any of the investment options offered at the time. Participants should refer to the investment literature provided by the Employer for a complete description of the investment options and for the detailed composition of each investment fund.

Vesting

Participants are fully vested in their tax-deferred and after-tax Roth contributions, rollover contributions, catch-up contributions and Employer safe harbor contributions.

Each participant attains a vested and nonforfeitable right in Employer discretionary matching contributions (when applicable) in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Forfeitures

During the year ended December 31, 2021 there were no forfeitures. Forfeitures may be added to any Employer discretionary matching contributions and allocated in the same manner.

Benefit Payments

Upon termination of service, participants or their beneficiaries may receive all, or a portion, as elected, of the vested interest in the participant's account in a lump sum payment, or rollover their account balance into another qualified plan. Terminated participants with a vested account balance of $5,000 or less (excluding rollovers) will receive an automatic cash-out distribution. Terminated participants with a vested account balance greater than $5,000 (excluding rollovers) can elect to receive a lump-sum distribution, or rollover their account balances into another qualified plan within a reasonable period of time following the date the participant terminates employment. Partial withdrawals or installments are only permitted for participants with vested account balances of $5,000 or more, who also must receive required minimum distributions under IRC §401(a)(9).

In-service account withdrawals are permitted for participants who suffer certain financial hardships and meet criteria established by the Internal Revenue Service ("IRS"). In-service account withdrawals are also permitted for participants who have reached 59 1/2 years of age.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Benefit Payments (continued)

Any withdrawals by participants prior to terminating employment with the Employer and prior to age 59 1/2 are subject to ordinary personal income taxes and an early withdrawal penalty. Additionally, withdrawals by terminated participants, prior to the attainment of age 59 1/2, which are not rolled over into another qualified plan, are also subject to ordinary personal income taxes and an early withdrawal penalty.

Notes Receivable from Participants

The Plan does not permit participants to borrow from their account balances. During 2018 AC & A, LLC acquired three entities and the Plan was amended to allow participants to rollover their previous 401(k) plan balances from these acquired businesses into the Plan. During 2018, some of the participant accounts from the acquired businesses that were rolled into the Plan included participant loans.

Repayments of principal and interest are treated as transfers to the participant's investment funds. Borrowings are secured by the individual participant's vested account balance and bear interest at a reasonable rate commensurate with the interest rates charged by persons in the business of lending money for loans, as required in CFR 29 § 2550.408b-1(e). Borrowings are to be repaid within five years, unless used for the purchase of a primary residence, in which case the maximum repayment term is 30 years. A loan is in default when a scheduled installment payment has not been received by the last day of the calendar quarter, following the calendar quarter in which the first scheduled installment payment was due. If a loan has not been fully repaid by the end of its term, the outstanding balance will be treated as a deemed distribution.

Loans are segregated investments and the individual participants will bear any expense or loss that occurs in connection with their loans. The interest that participants pay on their loans will be directly credited to their account. For the outstanding loans during 2021, interest rates ranged between 3.25% and 5.25% per annum. The current value of loans to participants was $4,662 at December 31, 2021. The value of loans to participants was $13,390 at December 31, 2020.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Accounting Method

The Plan financial statements have been prepared on the accrual basis of accounting in accordance with Accounting Principles Generally Accepted in the United States of America ("GAAP").

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

In preparing financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income

Common and Collective Trusts:
The majority of the Plan's investments are in common and collective trust accounts and are stated at fair value, which is determined by Lincoln Financial based on each fund's unit value as further described in Note 4. When calculating each common and collective trust account's unit value, and the value of Pooled Separate Accounts, Lincoln Financial uses the observable Net Asset Value (NAV) of the underlying investments. Purchases and sales are recorded on a trade-date basis and dividends are recorded when received. Realized gains and losses are based on an average cost basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Stable Value Fund:
Participants can also invest in a "Lincoln Stable Value Account", which is considered fully benefit responsive and is valued at contract value. This investment is a group fixed annuity contract, issued by the Lincoln National Life Insurance Company. The value of this contract is guaranteed by the general account of the issuing agency (Lincoln National Life Insurance Company) and provides a guaranteed minimum interest rate of 1.70%.

As this contract meets the fully benefit-responsive investment contract criteria, it is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln National Life Insurance Company, represents contributions made under contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income (continued)

Certain events may limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include, but are not limited to: (i) complete or partial termination of the Plan, or its merger with another plan, (ii) failure of the Plan to maintain qualified status per the requirements laid out in the United States Internal Revenue Code, (iii) failure to make required payments to Lincoln, (iv) the discovery of material misrepresentation by the Plan to Lincoln, and (v) the termination of the Plan's recordkeeping agreement with Lincoln. The Plan administrator believes that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is not probable.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. CFR 29 §1.72(p)-1 applies a statutory requirement that loans be considered delinquent in the quarter following the quarter in which a payment is missed. Additionally, participant loans are required to be considered delinquent, and deemed distributed, at the time a participant separates from service. During 2021 there was one deemed distributions of a participant's notes receivable in the amount of $720. During 2020 there were no deemed distributions or offset distributions for participants' notes receivable. Additionally, the Employer erroneously did not withhold several participants payments at the time participants' loans rolled over from their previous employer plans. These items were subsequently corrected in a 2021 Voluntary Fiduciary Correction Program ("VFCP") filing.

Costs and Expenses

The costs and expenses of the Plan are shared by the Plan and the Employer. Audit fees are paid by the Employer. Participant specific fees are paid out of the assets of the Plan allocated to corresponding participant accounts. Administration expenses not directly related to specific participants, including fees for direct investment transactions, recordkeeping, and trustee services that are paid out of assets of the Plan, are allocated to participant accounts based on individual participant account balances. Investment related expenses are included in the net appreciation in fair value of the related investment.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan as of December 31, 2021 and 2020.

Income Taxes

GAAP requires management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merit, to be sustained upon examination by the IRS. The Employer has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there were no

uncertain positions taken or expected to be taken. The Plan has not recognized any interest or penalties related to uncertain tax positions.

NOTE 3 - INVESTMENTS AND INFORMATION CERTIFIED BY LINCOLN (UNAUDITED)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by the Plan's Custodian, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule.

As of December 31, 2021 and 2020, the Custodian certified the completeness and accuracy of net investments as follows:

	2021	2020
Common and collective trust accounts	$ 25,376,503	$ 19,271,141
Mutual funds	3,555,864	2,554,605
Stable value account at contract value	53,416	215,705
Notes receivable from participants	3,942	13,390
	$ 28,989,725	$ 22,054,841

For the year ended December 31, 2021, the Custodian certified the completeness and accuracy of net investment income as follows:

Net realized gains on common and collective trust accounts	$ 3,146,941
Net realized gains on mutual funds	401,578
Dividends on mutual funds	117,768
Interest on participant loans	641
Interest on stable value account, at contract value	2,093
	$ 3,669,021

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan uses Accounting Standards Codification ("ASC") 820 for fair value measurements, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). In some cases, a valuation technique used to measure fair value may

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

include inputs from multiple levels of the fair value hierarchy. In such cases, the lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The three levels of the fair value hierarchy are as follows:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Quoted prices in markets that are not considered to be active, or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable, including option pricing models, discounted cash flow models, and similar techniques.

The Plan's investments in common and collective trust accounts are valued at the NAV established by the fund manager on a daily basis. Fund NAVs are used as a practical expedient to estimate fair value and are based on the fair value of the underlying investments held by the funds. There are no redemption restrictions on these investments. In addition, the Plan has no unfunded commitments and the funds can be redeemed daily with no notice period.

The following table shows the balances of these assets based on the GAAP designated fair value hierarchy as of December 31, 2021 and 2020:

	Fair Value Measurements as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,555,864	$ -	$ -	$ 3,555,864
Common and collective trust accounts at NAV*	-	-	-	25,376,503
Total	$ 3,555,864	$ -	$ -	$ 28,932,367

	Fair Value Measurements as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,554,605	$ -	$ -	$ 2,554,605
Common and collective trust accounts at NAV*	-	-	-	19,271,141
Total	$ 2,554,605	$ -	$ -	$ 21,825,746

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient are not required to be classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

There were no transfers between fair value levels during the years ended December 31, 2021 and 2020.

NOTE 5 - TAX STATUS

By a letter dated March 31, 2014, the IRS has determined that the form of the Plan Agreement and related trust are acceptable under Section 401(a) of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. The Employer believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code, and the Plan and related trust continue to be tax-exempt. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is still subject to federal and state income tax examinations by taxing authorities for the years ended December 31, 2017 through 2020.

NOTE 6 - RELATED-PARTY TRANSACTIONS

The Plan investments were common and collective trust accounts managed by Lincoln Financial Group. Lincoln was the custodian as defined by the Plan and, therefore, transactions involving them qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $148,379 for the year ended December 31, 2021.

NOTE 7 - NON-EXEMPT RELATED PARTY TRANSACTIONS

During the Plan year ended December 31, 2020, the Employer did not remit certain participant contributions to asset custodian in a timely manner, as required under CFR 29 §2510.3-102, based on when the participant contributions were withheld from participant paychecks, and when the contributions were remitted to the asset custodian. Additionally, during the Plan year ended December 31, 2020, the Employer erroneously remitted certain participant contributions in incorrect amounts.

The Employer corrected these remittance issues and along with the required lost earnings payments during 2021. Participant accounts were credited with the amount of lost earnings (as calculated in the DOL approved manner), had the participant contributions been remitted in the correct amounts, and on a timely basis. The total corrective contribution to made was $20,039 of which, $7,592 was paid using forfeited funds.

NOTE 8 - FINANCIAL STATEMENT PRESENTATION

The financial statements of the Plan contain certain classifications of assets, additions to net assets, and deductions from net assets that differ from the presentation of assets, income and expenses that are reported on Internal Revenue Service Form 5500.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021 and 2020:

	2021	2020
Net assets available for benefits per the financial statements	$ 28,989,725	$ 22,217,791
Net assets available for benefits per Form 5500	$ 28,989,725	$ 22,217,791

NOTE 8 - FINANCIAL STATEMENT PRESENTATION (Continued)

The following is a reconciliation of the increase in net assets available for benefits per the financial statements, to the Form 5500 for the year ended December 31, 2021:

	2021
Net increase in assets available for benefits per the financial statements	$ 6,771,934
Net increase in assets available for benefits per Form 5500	$ 6,771,934

NOTE 9 - SUBSEQUENT EVENTS

Subsequent events were evaluated through October 17, 2021, which is the date the financial statements were available to be issued.
