Independent Auditors' Report

To the Administrator of the
Savings Investment Plan for Employees of Reckitt Benckiser LLC:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Savings Investment Plan for Employees of Reckitt Benckiser LLC (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SAVINGS INVESTMENT PLAN FOR EMPLOYEES OF RECKITT BENCKISER LLC

Notes to Financial Statements

December 31, 2021 and 2020

(1) General Description of the Plan

The following is intended only as a general description of the Savings Investment Plan for Employees of Reckitt Benckiser LLC (the Plan), the former Reckitt & Colman Inc. Savings Investment Plan I (SIP I). Participants should refer to the Plan documents for a more complete description. This Plan was established on January 1, 1973 and provides benefits to eligible employees of Reckitt Benckiser LLC (the Company).

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (ERISA). Wilmington Trust, NA is a current trustee for the Plan and Fidelity Management Trust Company (Fidelity) is a custodian and trustee as defined by the Plan. The Plan allows for participant contributions, Company matching contributions, and profit sharing contributions, as described in note 1(c).

Effective January 1, 1998, the Plan was amended to allow participants to participate in the Reckitt Benckiser USA Savings-Related Stock Ownership Program. This Stock Ownership Program (the Program) allows the Company to make supplemental employer contributions in the form of Reckitt Benckiser plc stock (the Company's parent company) to participants. All Plan participants are automatically enrolled and are required to make a three-year commitment to participate in the Program for a specified elected dollar amount of participant contributions. At the completion of each participant's three-year commitment period, participant's elected dollar amount of participant contributions is converted based on a formula as specified in the Plan into shares of Reckitt Benckiser plc stock based on the option exercise date share price, and such shares are contributed into each participant's account. This supplemental employer contribution is further described in note 2(c).

On July 1, 2017, the Company made certain amendments to convert the Plan to a multiple employer plan and is subject to Section 413 of the Internal Revenue Code (IRC) upon The French's Food Company LLC adoption of the Plan as a participating employer and co-sponsor. The Plan was amended to permit The French's Food Company LLC employees to continue to participate in the Plan.

Effective January 1, 2018, The French's Food Company LLC employees became eligible to participate in The McCormick 401(k) Retirement Plan and were no longer eligible to participate in the Plan. On March 1, 2018, the accounts of individuals actively employed by The French's Food Company LLC in the amount of \$20,397,112 were transferred out of the Plan and into The McCormick 401(k) Retirement Plan, and The French's Food Company LLC ceased as a participating employer in and a co-sponsor of the Plan.

On December 31, 2018, the Mead Johnson & Company, LLC Retirement Savings Plan (Mead Johnson Plan) merged and combined with the Plan. Each employee who was eligible to participate in the Mead Johnson Plan on December 31, 2018 is 100% vested in their participant account.

Effective January 1, 2021 Upspring employees were eligible to participate in the Reckitt 401(k) plan. A trust-to-trust conversion was done with their Upspring 401(k) accounts balances on June 3, 2021. Maple Island employees were hired as new employees and were able to enroll in the Reckitt plan as of April 1, 2021. Both companies were a 100% vested.

RECKITT BENCKISER LLC**

Notes to Financial Statements

December 31, 2021 and 2020

(a) Participation

Participation begins the first day of the first pay period following the date of hire. For an employee who was a participant in the plan prior to reemployment, participant begins the first day of the calendar month following the date of hire. Employees are automatically enrolled in the plan and make voluntary pretax contributions of three percent per year, subject to a 31-day period subsequent to the date of hire, during which they may opt out.

(b) Administration

The Benefits Committee appointed by the Company's Board of Directors of Reckitt Benckiser LLC is responsible for the general administration of the Plan and carrying out the Plan provisions. The Investment Review Committee, also appointed by the Board of Directors of Reckitt Benckiser LLC, oversees the asset performance through its review of the performance of the investment manager and trustees. Fidelity Investments is the Plan recordkeeper and trustee and Wilmington Trust, NA is a Plan Trustee (Trustee).

(c) Funding Policy

The Plan provides for voluntary basic contributions of up to 6% of a participant's annual pretax compensation. Participants may elect for savings to be Roth contributions, which are includable in the participant's income at the time of contribution. The Company provides a matching contribution of 75% of the participant's contribution provided that the participant contributes at least 2% of eligible compensation on a combined pretax or post-tax basis. Participant contributions of up to an additional 69% above the 6% may be made, subject to certain limitations, which are not eligible for the Company match. Highly compensated employees may contribute a maximum of 10% to the Plan. The Plan defines highly compensated employees as individuals with a base salary in excess of \$110,000. All new hires on January 1, 2010 and thereafter will participate in a 4% profit sharing component in addition to any savings contributions that they elect along with the Company matching contribution as defined by the Plan provisions.

Effective January 1, 2017, the Company amended the Plan to provide participants of the Company's Retirement Plan for Employees of Reckitt Benckiser LLC a transitional contribution equal to a percentage ranging from 5% to 12% of eligible compensation through December 31, 2021. Beginning January 1, 2022, the transitional contribution will be equal to 4% of eligible compensation. Participants eligible for the 4% profit sharing contribution as defined in the Plan are not eligible for the transitional contribution benefit.

The Plan allows all participants who have attained age 50 before the end of the plan year to make additional nonmatching participant before-tax savings contributions, which are referred to as catch-up contributions in accordance with, and subject to the limitations of, Section 414(v) of the IRC.

(d) Vesting

Participants maintain a nonforfeitable and vested interest in their employee and profit sharing contributions plus actual earnings thereon. Participants are vested in the Company matching contribution after three years of qualified service, at which time the participant is fully vested in all future Company contributions. No additional vesting requirements exist for transitional contributions. In

addition to the employer match contribution, an eligible employee may also participate in the supplemental employer contribution further discussed in note 2(c). If the participant fulfills the commitment to save under the Plan for three years, they will become entitled to the stock contribution.

(e) Forfeited Accounts

If a participant terminates from the Plan, the nonvested portion of the Company's matching contributions is forfeited and used to reduce future Company's matching contributions. The forfeited amounts of the Company's matching contributions and related investment income were \$2,755,209 and \$1,444,575, respectively, for 2021. Forfeitures applied toward Company's matching contribution for 2021 were \$2,090,485. Forfeitures related to withdrawals and other adjustments were \$9,537 and \$4,099, respectively. Forfeiture account balances at December 31, 2021 and 2020 were \$1,284,042 and \$608,596, respectively.

(f) Participant Account

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's matching contribution, (b) plan earnings, (c) supplemental employer contributions, (d) 4% profit sharing contributions, and (e) transitional contributions. Allocations are based on participant eligibility, earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their contributions into a variety of investment options.

(g) Plan Termination and Termination Priorities

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan subject to the provisions of Employee Retirement Income Security Act of 1974 as amended (ERISA). In the event of Plan discontinuance, assets would be distributed to the participants in proportion to their respective account balances as defined in the Plan and prescribed by ERISA and its related regulations. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(h) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum payment equal to the value of the participant's vested interest in his or her account or elect to receive annual installments over 10 years. Withdrawals of a participant's contributions during the period of employment may be made under certain circumstances and are recorded when paid as defined in the Plan documents.

(i) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their account balance. The notes are collateralized by the balance in the participant's account and bear interest at rates equal to prime plus one percent. Principal and interest are paid ratably through monthly payroll deductions. Generally, loans must be repaid within 5 years. However, loans to build or buy a primary residence may be repaid over a period of up to 10 years. Due to the transfer of certain loans into the Plan from historical mergers, there are loans that extend past

10 years. Notes receivable from participants as of December 31, 2021 bear interest ranging from 4.25% to 10.50% and loan maturity dates range from 2022 to 2042.

(2) Summary of Significant Accounting Policies and Principles

The following is a summary of significant accounting policies followed by the Plan:

(a) Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

(b) Investment Valuation and Income Recognition

The following is a description of the valuation methodologies used for assets the Plan.

Investments held by the Plan at year-end are valued at fair value with the exception of traditional guaranteed investment contracts (GICs) that are fully benefit-responsive and carried at contract value.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Plan Benefits presents the contract value of the investments relating to fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis, and gain or loss on disposition is based on average cost. The Plan presents in the Statement of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair values of its investments, which consists of realized gains and losses and unrealized appreciation (depreciation) from those investments. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment income is allocated to the Plan based upon participants' account balances and activity on a daily basis.

(c) Supplemental Employer Contributions under the Stock Ownership Program

The Company makes supplemental employer contributions in Reckitt Benckiser plc common stock under a formula based on employee contribution rates and market appreciation of Reckitt Benckiser plc common stock. The supplemental employer contribution receivable was \$1,814,742 and \$215,728 at December 31, 2021, and 2020, respectively. Such supplemental employer contributions are due to the Plan once employees meet certain criteria, which include making specified employee contributions and being employed by the Company on the applicable commitment date. Under limited circumstances, such as retirement or disability, employees earn a 'pro rata' supplemental employer contribution. No supplemental employer contributions are due to the Plan unless employees meet applicable criteria. The Plan records supplemental employer contributions on the date such criteria are met.

**SAVINGS INVESTMENT PLAN FOR EMPLOYEES OF
RECKITT BENCKISER LLC**

Notes to Financial Statements

December 31, 2021 and 2020

(d) Benefit Payments

Benefits are recorded when paid.

(e) Expenses of the Plan

All administrative expenses of the Plan are paid by the Company.

(f) Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document.

(g) Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

(h) Risks and Uncertainties

The Plan provides for various investment options in a variety of funds. Investments held by the Plan are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the related amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

(3) Investments

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in the active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets
- Quoted prices for identical or similar assets in inactive markets
- Inputs other than quoted prices that are observable for the asset

**SAVINGS INVESTMENT PLAN FOR EMPLOYEES OF
RECKITT BENCKISER LLC**

Notes to Financial Statements

December 31, 2021 and 2020

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

(a) Mutual Funds

These investments are valued at the closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are therefore classified within Level 1 of their fair value hierarchy. There are no unfunded commitments or redemption restrictions.

(b) Common Stocks

Investments are valued at the closing price reported on the active markets on which the individual securities are traded.

(c) Money Market Funds

Investments are valued through registered investment companies, which report a daily NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The funds are actively traded and have quoted prices in an active market. There are no redemption restrictions.

(d) Pooled Separate Account

The pooled separate account is valued at the NAV of the investment contract with Metropolitan Life Separate Account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate account, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The pooled separate account includes a wrapper contract, which is an agreement for the wrap issuer to make payments to the Plan in certain circumstances and provides a guarantee that the credit rate will

RECKITT BENCKISER LLC**

Notes to Financial Statements

not fall below 0%. Cash flow volatility (e.g., timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

(e) Common Collective Trust

Valued at the NAV of units of an insurance collective trust, which contains an investment contract; the NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The common collective trust includes a wrapper contract, which is an agreement for the wrap issuer to make payments to the Plan in certain circumstances and provides a guarantee that the credit rate will not fall below 0%. Cash flow volatility (e.g., timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

(f) Guaranteed Investment Contracts

The Plan holds a portfolio of traditional GIC, which are fully benefit-responsive investment contracts. As described in note 2, because the investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by the insurance companies, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value, is probable. The investment contracts permit redemption prior to the scheduled maturity date following a notice period as defined in the contracts. There are no unfunded commitments. Traditional GICs as of December 31, 2021 and 2020 are \$48,064,218 and \$53,597,666, respectively, and are excluded from the fair value hierarchy.

(6) Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity and Wilmington Trust, NA. Wilmington Trust, NA is a trustee and Fidelity is a trustee and custodian as defined by the Plan and therefore these transactions qualify as party-in-interest transactions.

Nonparticipant directed investments are comprised of shares of the Company's parent common stock and Indivior plc common stock.

Certain administrative functions are performed by officers and employees of the Company (who may be participants in the Plan) at no cost to the Plan. These transactions are not deemed prohibited transactions because they are covered by the statutory administrative exemption from IRC and ERISA's rules on prohibited transactions.

(7) Tax Status

The Internal Revenue Service has informed the Plan in a letter dated April 13, 2018, effective for plan amendments through January 1, 2017, that the Plan is qualified under Section 401(a) of the IRC, and accordingly, the trusts thereunder are exempt from federal income taxation under Section 501(a). The Plan has not been amended since January 1, 2017, and the Company and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. No provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Company has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan believes it is no longer subject to income tax examinations for years prior to 2018.

(8) Subsequent Events
