New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of The Door A Center of Alternatives, Inc. Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of The Door A Center of Alternatives, Inc. Defined Contribution Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Door A Center of Alternatives, Inc. Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Door A Center of Alternatives, Inc. Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

The Door A Center of Alternatives, Inc. Defined Contribution Retirement Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 1: Description of the Plan

General

The following description of The Door A Center of Alternatives, Inc. Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the plan's provisions.

The Plan is a defined contribution plan covering all employees of The Door A Center of Alternatives, Inc. (the Sponsor). Employees are immediately eligible to participate in the Plan as a contributing participant upon commencement of employment with the Sponsor. Participants are required to attain age 18 and have two years of service to qualify for employer contributions. Participants receive predecessor employer service credit for prior employment with University Settlement Society of New York.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Teachers Insurance and Annuity Association (TIAA) serves as the issuer of the TIAA Traditional Annuity contract, TIAA Real Estate and TIAA Access variable annuities. College Retirement Equities Fund (CREF) serves as the issuer of the CREF variable annuities held by the Plan. TIAA is the record-keeper of the Plan.

Contributions

The Plan permits eligible employees to have the Sponsor make annual contributions of up to 100% of eligible compensation through a salary-deferral election. The Sponsor will contribute 3% of every eligible employee's salary once they become eligible and will make a matching contribution of an additional 3% of every eligible employee's salary who contributes at least 1% to the Plan for a maximum contribution of 6%. Contributions are subject to certain limitations. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows for special code Section 403(b) catch-up contributions for those participants with 15 years of service.

Participant Investment Account Options

Each participant has the option of directing contributions into any of the investment account options selected by the Sponsor and may change the allocation to the extent permitted by the individual agreements.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Sponsor's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and Sponsor's contributions plus earnings thereon.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the plan administrator.

In March 2020, the Sponsor adopted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of \$100,000 or 100% of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued from March 27, 2020 through September 22, 2020. The one-year suspension of loan repayments applies to qualified participants' loan payments due between March 27, 2020 and December 31, 2020. Following the suspension period, these loans were re-amortized over the remaining period of the loans, plus the suspension period.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of their account or an annuity contract (if assets are held in a custodial account) or convert to an income option (if assets are invested in an annuity contract). A participant may elect to receive a distribution of their rollover contributions at any time. Withdrawals other than for termination are permitted under circumstances provided by the Plan.

In March 2020, the Sponsor adopted the CARES Act provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants are permitted to take a CRD of up to \$100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value (see *Note 5*). Quoted market prices, if available, are used to value investments. Mutual funds and variable annuities are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The Plan is funded by individually controlled TIAA and CREF investments. Contributions are allocated to the TIAA Traditional Annuity contract, TIAA and CREF Variable Annuity accounts and the TIAA Real Estate pooled separate account.

The TIAA Traditional Annuity is a fixed-dollar annuity and investment product offered by TIAA and includes benefit-responsive and non-benefit-responsive accounts. The non-benefit-responsive TIAA Traditional Annuity is recorded at fair value. The benefit-responsive TIAA Traditional Annuity is recorded at contract value as discussed in *Note 5*.

Participants purchase accumulation units in the variable annuity contract, and their value is calculated daily.

The TIAA Real Estate pooled separate account is valued at NAV per accumulation unit of the investment. The underlying real estate holdings or other real estate-related investments are valued principally utilizing external appraisals. Although the underlying assets of the account cannot be quickly sold and converted to liquid assets, the TIAA general account provides the Plan with a liquidity guarantee. Transfers out of the pooled separate account are limited to one per calendar quarter. There are no unfunded commitments or redemption notice period.

Notes to Financial Statements

December 31, 2021 and 2020

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Plan Loans

TIAA also issues loans to plan participants directly outside of the scope of the Plan. Participants pledge as security a portion of their balance in the TIAA Traditional Annuity, which represents 110% of the outstanding loan balance. The amount pledged as collateral at December 31, 2021 and 2020 was \$150,441 and \$216,079, respectively. Plan loan interest rates ranged from 4.00% to 7.80% as of December 31, 2021 and 2020.

The Employee Benefit Security Administration (EBSA) has expressed concern that the pledging of collateral of a participant's balance could be considered a prohibited transaction; however, formal guidance has yet to be issued by the EBSA.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Sponsor or the Plan, at the Sponsor's discretion.

Note 3: Certification of Plan Custodian

The plan administrator has elected the method of annual reporting compliance permitted by ERISA 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivables from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020

The Door A Center of Alternatives, Inc. Defined Contribution Retirement Plan

Notes to Financial Statements December 31, 2021 and 2020

- Investment income and interest income from notes receivables from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2021

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

The certification referred to above does not include cash on the statement of assets available for benefit which are held at Mutual of America at December 31, 2021.

Note 4: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2021 and 2020.

2021				
	Total	Fair Value Measurements Using

Total	<u>\$ 13,065,144</u>	<u>\$ -</u>	<u>\$ 11,369,278</u>	<u>\$ 1,695,866</u>

The following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2021 and 2020. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Level 3 Activity

Activity of Level 3 investments are as follows:

	TIAA Traditional Annuity Non-Benefit- Responsive
2021	
Purchases	\$ 148,808
Sales	(237,757)
2020	
Purchases	\$ 113,360

Unobservable (Level 3) Inputs

The following tables present quantitative information about unobservable inputs used in recurring Level 3 fair value measurements at December 31, 2021 and 2020.

	December 31, 2021		
	Fair Value	Valuation Technique	Unobservable Inputs

TIAA Traditional Annuity Contract Non-benefit-responsive	\$ 1,695,866	Discounted cash flow Theoretical transfer (extra value)	Risk adjusted discount rate applied

Note 5: Fully Benefit-Responsive Investment Contract with TIAA

The Plan has a fully benefit-responsive investment contract with TIAA in the form of a traditional annuity contract. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

TIAA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Credited rates, net of plan level fees and expenses are reset quarterly. The crediting interest rate is based on a formula agreed upon with the issuer but it may not be less than 1% to 3%.

The guaranteed investment contract meets the fully benefit-responsive criteria and, therefore, is reported at contract value. Contract value, as reported to the Plan by TIAA, represents contributions under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

The TIAA Traditional Annuity contract does not permit the insurance company to terminate the agreements prior to the scheduled maturity date. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The carrying value of the fully benefit-responsive investment contract with TIAA, considered to be a traditional investment contract, was \$899,609 and \$1,035,784 at December 31, 2021 and 2020, respectively.

Notes to Financial Statements December 31, 2021 and 2020

Note 6: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain plan investments are units of variable annuity accounts or a pooled separate account that is managed by an entity related to TIAA, which is the record-keeper for the Plan. The Plan's traditional annuity contract is maintained in TIAA's general account.

The Plan paid \$88,280 and \$77,065 of record-keeping and investment fees to TIAA and CREF during the years ended December 31, 2021 and 2020, respectively. These fees were included as a reduction of the investment return on each fund. The Plan incurred other administrative expenses of \$1,287 and \$322 during the years ended 2021 and 2020, respectively.

The Sponsor provides certain administrative services at no cost to the Plan.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will remain 100% vested in their accounts.

Note 8: Tax Status

The Plan operates under a volume submitter agreement in connection with a volume submitter plan and custodial document sponsored by TIAA and CREF. This volume submitter plan document has obtained an advisory letter from the IRS stating that the volume submitter satisfies the requirements under Section 403(b) of the Internal Revenue Code. The Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through October 17, 2022, which is the date the financial statements were available to be issued.

Effective January 1, 2022, the Plan switched custodians from TIAA and CREF to Mutual of America. As a result, the plan document was amended to adopt Mutual of America's Prototype 403(b) Thrift Plan. In addition, the Plan began transferring funds from TIAA and CREF accounts to Mutual of America. As of year-end, these funds were not allocated into participants' accounts and were held in a non-interest-bearing cash account at Mutual of America.
