Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Trucking Employees of North Jersey
Annuity Fund

Opinion

We have audited the accompanying financial statements of Trucking Employees of North Jersey Annuity Fund (the "Fund"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Trucking Employees of North Jersey Annuity Fund as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Trucking Employees of North Jersey Annuity Fund and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Trucking Employees of North Jersey Annuity Fund's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Trucking Employees of North Jersey Annuity Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Trucking Employees of North Jersey Annuity Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule on page 17 represents supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2021 and 2020

Note 1 - Description of the Fund

The following brief description of the Trucking Employees of North Jersey Annuity Fund (the "Fund") is provided for general information purposes only. Participants should refer to the plan agreement for a complete description of the Fund's provisions.

General

The Fund is a multi-employer defined contribution plan covering eligible members of the Teamsters, Chauffeurs, Warehousemen and Helpers Local Union No. 560 (the "Union"). The Fund is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions and Funding Policy

The collective bargaining agreements entered into between the Union and the employers require payments to be made to the Fund in accordance with the agreements.

The plan agreement provides that employers who are signatories to collective bargaining agreements with the Union make contributions for employees covered under the collective bargaining agreements at the rates established under the terms provided for in the agreements. The payment of contributions shall be made periodically in the form and at such times as the trustees of the Fund shall specify by rules and regulations or as may be provided in the applicable written agreements.

Participant Accounts

Each participant's account is credited with the participant's allocations of: (a) the company's contribution, and (b) plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately and fully vested in employers' contributions and earnings thereon.

Note 1 - Description of the Fund (Continued)

Benefit Payments

Benefits are payable under the following conditions: (1) when no employers' contributions have been made on a participant's behalf for a period of six consecutive months because the participant is no longer working in covered employment; (2) when a participant retires, applies for, and initially receives a retirement benefit from Trucking Employees of North Jersey Welfare Fund, Inc. - Pension Fund; (3) when a participant becomes totally permanently disabled as defined in the Fund; (4) when a participant attains age 65 and retires; or (5) when an eligible participant requests a hardship withdrawal. However, in no event shall benefits be payable later than 60 days after the close of the calendar year in which the participant attains normal retirement age (unless he or she continues in employment with an employer) or no later than April 1 following the calendar year in which the participant turns age 70½.

Due to the changes made by the Setting Every Community Up for Retirement Act (the "SECURE" Act), the Fund adopted the changes related to the Required Minimum Distribution provision. Effective January 1, 2020, minimum benefit payment must be paid to a participant because the person has reached age 72 (age 70½ if the person reached age 70½ on or before December 31, 2019).

Payments are made in the three following forms:

- (i) In a lump sum; or
- (ii) In equal monthly installment payments (not to exceed 10 years); or
- (iii) Partly in a lump sum and partly in installment payments (not to exceed 10 years).

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Fund.

Notes to Financial Statements (Continued)
December 31, 2021 and 2020 and 2020

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Fund's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Fund's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Fund has evaluated subsequent events and transactions through October 5, 2022, the date that the financial statements were available to be issued.

TRUCKING EMPLOYEES OF NORTH JERSEY ANNUITY FUND
Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 3 - Concentrations of Credit Risk

Financial instruments that subject the Fund to concentrations of credit risk include cash and employers' contributions receivable. The Fund maintains accounts at high quality financial institutions. While the Fund attempts to limit its financial exposure, its deposit balance may, at times, exceed federally insured limits. The Fund has not experienced any losses on such accounts. Receivables consist of contributions due from employers participating in the Fund.

In connection with the participants of the Fund, one employer made contributions representing 12% and 11% of the total contributions revenue in 2021 and 2020, respectively. Receivables from one employer represented 11% and receivables from two employers represented 29% of the total contributions receivable for the years ended December 31, 2021 and 2020, respectively.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. It defines fair value as an exit price, which is the price that would be received for an asset or paid to transfer a liability in the Fund's principal or most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date.

The fair value hierarchy generally requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the entity's own assumptions based on market data and the entity's judgments about the assumptions that market participants would use in pricing the asset or liability, and are to be developed based on the best information available in the circumstances.

TRUCKING EMPLOYEES OF NORTH JERSEY ANNUITY FUND
Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 4 - Fair Value Measurements (Continued)

The Fund determines the fair market value of its investment in securities based on the established fair value definition and hierarchy levels. The three levels within the hierarchy that may be used to measure fair value are:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs, including Level 1 prices that have been adjusted; quoted prices for similar assets or liabilities; quoted prices in markets that are less active than traded exchanges; and other inputs that are observable or can be substantially corroborated by observable market data.

Level 3: Unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities.

The lowest level of input that is a significant component of the fair value measurements determines the placement of the entire fair value measurement in the hierarchy. The Fund's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Fund are deemed to be actively traded.

The preceding valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (Continued)

The following tables set forth, by level, the Fund's assets that were accounted for at fair value on a recurring basis as of December 31, 2021 and 2020:

Note 5 - Group Annuity Contract with Insurance Company

In 2014, the Fund entered into a traditional fully benefit-responsive guaranteed investment contract with Lincoln National Life Insurance Company ("Lincoln Life"), a wholly owned subsidiary of Lincoln National Corporation ("Lincoln Corp"). Lincoln Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Fund. The crediting rate is based on a formula established by the contract issuer but may not be less than one percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Fund. Contract value, as reported to the Fund by Lincoln Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Fund's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Fund to transact at contract value with the issuer. Such events include: (1) amendments to the Fund documents (including complete or partial fund termination or merger with another fund), (2) changes to the Fund's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Fund sponsor or other fund sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Fund, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Fund to transact at contract value with the contract issuers or that also would limit the ability of the Fund to transact at contract value with the participants.

Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 5 - Group Annuity Contract with Insurance Company (Continued)

In addition, certain events allow the issuer to terminate the contract with the Fund and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Fund's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

	<u>2021</u>	<u>2020</u>
Group Annuity Contract	<u>\$ 6,515,755</u>	<u>\$ 6,899,251</u>

Note 6 - Tax Status

The Internal Revenue Service (the "IRS") has determined and informed the Fund by a letter dated October 1, 2015, that the Fund is qualified and the trust established under the Fund is tax exempt, under the appropriate sections of the Internal Revenue Code (the "IRC"). The Fund has been amended since receiving the determination letter. However, the plan administrator and the Fund's tax counsel believe that the Fund is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Fund was qualified and the related trust was tax exempt as of the financial statements date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Fund and recognize a tax liability (or asset) if the Fund has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Fund, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Employee benefit plans are subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress for the Fund. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Notes to Financial Statements (Continued)
December 31, 2021 and 2020

Note 7 - Related Parties

The Fund has no employees and thus has no payroll and does not participate in any employee benefit funds. The Fund operates in a jointly administered office with other related funds which are sponsored by the Union and Employer Association. Certain administrative expenses, including, but not limited to, employee wages, employee benefits and rent, that are common among the funds, are paid directly by the Trucking Employees of North Jersey Welfare Fund, Inc. ("TENJW"), and are allocated among the funds based on an allocation study performed by an independent consultant and are periodically updated. The Fund reimbursed TENJW \$115,998 and \$142,440 for allocated expenses for the years ended December 31, 2021 and 2020, respectively.

Included in such amounts noted above are reimbursements to TENJW for office space in a building owned by the Union. The rent for this space was \$10,872 and \$9,496 for the years ended December 31, 2021 and 2020, respectively.

Note 8 - Pension Plans

In connection with the joint administration of the Fund with affiliated funds and allocated administrative expenses as described in Note 7 above, a portion of the Fund's reimbursement to TENJW is a function of the allocation formula. The pension contribution portion of the Fund's allocated expenses was \$13,739 and \$12,931 for the years ended December 31, 2021 and 2020, respectively.

Note 9 - Fund Termination

Although the trustees have expressed no intent to do so, in the event the Fund terminates, the assets then remaining in the Fund, after providing for administrative expenses and for the payment of any accumulated share therefore approved, would be allocated to each participant in the Fund. Each participant would receive that part of the total remaining assets in the same ratio as his or her accumulated share bears to the aggregate amount of the accumulated shares of all participants. In no event, however, can any of the assets of the Fund on termination revert to the employers or be paid to the Union.

Notes to Financial Statements (Continued)

Note 10 - Risks and Uncertainties

The Fund invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 11 - Other Liabilities - Refund of Excess Contributions

During the year ended December 31, 2018, the Fund discovered that employer contributions of \$269,461 received by the Fund for the plan years 2015 through 2018, exceeded the limits under Internal Revenue Code Section ("IRC Section") 415(c) and 415(d). This amount was recorded as a liability due to the relevant employers. Qualified defined contribution retirement plans that include 401(k), money purchase pension, profit sharing and IRA-based Simplified Employee Pension ("SEP") plans must provide limits for contributions and forfeitures allocated to a participant's account. The total of employer contributions, employee contributions and forfeitures allocated to a participant's account cannot exceed the limits under IRC Section 415(c). IRC Section 415(d) provides for a cost of living adjustment to the \$40,000 limit (\$53,000 in 2015 and 2016; \$54,000 in 2017; \$55,000 in 2018; \$56,000 in 2019; \$57,000 in 2020; \$58,000 in 2021; and \$61,000 in 2022).

The Fund engaged in self-correction for the excess contributions. During 2019, all the excess contributions have been paid back to the relevant employers.

As of December 31, 2019, the Fund reported other liabilities of \$52,707, which were mainly the tax withholdings on the excess contributions refunded during 2019, and the tax withholdings were remitted to the IRS in 2020. As of December 31, 2021 and 2020, the Fund's other liability was \$-0-, respectively.
