Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
CriticalPoint Capital, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of CriticalPoint Capital, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of CriticalPoint Capital, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from the qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of CriticalPoint Capital, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CriticalPoint Capital, LLC 401(k) Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the CriticalPoint Capital, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CriticalPoint Capital, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedules of Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statements of CriticalPoint Capital, LLC 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated February 3, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CriticalPoint Capital, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 1. Description of the Plan

The following description of the CriticalPoint Capital, LLC 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

General

The Plan was adopted by CriticalPoint Partners, LLC to qualify as a defined contribution retirement plan for its eligible employees and for its related affiliated employers and their eligible employees, collectively referred to as the “Company” or “Employer”. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participant Eligibility

All employees of the Company are eligible to participate in the Plan except for those represented by a collective bargaining agreement, non-resident aliens, leased employees and employees in Puerto Rico. Eligible employees must complete a minimum service requirement of one year and must have attained the age of twenty one to be eligible to participate in the Plan. Participants may enter the Plan on the first day of each calendar month coinciding with or next following meeting eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan limited to the maximum amount allowed by the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants have the option to designate all or any portion of their elective deferral contributions to be withheld on an after-tax basis as Roth elective deferral contributions.

The company may elect to make discretionary matching contributions to the Plan. The employer matching contributions can be a flat dollar amount or as a uniform percentage of deferrals for each participant. One of the affiliated Employers contributed a matching contribution of 100% of an eligible participants deferral up to 3% of compensation.

Participant Accounts

Each participant’s account is credited with the participant’s allocation of (a) the Company’s contributions, (b) the participant’s contribution and (c) Plan earnings less an allocation of investment and operating expenses charged to the Plan. Allocations are based on participant’s earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Note 1. Description of the Plan (continued)

Participant Directed Investments

A participant may choose among various funds in which his or her respective contribution and employer contributions may be invested subject to the limitations described in the Plan.

Vesting

Participants are 100% vested in their contributions and earnings on their contributions. Participants become vested in their Company matching contribution account and Company discretionary contribution account and any earnings on the Company contributions as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
After 1 Year of Service	33%
After 2 Years of Service	66%
After 3 Years of Service	100%
After 4 Years of Service	100%
After 5 Years of Service	100%
After 6 Years of Service	100%

A covered year of service is a twelve month period ending December 31 during which a participant worked for the Company at least 1,000 hours. A participant is also fully vested upon reaching normal retirement age, upon death, or upon becoming totally and permanently disabled.

Payment of Benefits

If a participant's employment ceases as a result of normal retirement, death or disability, the participant or the participant's beneficiaries may elect to receive either a lump-sum amount equal to the value of the vested interest in their account, partial distributions or substantially equal installments over a certain period, the total of which is equal to the value of his or her account.

The Plan allows automatic rollover to an individual retirement account ("IRA"), if the terminated participant's account balance exceeds \$1,000 but does not exceed \$5,000. Unless the terminated participant elects to rollover the account balance or to receive the distribution directly, the Plan administrator can distribute the entire balance to an IRA designated by the Plan administrator. In service distributions are also permitted to participants who are over the age of 59½, have attained normal retirement age, become disabled and for hardship distributions, subject to certain restrictions.

Note 1. Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence for which the repayment period is for a reasonable period of that time that may exceed five years at the plan administrator's discretion. Principal and Interest are paid through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees relating to administration of notes receivables from participants and certain fees related to distributions are charged directly to participants' accounts and are included in administrative expenses. Additionally, certain recordkeeping and advisory fees may be paid from forfeitures if forfeitures are available.

The Plan has accumulated unallocated assets due to certain Plan transactions. During the year ended December 31, 2021, unallocated assets of approximately \$6,400 were credited back to the Plan. As of December 31, 2021 and 2020 there were approximately \$6,850 and \$2, respectively, in unallocated Plan assets available.

Forfeitures

Amounts forfeited from terminating participant's non-vested portion of their Company's contributions and earnings on such contributions can be used to reduce the Company contributions or to pay Plan administrative expenses. Unallocated forfeiture balances as of December 31, 2021 and 2020, was approximately \$10 and \$300, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements for the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Except for unutilized forfeitures (see Note 1), all assets are allocated to the Plan's participants.

Note 2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is accrued as earned.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2021, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available for issuance.

Note 3. Information Certified by the Investment Contract Issuer and Investment Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Great West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the investment custodians, as of December 31, 2020 and for the year then ended and Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company, dba Principal Trust Company, the investment contract issuer and investment custodian, for the period January 1, 2020 through February 2, 2020, as complete and accurate, except for comparing such information certified by the investment contract issuer and investment custodians to information included in the Plan's financial statements and supplemental schedule:

Note 4. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Note 4. Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020:

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

Common/collective trust funds: With the exception of the Stable Value Fund, the funds are valued using NAV as a practical expedient provided by the investment custodian. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments held by each fund. A majority of the investments held by each fund are traded on an active market. The Stable Value Fund is valued at NAV as a practical expedient based on contract value, which represents invested principal plus accrued interest, less expenses thereon. In determining contract value, the fund manager considers such factors as the benefit responsiveness of the contracts and investments held by the fund, the ability of the parties to the contracts and investments to perform in accordance with the terms of the fund and the likelihood of default by the issuer of an investment security. While the fair value of the investments in the common/collective trust fund are determined by the investee's trustee based on the fair value of the underlying securities within the investment at the fund level, the fair value of the investment as reported by the investment custodian at the Plan level is based on NAV as the practical expedient which is contract value. Contract value is the relevant fair value for such an investment as that is the value of that participant's transactions are reported.

Note 4. Fair Value Measurements (continued)

The NAV is quoted on a private market that is not active, however, the unit price is based on the underlying investments. A majority of the investments held by each fund are traded on an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2021 and 2020:

	Fair Value Measurements Using Input Type			
<u>December 31, 2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 7,451,588</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 7,451,588</u>
Total investments categorized in the fair value hierarchy	<u>\$ 7,451,588</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 7,451,588</u>
Common/collective trust funds measured at NAV*				<u>17,693,654</u>
Total investments, at fair value				<u>\$25,145,242</u>

	Fair Value Measurements Using Input Type			
<u>December 31, 2020</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$14,909,929</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$14,909,929</u>
Total investments categorized in the fair value hierarchy	<u>\$14,909,929</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>14,909,929</u>
Common/collective trust funds measured at NAV*				<u>591,588</u>
Total investments, at fair value				<u>\$15,501,517</u>

**Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

Note 4. Fair Value Measurements (continued)

The following presents additional information relative to Plan investments reported on net asset value as of December 31, 2021 and 2020:

The common/collective trust funds offered in the Plan are subject to daily redemption frequency restrictions. The Stable Value Fund has a 12-month notice period for redemptions by participating plans. There are no other redemption restrictions or redemption notice requirements and no unfunded commitments as of December 31, 2021 and 2020.

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status of the Plan

The Plan has adopted a volume submitter plan which received a favorable opinion letter on February 1, 2018 from the Internal Revenue Service stating that the volume submitter plan document as then designed was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan has been amended since receiving the opinion letter, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Note 7. Tax Status of the Plan (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 8. Related Party and Party-In-Interest Transactions

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager and may include revenue sharing fees which are paid to the investment advisor of the Plan or the investment custodian and other service providers.

Additionally, fees may be paid to certain service providers that are considered parties-in-interest under ERISA and these fees are included in administrative fees.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.
