INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Retirement Plan Committee of
Tides 403(b) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Tides 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. Further, the Plan had not maintained sufficient accounting records and supporting documents relating to contracts and custodial accounts with Teachers Insurance and Annuity Association and College Retirement Equities Fund issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying 2020 financial statements may have been affected by these conditions.

In our report dated November 19, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2021, and delinquent participant contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TIDES 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2021 AND 2020, AND FOR THE YEAR ENDED DECEMBER 31, 2021

1. DESCRIPTION OF PLAN

The following description of the Tides 403(b) Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan instrument for a more complete description of the Plan’s provisions.

General—The Plan is a safe harbor 403(b) defined contribution plan covering substantially all employees of Tides Network and Tides Center and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Tides Network and Tides Center (collectively, the “Organization”) is the Plan’s sponsor and serves as Plan administrator.

Effective April 1, 2020, the Organization contracted with Great-West Trust Company, LLC (doing business as “Empower Retirement”) to act as the primary custodian and third-party administrator for the Plan and adopted the Great-West Trust Company, LLC 403(b) Volume Submitter Plan (basic plan document #20). Plan assets transferred to Empower Retirement at the close of business on March 31, 2020. Prior to April 1, 2020, State Street Bank and Trust Company (State Street) and Transamerica Financial Life Insurance Company Inc. (Transamerica) acted as the custodian and insurance company, respectively, for the Plan. Certain plan assets are held by an additional insurance company, Teachers Insurance and Annuity Association and College Retirement Fund (TIAA and CREF) as of December 31, 2021 and 2020.

Contributions to the Plan are remitted to Empower Retirement. The plan assets at TIAA and CREF are in closed accounts and there are no contributions permitted to be made by participants to these accounts.

Employees of the Organization are eligible to participate in the Plan as soon as administratively possible following their date of employment.

Contributions—Participants may contribute pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

On a per-payroll period basis the Organization makes a matching contribution in an amount equal to a percentage of participant elective deferrals, as follows:

Elective Deferral Tier	Matching Rate
Up to 4%	100 %
4%–6%	50 %

Additional amounts may be contributed at the discretion of the Organization. There were no discretionary contributions during the year ended December 31, 2021.

Participant Accounts—Each participant’s account is credited with the participant’s contributions and Organization matching contributions, as well as allocations of the Organization’s discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account. Participants direct the investment of their contributions into various investment options offered by the Plan.

In August 2021, certain participant accounts were spun-off to a 403(b) plan sponsored by another organization. The spin-off is presented as a transfer out of the Plan on the statement of changes in net assets available for benefits.

The Plan Sponsor has not maintained employee records supporting participant demographic information related to certain TIAA and CREF accounts issued to former employees. However, TIAA and CREF maintains individual custodial accounts for these participants and such accounts are included in investments in the accompanying statements of net assets available for benefits.

Investments—Participants may direct the investment of all contributions into various investment options offered by the Plan and may change investments and transfer amounts between funds with a frequency specified by the plan instrument.

Vesting—Participants are immediately vested in their contributions and employer contributions plus actual earnings thereon.

Notes Receivable from Participants—Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are issued by the Plan and secured by the balance in the participant’s account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 15 years. Participant loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest are paid ratably through semimonthly payroll deductions. As of December 31, 2021 and 2020, the rates of interest on outstanding loans ranged from 4.16% to 6.31%, respectively, with various maturities through April 2034.

In addition to participant loans, there are Plan loans held by TIAA and CREF that are not considered part of the Plan’s assets. The loans are secured by 110% of the loan value in the participant’s account and loan payments are made directly to TIAA and CREF. The interest rate on such loans is determined by TIAA and CREF. As of December 31, 2021 and December 31, 2020, the rates of interest on outstanding loans with TIAA and CREF ranged from 4.09% to 7.57%, respectively. The total loan collateral included in the plan assets was \$22,939 and \$21,975 at December 31, 2021 and 2020, respectively.

Payment of Benefits—On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account, or annual installments for required minimum distributions. The Plan allows for automatic distributions of terminated participants’ account balances of \$5,000 or less. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

Use of Estimates—The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risk and Uncertainties—The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market volatility risk, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2021 and 2020, the concentration of risk associated with T Rowe investments was 54% and 53%, respectively.

Investment Valuation—The investments are reported at contract value and fair value. The Plan's insurance companies and custodians certify the contract value of the guaranteed investment contracts and the fair value of all other investments. If available, quoted market prices are used to value investments.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts (FBRICs) because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 3 for discussion of fair value measurements.

Income Recognition—Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes Receivable from Participants—Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance, plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the plan instrument.

Payment of Benefits—Benefits are recorded when paid.

Expenses—Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments made to the participants are charged directly to the participant's account and are included in administrative expenses in financial statements.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not reflected separately. Consequently, investment

management fees and operating expenses are reflected as a reduction of investment return for such investments.

Subsequent Events—The Plan has evaluated subsequent events through October 17, 2022, the date the financial statements are available to be issued. No events occurred that require additional disclosure or adjustments to the Plan’s financial statements.

3. FAIR VALUE MEASUREMENTS

ASC 820 provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies (Mutual Funds)—Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the US Securities and Exchange Commission.

Nonbenefit Responsive Investment Contract—Certain investments are in a TIAA Traditional Annuity contract, which is a nonbenefit responsive contract, and is reported at fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist, and, accordingly, these investments are valued using unobservable inputs (Level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract.

Previously participants could allocate a portion of their retirement savings to the TIAA Traditional Annuity contract during the accumulation phase of the contract, their contributions purchased a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium was paid. The participant’s principal, plus a specified minimum rate of interest, is guaranteed by TIAA’s claims-paying ability. Under the TIAA Traditional Annuity contract, the minimum guaranteed interest rate during the accumulation phase is generally 3%, but between 1% and 3% for some contracts. The TIAA Traditional Annuity contract also provides the potential for additional interest if declared by TIAA’s board of trustees. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

TIAA and CREF is contractually obligated to repay the principal and a minimum interest rate that is guaranteed to the Plan.

Pooled Separate Account—Units held in the pooled separate account (PSA) are valued using the NAV practical expedient of the PSA as reported by the account managers. The NAV practical expedient is

based on the fair value of the underlying assets owned by the PSA, less its liabilities, and then divided by the number of units outstanding.

The following table provides additional information for investments in the pooled separate account that calculate and use NAV per share (or its equivalent) as a practical expedient to estimate fair value. There are no unfunded commitments for these investments.

	Fair Value December 31, 2021	Fair Value December 31, 2020	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
TIAA Real Estate	<u>\$ 142,794</u>	<u>\$ 119,116</u>	Daily	N/A	None
	<u><u>\$ 142,794</u></u>	<u><u>\$ 119,116</u></u>			

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2021 and 2020:

	Fair Value Measurement at December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$68,934,916	\$ -	\$ -	\$68,934,916
Nonbenefit responsive investment contract			<u>561,591</u>	<u>561,591</u>
Total assets in the fair value hierarchy	<u>\$68,934,916</u>	<u>\$ -</u>	<u>\$561,591</u>	69,496,507
Investments measured at NAV practical expedient				<u>142,794</u>
Investments—at fair value				<u><u>\$69,639,301</u></u>

	Fair Value Measurement at December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$60,206,496	\$ -	\$ -	\$60,206,496
Nonbenefit responsive investment contract			<u>561,591</u>	<u>547,229</u>
Total assets in the fair value hierarchy	<u>\$60,206,496</u>	<u>\$ -</u>	<u>\$561,591</u>	60,753,725
Investments measured at NAV practical expedient				<u>119,116</u>
Investments—at fair value				<u><u>\$60,872,841</u></u>

The Plan's Level 3 investment had net transfers out of \$946 and sales of \$3,427 during the year ended December 31, 2021, and net transfers in of \$73,717 and sales of \$39,800 during the year ended December 31, 2020.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value

Measurements—The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Name	Valuation Technique	Unobservable Inputs	Range of Input Values/ (Weighted Avg)
TIAA Traditional Nonbenefit Responsive Annuity Contract	Discounted cash flow	Risk-adjusted discount rate	2021: 3.00% to 3.80% 2020: 3.00% to 4.45%

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan also holds a FBRIC with TIAA and CREF, which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1% to 3%. The crediting rate is reviewed on a quarterly basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA and CREF, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

5. NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

During the plan year the Organization remitted \$30,942 of participant contributions to Empower Retirement later than required by Department of Labor (DOL) Regulation 2510.3 102. The Organization

will file Form 5330 with the IRS and pay the required excise tax on the transaction. In addition, participant accounts will be credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

6. INCOME TAX STATUS

Effective April 1, 2020, the Plan adopted the Great-West Trust Company, LLC 403(b) Volume Submitter Plan (basic plan document #20) which received an opinion letter from the IRS, dated March 31, 2017, stating that the form of the plan is acceptable under section 403(b) of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

7. INFORMATION CERTIFIED BY THE CUSTODIANS AND INSURANCE COMPANIES

The following is a summary of the certified investment information regarding the Plan as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included in the Plan's financial statements and supplemental schedule of assets (held at end of year) that was prepared by or derived from information prepared by the custodians and insurance companies of the Plan, as defined and for the periods indicated in Note 1, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the custodians and insurance companies that such information is complete and accurate.

Supplemental Schedule: All investment balances and information included in the supplemental schedule of assets (held at end of year), including participant loans.

Note 3: All investment balances and investment information, excluding the level of investments, the unfunded commitment, redemption frequency, other redemption restrictions, and redemption notice period of investment valued using NAV as a practical expedient.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the custodians and insurance companies; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund. The Plan also issues loans to participants, which are secured by the balances in the participant's accounts.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA.
