Plan Administrator
Syndex Corporation 401(k) Retirement Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Syndex Corporation 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, and supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Syndex Corporation 401(k) Retirement Plan

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SYNDEX CORPORATION 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1 - Plan Description

The following brief description of the Syndex Corporation 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was established effective April 30, 1974, as a qualified defined contribution savings plan covering eligible employees of Syndex Corporation and certain affiliated companies (collectively, the Company), as defined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Company serves as the plan administrator and has appointed two employees to serve as the Plan's trustees. Transamerica Life Insurance Company (Transamerica) serves as the Plan's asset custodian.

Eligibility

The Plan is provided for all eligible employees of the Company, as defined. Employees are eligible to begin participating in the Plan on the first open enrollment date following the date that the participant has completed one year of service and attained the age of 21. Open enrollment dates are January 1 and July 1 of each year. One year of service is defined as having worked at least 1,000 hours within a 12-consecutive month period.

Contributions

Participants may elect to defer any amount of their compensation, as defined by the Plan, on a pre-tax basis, subject to certain limitations set forth in the Internal Revenue Code (IRC). Eligible employees who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, subject to the limitations of the IRC. The Plan also accepts rollovers from other qualified plans or individual retirement accounts. Participants may make changes to their deferral elections on the first day of each calendar quarter.

The Company may elect to make discretionary matching contributions. For the year ended December 31, 2021, the Company made discretionary matching contributions equal to \$0.25 per dollar of the participant's contributions, including catch-up contributions, not to exceed 3% of the participant's compensation per pay period. The Company may also elect to make a discretionary employer contribution on behalf of all eligible employees who are employed on the last day of the plan year. No such discretionary employer contribution was made for the 2021 plan year.

SYNDEX CORPORATION 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer's contributions, plan earnings and losses, as applicable, and charged with an allocation of administrative expenses.

Upon enrollment in the Plan, a participant directs the investment of his or her account balance.

Vesting

Participants are immediately vested in their salary deferral contributions, including rollovers, plus actual earnings thereon. Vesting in the Company's contributions, plus actual earnings thereon, is based on years of service. Participants begin vesting in annual increments of 20% after two years of service and are 100% vested after six years of service. Regardless of the vesting schedule, participants become fully vested upon reaching normal retirement age, death or total and permanent disability.

Forfeitures

Forfeitures from participant accounts are used to offset future employer contributions or to pay plan expenses. At December 31, 2021 and 2020, there were \$10,377 and \$5,032 of unallocated forfeitures, respectively. For the year ended December 31, 2021, \$43 of forfeitures were used to pay for plan expenses and none were used to offset employer contributions.

Notes Receivable from Participants

Notes receivable from participants are loans to participants, secured by the vested portion of their respective accounts. Participants may borrow a minimum of \$1,000 from their account balance. A loan may not be more than 50% of the participant's vested account balance or \$50,000 reduced by any outstanding loan balance, if any, during the previous twelve months, whichever is less. Interest rates are determined by the plan document to be 7%. Principal and interest are repaid ratably through payroll deductions. Loan terms are limited to five years unless for the purchase of a principal residence, which could then be extended to fifteen years. Participants may have up to two loans outstanding at a time.

Payment of Benefits

Distributions may be made to participants or their beneficiaries upon termination of employment, retirement, death or disability. In-service distributions are available for participants who have reached 59½ or for other reasons as permitted by the plan document. Upon termination, participants with an account balance of \$1,000 or less shall receive an automatic lump sum distribution from the Plan. For participants who terminate with an account balance of more than \$1,000 but less than \$5,000, the plan administrator shall make a direct rollover into an individual retirement account. Withdrawals from the Plan may be subject to income tax on contributions and income earned.

See independent auditor's report.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments of the Plan, except for the fully benefit-responsive investment contract, which is reported at contract value, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion of fair value measurements and Note 5 for discussion of contract value.

Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation in the fair value of investments includes realized gains or losses on investments purchased and sold during the year as well as unrealized gains or losses on the investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded, as the notes are collateralized by the respective participants' account balances. In general, notes receivable from participants are considered in default if a participant does not repay a missed payment by the end of the calendar quarter following the calendar quarter in which the missed payment was due. Defaulted loans are treated as distributions based upon the terms of the plan document when a distributable event has occurred.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability, with a corresponding reduction to contributions.

Benefit Payments

Benefits paid to participants or their beneficiaries are recorded when paid.

See independent auditor's report.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

Administrative Expenses

Fees related to the administration of notes receivable from participants and certain transactional fees are charged directly to the participant's account. Certain other costs and expenses incurred in connection with the operation of the Plan are paid by the Plan, unless paid by the Company, at its discretion. Investment related expenses are included in the net appreciation in the fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investment in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with the Plan's investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and may impact participants' account balances and amounts reported in the financial statements.

Subsequent Events

Management of the Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 12, 2022, which is the date the financial statements were available to be issued.

Note 3 - Information Certified by the Asset Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Transamerica Life Insurance Company Inc. as of December 31, 2021 and 2020, and for the year ended December 31, 2021, that all of the information provided is complete and accurate. Information included in the financial statements and accompanying notes to the financial statements as to investments, notes receivable from participants, investment income, interest income on notes receivable from participants and all related information in the supplemental schedule of assets (held at end of year) is presented solely in reliance upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements, the accompanying notes to the financial statements, and the supplemental schedule of assets (held at end of year).

See independent auditor's report.

Note 4 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Pooled Separate Accounts: These funds are valued at their net asset value (NAV) as determined by the issuer, based on the value of each of the underlying investments, less applicable fees charged by the issuer. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than the reported NAV.

In accordance with GAAP, the fair value of the pooled separate accounts are not required to be categorized in the fair value hierarchy because the NAV is used as a practical expedient to estimate fair value.

See independent auditor's report.

SYNDEX CORPORATION 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

The following tables provide additional information for the pooled separate accounts which are measured using NAV as a practical expedient as of December 31, 2021 and 2020.

Investment Class	Fair Value December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period

Note 5 - Contract with Transamerica

The Plan has a group annuity contract with Transamerica with respect to the Plan's investments in the pooled separate accounts and the Transamerica Stable Value Advantage Account (Stable Value Fund). The pooled separate accounts are segregated from Transamerica's general assets, while the Stable Value Fund is part of Transamerica's general account.

As described in Note 2, the Stable Value Fund is a fully benefit-responsive investment contract that is reported at contract value. It is made up of deposits made under the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and fees.

Twice a year, the effective annual rate of interest is established for the upcoming six-month period. Interest is credited based upon the daily balance at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There is no stated minimum or maximum interest rate for the Stable Value Fund. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value without restriction; however, Transamerica may impose a hold period at the contract level in the event of partial or total discontinuance of the contract.

Note 6 - Tax Status

The volume submitter plan document adopted by the Plan obtained an advisory letter from the IRS dated September 30, 2014, which stated that the volume submitter plan, as then designed, was in compliance with the applicable provisions of the IRC. The volume submitter plan has been amended since receiving the advisory letter; however, the plan administrator believes that the Plan, through its adoption of the volume submitter plan, is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

See independent auditor's report.

SYNDEX CORPORATION 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Effective January 1, 2022, the Plan was amended and restated. The pre-approved plan adopted by the Plan, received an opinion letter from the IRS dated June 30, 2020, stating that it was in compliance with the applicable requirements of the IRC. The pre-approved plan has since been amended; however, the plan administrator, through its adoption of the pre-approved plan document, believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants would become 100% vested in their Company contributions.

Note 8 - Party-in-Interest Transactions

The Plan engages in transactions with funds managed by the asset custodian. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.

Note 9 - Nonexempt Prohibited Transactions

As disclosed on Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021, there were unintentional delays in remitting \$12,797 of participant contributions and \$6,932 of loan repayments to the Plan. The participant contributions and loan repayments were remitted to the Plan during 2021. The plan administrator is in the process of calculating and remitting lost earning to correct these untimely remittances.
