Independent Auditors' Report

To the Participants and the Plan Administrator of
Construction Industry 401k Plan
Falconer, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Construction Industry 401k Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements of information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements Section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with

auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA section 103(a)(3)(C).

Independent Auditors' Report

To the Participants and Plan Administrator of
Construction Industry 401k Plan
Falconer, New York

Report on the 2020 Financial Statements

We were engaged to audit the accompanying financial statements of the Construction Industry 401k Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the 2020 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Transamerica Life Insurance Company, the custodian of the Plan (the "Custodian"), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets

and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2020, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations for 2020 Financial Statements

The form and content of the information included in the 2020 financial statements, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Construction Industry 401k Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Construction Industry 401k Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a multiple employer, profit-sharing, 401(k) salary-deferred thrift plan covering all eligible non-bargaining class employees of the participating employers. The Plan, established effective January 1, 1997 and restated effective January 1, 2013, is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions – Participants are considered eligible for all contribution types upon completion of one year of service and attaining age 21. Each year, participants may contribute a portion of their pretax annual compensation, as defined in the Plan, subject to certain limitations under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan Year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans and certain IRAs (“rollover contributions”).

For work performed by participants that are subject to prevailing wage laws, the participating employers are required to contribute based on a fringe-benefit rate that satisfies the prevailing wage laws (“prevailing wage contribution”). Matching contributions equal to a percentage of a participant’s elective deferral contributions are determined by the individual participating employers. Additional amounts may be contributed at the option of the individual participating employers. Contributions are subject to certain limitations.

Participant Accounts – Individual accounts are participant directed and are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions, and the participant’s share of Plan earnings. Participant accounts are decreased by participant distributions and the participant’s share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based on the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their voluntary contributions, for any employer prevailing wage contributions, employer safe-harbor contributions and rollover contributions and actual earnings thereon. Vesting in all other employer contributions plus earnings thereon is based on years of continuous service and occurs at a rate of 20% per year. A participant is 100% vested after five years of credited service.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Forfeitures – In years ended December 31, 2021 and 2020, forfeitures from non-vested accounts totaled \$8,182 and \$4,906, respectively. These amounts can be used to reduce future employer contributions or to pay certain administrative expenses. Forfeitures used to reduce employer contributions and pay plan expenses totaled \$8,347 and \$60 in years ended December 31, 2021 and 2020, respectively.

Notes Receivable from Participants – In accordance with Plan provisions, participants are permitted to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, in \$1,000 increments. The notes are secured by the balance in the participant's account and bear interest at a variable rate. The term of the loan may not exceed five years unless the loan is for a principal residence in which a longer repayment term may be permitted.

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various life annuities. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan permits in-service distributions for participants who have attained the age of 59½ from accounts which are 100% vested.

Income Taxes – The Plan obtained its latest determination letter on April 1, 2014, in which the Internal Revenue Service ("IRS") stated that the plan, as then designed, was in compliance with the applicable requirements of Section 401 of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the accompanying financial statements. The Plan has been amended since the effective date of the IRS letter. However, the Plan Administrator believes that the Plan is operating in compliance with the requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Plan Termination – Although they have not expressed any intent to do so, the participating employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts and their vested account balance would be distributed.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Construction Industry 401k Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on an ex-dividend date, if received. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

Investment Risks and Uncertainties – The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Participant Notes Receivable – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Investment-related expenses are included in net investment gain (loss) from pooled separate accounts and stable value fund. Expenses to maintain the Plan are included in administrative expenses and charged directly to participant accounts.

Party-in-Interest Transactions – Plan investments include a stable value fund and pooled separate accounts managed by Transamerica. Transamerica is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Construction Industry 401k Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Voluntary Correction Program – In 2020, the Plan filed a Voluntary Correction Program ("VCP") submission with the IRS to address an error in the calculation of safe harbor match contributions by an employer. The VCP was accepted by the IRS. This did not have a material impact on the Plan's net assets available for benefits, and it has not affected the Plan's tax status.

Reclassifications – Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform to the current year presentation.

Subsequent Events – Plan management has evaluated subsequent events through October 17, 2022, the date the accompanying financial statements were available to be issued, for potential recognition or disclosure in the financial statements.

3. Information Certified by the Custodian (Unaudited)

Certain information related to investments and participant notes receivable disclosed in the accompanying financial statements and supplemental schedule, was obtained from data that has been certified to as complete and accurate by the Custodian, as of and for the years ended December 31, 2021 and 2020 as follows:

	2021	2020
Investments at fair value	\$ 11,955,153	\$ 10,647,786
Investments at contract value	446,218	456,257

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.
- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. Also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Interest Bearing Cash – This is stated at cost, which approximates fair value.

Pooled Separate Accounts – The Plan invests in various Pooled Separate Accounts ("PSA") offered by Transamerica Life Insurance Company ("Transamerica") that utilize a variety of investment managers. This variety allows participants to select the options that best reflect their investment style – from conservative to aggressive. Underlying assets in the PSAs include a variety of fixed maturity securities, mutual funds, equity securities, and cash and cash equivalents. PSAs are valued daily using publicly available quoted market prices. Those PSAs investing in mutual funds or domestic equity securities are measured using quoted

Construction Industry 401k Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

prices in active markets for identical assets (Level 1 inputs). Those PSAs directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities (Level 2 inputs). Net change in fair value is reflected by net increase/decrease in investment unit values. Such increases/decreases include interest, dividends, realized and unrealized gains/losses from the underlying investments.

In determining unit values, PSAs begin with a specified unit price determined by Transamerica, and the number of units issued are calculated to match the current fair market value of the underlying investment (shares x price). This is known as unitizing the underlying assets. However, the rate of return of each will be consistent, taking into account any plan/participant expenses. PSA fair values are determined daily. Participants can redeem their investment in PSAs daily without restriction.

The following table sets forth by level, the Plan's investment assets at fair value as of December 31, 2021 and 2020:

	2021	2020
Investments valued in the fair value hierarchy		
Level 1		
Pooled separate accounts	\$ 9,276,565	\$ 7,498,206
Level 2		
Interest bearing cash	22,619	13,814
Pooled separate accounts	2,655,969	3,135,766
	<u>2,678,588</u>	<u>3,149,580</u>
Total investments in the fair value hierarchy	<u>\$ 11,955,153</u>	<u>\$ 10,647,786</u>

5. Guaranteed Investment Contract with Insurance Company

The Plan has entered into a fully benefit-responsive investment contract, Transamerica Stable Value Core Option Account ("Stable Value account"), with Transamerica. Transamerica maintains the contributions in a general account. The Stable Value account seeks to protect against any loss of principal while providing returns in excess of money market funds and U.S. Treasury bills. The Stable Value account provides a guaranteed interest rate for a specified period of time. The rate credited is based on a formula established by Transamerica and has no minimum or maximum interest rate. The credited interest rate is reviewed on a semi-annual basis for resetting. Interest is credited based upon the daily balance at a rate that is the daily equivalent of the effective annual rate of interest applicable for the semi-annual period.

Construction Industry 401k Plan

Notes to Financial Statements (continued)

5. Guaranteed Investment Contract with Insurance Company (continued)

Because the Stable Value account meets the criteria to be considered fully benefit-responsive, it is reported at contract value. Contract value is the relevant measurement attribute as contract value is the amount received by participants if they were to initiate permitted transactions under terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value on a daily basis.

The Plan's ability to receive amounts due is dependent on Transamerica's ability to meet its financial obligations. Transamerica's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the Stable Value account at December 31, 2021 and 2020 was \$446,218 and \$456,257, respectively.

Certain events might limit the ability of the Plan to transact at contract value with Transamerica. Such events include amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or premature termination of the contract. The Plan Administrator does not believe any events are probable of occurring that might limit the ability of the Plan to transact at contract value with Transamerica and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow Transamerica to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of a material obligation under the contract, a material misrepresentation or a material amendment to the agreement without the consent of Transamerica.

Notes to Financial Statements (continued)

6. Reconciliation with Form 5500

The accompanying financial statements, which are prepared in accordance with U.S. GAAP, calculate realized gains and losses on sales of securities and unrealized gains and losses (change in market value on securities held at year-end) using historical cost. However, Form 5500, Annual Return/Report of Employee Benefit Plan, requires the calculation of such gains and losses to be measured on the basis of revalued cost on Schedule H. Revalued cost is calculated based on the market value of a security on the first day of the fiscal year plus the cost of any current year purchases, less the beginning market value of any current year sales. In total, however, the financial statement calculation of gains and losses and the calculation for Form 5500 are the same.

In addition, notes receivable from participants of \$16,591 as of December 31, 2021, are reported as receivables in the financial statements; however, they are reported as investments on Schedule H of Form 5500.
