Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. NOTE 1 - DESCRIPTION OF PLAN

The following description of the J.H. Walker, Inc. dba Superior Delivery Service Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General --- The Plan is a defined contribution plan established effective January 1, 1993 for the benefit of eligible employees of J.H. Walker, Inc. dba Superior Delivery Service (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was amended and restated effective January 1, 2015 and January 1, 2016 to be in compliance with the Pension Protection Act of 2006. Loren D. Stark Company, Inc. is the Plan's prototype sponsor.

Plan Administration --- The Company is the Plan Administrator and responsible for the day-to-day administration and management of the Plan. To ensure efficient and sound operation and management of the Plan, the Company has the discretionary authority to appoint other persons as may be necessary to act on its behalf or assist in performing these responsibilities. The Plan Administrator and its investment advisor make all investment decisions. The administrative expenses of the Plan may be paid by the Company.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN (continued)

Payment of Benefits --- Benefits are payable to participants or their beneficiaries in the event of retirement, disability, death or termination of service and are valued in accordance with the terms of the Plan. Participant loans are not permitted under the Plan. Financial hardship withdrawals are not available to participants.

Participant Accounts --- Company contributions are allocated based on participant compensation and Plan earnings are allocated based on participant account balances. Forfeitures with respect to terminated participants may be used to pay plan expenses, with remaining forfeitures being allocated to remaining participants based upon compensation. Forfeitures of $24,675 and $5,991 were allocated to participants for the years ended December 31, 2021 and 2020, respectively.

Investment Options --- Investment decisions for the Plan are made by the Plan Administrator and its investment advisors.

Plan Termination --- The Company expects to continue the Plan indefinitely. In the event the Plan is terminated, all participants would become 100% vested in the aggregate value of their individual account.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting --- The financial statements of the Plan are presented on the accrual basis of accounting.

Estimates --- The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition --- The Plan's investments are reflected in the accompanying financial statements at fair value based on quoted market prices at year-end. The Plan has not invested in any fully benefit-responsive investments which would be required to be valued at contract value. Net investment income reflects the impact of changes in fair value as well as purchases and sales of investments during the year. Purchases and sales of securities are recorded on a trade-date basis.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (continued)

Benefit Payments --- Deductions related to benefits paid to participants are expensed when paid; accrual of benefits payable liabilities result when participants fail to deposit the respective payments in a timely manner.

Federal Income Taxes --- The Trust established under this Plan is qualified under the Internal Revenue Code ("Code") as exempt from federal income taxes; the prototype plan adopted by the Company has received a favorable determination letter from the Internal Revenue Service dated March 31, 2014. The Plan Administrator and Management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and are not aware of any tax positions that would have a significant impact on the Plan's financial position. Tax returns for the current and prior three years are subject to review by the Internal Revenue Service.

As permitted by the Code, a participant is not subject to federal income tax on contributions made by the Company or on any income of the Plan until a distribution is made to the participant.

Concentration of Credit Risk --- Concentration of credit risk with respect to the Plan's investments is reduced as a result of diversity of the underlying portfolio.

NOTE 3 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles have established a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs are inputs that reflect assumptions of what market participants would use in pricing the asset or liability based on the best information available in the circumstances.

The hierarchy is broken down into three levels based on the reliability of the inputs as follows: Level 1 - Quoted prices are available in active markets for identical assets or liabilities; Level 2 - Quoted prices in active markets for similar assets and liabilities that are observable for the asset or liability; or Level 3 - Unobservable pricing inputs that are generally less observable from objective sources, such as discounted cash flow models or valuations.

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the uses of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value: Common Stocks, Bonds and U.S. Government Securities - Valued at the closing prices reported on the active market which the investments are traded (Level 1); Mutual Funds - Valued at the net asset value (NAV) of shares as reported on the active market which the funds are traded (Level 1).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

As of December 31, 2021 and 2020, the non-participant directed investments held by the Plan have been measured using Level 1 of the hierarchy as follows:

	2021	2020

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of J.H. Walker, Inc. dba Superior Delivery Service Profit Sharing Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions, together referred to as "supplemental information", are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's Management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the J.H. Walker, Inc. dba Superior Delivery Service Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General --- The Plan is a defined contribution plan established effective January 1, 1993 for the benefit of eligible employees of J.H. Walker, Inc. dba Superior Delivery Service (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was amended and restated effective January 1, 2015 and January 1, 2016 to be in compliance with the Pension Protection Act of 2006. Loren D. Stark Company, Inc. is the Plan's prototype sponsor.

Plan Administration --- The Company is the Plan Administrator and responsible for the day-to-day administration and management of the Plan. To ensure efficient and sound operation and management of the Plan, the Company has the discretionary authority to appoint other persons as may be necessary to act on its behalf or assist in performing these responsibilities. The Plan Administrator and its investment advisor make all investment decisions. The administrative expenses of the Plan may be paid by the Company.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN (continued)

Payment of Benefits --- Benefits are payable to participants or their beneficiaries in the event of retirement, disability, death or termination of service and are valued in accordance with the terms of the Plan. Participant loans are not permitted under the Plan. Financial hardship withdrawals are not available to participants.

Participant Accounts --- Company contributions are allocated based on participant compensation and Plan earnings are allocated based on participant account balances. Forfeitures with respect to terminated participants may be used to pay plan expenses, with remaining forfeitures being allocated to remaining participants based upon compensation. Forfeitures of $24,675 and $5,991 were allocated to participants for the years ended December 31, 2021 and 2020, respectively.

Investment Options --- Investment decisions for the Plan are made by the Plan Administrator and its investment advisors.

Plan Termination --- The Company expects to continue the Plan indefinitely. In the event the Plan is terminated, all participants would become 100% vested in the aggregate value of their individual account.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting --- The financial statements of the Plan are presented on the accrual basis of accounting.

Estimates --- The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition --- The Plan's investments are reflected in the accompanying financial statements at fair value based on quoted market prices at year-end. The Plan has not invested in any fully benefit-responsive investments which would be required to be valued at contract value. Net investment income reflects the impact of changes in fair value as well as purchases and sales of investments during the year. Purchases and sales of securities are recorded on a trade-date basis.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (continued)

Benefit Payments --- Deductions related to benefits paid to participants are expensed when paid; accrual of benefits payable liabilities result when participants fail to deposit the respective payments in a timely manner.

Federal Income Taxes --- The Trust established under this Plan is qualified under the Internal Revenue Code ("Code") as exempt from federal income taxes; the prototype plan adopted by the Company has received a favorable determination letter from the Internal Revenue Service dated March 31, 2014. The Plan Administrator and Management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and are not aware of any tax positions that would have a significant impact on the Plan's financial position. Tax returns for the current and prior three years are subject to review by the Internal Revenue Service.

As permitted by the Code, a participant is not subject to federal income tax on contributions made by the Company or on any income of the Plan until a distribution is made to the participant.

Concentration of Credit Risk --- Concentration of credit risk with respect to the Plan's investments is reduced as a result of diversity of the underlying portfolio.

NOTE 3 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles have established a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs are inputs that reflect assumptions of what market participants would use in pricing the asset or liability based on the best information available in the circumstances.

The hierarchy is broken down into three levels based on the reliability of the inputs as follows: Level 1 - Quoted prices are available in active markets for identical assets or liabilities; Level 2 - Quoted prices in active markets for similar assets and liabilities that are observable for the asset or liability; or Level 3 - Unobservable pricing inputs that are generally less observable from objective sources, such as discounted cash flow models or valuations.

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the uses of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value: Common Stocks, Bonds and U.S. Government Securities - Valued at the closing prices reported on the active market which the investments are traded (Level 1); Mutual Funds - Valued at the net asset value (NAV) of shares as reported on the active market which the funds are traded (Level 1).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

As of December 31, 2021 and 2020, the non-participant directed investments held by the Plan have been measured using Level 1 of the hierarchy as follows:

	2021	2020
American Income Fund of America Fund A	$ 786,998	$ 670,481
