Independent Auditor's Report

Retirement Committee
American Fidelity Companies
Employee Savings Plan
Oklahoma City, Oklahoma

Opinion

We have audited the financial statements of American Fidelity Companies Employee Savings Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020 and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020 and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

American Fidelity Companies Employee Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan

The following description of American Fidelity Companies Employee Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by American Fidelity Companies and its related employers (collectively, the Company or American Fidelity) for the benefit of its employees who have at least one month of service. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

For January 1, 2020 through November 30, 2021, assets of the Plan were maintained and accounted for by InvesTrust, an affiliate of the Company. InvesTrust was also responsible for maintaining custody of the plan assets and payment of benefits to participants at the discretion of the plan administrator.

Effective December 1, 2021, the assets of the Plan were maintained by Principal Trust Company and administered by Principal Life Insurance Company (Principal). For December 1, 2021 through December 31, 2021, Principal Trust Company was responsible for maintaining custody of the plan assets and payment of benefits to participants at the discretion of the plan administrator.

The Plan is administered by the Company's Retirement Committee (the Committee), which is a committee of certain employees of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participants may contribute a minimum of 1% of eligible compensation and may contribute up to 75% of eligible compensation. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan includes various employee match formulas; certain companies' matching formulas are highlighted below:

- Certain related employers match participant contributions up to 2% of compensation plus an additional amount equal to 50% of an employee's contribution, between 2% and 6%, not to exceed 4% of an employee's eligible compensation.
- Certain related employers match 100% of the first 4% plus 50% from 4% up to 6%, not to exceed 5%.
- Certain related employers match 100% of the first 1% plus 50% from 1% up to 6%, not to exceed 3.5%.
- Certain related employers match 100% of the first 6% plus 50% from 4% up to 10%, not to exceed 8%.

- Effective January 1, 2019, for employees hired on or before December 31, 2018, American Fidelity matches 100% of the first 2% of employee contributions and 50% of the next 4% of employee contributions. For employees hired on or after January 1, 2019, American Fidelity matches 100% of the first 6% of pay, for service years 0 through 5, then 100% of the first 6% and 50% of the next 4% of pay after five years of service. Matching contributions shall in no event exceed 3% of employee eligible compensation.

Discretionary contributions made by the Company are from current and accumulated profits of the Company and are determined at the sole discretion of the Company's Board of Directors. Company discretionary contributions were approximately $243,000 and $3,997,000 for the years ended December 31, 2021 and 2020, respectively. Forfeitures are used to reduce company contributions. Contributions are subject to certain limitations.

Participant Investment Account Options

The Plan maintains shares of various mutual funds, common collective trusts, a common collective trust stable value fund, a pooled separate account, and a self-directed brokerage account option. Each participant has the option of directing all contributions to their account into any of these separate investment accounts. Participants may change their allocation daily.

Through November 30, 2021 and for the year ended December 31, 2020, the Plan maintained universal life insurance policies and two fixed-rate annuities from American Fidelity Assurance Company (AFA), a sponsoring employer. The fixed annuity and the universal life insurance policies were closed to contributions.

The Plan includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. The maximum automatic deferral amount is 6%.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their voluntary contributions plus earnings thereon. Participants are 100% vested in the Company's contribution portion of their accounts plus earnings thereon after two years of credited service. The nonvested balance is forfeited upon distribution or a five-year break in service but is subject to reinstatement upon return to the Company within five years.

Notes Receivable from Participants

Participants may borrow a portion of their contributions at the prime interest rate plus 2%, as defined in the Plan's agreement. The maximum amount of a participant's loan is determined by the

available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. The minimum loan amount is $1,000. The loans are secured by the balance in the participant's account. All loans are covered by demand notes and generally are repayable over a period not to exceed five years through payroll withholdings unless the participant is paying the loan in full.

Payment of Benefits

On termination of service due to termination of employment, death, disability, or retirement, a participant may elect to receive the value of their account as allowed for under the Plan.

Effective January 1, 2020 (through the amendment dated December 1, 2020), the plan sponsor implemented a *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provision that waived minimum distribution requirements for any distribution required to be made in 2020.

Forfeited Accounts

Upon termination of service, the nonvested company contributions (forfeitures) are available to be applied by the Plan to fund future company contributions. Forfeitures are reinstated if the participant resumes employment within five years of termination. Forfeitures of nonvested portions of participants' accounts available to reduce future company contributions as of December 31, 2021 and 2020 were approximately $179,000 and $143,000, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value of shares held by the Plan at year-end. Pooled separate accounts are valued at estimated fair value, as provided by Principal. The Plan's interest in the common collective trusts is valued based on information reported by the investment advisor using the audited financial statements of the collective trusts.

Fully benefit-responsive investment contracts, which include fixed annuities and universal life insurance policies, are valued at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Note 3: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Through November 30, 2021 and for the year ended December 31, 2021:

- Certain plan investments were fixed annuities and universal life insurance policies managed by AFA. Therefore, these transactions qualify as party-in-interest transactions.
- The Company paid trustee and record-keeping fees to InvestTrust, who is an affiliate of the Company.

For the years ended December 31, 2021 and 2020, the Company provided certain administrative services at no cost to the Plan.

Note 4: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets

Level 3 Unobservable inputs supported by little or no market activity and significant to the fair value of the assets

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2021				
Common collective trusts	$ 87,733,624	$ -	$ 87,733,624	$ -
Self-directed brokerage	2,529,598	2,529,598	-	-
Pooled separate accounts	229,793	-	229,793	-
Mutual funds	295,630,767	295,630,767	-	-
Total investments in the fair value hierarchy	386,123,782	$ 298,160,365	$ 87,963,417	$ -
Investments measured at net asset value (a)	337,779,885			
Investments, at fair value	$ 723,903,667			
2020				
Common collective trusts	$ 13,319,401	$ -	$ 13,319,401	$ -
Mutual funds	558,930,838	558,930,838	-	-
Investments, at fair value	$ 572,250,239	$ 558,930,838	$ 13,319,401	$ -

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2021 and 2020. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. Level 1 investments include mutual funds. If quoted market prices are not available, then fair values are estimated by using quoted prices of investments with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such investments are classified in Level 2 of the valuation hierarchy. Level 2 investments include common collective trusts and pooled separate accounts. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. There were no Level 3 investments at December 31, 2021 or 2020.

Note 5: Group Unallocated Fixed Annuity Contract with Insurance Company

In 1985, the Plan entered into fully benefit-responsive investment contracts with AFA. AFA maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group unallocated fixed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

As described in the basis of accounting disclosure, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group unallocated fixed annuity contract. Contract value, as reported to the Plan by AFA, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income tax or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The group unallocated fixed annuity contract does not permit AFA to terminate the agreement prior to the scheduled maturity date.

The carrying value of the group unallocated fixed annuity contract considered a traditional investment contract was $64,619,954 at December 31, 2020. The group unallocated fixed annuity contract was liquidated during the year ended December 31, 2021 in connection with the transfer of plan assets to Principal. The balance of the contract at December 31, 2021 was zero.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their company contributions.

Note 7: Tax Status

The Plan obtained its latest determination letter dated March 20, 2014, in which the IRS stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code (IRC) and, therefore, not subject to tax. The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

The outbreak of the SARS-CoV-2 virus and the incidence of COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen that have resulted in significant volatility in the investment markets and may continue to impact the value of plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note 9: Subsequent Events

The Plan was amended effective January 1, 2022 to increase the maximum withholding of the escalation clause from 6% to 10%. The amendment also removed the auto-distribution clause effective January 1, 2022.

Note 10: Nonexempt Transactions

Defined contribution plans are required to remit participant loan payments to the Plan as soon as they can be reasonably segregated from the employer's general assets but no later than the 15th business day of the month following the month in which the loan payments are withheld by the

employer. Once the Plan has determined it has remitted loan payments late to the Plan, the Plan is required to compute lost earnings on those payments and allocate lost earnings to the participants impacted in an equitable manner.

The Plan remitted all loan payments to the Plan for 2020 timely; however, 2021 loan payments of $6,594 were remitted to the Plan but were not remitted within the required time period. Late remittances to the Plan are required to be reported as nonexempt transactions until the year they are corrected; therefore, the late loan payments for 2021 have been included on Schedule H, Line 4a, of the Form 5500.

Note 11: Reconciliation of Financial Statements to Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan (Form 5500) filed with the IRS and the accompanying financial statements include reporting interest income on notes receivable from participants and net appreciation in fair value of investments. The financial statements include all interest received on notes receivable (including amounts received prior to transfer) totaling $545,000, while the 5500 has considered this amount net appreciation in fair value of investments.
