INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Participants of the
Heritage School of Newnan Retirement Plan
Newnan, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of Heritage School of Newnan Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (the "2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021 stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of Heritage School of Newnan Retirement Plan because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

The Heritage School of Newnan Retirement Plan (the "Plan") has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 1 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2021 Financial Statements section of our report, it is inappropriate to and we do not express an opinion on these supplemental schedules.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Heritage School of Newnan Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

The Plan has excluded from the 2020 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded from the 2020 financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the 2020 financial statements.

In our report dated October 6, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

HERITAGE SCHOOL OF NEWNAN RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN

The following is a brief description of the Heritage School of Newnan Retirement Plan (the "Plan"). Participants or other interested parties should refer to the plan agreement for a more complete description of the Plan's provisions.

A. General

Prior to January 1, 2015, The Heritage School, Inc. (the "School") had two plans, "Heritage School of Newnan Defined Contribution Retirement Plan ("Plan 001") and the "Heritage School of Newnan 403(b) TDA Plan ("Plan 002)". Plan 001 and Plan 002 were defined contribution plans with an effective date of September 1, 1984. These plans were merged into Plan 001 on January 1, 2015. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the requirements of Section 403(b) of the Internal Revenue Code.

The School is the sponsor, trustee and administrator of the Plan and the custodians are TIAA-CREF and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal") (collectively the "Custodians"). The Custodians manage the investments as directed by participants and provide recordkeeping services for the Plan. Effective April 15, 2021, the School moved the Plan from TIAA-CREF to Principal. Initially, plan account balances, not held in the TIAA Traditional Fund, were automatically transferred to target date investment funds maintained by Principal. The TIAA Traditional Fund contract with the School contains restrictions that will not allow these funds to transfer. Therefore, TIAA will liquidate and transfer funds in this account to Principal as Participants become eligible to move the money and a proper request is made. During this transition period, permissible withdrawals and distributions will continue to be available from these assets at TIAA, subject to the Plan's established eligibility guidelines.

The Plan was amended in July 2020 to suspend fixed employer matching contributions and allow for discretionary matching contributions effective July 1, 2020. There have been no employer contributions for the year ended December 31, 2021.

B. Beginning Balances

The Plan has not maintained sufficient accounting records and supporting documents needed to gain the proper assurance with regards to the assets of Plan 001 and Plan 002 at December 31, 2014 which were merged into Plan 001 effective January 1, 2015. The Plans have been in existence since 1984 and were not audited until December 31, 2015. Although a good faith effort was made at the service provider level and the Plan Sponsor level to produce the necessary data, the data available was not sufficient.

Further, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field

HERITAGE SCHOOL OF NEWNAN RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Beginning fair value balances of recorded assets as of January 1, 2015 were determined but investment data and transaction data prior to January 1, 2015 were not sufficient to provide assurance with regards to the December 31, 2014 balances, and ultimately the December 31, 2021 balances as reported on the Statements of Net Assets Available for Benefits. Although full cooperation was provided from both the Plan Sponsor and service providers, the service providers were unable to produce the pre-2015 investment and transaction detail and supporting data needed. Given the number of years the Plan has been in existence, it was not possible to obtain the required transaction data and investment detail far enough back for the auditors to gain the assurance needed with regards to the beginning balances reported on the Statement of Net Assets Available for Benefits.

C. Eligibility

Employees, expected to work at least 1,000 hours per year, are eligible to participate in the Plan once employment commences and may enter the Plan the first day of each month of the Plan year. Employees are required to complete one consecutive year with at least 1,000 hours worked during that year before they are eligible to receive matching contributions made by the School.

D. Contributions

Participants may contribute up to the applicable limit pursuant to Internal Revenue Code Section 403(b) of their pre-tax annual compensation, as defined by the Plan, subject to certain limitations for highly compensated individuals. Participants who attained age 50 before the end of the Plan year may make additional catch-up contributions. The School provides a service-graded matching contribution after the participant has completed one year of service and is at least 21 years old. Once the participant meets the service requirement threshold, the applicable contribution percentage is effective the following pay period. During the seven-month period ended July 31, 2020, the School's service-graded employer match contributions were as follows:

<u>Years of Service</u>	<u>Contribution Percentage</u>
1 to 10 years of service	3%
Greater than 10 years of service	6%
Greater than 16 years of total experience	6%

HERITAGE SCHOOL OF NEWNAN RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Total experience includes professional experience at other educational institutions in the same field as at the School. Effective August 1, 2020, the School discontinued making matching contributions.

E. Participant Accounts

Each participant's account is credited with the participant's contribution, the School's contributions and an allocation of the investment income. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

F. Vesting

Participants are immediately vested in their voluntary contributions and the School's contributions plus actual earnings thereon.

G. Loans to Participants Secured by Participant Accounts

Participants may borrow directly from TIAA-CREF using a portion of their Plan account as security for the loan. Such loans are subject to certain limitations. Applicants receiving such loans are required to pledge as collateral an account value equal to 110% of the outstanding loan amount for the period the loan is outstanding. Loan balances outstanding from TIAA-CREF to the Plan's participants were \$11,519 and \$29,257 as of December 31, 2021 and 2020, respectively. As such, approximately \$12,671 and \$32,182 of account values as of December 31, 2021 and 2020, respectively, serves as collateral for the related loans, which are included in investments in the accompanying Statements of Net Assets Available for Benefits.

H. Payments to Participants

Upon termination of service due to retirement, attainment of age 59½, attainment of normal retirement age before severance from employment, termination, death or disability, a participant or representative may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, upon written request and approval, participants may withdraw some or all of the elective contributions in their employee contribution account if the withdrawal is necessary due to hardship.

2. SUMMARY OF ACCOUNTING POLICIES

A. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure

HERITAGE SCHOOL OF NEWNAN RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Prior to January 1, 2009, the Department of Labor ("DOL") did not require audited financial statements. Although Plan 001 and Plan 002 maintained accounting records and supporting documents relating to contracts and custodial accounts issued to current and former employees, these records were unaudited. Accordingly, management is unable to determine the extent to which the accompanying financial statements and supplemental schedule may have been affected by these conditions.

B. Use of Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Payment of Benefits

Benefits are recorded when paid.

E. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the School and are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

F. Subsequent events

Subsequent events have been evaluated by management through October 17, 2022, the date these financial statements were issued.

DECEMBER 31, 2021 AND 2020

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or the liability
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2021 and 2020, investments are the only assets that are measured at fair value on a recurring basis in periods subsequent to initial recognition. The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- The fair values of TIAA-CREF and Principal registered investment company shares and other mutual funds are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).
- The fair values of accumulation units held by the Plan in CREF accounts (registered investment companies are based on each account's daily net asset value ("NAV"),

HERITAGE SCHOOL OF NEWNAN RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

which is considered by Plan management to be the best approximation of fair value. CREF accounts are not exchange traded. Data for NAVs are available daily to Plan administrators and client investors on TIAA-CREF's website and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of the underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.

- The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV, which is considered by Plan management to be the best approximation of fair value. The unit value of the fund is calculated daily and available to Plan administrators and client investors on TIAA-CREF's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Determination of this fair value involves significant judgment.
- Investments in the TIAA Traditional Annuity Non-Benefit Responsive Contracts are reported at contract value, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs (Level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract. See Note 4 for discussion of the TIAA Traditional Annuity.

The preceding methods described produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

4. FULLY BENEFIT-RESPONSIVE CONTRACTS

The TIAA Traditional Annuity Benefit Responsive Contract is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity Benefit Responsive Contract is offered through a variety of contract types, including the Retirement Annuities ("RA") and Group Supplemental Retirement Annuities ("GSRA"). The type of contract through which a participant invests in the TIAA Traditional Annuity Benefit Responsive Contract determines the applicability of certain account features, such as guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity Benefit Responsive Contract during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims paying ability. The TIAA Traditional Annuity Benefit Responsive Contract also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

The RA contract does not allow lump-sum cash withdrawals, and transfers must be spread over 10 annual installments. All other withdrawals and transfers from RA and GSRA contracts must be spread over 10 annual installments (five annual withdrawals after termination of employment). The GSRA contract provides for full participant-directed liquidity. When a participant's accumulation in the TIAA Traditional Annuity Benefit Responsive Contract is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

HERITAGE SCHOOL OF NEWNAN RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

The Principal Guaranteed Option ("PGO") is a guaranteed general account backed group annuity contract issued by Principal Life Insurance Company to Principal Trust Company as custodian. The composite crediting rate credited to participant account balance equaled 1.10% until December 1, 2021 and was reset to 3.6% at that date. There are not restrictions on participant transfers from the PGO to other non-competing Plan options.

5. POOLED SEPARATE ACCOUNTS

Units held in the TIAA-CREF pooled separate account ("PSA") are valued at the NAV based on the fair market value of the underlying investments of the account less its liabilities. The NAV, as provided by TIAA-CREF, is used as a practical expedient to estimate fair value. The PSA holds between 15% and 25% of its net assets in investments other than real estate and real estate related investments, comprised of publicly traded, liquid investments. Determination of fair value of the real estate assets involves significant judgement. Valuation of the PSA's real estate properties are based on real estate appraisals, which are estimates of property values based on a professional's opinion and may not be an accurate predictor of the amount the PSA would receive if it sold a property. Appraisals can be subjective in certain respects and rely on a variety of assumptions (including comparable property sales and historic pricing) and conditions at that property or in the market in which the property is located, which may change materially after the appraisal is conducted. Among other things, market prices for comparable real estate may be volatile, if there has been a lack of recent transaction activity in such market.

As the PSA generally obtains appraisals on a quarterly basis, there may be circumstances in the period between appraisals or interim valuation adjustments in which the true realizable value of a property is not reflected in the PSA's daily NAV calculation or in the PSA's periodic financial statements. This disparity may be more apparent which the commercial and/or residential real estate markets experience an overall and possibly dramatic decline (or increase) in property values in a relatively short period of time between appraisals.

6. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF and Principal have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivables from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021.

HERITAGE SCHOOL OF NEWNAN RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

The Plan's independent accountants did not perform auditing procedures with respect to this information ring such information to the related information included in the financial statements and supplemental schedule.

7. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by TIAA-CREF and Principal, who are the custodians as defined by the Plan and, therefore, these investments and investment transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

9. TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the "Code"). The terms of the Plan have been prepared to conform to the sample language provided by the Internal Revenue Service ("IRS") in Revenue Procedure 2007-71. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The plan administrator has identified areas of noncompliance and has made a good faith effort to bring the Plan into compliance. The Plan administrator believes the Plan is qualified and the related custodial accounts and tax-deferred annuities are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.
