INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Sonterra Medical Management Group Profit Sharing 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statement

We have performed an audit of the accompanying financial statements of Sonterra Medical Management Groups Profit Sharing 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Sonterra Medical Management Groups Profit Sharing 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Opinion on the 2021 Financial Statements (Continued)

- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Sonterra Medical Management Group Profit Sharing 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sonterra Medical Management Group Profit Sharing 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sonterra Medical Management Group Profit Sharing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sonterra Medical Management Group Profit Sharing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at Year End) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed

to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (Continued)

2021 Supplemental Schedules Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Sonterra Medical Management Group Profit Sharing 401(k) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 7, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting Disclosure under ERISA.

Correction of an Error

During our 2021 audit, we identified a \$134,492 in employer contributions receivable that was overstated the prior year financial statements. Therefore, net assets available for benefits have been restated to comply with generally accepted accounting principles (see Note 12).

Profit Sharing 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan

The following brief description of the Sonterra Medical Management Group Profit Sharing 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering substantially all employees of the Sonterra Medical Management Group, Inc., Orthopaedic Surgery Center of San Antonio, L.P., and several adopting professional associations (Company) who have completed 6 months of employment are age twenty-one (21) or older. Participation in the Plan commences on the first day of the month coinciding with or next following the date service requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, the Coronavirus Aid, Relief, and Economics Security ("CARES") Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Written amendments to the Plan to reflect the operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Contributions

Each year, participants may contribute up to a maximum amount determined by the Federal Government, which for the year 2021 was \$19,500. Also, participants who have obtained the age of 50 before the close of the Plan year are eligible to make catch-up contributions, which for the year 2021 was up to an additional \$6,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants may direct the investment of their contributions into various investment options offered by the Plan, or they may elect to establish a self-direct brokerage account. The Company may also make discretionary matching and profit-sharing contributions, and non-elective safe harbor contributions. The Company did make profit sharing and non-elective safe harbor contributions for the years ended 2021 and 2020 in the amounts of \$1,580,838 and \$1,789,928, respectively. The profit sharing and non-elective safe harbor contributions made on behalf of each participant were based on the participant's compensation, as determined according to the Plan's provisions and job classification. Total contributions are subject to certain limitations.

1. Description of Plan (continued)

Contributions (Continued)

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate initially set at 4% of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, profit sharing and non-elective safe harbor contributions, if applicable and Plan earnings. Plan earnings are allocated to participant's accounts based upon their specific investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and their rollover contributions into the plan plus actual earnings thereon. Upon completion of three full years of service, a participant whose employment terminates other than by retirement, death or disability is entitled to 100% of the employer's matching contributions. A participant is 50% vested in the employer's profit-sharing contributions after three years of service, then increases by 25% per year until 100% vested after five years of service. A participant is 100% vested at all times in the employer's non-elective safe harbor contributions.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are used to reduce the Company's subsequent contributions to the Plan. Unallocated forfeitures at December 31, 2021 and 2020 were \$40,405 and \$683, respectively.

1. Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from \$1,000 up to a maximum of the lesser of 1) \$50,000 reduced by any outstanding loans from the Plan, or 2) 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at fixed rate as determined by the Plan administrator which is the Federal prime rate plus 1% at the date of the loan origination. Participant loans are only allowed for reasons of financial hardship as defined in the Plan document. All loans must be repaid within 5 years except in limited circumstances such as the purchase or repair of a participant's primary residence. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits are paid in a lump sum if the vested account balance does not exceed \$5,000. If the vested account balance exceeds \$5,000, the benefits are paid in either a lump sum or installments, but only with respect to minimum required distributions, over a period of not more than the participant's assumed life expectancy. The participant or beneficiary is entitled to a benefit equal to the vested balance and non-forfeitable interest in his/her account as of the distribution date. If a participant terminates due to death, disability, or normal retirement, the participant becomes 100% vested in the account balance.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's collective trust fund investments are valued at their net asset value per unit as a practical expedient as reported by the fund manager of the collective trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Sonterra Medical Management Group
Profit Sharing 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduce, and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i-Schedule of assets (held at end of year).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts assets and liabilities and change therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Fees related to participant-initiated transactions and investment fees are charged directly to the participant's account and are included in administrative expenses and are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

3. Certification of Plan Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income, net of investment expenses, and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investment information and notes receivable from participants included in the accompanying Schedule of Assets (held at end of year) as of December 31, 2021.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan's independent auditors did not perform auditing procedures with respect to the above referenced information certified by the trustee which appears throughout the Plan's financial statements and supplemental schedule.

4. Fair Value Measurements

The fair value measurement accounting literature establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

Sonterra Medical Management Group
Profit Sharing 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

4. Fair Value Measurements (continued)

- Inputs other than quoted prices that are observable for the asset of liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset of liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for major categories of investments measured at fair value:

Level 1 Fair Value Measurements

Self-directed brokerage accounts

Accounts primarily consist of mutual funds, common stocks, interest bearing cash, US governmental securities, and corporate bonds that are valued as described in this section.

Common stocks

Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds

Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

**Sonterra Medical Management Group
Profit Sharing 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020**

4. Fair Value Measurements (continued)

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest-bearing Cash

Interest-bearing cash is held primarily in short-term money market funds, which are valued at cost plus accrued interest.

U.S. Government Securities

U.S. government securities are valued using pricing models maximizing the use of observable inputs for similar securities.

Common Collective Trusts

The Putnam Stable Value 25bps is a stable value fund invested in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks, and other financial institutions. The Plan's investment is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. These net asset-based investment have been excluded from the fair value hierarchy.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair values as of December 31, 2021 and 2020:

	Fair value hierarchy level			Assets measured at fair value
	Level 1	Level 2	Level 3

Investment measured at NAV (a)				760,837
Total investments at fair value				<u><u>\$ 38,746,389</u></u>

- (a) Investments in common collective trusts are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the above referenced table is intended to permit a reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Related-Party Transactions and Party-Interest Transactions

Plan investment is managed by Matrix Trust Company, the trustee, and they provide participant accounting and, therefore transactions with trustee qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan has notes receivable from participants at December 31, 2021 and 2020. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions under ERISA.

6. Tax Status

The Company adopted the OneAmerica Financial Partners, Inc. Volume Submitter 401(k) Profit Sharing Plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014 which stated that the Plan is designed in accordance with applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in accordance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of the Employee Retirement Income Security Act. In the event of Plan termination, participants will become one hundred percent (100%) vested.

9. Subsequent Events

Subsequent events were evaluated through October 14, 2021, the date which these financial statements were available to be issued. During this period, the Company was not aware of any material recognizable subsequent events that require disclosure.

10. COVID-19 Impact

In March 2020, the World Health Organization declared the outbreak of COVID-19 as a pandemic. The pandemic has generated significant uncertainty in the global economy and volatility in financial markets. The COVID-19 pandemic has affected and may continue to affect the market price of Plan assets. Due to the ongoing economic uncertainty and volatility caused by COVID-19, the resulting financial impact to the Plan and to the Plan's participants' account balances cannot be reasonably estimated.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), which included several relief provisions available to tax qualified retirement plans and their participants.

The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. Plan management has adopted the Coronavirus-related distribution and participant loan provisions of the CARES Act as of the date of these financial statements.

Those provisions include, but are not limited to, the following key points relating to participants with a need caused by COVID:

- Increased maximum participant loans to lesser of account balance or \$100,000 for loans made between March 28, 2020 and September 22, 2020 (180 days).
- Loan repayments can be delayed up to one year for payments due through December 31, 2020 (loan to be re-amortized).
- Required minimum distributions for 2020 were suspended.
- 10% penalty tax does not apply to any COVID-related distribution to a participant of up to \$10.
