Independent Auditor's Report

To the Trustee of
Desert de Oro Foods, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Desert de Oro Foods, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Desert de Oro Foods, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Desert de Oro Foods, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Desert de Oro Foods, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Desert de Oro Foods, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions as of and for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Desert de Oro Foods, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2021

Note 1 – Plan Description

The following description of the Desert de Oro Foods, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan originally effective February 1, 1997. The Plan has been amended throughout the years to comply with tax legislation and was most recently amended effective October 1, 2021. The Plan excludes leased employees, non-resident aliens and employees covered by a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustee is responsible for the oversight of the Plan. The Trustee and plan administrator determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Eligibility:

Employees of Desert de Oro Foods, Inc., DDO-Utah, Inc., DDO-Cal, Inc., Hot Tacos, Inc., Vista Foods, Inc., The Prescott Office, LLC, Fork In The Road, Inc., Hot Pizzas, Zee Tacos, and Gen2 Tacos, (collectively referred to as the Company) are eligible to participate in the deferral and safe harbor match components of the Plan upon reaching age 21 and completing twelve months of employment during which he or she is credited with at least 1,000 hours of service. Employees are eligible for discretionary profit sharing contributions if they are employed on the last day of the plan year, if they terminate employment during the year and are credited with 500 hours of service during the plan year, or it is the year of their death, disability or termination of employment after normal retirement age.

Plan restatement:

Effective October 1, 2021, the Plan was amended and restated in full to amend certain plan provisions as follows: a) the age required for eligibility was lowered from 21 to 18; b) add Desert BBQ, LLC as a participating employer and approve an incoming plan asset merger from the Desert BBQ 401(k) Plan. The incoming asset merger was completed on March 13, 2022, in the amount of \$34,818.

Effective October 1, 2021, a special eligibility and entry provision was approved to allow all employees who were employed or re-employed by any participating employer on October 1, 2021, and are at least age 18, to be considered eligible and enter the Plan as of October 1, 2021.

Contributions:

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company contributes a safe harbor contribution equal to 100% of the employee deferral that does not exceed 3% of compensation plus 50% of the employee deferral between 3% and 5%. In addition, the Company may contribute a discretionary profit sharing contribution. There were no discretionary profit sharing contributions for the year ended December 31, 2021.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Note 1 – Plan Description (Continued)

Participant accounts:

Each participant's account is credited with the participant's contributions and any Company contributions. Realized and unrealized gains, losses, interest, and dividend income are adjusted based on participant account balances. Participants are charged with the allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions and the employer safe harbor contribution, plus actual earnings thereon. Vesting in Company discretionary profit sharing contributions is based on years of continuous service. A participant is 20% vested after two years of service and an additional 20% for each year thereafter. A participant is 100% vested after six years of credited service. Additionally, participants become fully vested upon disability, death or normal retirement as defined in the Plan document.

Notes receivable from participants:

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance from their fund account. The notes are secured by the balance in the participant's account and bear a 4.25% interest rate as of the date the note is executed. The note must be repaid over a period not to exceed five years unless the loan is used for the purchase of the participant's principal residence. Principal and interest are paid ratably through payroll deductions, if available.

Payment of benefits:

Benefits begin at retirement age, termination of employment, total and permanent disability or death of the participant. Distributions of benefits are made in one lump sum or as installments (only with respect to required minimum distributions) for vested balances more than \$5,000. The Plan allows for in-service distributions if a participant reaches age 65 and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the plan administrator may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

CARES Act:

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which included several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act were effective and operationalized immediately, without amending the Plan document. Provisions of the CARES Act allowed qualified participants to receive coronavirus-related distributions without penalty and delay repayments of any new or outstanding loans for up to one year. COVID-19 related loan limits increased to the lesser of \$100,000 or 100% of the participant's vested balance, but the amount was reduced by the highest total loan balance in the last 12 months. Additionally, required minimum distributions in 2020 were delayed by one year, but could still be received at the request of a participant. These provisions generally expired on or about December 31, 2020.

Forfeitures:

Upon termination of employment, participants forfeit their non-vested discretionary profit sharing balances. Any forfeiture amounts derived from discretionary profit sharing contributions are allocated to participants eligible to share in allocations of profit sharing contributions or used to pay plan expenses. As of December 31, 2021 and 2020, there were no unallocated forfeitures. There were \$3,263 of forfeitures related to excess employer matching contributions used to reduce Company contributions for the year ended December 31, 2021.

Note 2 – Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies follows:

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value (except for fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the custodian. See *Note 4* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Payment of benefits:

Benefits are recorded when paid.

Administrative expenses:

Administrative expenses of the Plan may be paid directly by the Company or from the assets of the Plan. The expenses that are paid from Plan assets will either be shared by all participants or charged directly to the account of the participant on whose sole behalf the expense is incurred. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events:

Plan management has evaluated subsequent events through October 17, 2022, which is the date the financial statements were available to be issued.

Note 3 – Certification of Investment Information

American United Life Insurance Company (AUL), the custodian of the Plan as of December 31, 2020 and from January 1, 2021 through October 31, 2021, and Lincoln Financial Group (Lincoln), the custodian of the plan from November 1, 2021 through December 31, 2021, have supplied the plan administrator with certifications as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the statement of changes in net assets available for benefits for the year ended December 31, 2021, and the supplemental schedule of assets (held at end of year) as of December 31, 2021.

Note 4 – Fair Value Measurement

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Valued at the net asset value (NAV) or equivalent based on units of the pooled separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. There are no unfunded commitments or redemption restrictions associated with these investments.

Note 4 – Fair Value Measurement (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts*	\$ -	\$ -	\$ -	\$13,734,867
	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts*	\$ -	\$ -	\$ -	\$10,998,426

*In accordance with ASC 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of the Plan's assets at the end of each respective year.

The Plan has investments in various pooled separate accounts which invest in equity, fixed income, and target date funds. The objective of investments in equity funds is to approximate the risk and return characterized by various indices; to seek long term capital appreciation; provide diversified exposure representative of various segments of the U.S. or foreign equity market; and/or to seek income. The objectives of investments in fixed income funds is to provide investment results that approximate the overall performance of certain bond indices and/or to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. The objective of investments in target date funds is to provide various levels of asset allocations which become more conservative over time so participants can stay with the same fund before and after selected retirement dates.

Note 5 – Group Annuity Contracts

AUL Fixed Account

The Plan participated in the American United Life Insurance Company Stable Value Fund (AUL Fixed Account). The AUL Fixed Account was an insurance company issued general account backed group annuity contract. There were no specific securities in the general account that backed the investment in this contract.

Because the guaranteed investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by AUL, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could generally transfer any amount from the AUL Fixed Account, however, a participant could only transfer funds to the AUL Fixed Account after 90 days have elapsed since the date of their last transfer from the AUL Fixed Account. AUL could impose a surrender charge at the contract level in the event of a full contract discontinuance, a partial contract discontinuance, or if withdrawals from the AUL Fixed Account exceeded certain percentages for all participants in one year.

Notes to Financial Statements

December 31, 2021

Note 5 – Group Annuity Contracts (Continued)

The contract was a group annuity insurance product issued by AUL and was backed by the full faith and creditworthiness of the issuer. There were no reserves against contract value for credit risk of the contract issuer or otherwise. Deposits made to the contract were deposited in AUL's general account. Payment obligations under the contract represented an insurance claim supported by all general account assets. The contract did not operate like a mutual fund, variable annuity product, or conventional fixed rate individual annuity product. Expenses related to the contract were calculated by AUL and incorporated into the contract's crediting rate. Past interest rates are not indicative of future interest rates.

The AUL Fixed Account had a portfolio investment rate design in which all deposits were credited with the same interest rate on a daily basis, with no set maturity. The effective guaranteed credited interest rate was set on a quarterly basis and was announced at least 10 days in advance. The guaranteed interest rate could not change during the period for which it was effective. No guaranteed rate could be less than an annual effective interest rate equal to the average 5-year Constant Maturity Treasury Rate reported by the Federal Reserve for the month of October of the calendar year immediately preceding the calendar year in which the guaranteed rate was in effect. This minimum rate could not be less than 1% or greater than 3%. The crediting interest rate for the investment contract at December 31, 2020 was 1.00%.

Stable Value Account

As of November 1, 2021, custody of plan assets were transferred to Lincoln. The Plan participates in the Lincoln Stable Value Account (Stable Value Account). The Stable Value Account is an insurance company issued general account backed group annuity contract. Investments in this contract are backed by a diversified portfolio of fixed income instruments, primarily intermediate-term public bonds, private placement bonds, and commercial mortgages with a duration of three to seven years.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may generally transfer any amount from the Stable Value Account, however, a participant may only transfer funds to the Stable Value Account after 90 days have elapsed since the date of their last transfer from the Stable Value Account. The Stable Value Account remains fully benefit-responsive upon contract termination, and discontinuance fees do not apply.

The contract is a group annuity insurance product issued by Lincoln and is backed by the full faith and creditworthiness of the issuer. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Deposits made to the contract are deposited in Lincoln's general account. Payment obligations under the contract represent an insurance claim supported by all general account assets. The contract does not operate like a mutual fund, variable annuity product, or conventional fixed rate individual annuity product. Expenses related to the contract are calculated by Lincoln and incorporated into the contract's crediting rate. Past interest rates are not indicative of future interest rates.

The Stable Value Account has a portfolio investment rate design in which all deposits are credited with the same interest rate on a daily basis, with no set maturity. The effective guaranteed credited interest rate is set on a semi-annual basis and is announced at least 10 days in advance. The guaranteed interest rate shall not change during the period for which it is effective. No guaranteed rate may be less than 1%. The crediting interest rate for the investment contract at December 31, 2021 was 1.50%.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7 – Party-in-Interest and Related Party Transactions

Certain Plan investments are managed by AUL and Lincoln. AUL and Lincoln are the custodian as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. As described in *Note 2*, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9 – Tax Status

The Plan is placing reliance on an opinion letter dated March 31, 2014, received from the IRS on the volume submitter plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The volume submitter plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The plan administrator has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan Sponsor has adopted a prototype plan provided by Pinnacle Financial Services (Pinnacle). Pinnacle obtained an opinion letter dated June 30, 2020 from the IRS pursuant to a requirement to restate pre-approved plan documents every six years in order to maintain the Plan's tax-qualified status. As a result, on October 1, 2021, the Plan Sponsor restated the Plan to reflect remedial amendments associated with Pinnacle's restatement of its prototype plan. See *Note 1* for discussion of changes to plan provisions.

Note 10 – Prohibited Transactions

During 2021, the Plan Sponsor inadvertently failed to deposit participant deferrals totaling \$121,416 within the required timeframe as stated by the DOL. The DOL considers late deposits to be prohibited transactions. The Plan Sponsor is in the process of depositing lost earnings, filing Form 5330, and paying the applicable excise tax.

During 2020, the Plan Sponsor inadvertently failed to deposit participant deferrals totaling \$288 within the required timeframe as stated by the DOL. The DOL considers late deposits to be prohibited transactions. The Plan Sponsor has corrected these transactions during 2021 by depositing lost earnings, filing Form 5330, and paying the applicable excise tax.

Note 11 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	\$14,135,958	\$11,730,631
