Independent Auditor's Report

THE GREAT PLAINS LABORATORY, LLC 401(k) PLAN Year Ended December 31, 2021

To the Director of The Great Plains Laboratory, LLC 401(K) Plan,

We have audited the financial statements of The Great Plains Laboratory, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021 and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of The Great Plains Laboratory, LLC 401(k) Plan as of December 31, 2020 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Great Plains Laboratory, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Great Plains Laboratory, LLC 401(k) Plan's ability to continue as a going concern for 2021.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Great Plains Laboratory, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Great Plains Laboratory, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note C: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates and are subject to change in the near term.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought, sold and held during the year.

Fair Value Measurement

The fair value measurements hierarchy prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority ("Level 1") to unadjusted quoted prices in active markets for identical assets and liabilities and the lowest priority ("Level 3") to unobservable inputs. Fair value measurements primarily based on observable market

information are given a “Level 2” priority.

Payment of Benefits

Benefits paid to participants are based on vested participant account balances as of the date of distribution and are recorded on the date of distribution. At December 31, 2020 and 2021, there were no benefit payments requested that were awaiting payment.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Risks and Uncertainties

The Plan utilizes various investment securities including mutual funds corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Subsequent Events

Subsequent events have been evaluated through October 14, 2022, which is the date the financial statements are available to be issued.

Note D: FAIR VALUE MEASUREMENTS

Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Common collective trust funds are stated at fair value at estimated net asset value per share as reported by the fund manager based on the fair market value of the underlying investments. Common collective trust funds with underlying investments in fully benefit-responsive investment contracts are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. The fair value of common stock is based on the closing price reported in an active market.

The following is a summary, by asset category, of the fair value inputs of the Plan assets as of December 31, 2021:

	2021	2020
	Fair Value	Fair Value
Domestic Equity	1,330,624	920,016

Note F: PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

Note G: FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving the determination letter; however, the Company and the Plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements. The plan is subject to routine audits by taxing jurisdictions and there are currently no audits in progress. The plan is no longer subject to income tax examinations for years prior to 2018.

Note H: RELATED-PARTY TRANSACTIONS

A related party applied for and received a participant loan of \$15,000 at 9.99% on November 13, 2021. Another related party requested and received \$4,532.15 in hardship distributions. Neither transaction is a prohibited transaction under ERISA.

Note I: SUBSEQUENT EVENTS

The plan was amended on January 10, 2022 to remove New Beginnings Nutritionals, LLC from participating in the Plan. Prior to the acquisition described in Note A above, New Beginnings Nutritionals, LLC had common ownership with the Predecessor company, The Great Plains Laboratory, Inc. After the acquisition, it was no longer eligible to participate a related employer. Employees of New Beginnings Nutritionals, LLC may transfer their accounts to another retirement account.

Note J: CONTINGENCIES

An error calculating the employer match was made by a third-party service provider. The impact of the error is difficult to quantify as it primarily affects highly compensated employees who would have been subject to corrective distributions to avoid discrimination. The error can be corrected without penalty or sanction by the Internal Revenue Service or the Department of Labor through a proscribed Self Correction Program. In the absence of penalty or sanction, no contingent liabilities exist. The Self Correction Program does not allow back dating corrective contributions to a previous year, so the attached Statements of Net Assets Available for Benefits is unaffected.
