Report of Independent Auditors

Plan Administrator
Climatic Corporation 401(k) Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 (“ERISA”) Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Climatic Corporation 401(k) Plan (the “Plan”), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statement of net assets available for Plan benefits as of December 31, 2021, and the related statement of changes in net assets available for Plan benefits for the year then ended, and the related notes to the financial statements (“2021 Financial Statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section:

Plan Administrator
Climatic Corporation 401(k) Plan

Opinion on the 2021 Financial Statements (continued)

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 Financial Statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan Administrator
Climatic Corporation 401(k) Plan

Responsibilities of Management for the 2021 Financial Statements (continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

Plan Administrator
Climatic Corporation 401(k) Plan

Auditors' Responsibilities for the Audit of the 2021 Financial Statements (continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the 2021 Financial Statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 Financial Statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 Financial Statements or to the 2021

Plan Administrator
Climatic Corporation 401(k) Plan

Other Matter – 2021 Supplemental Schedule Required by ERISA (continued)

Financial Statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

The 2020 financial statements of Climatic Corporation 401(k) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 12, 2021 indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements and supplemental schedule, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Climatic Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan

The following description of the Climatic Corporation 401(k) Plan (the "Plan") provides only general information. Participants may refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which provides retirement benefits to eligible employees of The Climatic Corporation and subsidiaries (the "Company"), as defined in the Plan document.

Eligibility to participate in the Plan is based on attainment of age eighteen and completion of two months of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective November 1, 2020, Great-West Trust Company, LLC (the "former custodian") was replaced by Reliance Trust Company (the "Trustee") as the Plan trustee. As part of this change, a majority of the investment options offered by the Plan were replaced with similar investment options.

Contributions

Each year, participants may contribute up to 90 percent of their pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans. Participants may direct the investment of their contributions into various investment options offered by the Plan. The Company matches 100 percent of the first 3 percent plus 50 percent of an additional 2 percent of base compensation that a participant contributes to the Plan. At its sole discretion, the Company may make a nonelective (profit sharing) contribution in an amount it deems advisable. There were no discretionary profit sharing contributions for the years ended December 31, 2021 and 2020. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Vesting

Participants are vested immediately in their voluntary contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Climatic Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest based on rates available for similar loans from commercial lending institutions. Interest rates are determined on the closing date of the note and ranged from 4.25% to 5.75% at December 31, 2021. A participant may have no more than one note due to the Plan at any time. Principal and interest are paid ratably through bi-weekly payroll deductions.

Participant Accounts

Each participant's account is credited with the participant's elective deferral contributions, employer safe harbor matching contributions, plus earnings or losses thereon, and charged with an allocation of any administrative expenses paid by the Plan. Participants may elect to allocate current contributions among a variety of investment fund options. The allocations remain in effect until a new election is made.

Earnings and losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service, participants with account balances less than \$5,000 will receive a lump-sum distribution as soon as administratively feasible following the severance of employment. Participants with account balances greater than \$5,000 at the time of termination may elect to receive a lump-sum amount equal to the value of the participants vested interest in his or her account. Distributions may be made at the participant's election on or after the valuation date following termination of employment.

Hardship distributions are permitted upon determination of financial hardship.

All fully vested balances are available for distribution after the participant reaches the age of 59½.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA.

Climatic Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan (continued)

Forfeitures

Forfeited nonvested accounts may be used to reduce employer contributions. Forfeitures used to reduce employer safe harbor matching contributions totaled approximately \$2,000 and \$0 for the years ended December 31, 2021 and 2020, respectively. At December 31, 2021 and 2020, forfeited nonvested accounts totaled approximately \$2,000 and \$7,000, respectively.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States (“US GAAP”).

Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are reported at fair value, except for the fully-benefit responsive investment contract held at December 31, 2020, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The Plan’s investments included the Key Guaranteed Portfolio Fund, a fully benefit-responsive guaranteed annuity contract with Great-West Life & Annuity Insurance Company (“Great-West”). Great-West maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The Plan sold its investment in the Key Guaranteed Portfolio Fund in 2021.

Climatic Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Because the guaranteed annuity contract met the criteria to be considered fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed annuity contract at December 31, 2020. Contract value, as reported to the Plan by Great-West, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract was \$0 and \$58,128 as of December 31, 2021 and 2020, respectively. The methodology for calculating the interest crediting rate was based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate was reset quarterly.

The average yield earned by the Plan for the guaranteed annuity contract was derived by averaging the quarterly gross interest rates for the fund over the year. The average was 0.90% for 2021 and 1.04% for 2020.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid interest. In the event of default, notes are reportable to Plan participants as taxable income but remain outstanding and accrue interest until the participant leaves the Plan.

Payment of Benefits

Benefits are recorded when paid.

Climatic Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan invests in investments that are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that these changes could materially affect the amounts reported in the 2021 statement of net assets available for plan benefits.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other distributions are charged directly to the participant's account and are included in administrative expenses in the accompanying statements of changes in net assets available for plan benefits. Investment related expenses are included in net appreciation in fair value of investments in the accompanying statements of changes in net assets available for plan benefits.

3. Trustee Certification

Information presented in the accompanying financial statements as of and for the years ended December 31, 2021 and 2020, related to investments, notes receivable from participants, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

4. Fair Value Measurements

US GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan's mutual fund investments were valued using Level 1 inputs, which are based on quoted market prices of the shares held by the Plan.

Climatic Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

4. Fair Value Measurements (continued)

The Plan's investments include the Invesco Stable Asset Fund, which is a collective trust that invests in a variety of fully benefit-responsive investment contracts. The collective trust is valued at net asset value ("NAV") of units of the accounts. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held less liabilities. The practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

Gains and losses (realized and unrealized) included in the statements of changes in net assets available for Plan benefits for the years ended December 31, 2021 and 2020 are reported in the net appreciation in fair value of investments. Unrealized gains and losses from the guaranteed annuity contract were not reported in the statements of changes in net assets available for Plan benefits as the accounts were presented at contract value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2021		
	Level 1	Level 2	Total
Mutual funds	\$ 2,929,343	\$ --	\$ 2,929,343
Investments measured at NAV*:			<u>67,255</u>
Investments at fair value			<u><u>\$ 2,996,598</u></u>

Climatic Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

4. Fair Value Measurements (continued)

	December 31, 2020		
	Level 1	Level 2	Total
Mutual funds	\$ 1,931,133	\$ --	\$ 1,931,133
Investments measured at NAV*:			<u>1,977</u>
Investment at fair value			<u>\$ 1,933,110</u>

*Certain investments that are measured at net asset value per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for Plan benefits.

The following tables set forth a summary of the Plan's investments reported at NAV as a practical expedient to estimate fair value:

	December 31, 2021			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trust fund	<u>\$ 67,255</u>	<u>\$ --</u>	Daily	(a)

	December 31, 2020			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trust fund	<u>\$ 1,977</u>	<u>\$ --</u>	Daily	(a)

(a) Withdrawals generally will be permitted daily for the funds. A plan-level withdrawal requires a 12 month notice prior to the date of withdrawal.

Climatic Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

5. Related Parties and Parties-in-Interest

From November 1, 2020 through December 31, 2020 and for the year ended December 31, 2021, Plan investments were managed by ADP, Inc. ("ADP"). Through November 1, 2020, Plan investment were held and managed by Great-West. Therefore, all transactions with ADP and Great-West qualify as party-in-interest transactions. The Plan paid approximately \$24,000 and \$19,000 for trustee, recordkeeping, and investment advisory services during 2021 and 2020, respectively. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Income Tax Status

The Plan is a prototype plan designed to be in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Internal Revenue Service ("IRS") issued an opinion letter for the prototype plan, dated July 16, 2014, which stated that the prototype plan, as then designed, was in compliance with the applicable sections of the IRC. Although the Plan has been amended and formally restated since the date of the letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust was tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified at December 31, 2021 and 2020. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.
