Independent Auditor's Report

To the Plan Administrator
Kofax, Inc. 401(k) Salary Savings Plan
Irvine, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kofax, Inc. 401(k) Salary Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Kofax, Inc. 401(k) Salary Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan, established April 1, 1990, is a contributory, defined contribution 401(k) Salary Savings Plan available to qualifying employees of Kofax, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan assets are held by the trustee, Reliance Trust Company (“Reliance” or the “Trustee”), and all participants’ accounts are maintained by the Plan’s record keeper, ADP Retirement Services (“ADP RS” or the “Record keeper”).

The Plan is administered by an employee of the Company, who is the Plan Administrator.

Eligibility

To be eligible to participate in the Plan, an employee must have attained the age of 21, have completed at least three months of service, and be a regular or part-time employee. Excluded employees consist of union employees, nonresident aliens and leased employees. Entry date into the Plan is first of the month following the date eligibility requirements are met.

Contributions

Participants may contribute from 1% up to 60% of eligible compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code (“IRC”) each year. The Plan permits participants to make both pre-tax and certain after-tax contributions. Participants who have attained age 50 or greater before the end of the Plan year are eligible to make catch-up contributions. These catch up contributions will be included for the discretionary matching contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, which are reflected as rollover contributions in the statement of changes in net assets available for benefits. Participants may also elect to contribute a percentage of eligible compensation to the Plan on an after-tax basis.

Additionally, the Company may also make discretionary matching contributions in an amount determined at Plan year-end by the Board of Directors. The Company matched 100% of the first 6% of eligible compensation in 2021 and in the first half of 2020. A true-up is recalculated based on the ratio of elective deferrals to compensation. To receive this true-up, participants must be eligible to receive employer discretionary contributions and be employed at the end of the plan year.

The Company may, at its discretion, make non-elective contributions of a specified percent to participants who are employed on the last day of the Plan year and who have at least 1,000 hours of service during the year. There were no employer non-elective matchings in either 2021 and 2020.

Kofax, Inc.
401(k) Salary Savings Plan
Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's matching contribution and Plan earnings and expenses.

The Company's matching contributions are invested in accordance with participant allocation elections. Plan earnings and/or administrative expenses are allocated based on participant earnings, account balance or specific requested transactions. The benefits to which a participant is entitled are the benefits that can be provided from a participant's vested account.

Vesting

Eligible participants are immediately vested in their voluntary contributions and any income or loss thereon. Participants who completed one year of service are fully vested in employer discretionary matching contributions and non-elective contributions and any earnings thereon.

Notes Receivable from Participant Loans

Participant may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Participant can have no more than one loan outstanding from the Plan. The Company determines the appropriate interest rate based on the interest rates for loans of comparable quality and duration extended by banks and other financial institutions in the business of lending money for loans under similar circumstances. Interest rates range from 4.25% to 6.5% on loans outstanding as of December 31, 2021. Loans are repayable ratably through periodic payroll deductions over a term not exceeding five years, or up to thirty years for loans used for the purchase of a primary residence. As of December 31, 2021, participant loans had maturity dates through March 2048.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or to roll over to another retirement plan. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. In service distributions are allowed for participants over age 59½. Balances under \$5,000 may be paid out in a lump sum at the discretion of the Company.

Forfeitures

Forfeitures resulting from the non-vested portions of accounts of participants who have been terminated prior to being fully vested may be used first to pay the administrative expenses of the Plan, and any remaining amounts may be used to reduce future Company contributions. Forfeitures must be allocated in the same year in which the designated forfeiture occurs. As of December 31, 2021 and 2020, forfeited non-vested amounts totaled \$3,574 and \$8,725, respectively, and were included in net assets available for plan benefits. During the year ended December 31, 2021, \$5,151 was used from forfeited non-vested accounts to reduce Company contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, the processing of benefit payments to participants, and the maintenance of participants' investments are directly charged to the participant's account and are included in administrative expenses. Investment related expenses, including plan advisor fees, are included in net appreciation of fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Actual results could materially differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest and dividend income is recorded on the accrual basis. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments.

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participant Loans

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. The Plan classifies all notes receivable from participants in default if any

Kofax, Inc.
401(k) Salary Savings Plan
Notes to Financial Statements

scheduled repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which a receivable is initially considered past due. No allowance for credit losses had been recorded as of December 31, 2021 or 2020. Defaulted receivables are deemed distributed and recorded as benefits paid to participants in the Statement of Changes in Net Assets Available for Benefits and deemed distributions on the Form 5500 for financial reporting purposes in the year the determination is made. There were deemed distributions of \$104,852 in 2021. Amounts recovered on notes receivable from participants previously deemed uncollectible are reported as a reduction of benefits paid to participants in the financial statements and the Form 5500 for financial reporting purposes in the year the recovery is made. There were no recovery of the previously deemed uncollectible notes receivable in 2021.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such investments. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the financial statements.

The Plan provides investment options that hold securities of foreign companies, which may involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Kofax, Inc.
401(k) Salary Savings Plan
Notes to Financial Statements

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques and inputs used for each major class of asset measured at fair value by the Plan. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust (Stable Value Fund): The Plan invests in a stable value fund held within a common collective trust that is composed of fully benefit-responsive investment contracts and is valued at the NAV. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Generally, there are no restrictions on a participant's ability to redeem their investment in the common collective trust at the investment's NAV. However, withdrawals prompted by certain events (e.g., termination of the common collective trust, changes in laws or regulations) may restrict a participant's ability to redeem the investment at its NAV; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the trust.

At December 31, 2021 and 2020, the Plan had no unfunded commitments related to these investments.

Total investments	\$ 105,709,865	\$ -	\$ -	\$ 112,473,946

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

4. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, a qualified institution has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the supplemental schedule.

Kofax, Inc.
401(k) Salary Savings Plan
Notes to Financial Statements

The Plan's independent auditor did not perform audit procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule, as instructed by the Plan administrator.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provision of ERISA. In the event of Plan termination, participants' accounts will become fully vested and non-forfeitable.

6. Tax Status

In an opinion letter dated July 16, 2014, the Internal Revenue Service ("IRS") determined that the prototype non-standardized profit-sharing plan, sponsored by ADP, LLC used by the Plan was qualified under the applicable sections of the IRC. Although the plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC.

Subsequent to plan year ended December 31, 2021, the Plan adopted the non-standardized pre-approved profit-sharing plan sponsored by ADP, Inc. ("ADP"). The IRS has determined and informed ADP, by an opinion letter dated October 6, 2020, that the Plan was designed in accordance with applicable sections of the IRC. Therefore, no provision for income taxes has been provided for in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Parties-in-Interest and Related Party Transactions

The Trustee and the Company are parties-in-interest as defined by ERISA. Certain Plan assets are invested funds managed by the Trustee. The fees paid to the Trustee qualify as party-in-interest transactions permitted by the Department of Labor's Rules and Regulations and are exempt under ERISA. Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain other parties.

Notes receivable from participants also reflect party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan and the Plan does not compensate the Company for these services.
