## INDEPENDENT AUDITOR'S REPORT

October 17, 2022

To the Plan Administrator of  
St. Johnland Retirement Income Plan:

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the financial statements of St. Johnland Retirement Income Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

## **INDEPENDENT AUDITOR'S REPORT**

(Continued)

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

## **INDEPENDENT AUDITOR'S REPORT**

(Continued)

### **Auditor's Responsibilities for the Audit of the Financial Statements (Continued)**

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions as of and for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

(Continued)

## **INDEPENDENT AUDITOR'S REPORT**

(Continued)

### **Other Matter - Supplemental Schedule Required by ERISA (Continued)**

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- The form and content of the supplemental schedules other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Auditor's Report on the 2020 Financial Statements**

We were engaged to audit the 2020 financial statements of St. Johnland Retirement Income Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

# ST. JOHNLAND RETIREMENT INCOME PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

---

### 1. DESCRIPTION OF PLAN

The following description of the St. Johnland Retirement Income Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### **General**

The Plan is a noncontributory defined benefit plan which provides pension benefits for eligible employees of St. Johnland Nursing Center and The Society for St. Johnland (collectively, the Sponsors) and is subject to the provisions of the Employee Retirement Income Securities Act of 1974 (ERISA). The Plan includes substantially all employees of the Sponsors who completed one year of service and were age 21 or older as of June 30, 2011. Effective June 30, 2011, the Plan was amended to prohibit new participants from entering the Plan and froze benefit accruals for service credits.

#### **Contributions and Funding Policy**

The Sponsors' present intention is to make contributions in amounts sufficient to annually fund the Plan's current service cost and the initial past-service costs plus interest on them over a period of 30 years. During 2021 and 2020, the Sponsors made contributions of and \$544,000 and \$492,000, respectively, which exceeded the minimum funding requirements of ERISA.

#### **Pension Benefits**

The normal retirement at age 65 qualifies one for a monthly income for life based upon average monthly earnings during five consecutive years in the final ten years of service affording the highest such average. The monthly pension benefit amounts to 1 percent of final average earnings up to covered compensation plus 1.6 percent of final average earnings in excess of covered compensation multiplied by credit service not in excess of 30 years. Covered compensation refers to the average of the maximum amount of earnings which are subject to the Social Security tax in the 35-year period ending with the year Social Security retirement age is attained.

Early retirement benefits are available to any participant who has attained age 58 and has completed 10 years of service. The benefits for early retirement are adjusted 6.75 percent of each year up to 5 that commencement of payments precedes age 65 plus 3.33 percent for each year that benefit commencement precedes age 60.

A member whose service is terminated after 5 years qualifies for a deferred pension commencing at age 65 based on plan credits earned to the time of termination. Participants only become vested after 5 years of vesting service at which point they become fully vested.

#### **Disability and Death Benefits**

Disability retirement benefit is calculated in the same way as normal retirement benefit except that monthly final average earnings will be the highest 12 consecutive months in the 36-month period before disablement. Years of credited service will be the total credited service (maximum of 30 years) that would have been earned at normal retirement date had the employee continued to work for the sponsors until that time.

## 1. DESCRIPTION OF PLAN (Continued)

### **Disability and Death Benefits (Continued)**

#### *Before Commencement of Retirement Benefit*

1. Employee's spouse may be entitled to a benefit if employee's death occurs after having been married for 12 months, and
  - a. Death occurs while still working for the Sponsors and after being entitled to a normal, postponed, early, or vested retirement benefit, or
  - b. Employee terminates employment after being entitled to a vested retirement benefit, and death occurs before receiving vested retirement benefits.
2. If employee was eligible for early retirement on date of death, spouse can choose to receive the benefit immediately or defer payment to Normal Retirement Date.
3. If employee was not yet age 58 but had completed 10 years of vested service as of date of death, benefit payments can begin to spouse on the first day of the month after the date employee would have reached age 58. If employee had less than 10 years of vesting service, spouse will not be able to commence benefits until the participant's normal retirement date.
4. The benefit payable to spouse will be one-half of the 50 percent joint and survivor annuity payments that would have been payable to employee. This benefit will be payable for spouse's lifetime.

#### *After Commencement of Retirement Benefit*

1. Death benefit coverage will extend only to the date on which employee retires. After that, any death benefits payable will be provided under the form of payment in effect.
2. Also, if participant has entitlement to a normal, postponed, early, or vested retirement benefit but dies after electing the form of payment for the benefit but before the benefit begins to be paid, a benefit will be payable to spouse or designated beneficiary in accordance with the form of payment the participant elected.

### **Administrative Expenses**

Certain expenses of maintaining the Plan are paid directly by the Sponsors and are excluded from these financial statements. The Plan pays for fees related to investment advisory services and actuarial services. Investment expenses related to fund management are included in net appreciation in fair value of investments, rather than a direct payment from the Plan.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### **Basis of Accounting**

The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

### **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Sponsor's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and custodians.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

### **Investment Valuation and Income Recognition (Continued)**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

### **Fair Value Measurement - Definition and Hierarchy**

GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.
- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.
- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodology used for assets measured at fair value.

Money market funds, mutual funds, and exchange traded funds (collectively, the Funds) are stated at fair value based on quoted prices in active markets as reported by the Plan's trustee.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no changes in valuation methodologies used during 2021 or 2020.

### **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

### **Risks and Uncertainties (Continued)**

Plan contributions and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in this process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the accompanying financial statements.

### **Benefit Payments**

Benefit payments to participants are recorded upon distribution.

### **Accumulated Plan Benefits**

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

1. Retired or terminated employees or their beneficiaries
2. Present employees or their beneficiaries

### **Actuarial Present Value of Accumulated Plan Benefits**

Benefits for employees or their beneficiaries are based on employees' compensation (as defined in the Plan) during years of credited service.

The accumulated Plan benefits for active employees are based on information as of the valuation date. Benefits payable under all circumstances - retirement, disability, death, and termination of employment - are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits as of the beginning of the Plan year (January 1, 2021) is determined by Milliman, Inc., the Plan's actuary. The actuarial present value of accumulated Plan benefits is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

### **Estimates**

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the amounts reported in financial statements and accompanying notes. Actual results could differ from those estimates.

## **3. COVID-19**

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic. The global pandemic caused by the virus disrupted world-wide economic activity.

As of the date of issuance of these financial statements, the COVID-19 pandemic continues. The overall short-term and long-term consequences of COVID-19 on a national, regional, and local level are unknown, but there is the potential of a noteworthy negative economic impact. The impact of this situation on the Sponsors, the Plan, and its future results and financial position is not presently determinable.

#### 4. CERTIFIED INVESTMENT INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., the trustee of the Plan, has certified the following information included in the financial statements and accompanying supplemental schedules in complete and accurate to the best of their knowledge and belief:

|                       | <u>Level 1</u><br><u>Inputs</u> | <u>Level 2</u><br><u>Inputs</u> | <u>Level 3</u><br><u>Inputs</u> | <u>Total</u>         |

## 6. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits are based on the value of each participant's cash accumulation account. Benefits payable under all circumstances - retirement, death, and termination of employment - are included to the extent they are deemed attributable to service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by a qualified independent actuary and is that amount that results from applying actuarial assumptions to adjust accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal or retirement) between the valuation date and the expected date of payment.

Significant assumptions underlying the actuarial computations at January 1, 2021 are:

|                                 |                                                                                                                                                |

| Expected rate of return         | 6.75%                                                                                                                                          |

### Changes in Assumptions

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The accumulated plan benefit information as of the beginning of the plan year (January 1, 2021) was as follows:

#### Actuarial present value of accumulated plan benefits

|                                                                             |                             |

| Actuarial present value of accumulated plan benefits,<br>end of year        | <u><u>\$ 18,586,908</u></u> |

## 7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Sponsors have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to employee contributions, taking into account those paid out before termination
- b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five year preceding plan termination.
- c. Other vested benefits insured by PBGC (a U.S. government agency) up to the applicable limitations discussed below.
- c. All other vested benefits (that is, vested benefits not insured by the PBGC)
- d. All nonvested benefits

## **7. PLAN TERMINATION (Continued)**

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at the time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

## **8. TAX STATUS**

The Plan has received a determination letter from the Internal Revenue Service dated January 14, 2010, stating that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the determination letter.
