Required Communications

Auditing standards generally accepted in the United States of America (GAAS) (AU-C 260, *The Auditor's Communication With Those Charged With Governance*) require the auditor to promote effective two-way communication between the auditor and those charged with governance. Consistent with this requirement, the following summarizes our responsibilities regarding the financial statement audit as well as observations arising from our audit that are significant and relevant to your responsibility to oversee the financial reporting process.

Area	Comments
Our Responsibilities with Regard to the Financial Statement Audit	Our responsibilities under auditing standards generally accepted in the United States of America have been described to you in our arrangement letter dated August 16, 2022. Our audit of the financial statements does not relieve management or those charged with governance of their responsibilities which are also described in that letter. As management determined it is permissible in the circumstances and elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C), the audit did not extend to any certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the applicable financial reporting framework.
Overview of the Planned Scope and Timing of the Financial Statement Audit	We have issued a separate communication dated August 16, 2022 regarding the planned scope and timing of our audit and have discussed with you our identification of and planned audit response to significant risks of material misstatement.
Accounting Policies and Practices	Preferability of Accounting Policies and Practices Under generally accepted accounting principles, in certain circumstances, management may select among alternative accounting practices. In our view, in such circumstances, management has selected the preferable accounting practice. Adoption of, or Change in, Accounting Policies Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Plan. The Plan did not adopt any significant new accounting policies nor have there been any changes in existing significant accounting policies during the current period. Significant or Unusual Transactions We did not identify any significant or unusual transactions or significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Area	Comments
Accounting Policies and Practices (Cont.)	Management's Judgments and Accounting Estimates Accounting estimates are an integral part of the preparation of financial statements and are based upon management's current judgment. The process used by management encompasses their knowledge and experience about past and current events and certain assumptions about future events. You may wish to monitor throughout the year the process used to determine and record these accounting estimates. There were no significant accounting estimates reflected in the Plan's December 31, 2021 financial statements.
Audit Adjustments	Audit adjustments, other than those that are clearly trivial, proposed by us and recorded by the Plan are shown in the attached list of Recorded Audit Adjustments.
Uncorrected Misstatements	Uncorrected misstatements are summarized in the attached list of Uncorrected Misstatements. Uncorrected misstatements or matters underlying these uncorrected misstatements could potentially cause future-period financial statements to be materially misstated, even if we have concluded that the uncorrected misstatements are immaterial to the financial statements under audit.
Form 5500 Filing	GAAS require that we obtain and read a draft of the Plan's Form 5500 that is substantially complete prior to the dating of our auditor's report in order to identify material inconsistencies, if any, with the Plan's audited financial statements. We read the Plan's draft Form 5500 filing for consistency with information in the financial statements. We did not identify material inconsistencies with the audited financial statements, other than appropriate reconciling items with the draft Form 5500 as disclosed in the notes to the financial statements.
ERISA-Required Supplemental Schedules	We subjected the information included in the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with GAAS. The objective of these audit procedures was to determine whether the ERISA-required supplemental schedules, other than the certified investment information, are fairly stated in all material respects in relation to the financial statements as a whole, whether the form and content of the ERISA-required supplemental schedules are presented in conformity with the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure Under ERISA, and whether the certified investment information in the supplemental schedules agrees to, or is derived from, the

Area	Comments
ERISA-Required Supplemental Schedules (Cont.)	information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). We will include an other-matter paragraph in our auditor's report for the ERISA-required supplemental schedules. We did not identify inconsistencies with the audited financial statements or with the certified investment information.
Observations About the Audit Process	Disagreements With Management We encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments on any significant matters, the scope of the audit, or significant disclosures to be included in the financial statements. Consultations With Other Accountants We are not aware of any consultations management had with other accountants about accounting or auditing matters. Significant Issues Discussed With Management No significant issues arising from the audit were discussed with or the subject of correspondence with management. Significant Difficulties Encountered in Performing the Audit We did not encounter any significant difficulties in dealing with management during the audit. Difficult or Contentious Matters That Required Consultation We did not encounter any significant and difficult or contentious matters that required consultation outside the engagement team.
Other Operational Matters	Other operational matters identified during the audit are communicated in the attached as Exhibit A.
Certain Written Communications Between Management and Our Firm	Copies of certain written communications between our firm and the management of the Plan, including the representation letter provided to us by management, are attached as Exhibit B.

Exhibit A – Letter Communicating Other Operational Matters

As a service to you, we looked for areas where the Plan can improve its administration and other current items based on recent legislation. The observations made and recommendations developed are the result of our normal audit procedures and not of any special study, consequently, they are limited only to those more important areas which came to our attention during the course of our audits.

Internal Control Report Review

During our assessment of internal controls, we noted the Plan sponsor does not review the System and Organization Control 1 (SOC 1) Reports for those service providers involved with the Plan. The Plan Sponsor should implement a control to review the SOC 1 reports to ensure that all complementary user controls, to be performed by the Company, are identified and evaluated to meet the service organization's requirements.
