INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Crystal Equation Corporation 401(k) Retirement Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Crystal Equation Corporation 401(k) Retirement Plan (Plan), an employee benefit plan subject to Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (U.S. GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1 - Description Of Plan

The following description of the Crystal Equation Corporation 401(k) Retirement Plan & Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The company covered by the Plan is Crystal Equation Corporation, referred to herein as employer.

General

The Plan is a defined contribution plan covering substantially all employees who meet certain age requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Pension Protection Act of 2006.

Contributions

Each year, participants may contribute a portion of their annual compensation, subject to certain limitations under the Internal Revenue Code and as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan allows for discretionary employer matching contribution equal to a uniform percentage of Plan participants salary deferral and the Plan allows for employer discretionary profit sharing contribution. Contributions are subject to certain limitations. The employer may make nondiscretionary contributions to the Plan to correct testing failures and account for lost earning on late remittances.

Participant Accounts

Each participant's account is credited with participant contributions, employer matching contributions, and allocations of (a) employer discretionary and nondiscretionary contributions as determined by the plan sponsor and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus earnings thereon. Vesting in employer contributions, plus earnings thereon, is based upon years of service as defined in the Plan. A participant is 100% vested after six years of service.

Payment of Benefits

Upon termination of service or attainment of age 59 1/2, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account, payable either in a lump sum or in installment payments as described by the Plan.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts may be used to reinstate previously forfeited account balances of former participants, reduce employer contributions, pay administrative expenses of the Plan, as directed by the plan sponsor, or may be allocated to participants. Forfeited nonvested accounts totaled \$16,293 and \$35,526 at December 31, 2021 and 2020, respectively. The forfeited balances were used to pay administrative expenses, including audit fees, of the Plan.

CRYSTAL EQUATION CORPORATION 401(K) RETIREMENT PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and a maximum of the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance in their account during the previous one-year period. A participant may not have more than one loan outstanding at any time. Loans shall be repaid within five years unless the loan is taken for the purchase of a principal residence. Loan repayments must be made at least monthly. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% determined at the time of issuance. Interest rates ranged from 4.25% to 5.75% at December 31, 2021, and from 4.25% to 6.50% at December 31, 2020.

Administrative Expenses

All Plan expenses, including without limitation, expenses and fees of the plan sponsor, administrator, investment manager, trustee and any insurance company shall be charged as expenses of the Plan unless the employer chooses to pay such expenses. Expenses paid using Plan assets will generally be allocated among the accounts of all participants in the Plan unless paid through Plan forfeitures. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. In addition, transaction-based fees are deducted from participant accounts. Investment fees are generally charged to participant accounts as a percentage of assets invested and are deducted directly from investment returns.

2 - Summary Of Significant Accounting Policies

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan assets maintained in cash and money market accounts are not insured by the Federal Deposit Insurance Corporation. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Notes receivable are considered to be in default if any scheduled loan repayment is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due. Upon default, notes receivable are reported as taxable income to the participant, where the taxable amount is equal to the outstanding loan balance plus accrued interest through the date of default. Defaulted loans are included in notes receivable from participants at the unpaid principal balance until the participant has a distributable event and the loan balance is offset against other benefits.

Payment of Benefits

Benefits are recorded upon payment.

CRYSTAL EQUATION CORPORATION 401(K) RETIREMENT PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Subsequent Events Review

The plan administrator has evaluated subsequent events through October 17, 2022, the date when the financial statements were available to be issued.

3 - Market Risk

The Plan invests in a variety of investments. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

4 - Information Certified By The Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2021 and 2020, and for the year ended December 31, 2021. Accordingly, the Plan's trustee for the year ended December 31, 2021, Reliance Trust Company (RTC), has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- a. Investments as shown in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2021.
- b. Investment income as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
- c. Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021.

The Plan's trustee for the year ended December 31, 2020, Mid Atlantic Trust Company (MATC), has certified that the investments as shown in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2020 are complete and accurate.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information provided by the trustee to the related information included in the financial statements and supplemental schedule.

5 - Tax Status

The employer has adopted a non-standardized plan pre-approved by the Internal Revenue Service (IRS). The IRS issued an opinion letter dated October 6, 2020, indicating that the form of the plan is acceptable for use by employers for the benefit of their employees under Internal Revenue Code Section 401.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to December 31, 2018.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

6 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1

Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets.
- b. Quoted prices for identical or similar assets or liabilities in inactive markets.
- c. Inputs other than quoted prices that are observable for the asset or liability.
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust - stable value fund: The stable value fund is valued at net asset value as a readily determinable fair value provided by the administrator of the fund.

CRYSTAL EQUATION CORPORATION 401(K) RETIREMENT PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>
Investments at fair value as of December 31, 2021			
Mutual funds	\$ 17,815,995	\$ 17,815,995	\$ -
Common/collective trust - stable value fund	<u>434,343</u>	<u>-</u>	<u>434,343</u>
Investments at fair value	<u>\$ 18,250,338</u>	<u>\$ 17,815,995</u>	<u>\$ 434,343</u>
Investments at fair value as of December 31, 2020			
Cash	\$ 19,257	\$ 19,257	\$ -
Mutual funds	14,456,499	14,456,499	-
Common/collective trust - stable value fund	<u>613,060</u>	<u>-</u>	<u>613,060</u>
Investments at fair value	<u>\$ 15,088,816</u>	<u>\$ 14,475,756</u>	<u>\$ 613,060</u>

For the years ended December 31, 2021 and 2020, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

7 - Plan Termination

Although it has not expressed any intent to do so, the employer has a right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8 - Related Party Transactions

ADP Retirement Services (ADPRS) operated as the Plan's recordkeeper. ADPRS received \$36,642 in service fees from the Plan for the year ended December 31, 2021. RTC acts as the trustee of the Plan. The Plan invests in Reliance Trust Stable Value Fund offered by RTC; therefore, the transactions related to this account qualify as party-in-interest transactions.

MATC acted as the trustee of the Plan for the year ended December 31, 2020. The Plan invested in the Mid Atlantic Master Cash Account held by MATC; therefore, the transactions related to this account qualified as party-in-interest transactions. The fair value of the Mid Atlantic Master Cash Account held by the Plan as of December 31, 2020 was \$19,257.
