Report of Independent Auditors

To the Administrator of Keck Medicine of USC 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2021 financial statements of Keck Medicine of USC 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2021 financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, including the related notes (collectively referred to as the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors'

Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended (not presented herein, other than the statement of net assets available for benefits). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional

omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other

than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the University of Southern California's (the "University" or "USC") Keck Medicine of USC 401(k) Retirement Plan (the "401(k) Plan" or the "Plan") provides only general information. Participants should refer to the Plan or the Summary Plan Description for the Keck Medicine of USC 401(k) Retirement Plan, published by the University and provided to all participants of the Plan, for further discussion and details of the Plan provisions.

General

The Plan, which was established effective April 1, 2009, is a single employer profit-sharing plan covering all employees of the University who are either (1) employed by USC at Keck Hospital of USC (the "USC-KH") or USC Norris Comprehensive Cancer Center and Hospital (the "USC-NCCCH") and covered by a union collective bargaining agreement that provides for participation in the 401(k) Plan or (2) employed at USC Verdugo Hills Hospital (the "USC-VHH"), (3) employed by USC Physician Associates (the "USC-PA"), or (4) by Las Vegas Culinary Health Center. New employees are immediately eligible to make pre-tax, and Roth contributions to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Fidelity Management Trust Company ("Fidelity") is the Plan's Trustee and recordkeeper.

Effective January 1, 2018, the Plan was amended and restated. Furthermore, effective on December 31, 2018, the Plan was renamed Keck Medicine of USC 401(k) Retirement Plan; prior to such date, the Plan was called the University of Southern California Hospital 401(k) Retirement Plan. The right to benefits of any person who does not have an Hour of Service on or after January 1, 2018 will be determined in accordance with the provisions of the Plan as in effect from time to time prior to such date.

In December 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2020 ("SECURE Act"). The Plan implemented provisions of the SECURE Act in 2020 that changed the required minimum distribution age to 72, up from 70 ½ for Plan participants.

The Plan also adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020. The Plan also adopted the CARES Act retirement plan loan limit provision in which qualified individuals eligible for a coronavirus-related distribution could obtain a loan for the lesser of $100,000 or the vested account balance.

Responsibility for the daily oversight of the Plan is delegated to the Retirement Plan Administrator who reports to the Associate Senior Vice President, Human Resources, and to the Senior Vice President, Human Resources. The Retirement Oversight Committee reviews the appropriateness of the Plan's investment choices, valuation policies and performance.

All employees of the USC-VHH, USC-PA and Las Vegas Culinary Health Center are eligible to participate in the 401(k) Plan. Participants are immediately eligible to make pre-tax or Roth contributions by completing a salary reduction agreement through Workday, the University's Human Capital Management System. The Plan will recognize vesting credit earned while participants were employed by VHH and Las Vegas Culinary Health Center. Participants are credited with actual hours worked towards vesting.

Note 1. Plan Description (continued)

Eligibility and Contributions
All eligible employees can contribute up to 75% (in whole percentages) of eligible earnings on a pre-tax or Roth basis up to Internal Revenue Service ("IRS") annual limits. Participants can choose to make all or a portion of their contributions as a Roth contribution. These after-tax Roth contributions can be part or all of the contributions participants make that are matched by the University.

Prior to January 1, 2018, for the USC-VHH and USC-PA participants, at its discretion, USC matched 100% of their pre-tax or Roth contributions up to a maximum of 4% of eligible earnings following the end of each calendar year end providing the employee was employed on the last day of the Plan year. Effective January 1, 2018, the USC 4% match is made on a paycheck-by-paycheck basis.

Employees initiate their salary reduction agreements online using Workday. Asset allocation and beneficiary designations are made online at Fidelity's website. Effective April 2016, if participants did not make their own selections, the default funds are the age-appropriate Vanguard Institutional Target Date-Retirement suite, but participants can change their elections at any time.

Effective August 1, 2012, if a participant receives a hardship distribution, then any after-tax contributions, before-tax contributions and Roth 401(k) contributions (and any employee contributions to any other plan sponsored by the University) shall be suspended for the six-month period beginning with the date the participant receives the distribution. To make pre-tax contributions or Roth 401(k) contributions after such six-month period has expired, it will be the participant's responsibility to reinstate those contributions by entering into a new salary reduction agreement. Effective January 1, 2019, the practice of suspending contributions following a hardship distribution was discontinued.

Participant Accounts and Vesting
Each participant's account is credited with the employee and university contributions and an allocation of Plan earnings, as defined by the Plan. The benefit to which a participant is entitled is provided from the participant's vested account. Employees are immediately vested in their before-tax, Roth, after-tax contributions and rollover contributions. They are also immediately vested in the University's RMBA contribution. The University matching contribution is subject to a five-year vesting schedule in which the participant works 1,000 hours or more per year. The equivalency method of crediting hours is used for CNA (the "California Nurses Association") and NUHW (the "National Union of Healthcare Workers") participants. Actual hours worked is the crediting method for USC-VHH, USC-PA and Las Vegas Culinary Health Center employees.

Notes Receivable from Participants
Under the terms of the Plan, participants may borrow from their accounts a minimum of $500 up to a maximum amount equal to the lesser of 50% of their vested account balance, or $50,000 minus the highest outstanding loan balance in the previous 12-month period from all University retirement plans. The notes are secured by the balance in the respective participant's account and bear interest at a rate commensurate with local market rates for similar notes. The current interest rate is 6%. Principal and interest are paid in level payments through after-tax payroll deductions and notes periods range up to five years and, with supporting documentation, up to fifteen years for a home purchase note. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

A participant may have only one outstanding loan under the Plan at any given time. A loan that has been deemed to be distributed or defaulted shall be treated as an outstanding loan for purposes of this requirement.

Note 1. Plan Description (continued)

Payment of Benefits
Benefits are payable to a participant upon attainment of age 59 ½, termination of employment, retirement, or total and permanent disability, as specified by the Plan. RMBA benefits are available at 59 ½ regardless of employment status. Participants may elect to receive the value of their accumulated Plan benefits in a lump-sum distribution, systematic withdrawal payments if over age 55, or they may elect to roll over their benefits into Individual Retirement Accounts or another employer's retirement plan, as specified in the Plan. Benefits are payable to the participant's beneficiary upon the participant's death.

Plan Termination
Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contribution at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will receive a distribution of their vested account balances.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Benefits Paid
Benefits are recorded when paid.

Expenses
The University pays the salaries of the Plan's administrative personnel, provides office space, and pays for the administrative expenses of the Plan. No University employee receives compensation from the Plan.

The Administrator may direct Fidelity to pay (including from an account, if any, established for such purpose in the nature of "revenue sharing" or for similar deposits of asset management fees, settlement fees or other fees, in accordance with the negotiated amount) any or all expenses of administering the Plan, to the extent such expenses are reasonable, provided that expenses allocable to a specific Participant's account may be charged against such account.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Valuation of Investments
Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Oversight Committee reviews the appropriateness of the Plan's investment choices, valuation policies and performance. Reports from the Trustee and recordkeeper are made to the Senior Vice President, Administration.

Note 2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants
Participant notes receivable are valued at their outstanding principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Income Recognition
The net appreciation or depreciation in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments during the year, is reported in the Statement of Changes in Net Assets Available for Benefits. Dividend income is accrued on the ex-dividend date. Interest income from other investments is accrued as earned.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains or losses on sales of securities are computed on an average cost basis. Unrealized appreciation and depreciation in the fair value of investments is the change in market value as compared to the cost basis of the assets during the Plan's fiscal year.

Risks and Uncertainties
The Plan provides for investments in various investment securities that are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades.

The outbreak of COVID-19 has caused domestic and global disruption in operations for employee benefit plans and plan sponsors. The outbreak has also negatively impacted both the global financial markets and the Plan's investments and may continue to do so. Given the difficulty in predicting the ultimate duration and severity of the impact of the novel coronavirus on the Plan, the economy and the financial markets, the ultimate impact may be material.

Note 3. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Observable inputs reflect market data obtained from sources independent of the reporting entity and unobservable inputs reflect the entities own assumptions about how market participants would value an asset or liability based on the best information available. Valuation techniques used to measure fair value under ASC 820 must maximize the use of observable inputs and minimize the use of unobservable inputs. The standard describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value.

Note 3. Fair Value Measurements (continued)

The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used by the Plan for financial instruments measured at fair value on a recurring basis. The three levels of inputs are as follows:

Level I	Unadjusted quoted prices in active markets for identical assets or liabilities.
Level II	Inputs other than Level I that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the same term of the assets or liabilities.
Level III	Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value.

Money market funds: Valued at net asset value (NAV).

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There have been no changes in the methodologies used in 2021 and 2020.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as follows:

	December 31, 2021			
	Level I	**Level II**	**Level III**	**Total**
Mutual funds	$ 157,920,269	$ -	$ -	$ 157,920,269
	$ 157,920,269	$ -	$ -	$ 157,920,269

	December 31, 2020			
	Level I	**Level II**	**Level III**	**Total**
Mutual funds	$ 136,406,675	$ -	$ -	$ 136,406,675
	$ 136,406,675	$ -	$ -	$ 136,406,675

Note 4. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information and the information in the notes and supplemental schedule was supplied to the Plan administrator and agreed to or derived from the information certified as complete and accurate by the Trustee at December 31:

	2021	2020
Investments, at fair value	$ 157,920,269	$ 136,406,675
Investments, at contract value	2,051,043	2,136,921
Notes receivable from participants	3,364,119	3,950,234
Total investments	$ 163,335,431	$ 142,493,830

	2021
Investment income	
Net appreciation in fair value of investments	$ 15,618,730
Interest and dividend income	2,241,398
Total investment income	$ 17,860,128
Interest income on notes receivable from participants	$ 210,540

Note 5. Related Party Transactions

The University is a party-in-interest under the guidelines of ERISA. The University provides certain administrative services at no cost to the Plan. Certain Plan investments represent funds invested in, or maintained by, Fidelity. Fidelity is the Trustee of the Plan. Therefore, these transactions represent exempt party-in-interest transactions. Throughout 2021, Fidelity Investments provides certain administrative services to the Plan pursuant to the Revenue Credit Agreement between the Plan and Fidelity Investments. Fidelity Investments receives revenue from mutual fund service providers for services Fidelity Investments provides to the funds. This revenue is used to offset certain amounts owed to Fidelity Investments for its administrative services to the Plan.

If the revenue received by Fidelity Investments from such mutual fund service providers exceeds the amount owed under the agreement, Fidelity Investments remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants.

Note 6. Tax Status

The IRS has issued a determination letter, dated May 26, 2015, that the Plan conforms with the requirements of ERISA, constitutes a qualified plan under Section 401(a) of the Internal Revenue Code ("IRC"), and is exempt from federal income taxes under the provisions of Section 501(a) of the IRC. The Plan has been amended and restated since receiving the determination letter. However, the Plan administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6. Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions. However, there are no audits for any tax periods in progress. The plan administrator believes it is no longer subject to examinations for years prior to 2017.

Note 7. Investment Contract

In 2016, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with New York Life Insurance Company totaling $2,051,000 for 2021 and $2,137,000 for 2020. New York Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a semi-annual basis for resetting. The guaranteed investment contract permits the insurance company or plan sponsor to terminate the agreement upon providing written notice. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, by New York Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include events initiated by the plan sponsor, including, but not limited to, total or partial plan termination, mergers, spin offs, layoffs, early retirement incentive programs, sales or closings of all or part of the University's operations, bankruptcy, or receivership. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, if the Plan terminates the contract with the issuer, the issuer will settle at an amount different from contract value. This will occur if the Plan requests a single lump sum payment instead of electing installment payments over six years.

Note 8. Litigation

Occasionally, the Plan or its fiduciaries are party to lawsuits arising from its activities. The University vigorously defends its position in each case, and it is not possible to determine with certainty the outcome of such matters.

Note 9. Subsequent Events

Management has evaluated the events and transactions that have occurred through October 17, 2022, the date the financial statements were issued, and noted no further items requiring adjustments on the financial statements or additional disclosures.
