The term “those charged with governance” encompasses the term Board of Directors or Audit Committee or other formally designated body that has financial oversight responsibilities.

# Status of Our Audit

- ▶ The objective of our financial statement audit was to obtain reasonable - not absolute - assurance about whether the financial statements are free from material misstatements.
- ▶ The scope of the work performed was substantially the same as that described to you in our earlier Audit Planning communications.
- ▶ We are responsible for forming and expressing an opinion about whether As permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we have conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and have obtained sufficient and appropriate audit evidence to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion. The audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America ("GAAP"). - ▶ In accordance with professional standards, we have obtained a substantially complete Form 5500 and considered whether such information, or the manner of its presentation, was materially inconsistent with its presentation in the financial statements. ## RESULTS OF OUR AUDIT

# Accounting Practices, Policies, and Estimates

The following summarizes the more significant required communications related to our audit concerning the Plan's accounting practices, policies, and estimates:

The Plan's significant accounting practices and policies are those included in the notes to the financial statements. These accounting practices and policies are appropriate, comply with generally accepted accounting principles and industry practice, were consistently applied, and are adequately described within the notes to the financial statements.

- ▶ There were no changes in significant accounting policies and practices during 2021

Significant estimates are those that require management's most difficult, subjective, or complex judgments, often as a result of the need to make estimates about the effects of matters that are inherently uncertain. The Plan's significant accounting estimates, including a description of management's processes and significant assumptions used in development of the estimates, are disclosed in Note 1 of the financial statements.

- ▶ Plan management did not make any significant changes to the processes or significant assumptions used to develop the critical accounting estimates in 2021.

# Reportable Findings and Internal Control Over Financial Reporting

# Reportable Findings and Internal Control Over Financial Reporting

We are required to communicate, in writing and in a timely manner, to those charged with governance all reportable findings and all material weaknesses and significant deficiencies that have been identified in the Plan's internal control over financial reporting. The definitions of a reportable finding, control deficiency, significant deficiency and material weakness are as follows:

| Category                              | Definition                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
|---------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Reportable Finding</b>             | <p>Matters that are one or more of the following:</p> <ul style="list-style-type: none"><li>a. An identified instance of noncompliance or suspected noncompliance with laws or regulations</li><li>b. A finding arising from the audit that is, in the auditor's professional judgment, significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process</li><li>c. An indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention</li></ul> |
| <b>Deficiency in Internal Control</b> | A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| <b>Significant Deficiency</b>         | A deficiency or a combination of deficiencies in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| <b>Material Weakness</b>              | A deficiency or a combination of deficiencies in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected on a timely basis.                                                                                                                                                                                                                                                                                                                                                                                                                                                        |

A reportable finding may also be considered a deficiency in internal control, a significant deficiency or a material weakness.

We considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and/or all reportable findings.

In conjunction with our audit of the Plan financial statements, we noted no material weaknesses.

### CYBERSECURITY GUIDANCE FOR SPONSORS ISSUED

The Department of Labor (DOL) issued guidance for plan sponsors, plan fiduciaries, record-keepers and plan participants on April 14, 2021.

- ▶ Best practices for maintaining cybersecurity, including tips on how to protect retirement benefits
- ▶ Complements Employee Benefits Security Administration's (EBSA) regulations on electronic records and disclosures
  - Ensuring that electronic recordkeeping systems have reasonable controls, adequate records management practices are in place, and that electronic disclosure systems include measures calculated to protect Personally Identifiable Information (PII)

### TIPS FOR HIRING A SERVICE PROVIDER WITH STRONG CYBERSECURITY PRACTICES

As sponsors of 401(k) and other types of pension plans, business owners often rely on other service providers to maintain plan records and keep participant data confidential and plan accounts secure. Plan sponsors should use service providers that follow strong cybersecurity practices.

To help business owners and fiduciaries meet their responsibilities under ERISA to prudently select and monitor such service providers, we prepared the following tips for plan sponsors of all sizes:

1. Ask about the service provider's information security standards, practices and policies, and audit results, and compare them to the industry standards adopted by other financial institutions.
  - Look for service providers that follow a recognized standard for information security and use an outside (third-party) auditor to review and validate cybersecurity. You can have much more confidence in the service provider if the security of its systems and practices are backed by annual audit reports that verify information security, system/data availability, processing integrity, and data confidentiality.

### CYBERSECURITY PROGRAM BEST PRACTICES

ERISA-covered plans often hold millions of dollars or more in assets and maintain personal data on participants, which can make them tempting targets for cyber-criminals. Responsible plan fiduciaries have an obligation to ensure proper mitigation of cybersecurity risks.

The Employee Benefits Security Administration has prepared the following best practices for use by recordkeepers and other service providers responsible for plan-related IT systems and data, and for plan fiduciaries making prudent decisions on the service providers they should hire. Plans' service providers should:

1. Have a formal, well documented cybersecurity program.
2. Conduct prudent annual risk assessments.
3. Have a reliable annual third party audit of security controls.
4. Clearly define and assign information security roles and responsibilities.
5. Have strong access control procedures.
6. Ensure that any assets or data stored in a cloud or managed by a third party service provider are subject to appropriate security reviews and independent security assessments.
7. Conduct periodic cybersecurity awareness training.
8. Implement and manage a secure system development life cycle (SDLC) program.
9. Have an effective business resiliency program addressing business continuity, disaster recovery, and incident response.
10. Encrypt sensitive data, stored and in transit.
11. Implement strong technical controls in accordance with best security practices.
12. Appropriately respond to any past cybersecurity incidents.

### ONLINE SECURITY TIPS

You can reduce the risk of fraud and loss to your retirement account by following these basic rules:

- **REGISTER, SET UP AND ROUTINELY MONITOR YOUR ONLINE ACCOUNT**
  - Maintaining online access to your retirement account allows you to protect and manage your investment.
  - Regularly checking your retirement account reduces the risk of fraudulent account access.
  - Failing to register for an online account may enable cybercriminals to assume your online identity.
- **USE STRONG AND UNIQUE PASSWORDS**
  - Don't use dictionary words.
  - Use letters (both upper and lower case), numbers, and special characters.
  - Don't use letters and numbers in sequence (no "abc", "567", etc.).
  - Use 14 or more characters.
  - Don't write passwords down.
  - Consider using a secure password manager to help create and track passwords.
  - Change passwords every 120 days, or if there's a security breach.
  - Don't share, reuse, or repeat passwords.

## REGULATORY MATTERS

# Department of Labor (DOL) Guidance and Enforcement on Cybersecurity

### COMMENCEMENT OF ENFORCEMENT AUDITS

Based on information provided from several ERISA law firms, the DOL has already commenced enforcement audits regarding cybersecurity practices, which includes a request for certain information within a short time period (expected turnaround ranging from one week to 10 days). If any of the information cannot be provided, the DOL is asking for a reason on why the information is not available.

### EXAMPLES OF TYPES OF DOCUMENTATION BEING REQUESTED

1. All policies, procedures, policies or guidelines relating to: a) data governance, classification and disposal, b) the implementation of access controls and identity management, including any use of multi-factor authentication, c) the processes for business continuity, disaster recovery, and incident response, d) the assessment of security risks, e) data privacy, f) management of vendors and third-party service providers, including notification protocols for cybersecurity events and the use of data for any purpose other than the direct performance of their duties, g) cybersecurity awareness training, and h) encryption to protect all sensitive information transmitted, stored, or in transit.
2. All documents and communications relating to any past cybersecurity incidents.
3. All security risk assessment reports.
4. All security control audit reports, audit files, penetration test reports and supporting documents, and any other third-party cybersecurity analyses.
5. All documents and communications describing security reviews and independent security assessments of the assets or data of the Plan stored in a cloud or managed by service providers.
6. All documents describing any secure system development life cycle (SDLC) program, including penetration testing, code review, and architecture analysis.
7. All documents describing security technical controls, including firewalls, antivirus software, and data backup.
8. All documents and communications from service providers relating to their cybersecurity capabilities and procedures.
9. All documents and communications from service providers regarding policies and procedures for collecting, storing, archiving, deleting, anonymizing, warehousing, and sharing data.
10. All documents and communications describing the permitted uses of data by the sponsor of the Plan or by any service providers of the Plan, including, but not limited to, all uses of data for the direct or indirect purpose of cross-selling or marketing products and services.

### GUIDANCE REGARDING MISSING PARTICIPANTS

The DOL provides best practices guidance to plan fiduciaries for locating missing or non-responsive plan participants and a Field Assistance Bulletin (FAB 2021-01) that discusses use of the PBGC missing participant program for terminating defined contribution plans. Plan fiduciary procedures to locate deferred vested missing participants has been an enforcement focus of the DOL in recent years.

### DOL FIDUCIARY RULE

The Fiduciary Rule includes a prohibited transaction class exemption (PTE) for investment advice fiduciaries for work related to retirement plan assets. The rule's 2020 technical amendment reinstates the 1975 five-part test to determine fiduciary status and [DOL Bulletin 96-1](#) pertaining to participant investment education. The rule and the PTE were effective February 16, 2021.

[DOL Field Assistance Bulletin 2021-02](#) clarified the DOL would not pursue prohibited transactions (PTs) against investment advice fiduciaries who were working in good faith to comply with the impartial conduct standards exempted in PTE 2020-02 through January 31, 2022. The DOL will not enforce the documentation and disclosure requirements for rollovers in PTE 2020-02 through June 30, 2022. PTE 2020-02's other requirements were subject to full enforcement as of February 1, 2022.

The rule aligns with the SEC's Regulation Best Interest (Reg BI), which went into effect June 30, 2020. Reg BI sets a higher standard for broker-dealers, registered investment advisers and other advisers. It also bans brokers from putting their firm's interests before the needs of clients and requires them to disclose key facts about recommendations, exercise reasonable care when making decisions on behalf of clients, establish and enforce written policies to address conflicts of interest, and establish and enforce written policies to comply with the regulation.

# Employee Plans Compliance Resolution System (EPCRS)

### UPDATES TO EPCRS

The IRS made updates to the EPCRS system used for plan corrections that were effective July 16, 2021 (see [Rev. Proc. 2021-30](#)).

### KEY CHANGES

- ▶ Overpayment Corrections - Allows well-funded DB plans to fix overpayment failures (i.e., when participants receive more than what the plan permits) without having to ask participants to repay the overpayment amounts received and, in some cases, removes the need for the plan sponsor to reimburse the plan.
- ▶ Expanded Self Correction
  - For Significant Operational Failures - The correction period of significant operational failures was extended from two to three years.
  - For Retroactive Plan Amendments - IRS has removed requirement that all participants in the plan must benefit from the retroactive amendment, which will make it easier for sponsors to use retroactive plan amendments to correct operational failures.
- ▶ Increased Amount for De Minimis Corrections - The threshold for certain de minimis amounts for which a plan sponsor is not required to make corrections was raised to \$250.
- ▶ Anonymous Voluntary Correction Program (VCP) submissions - As of January 1, 2022, anonymous VCP submissions were no longer allowed, but anonymous written requests for pre-submission conferences to discuss a potential VCP submission at no cost to the plan sponsor are permitted. (Anonymity is lost if sponsor chooses to submit a VCP request following the pre-submission conference.)
- ▶ Extended Sunset for Automatic Enrollment Failures - The IRS is extending the sunset of the safe harbor correction method to correct missed elective deferrals for eligible employees subject to an automatic contribution feature in Section 401(k) or 403(b) plans. It is a three-year extension, from December 31, 2020, to December 31, 2023.

# IRS Required Amendment Lists (RAL) for Individually Designed Plans (IDPS)

With the elimination by the Internal Revenue Service (IRS) of the staggered five-year determination letter amendment cycles for IDPs, the IDP determination letter program is limited to initial plan qualification, qualification upon plan termination and special exceptions. As a result of changes, the IRS now publishes an annual RAL that contains two parts. Part A addresses changes in qualification requirements that generally would require an amendment to most plans. Part B addresses changes in qualification requirements that may not require an amendment for most plans. IDPs must be amended for each item on the RAL, as applicable, to retain qualified tax status by the end of the second calendar year following the year the RAL is published.

### 2021 RAL

The IRS Notice 2021-64 announced one Part A item, which only included provisions for troubled union defined benefit plans participating in the special American Rescue Plan Act Of 2021 (ARPA) bail-out funding program. There were no Part B items. Amendments are due by December 31, 2023.

### 2020 RAL

IRS Notice 2020-83 announced two Part B items, which involve a) increasing 415(c) annual addition limits for “difficulty of care payments” created under the SECURE Act (plans that are maintained by employers that have provided difficulty of care payments during plan years beginning after December 31, 2015, and before January 1, 2021, generally must be amended by December 31, 2022) and b) revisions to cooperative and small employer charity (CSEC) defined benefit plans made by section 3609 of the CARES Act. Amendments are due by December 31, 2022, with the exception of SECURE Act amendments, which IRS Notice 2022-33 has extended to December 31, 2025.

### 2019 RAL

IRS Notice 2019-64 announced two Part A items, which pertain to hardship withdrawals and cash balance/hybrid DB plans maintained pursuant to collective bargaining agreements ratified on or before November 13, 2015. The hardship provisions suspend employees’ elective deferrals after obtaining a hardship distribution and now require a representation from an employee who requests a hardship distribution made on or after January 1, 2020. Cash balance/hybrid DB plans must be amended regarding market rate of return and other requirements by certain dates. There were no Part B items. The 2019 RAL due date was December 31, 2021.

### IRS GUIDANCE ON QUALIFIED PLAN LOAN OFFSETS

In December 2020, the IRS issued final rules on “qualified plan loan offsets” (QPLOs) to address certain amendments under the Tax Cuts and Jobs Act (TCJA). Under the TCJA (which was enacted in 2017), QPLOs have an extended rollover period and are not required to be rolled over within the regular 60-day period. Instead, participants may roll over QPLO amount to an eligible retirement plan by the deadline (including extensions) for the participant’s income tax return for the year in which the offset is treated as distributed from the tax-qualified “source” plan.

The final rules apply to all plan loan offsets (including QPLOs) made on or after January 1, 2021. They will first apply to 2021 Form 1099-Rs, which are filed with the IRS and provided to participants in 2022, but Form 1099-R filers may also apply the final rules to plan loan offset amounts treated as distributed on or after Aug 20, 2020.

### UPDATED MORTALITY TABLES FOR REQUIRED MINIMUM DISTRIBUTIONS

The IRS finalized regulations updating the life expectancy and distribution period tables for calculating RMDs from tax-qualified retirement plans and IRAs. The updated tables add a year or two of life expectancy, which will decrease the size of RMDs. The final rule is effective for *distribution* calendar years beginning on or after January 1, 2022 (a *distribution* calendar year is the year to which the RMD relates, not the year in which the RMD is paid). It also includes transition relief for employees or spouses who die before 2022, but after RMDs have begun.

### NONQUALIFIED DEFERRED COMPENSATION AUDIT GUIDE

In June 2021, the IRS released updated Publication 5528, [Nonqualified Deferred Compensation Audit Technique Guidelines](#), which is a guideline for IRS agents examining Nonqualified Deferred Compensation (NQDC) plans. The 2021 update contains more detailed guidance than the prior version.

# The Consolidated Appropriations Act (CAA)

The Consolidated Appropriations Act, 2021 (CAA21) was a year-end stimulus bill passed on December 21, 2020, that provided for federal funding as well as additional COVID-19 pandemic relief. Key relief measures included:

- ▶ Qualified disaster distributions - While CAA21 did not extend “coronavirus-related distributions” (CRDs) and expanded participant plan loan rules available under the CARES Act, it did permit employers to amend certain plans (including 401(k) and 403(b) plans (but excluded Defined Benefit [DB] plans) to permit participants to receive a non-COVID “Qualified Disaster Distribution” (QDD) if the participant met all of the following requirements:
  - The participant’s principal abode was located within a “qualified disaster area” during the “Incident period”
  - The participant suffered an economic loss by reason of the qualified disaster
  - The distribution (per disaster) does not exceed \$100,000
  - The distribution is made before June 19, 2021

It also permitted income tax on QDDs to be spread over three years and participants to repay QDDs in full. They are also exempt from the 10% early withdrawal penalty.

It allowed for Defined Contribution (DC) plans to be amended to permit participants to receive “Qualified Disaster Loans” (QDLs) if the participant’s principal abode was located within a qualified disaster area during the “incident period” and the participant suffered an economic loss by reason of the qualified disaster.

The COVID-19 pandemic is not considered a qualified disaster.

## TEMPORARY PARTIAL PLAN TERMINATION RELIEF

The Act temporarily suspended partial plan termination treatment for a plan year that included the period of March 13, 2020 - March 31, 2021, if the plan’s active participant count at March 31, 2021, was at least 80 percent of the active participant count at March 13, 2020.

## OTHER KEY PROVISIONS

- ▶ Hardship distributions for repayment of principal residence - 401(k) or 403(b) plans may be amended to permit participants to repay certain hardship withdrawals that were obtained to build a home but were not used to do so because of a qualified disaster.
- ▶ Termination of DB plan “Qualified Future Transfers” - IRC Section 402 permits “qualified future transfers” (e.g., transfers of excess pension plan assets to fund up to ten years of retiree health or life costs within the DB plan if certain requirements are met). CAA21 permits employers that had previously elected to make a qualified future transfer to make a one-time election (by December 31, 2021) to terminate the qualified future transfer and restore unused funds to the plan. The amounts must be transferred back into the health or life insurance account within four years after the original transfer period or the CAA21 termination election will be treated as a taxable employer reversion. (This relief may be a potential benefit for overfunded DB plans that were impacted by unexpected market losses related to the COVID-19 pandemic.)

# Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE ACT)

The SECURE Act (the Act), which was signed into law on December 20, 2019, was intended to address Americans' difficulty in saving for retirement. The Act was part of the Further Consolidated Appropriations Act (a federal spending bill) and included a variety of provisions impacting retirement programs, both employee benefit plans and individual retirement accounts (IRAs).

### Below are reminders on some key provisions for 2021 and 2022:

- ▶ Requires 401(k) Plans to allow long-term, part-time (LTPT) employees to make salary deferrals starting January 1, 2024.
  - To determine eligibility for these LTPT employees the employer will need to track hours of service starting January 1, 2021, to determine eligibility for this new rule
  - Part-time employees who have at least 500 hours of service in each of 3 consecutive 12-month periods must be allowed to enroll in the employer's 401(k) plan and make salary deferrals
  - No employer contributions are required for LTPT employees
- ▶ Created a new type of plan called a Pooled Employer Plan (PEP)
  - PEPs allowed to start effective January 1, 2021
  - Considered an "open" Multiple Employer Plan (MEP) that allows unrelated employers to participate in the PEP
  - Sponsor role is outsourced to professional third-party pooled plan provider (PPP)

# New IRS Pre-Examination Pilot Program

The IRS previously announced in its monthly [newsletter](#) a new 90-day pre-examination pilot program and has now notified selected plans that they are being given the opportunity to inspect and potentially self-correct any compliance issues through the pilot program. The IRS indicated the goal of the program is to reduce taxpayer burden by lowering the number of full-scope examinations.

The program provides plan sponsors 90 days to review their plan's document and operations to determine whether the plan complies with current tax law requirements. The IRS indicated it will inform the letter recipient about specific issues to focus on and may offer reduced fines for completing the request.

Plan sponsors are urged to read the letter carefully and as soon as possible to start their review. This request is considered to be an examination and should generally be handled by the sponsor in a similar manner to a traditional IRS exam. Non-responses within the 90-day period will trigger an automatic examination by the agency.
