INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Vac One Acquisitions 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Vac One Acquisitions 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Vac One Acquisitions 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of the Plan

The following description of the Vac One Acquisitions 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan, established on January 1, 2014 and was amended and restated on January 1, 2020, is a defined contribution plan covering all eligible employees of Vac One Acquisitions, Inc. and participating employers (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

All employees are eligible to participate in the Plan, except leased employees or employees covered by a collective bargaining agreement. The Plan requires one year of eligible service and has no age requirement.

Plan recordkeeper and trustee

ADP, LLC is the recordkeeper of the Plan and Reliance Trust Company ("Trustee") is the trustee.

Participant and employer contributions

The Plan provides for voluntary pre-tax and Roth participant contributions expressed as a percentage of the participant's eligible compensation, as defined, up to 90% of the participant's eligible compensation. The contributions are not to exceed the limits set by the Internal Revenue Code ("IRC"), which limits the annual amount of salary deferrals that may be made by any participant. Eligible participants may also make catch-up contributions upon attaining 50 years of age, as defined by the IRC.

The Plan provided matching contributions for an amount equal to 30% on the first 4% of the participant's compensation which is deferred as an elective deferral on a payroll period basis. The Plan may also make non-elective contributions at the discretion of the Company. For the years ended December 31, 2021 and 2020, the Company did not make any non-elective contributions.

Participant contributions are presented net of returned excess contributions paid to certain active participants in order to satisfy the relevant nondiscrimination provisions of the Plan. There were \$32,519 in payments returned during 2021, and they are included in the statements of net assets available for benefits as excess contributions payable. There were no returned excess contributions in 2020.

Participants are immediately vested in their voluntary and employer matching contributions plus actual earnings thereon. Participants are vested in non-elective contributions based on years of service. Participants begin vesting at 20% after one year of service, increasing 20% each year thereafter, with the participant 100% vested after five years.

Note 1 - Description of the Plan (Continued)Investment options

Plan participants can direct the investment of their contributions into any or all of the investment options available under the Plan. Participants can change their investment allocation among the various investment options either through direct transfer from one option to another or by changing the participant allocation of future contributions.

Distributions to participants

Participants are eligible for distributions of their vested account balances upon the event of death, disability or hardship, retirement, reaching age 59 ½, or termination of employment.

Distributions may be made in lump-sum payments or installments. If the value of the participant account balance is less than \$1,000, the payment will be made in cash in a single lump-sum. If the participant's account balance is between \$1,000 and \$5,000, and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant. Any taxable distribution paid directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

During 2020, the Company made the election to allow participants to take Coronavirus-related distributions ("CRDs") under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). CRDs were permitted to qualified individuals during 2020 not to exceed \$100,000 and were not subject to tax withholding or withdrawal penalties. If elected by participants, CRDs can be reinvested in the Plan, another qualified plan, or IRA over a three-year period. Required minimum distributions during 2020 were also waived at the option of participants. Plans were permitted to adopt any CARES Act provisions immediately provided the *Plan Document* is retroactively amended on or before December 31, 2025.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$500 and a maximum equal to the lesser of \$50,000 reduced by the highest outstanding note receivable balance in the participant's account during the prior 12-month period or 50% of the participant's vested account balances. Additionally, a participant may not have more than two notes receivable outstanding at any time. Each note receivable under the Plan must mature within five years from the date on which it was made unless the note receivable is used to acquire a principal residence, in which case the note receivable may permit a longer repayment term. The notes receivable are secured by the vested balance in the participant's account and bear a reasonable rate of interest.

During 2020, the Company made the election to allow participants to take Coronavirus-related loans under the CARES Act. Coronavirus-related loans were permitted to qualified individuals up to the lesser of \$100,000 or 100% of a participant's vested balance. As part of the CARES Act, if elected by participants, loan repayments due between March 27, 2020 and December 31, 2020 could be delayed for up to one year while still accruing interest.

Note 1 - Description of the Plan (Continued)Plan termination

Although it has not expressed any intent to do so, management of the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested and the net assets of the Plan are to be distributed to participants.

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from these estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value based on quoted market prices as of year-end which represents the net asset value of shares held by the Plan. See Note 3 regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon terms of the *Plan Document*, upon liquidation of their account balance.

Distributions to participants

Distributions are recorded when paid.

December 31, 2021

Note 2 - Summary of Significant Accounting Policies (Continued)Forfeitures

Forfeitures are retained in the Plan and may be used to reduce future employer contributions or pay Plan expenses. Forfeitures utilized to pay Plan expenses were \$1,298 and \$0 for the years ended December 31, 2021 and 2020, respectively. As of December 31, December 31, 2021 and 2020, there were \$0 and \$1,294, respectively, of forfeitures available to be used.

Plan expenses

All administrative expenses, unless paid by the Company, are paid by the Plan.

Financial instruments and credit risk

Financial instruments which potentially subject the Plan to credit risk include investments in mutual funds and a collective trust. Investments are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Note 3 - Fair Value Measurements

The Plan uses a hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 – quoted prices in active markets for identical assets or liabilities;
- Level 2 – inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds - these investments are valued daily based on the quoted market prices. All mutual funds are valued using Level 1 inputs.

Vac One Acquisitions 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 3 - Fair Value Measurements (Continued)

- Collective trust - this investment is valued at net asset value ("NAV") of the fund. The NAV is calculated by the fund based on "net assets," which includes fully benefit-responsive investment contracts at contract value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value for the collective trusts. The Invesco Stable Asset management requires each participating trust to give the trustee 24-months irrevocable advance written notice of its intention to withdraw all or a portion of its participation in the investment. The trustee, in its absolute discretion and subject to market conditions, may choose to honor a withdrawal request at any time prior to the expiration of the required 24-month waiting period if it determines that such a withdrawal is in the best interest of the investment and its other participating trusts.

The trustee, in its absolute discretion, may accept a participating trust's request for full or partial withdrawal of its participation in the investment at market value, in lieu of waiting for the expiration of the required 24-month period ("Market Value Adjustment Withdrawal"). The trustee will generally process Market Value Adjustment Withdrawal transactions on the 10th and the last business day of each month. The request must be in writing and must be received by the trustee no less than 5 business days prior to the anticipated withdrawal date. The request received on time, and in proper form, will be processed as of the 10th business day or the last business day of the month, or such other period determined by the trustee at its absolute discretion. The collective trust can be redeemed daily, have a daily redemption notice period, and has no unfunded commitments. Due to the collective trust being measured at net asset value per share (or its equivalent) it has not been classified in the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Income Tax Status

The Plan has adopted a non-standardized pre-approved profit sharing/money purchase/CODA plan, which obtained its latest opinion letter dated October 6, 2020, in which the Internal Revenue Service (the "IRS") stated that the Plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of December 31, 2021. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Certified Investments

For Plan years 2021 and 2020, the financial information included in the Plan's financial statements and supplemental schedule, except for contribution receivables, excess contributions payable, contributions, benefits paid to participants, and administrative expenses, has been derived from information certified as complete and accurate by the Trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 6 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2021	2020
Net assets available for benefits per the financial statements	\$ 923,972	\$ 854,115
Employer contributions receivable	(20,127)	(20,127)
Corrective contributions receivable	(7,429)	(7,429)
Excess contributions payable	32,519	-
Net assets per Form 5500	\$ 928,935	\$ 826,559

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per Form 5500 for the years ended December 31:

	2021	2020
Net increase in net assets available for benefits per the financial statements	\$ 69,857	\$ 88,622
Change in excess contributions payable related to employer contributions	2,875	-
Change in excess contributions payable related to employee contributions	29,644	-
Net income per Form 5500	\$ 102,376	\$ 88,622

Note 7 - Corrective Employer Contributions

During 2019, the Company discovered participant contributions did not include certain eligible compensation in accordance with the Plan's provisions for the plan years from 2016 through 2019. The Plan administrator calculated corrections totaling \$23,988 of which \$3,861 was funded during 2019. The Company intends to correct a limited number of isolated operational errors related to these contributions under the IRS's Employee Plans Compliance Resolution System using the Self-Correction Program. As of December 31, 2021 and 2020, the Plan recorded a receivable of \$20,127 for the remaining corrections and \$7,429 from a 2019 employer contribution. Further, the Plan believes that the extent and nature of the participants affected did not adversely affect the operations or have a material adverse effect on the financial statements of the Plan.

Notes to Financial Statements

Note 8 - Uncertainty

For the Plan years ended December 31, 2021, 2019 and 2018, certain nondiscrimination testing provisions were not accurately completed for the Plan. The Company is currently researching whether additional participants and/or adjusted compensation should be revised in the nondiscrimination testing provisions for these Plan years. Further, the Company believes that the extent and nature of any corrections will not adversely affect the operations of the Plan or have a material adverse effect on the financial statements of the Plan.

Note 9 - Subsequent Events

Effective July 7, 2022, the Plan was amended and restated with no significant changes.

Management has evaluated subsequent events as of October 17, 2022, which was the date the financial statements were available for issuance and has determined that there are no other subsequent events to be reported.
