Report of Independent Auditors

To the Participants and Plan Administrator of
TTAI 401(k) Plan
Somerset, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of TTAI 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements, continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Other Matters, continued

2021 Supplemental Schedule Required by ERISA, continued

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

TTAI 401(K) PLAN

Notes to the Financial Statements

1. Description of Plan

The following description of the TTAI 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and became effective January 1, 1997 and was restated effective January 1, 2015. The Plan covers all eligible employees of Toyotetsu America, Inc. (the Plan Sponsor and Administrator) and these other employers, Toyotetsu Mid America, Inc. (TTMA) and Toyotetsu Texas, Inc. (TTTX), both majority owned subsidiaries of the Plan Sponsor and Fukai Toyotetsu Indiana Corporation (FTIC) and Y-tec Keylex Toyotetsu Alabama, Inc. (YKTA), both joint ventures of the Plan Sponsor.

Eligibility

The Plan covers all employees who are at least age 18, and who have completed three consecutive months of service or 1,000 hours within a twelve month period, whichever is attained first, by quarterly plan entry dates (January 1, April 1, July 1, and October 1). At that time, participants can begin deferring compensation into the Plan, and become eligible for the employer matching.

The Plan was amended effective June 1, 2020 to remove the 250 hour service requirement within a three month period in order for employees to be eligible for the Plan.

Contributions

Participating employees may contribute to the Plan an amount, up to the maximum amount allowed by law, of their compensation on a pre-tax basis. These contributions are treated as a reduction of the participants' income for federal income tax purposes. Participants may elect to change their elective contribution percentages on the first day of each quarter. New employees may transfer assets from their former employers' qualified plans to the Plan, but cannot make any further contributions to the Plan until they have met the eligibility requirements to participate in the Plan.

The Plan allows for the Plan Sponsor to make matching contributions on behalf of participants as a percentage of the participants' elective contributions. This matching percentage may be determined from year-to-year by the Plan Sponsor. For 2021, the matching contribution was 50% of the first 6% participant elective pre-tax contributions.

Participants may direct contributions to any of the Plan's investment options. The Plan provides several mutual funds and a stable value fund as investment options.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and the Plan Sponsor's contributions, an allocation of Plan earnings or losses, and forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined in the Plan agreement.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching contributions and forfeitures received from terminated accounts, and earnings thereon, is based on years of continuous service. A participant is 100% vested after five years of credited service with 20% vesting earned for each individual service year. Employees become fully vested in the Plan Sponsor's contributions upon retirement, permanent disability, or death.

Payment of Benefits

Upon retirement, disability, death or termination of employment, a participant may receive the vested portion of his or her account balance. The payment of benefits may be in the form of a lump-sum distribution or installment payments. If a participant's account balance does not exceed \$5,000, it will be paid in one lump-sum cash payment.

Upon approval by the Plan Administrator, participants may also make withdrawals under hardship cases. In such cases, the hardship withdrawal is limited to the determined level of need, not to exceed the available vested accounts.

Forfeited Accounts

Forfeited non-vested accounts are first made available to reinstate previously forfeited account balances of former participants that meet certain criteria. The remaining forfeitures may be reallocated to eligible participants, used to reduce Plan Sponsor contributions, or pay Plan expenses. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$195,256 and \$215,456, respectively. During the year ended December 31, 2021, forfeitures totaling \$194,092 were used for Plan expenses. There were \$170,119 of forfeited participant balances during 2021.

Risks and Uncertainties

The Plan provides for participant directed investment options in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan agreement. All other administrative expenses are paid by the Plan Sponsor.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements:

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Contract value is the relevant measurement for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan's management has evaluated subsequent events for accounting and disclosure requirements through October 17, 2022, the date that the financial statements were available to be issued.

3. Information Certified and Provided by Trustees

The Plan's investment information included in this note for 2020 and throughout the Plan's financial statements for 2020 was prepared by or derived from information provided by Unified Trust Company, N.A. (Unified Trust), the former trustee of the Plan, and furnished to the Plan Administrator. Effective October 2020, Unified Trust was acquired by EdgeCo Holdings, L.P. and rolled into its subsidiary, American Trust Company (American Trust). The Plan's investment information included in this note for 2021 and throughout the Plan's financial statements and supplemental schedule for 2021 was prepared by or derived from information provided by American Trust, the current trustee of the Plan, and furnished to the Plan Administrator.

The Plan Administrator has obtained certifications from the trustees that investment information provided to the Plan Administrator by the trustees related to the investment information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to investment information in this note and which appears throughout the financial statements and the supplemental schedule.

The following table presents the fair value of assets (except for fully benefit-responsive investment contracts, which are reported at contract value) in the Plan that were certified by American Trust (2021) and Unified Trust (2020).

	<u>2021</u>	<u>2020</u>
Guaranteed investment contract	\$ 13,073,297	\$ 10,836,151
Mutual funds	<u>59,596,562</u>	<u>47,465,349</u>
Total	\$ <u>72,669,859</u>	\$ <u>58,301,500</u>

American Trust, the current trustee, certified to the completeness and accuracy of \$5,671,633 of net realized and unrealized appreciation in the fair value of investments and \$4,040,785 of interest and dividends related to the investments for the year ended December 31, 2021.

4. Fully Benefit-Responsive Investment Contract

The Unified Trust Stable Value Fund (the Fund), an investment option provided by the Plan, has entered into a fully benefit-responsive guaranteed investment contract (GIC) with Unified Trust. The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, as reported by Unified Trust. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

4. Fully Benefit-Responsive Investment Contract, continued

Because changes in market interest rates affect the yield to maturity and the market value of the underlying investments, they can have a material impact on the contract's interest crediting rate. In addition, participant withdrawals and transfers from the Plan are paid at contract value but funded through the market value liquidation of the underlying investments, which also impacts the interest crediting rate. The embedded market value losses will be amortized in the future through a lower interest crediting rate than would otherwise be the case. The amortization of the embedded market value gains will cause the future interest crediting rate to be higher than it otherwise would have been.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- (a) The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code; or
- (b) Amendments to Plan documents, including complete or partial termination or merger with another plan; or
- (c) Changes to the Plan's prohibition on competing investment options; or
- (d) Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

5. Fair Value Measurements

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available), and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

TTAI 401(K) PLAN

Notes to the Financial Statements, continued

5. Fair Value Measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
<u>2021</u>				
Investments measured at fair value:				
Mutual funds	\$ <u>59,596,562</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>59,596,562</u>
<u>2020</u>				
Investments measured at fair value:				
Mutual funds	\$ <u>47,465,349</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>47,465,349</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no significant transfers in or out of Level 3.

6. Exempt Party-in-Interest Transactions

The Plan has a benefit-responsive investment contract with Unified Trust, a division of American Trust, who serves as the Plan's trustee; therefore, the transactions involving the benefit-responsive investment contract qualify as exempt party-in-interest transactions. Administrative expenses of \$226,611 for the year ended December 31, 2021 were paid to American Trust for third party administrator fees and withdrawal charges.

Additionally, indirect fees are paid to American Trust based on investment account values. These fees range from 0.20% to 0.48% of the investment account value. The fees reduce net appreciation

in fair value of investments on the statement of changes in net assets available for benefits.

7. Tax Status

The Plan uses a prototype Plan document sponsored by Unified Trust. Unified Trust received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

8. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.
